

Parent-Student STEM Workshop

March 18, 2017 | 10:00 AM – 2:30 PM

Ferris State University | 805 Campus Drive | Big Rapids, MI 49307 | University Center Rm. 203

Parent-Student STEM Workshop

Ferris State University is excited to host a special event for seventh and eighth grade students with a parent or mentor on Saturday, March 18, 2017 at the Ferris State University Center. During the course of this workshop, students will have the opportunity to explore science, technology, engineering, and math (STEM) through hands-on activities such as designing a hydraulic puppy and a creating a working model of a prosthetic hand. Career exploration with an emphasis on engineering and health careers will be an area of focus as students in engage in a career carousel activity and meet role models such as Ferris faculty members and outstanding college

students from related programs. This national curriculum will be facilitated by Ferris employees who are certified by curriculum designer Celeste Baine. Ms. Baine, a biomedical engineer, has authored over 20 books and serves as the director of the Engineering Education Center.

Registration

Spaces are limited and available on a first come, first served basis, so please sign up today! To register for the event, email a completed application to LeighaCompson@Ferris.edu or mail to Leigha Compson, 1009 Campus Drive, JOH-200, Big Rapids, MI 49307 by March 3, 2017. Questions may be addressed to Leigha at 231-591-3549.
