

**Bachelor of Science**

**Business Administration-Professional Track**

*Delta College*

The major in business administration professional track is designed to prepare individuals for the rapidly changing nature of the work environment in business, government and other nonprofit organizations. Building upon a core of business courses, the program features a tight sequence of major courses; however, the program also provides the flexibility to specialize in an area of interest for the student.

**General Admission Criteria**

To be admitted to this program you must have at least 48 transferable semester credits, be working towards a technical or professional associate degree, and have an overall GPA of 2.35 or better and either place into or have credit for ENG 111 or MTH 119. Graduation requirements include the completion of a technical associate degree with at least 24 semester credits which are in an occupational or technical specialty area. A minimum of 121 credits are required for graduation. Additional graduation requirements apply.
