COLLEGE OF ENGINEERING TECHNOLOGY**

Transfer Guide for

GOGEBIC COMMUNITY COLLEGE

Associate Degree – Graphic Communications

Into Bachelor of Science Degree – Printing Management

Home Page	Contact	Phone
http://www.ferris.edu/cot/	Bill Papo, Program Coordinator College of Engineering Technology School of Design & Manufacturing SWN 314 Big Rapids, MI 49307 E-Mail: papow@ferris.edu	1-800-4-FERRIS or (231) 591-2845

This is a guide for students who plan to transfer to Ferris State University. This guide is not intended to be a contract with Ferris. The information on this guide is subject to change; students should contact Ferris to keep informed of changes (see “contact” above). Final responsibility for verifying all transfer information lies with the student.

CAREER PATH

Nearly one-third of the nearly three-quarters of a million people employed by the printing industry are over age 55. That means excellent opportunities for individuals who love to solve problems and work in a fast-paced environment on some of the most technologically advanced systems in the world. There are career opportunities in sales, marketing, accounting, information systems, and production management. More than 80 percent of the printing companies in the United States employ less than 50 employees. This allows graduates of Ferris State University’s Printing Management program excellent opportunities to stay close to the technology, people and business operations. Average starting salaries range from \$29,000 to \$39,000 a year.

ADMISSION REQUIREMENTS FOR TRANSFER STUDENTS

1. AAS Degree in Printing Technology or equivalent.
2. Minimum 2.5 GPA.

For assistance with the admission process, contact your transfer counselor at the community college or the transfer admissions officer at Ferris State University, Shari Chamberlain, at 1-800-4-FERRIS, chambers@ferris.edu

APPLICATION DEADLINES

It is recommended that students submit applications by January 15th prior to fall entry.

TRANSFER GUIDE

- Coursework in MFGE Major – In addition to the courses completed for the Associate Degree listed above, there may be other courses that can be completed at your college or another accredited college/university prior to transfer to Ferris that will meet requirements for the B.S. major. NOTE: *First, check with a Ferris Faculty Advisor or the Department Chair (listed above) for academic advising prior to completing these courses.*
- General Education Requirements – All students earning a B.S. degree at Ferris State University must complete the Ferris State University *General Education Requirements*. Some of these general education requirements may have been completed as part of your associate degree, while others may be completed in addition to the associate degree at your college or another accredited college/university prior to transfer to Ferris, and others can be completed after transferring to Ferris. *We suggest you first check with a Ferris Faculty Advisor or the Department Chair (listed above) for academic advising prior to completing these courses.*
- Students must complete a minimum of 30 credit hours at Ferris to meet graduation requirements.

FERRIS STATE UNIVERSITY COLLEGE OF ENGINEERING TECHNOLOGY
