## YOU'RE ON YOUR WAY!

Founded as "Ferris Industrial School" in 1884 by Woodbridge and Helen Ferris, Ferris State University remains committed to their vision of providing educational access to all, combining specialized, work-ready skills with a solid foundation of general education to prepare students, in Woodbridge's words, "to make the world better."

Recognized today as a statewide leader in higher education, Ferris State plays a pivotal role in Michigan's workforce, economy and communities. More importantly, we play a pivotal role in the lives of our students, as a place where their careers, connections, professional skills and lifelong friendships are established.

On behalf of the entire Ferris State community, we are so proud of your achievement in earning a college degree. Just as we shared your excitement in your first days on campus, we share it now, as you begin your next chapter in life. It has been an honor to be a part of your educational journey, and our hope is to stand at your side into the future, as you carry onward what you have learned with us. You will always be a Bulldog.

We not only celebrate your academic achievement, but the readiness of a skilled professional and responsible citizen for a lifelong journey of learning and contribution to the world. Ferris State graduates act in the spirit of discovery, innovation and purposeful service. You are about to be part of the remarkable network of Bulldog alumni who lead in fields such as business, education, industry, health care and public works.

Together, you will conceptualize and contribute to a world beyond what any of us can imagine today. As you do, please remember Mr. Ferris' words—make it better.

Congratulations on reaching this significant milestone!

### FERRIS FIDELITY

*As constant as the Northern Star  
Our faith we pledge to thee.*

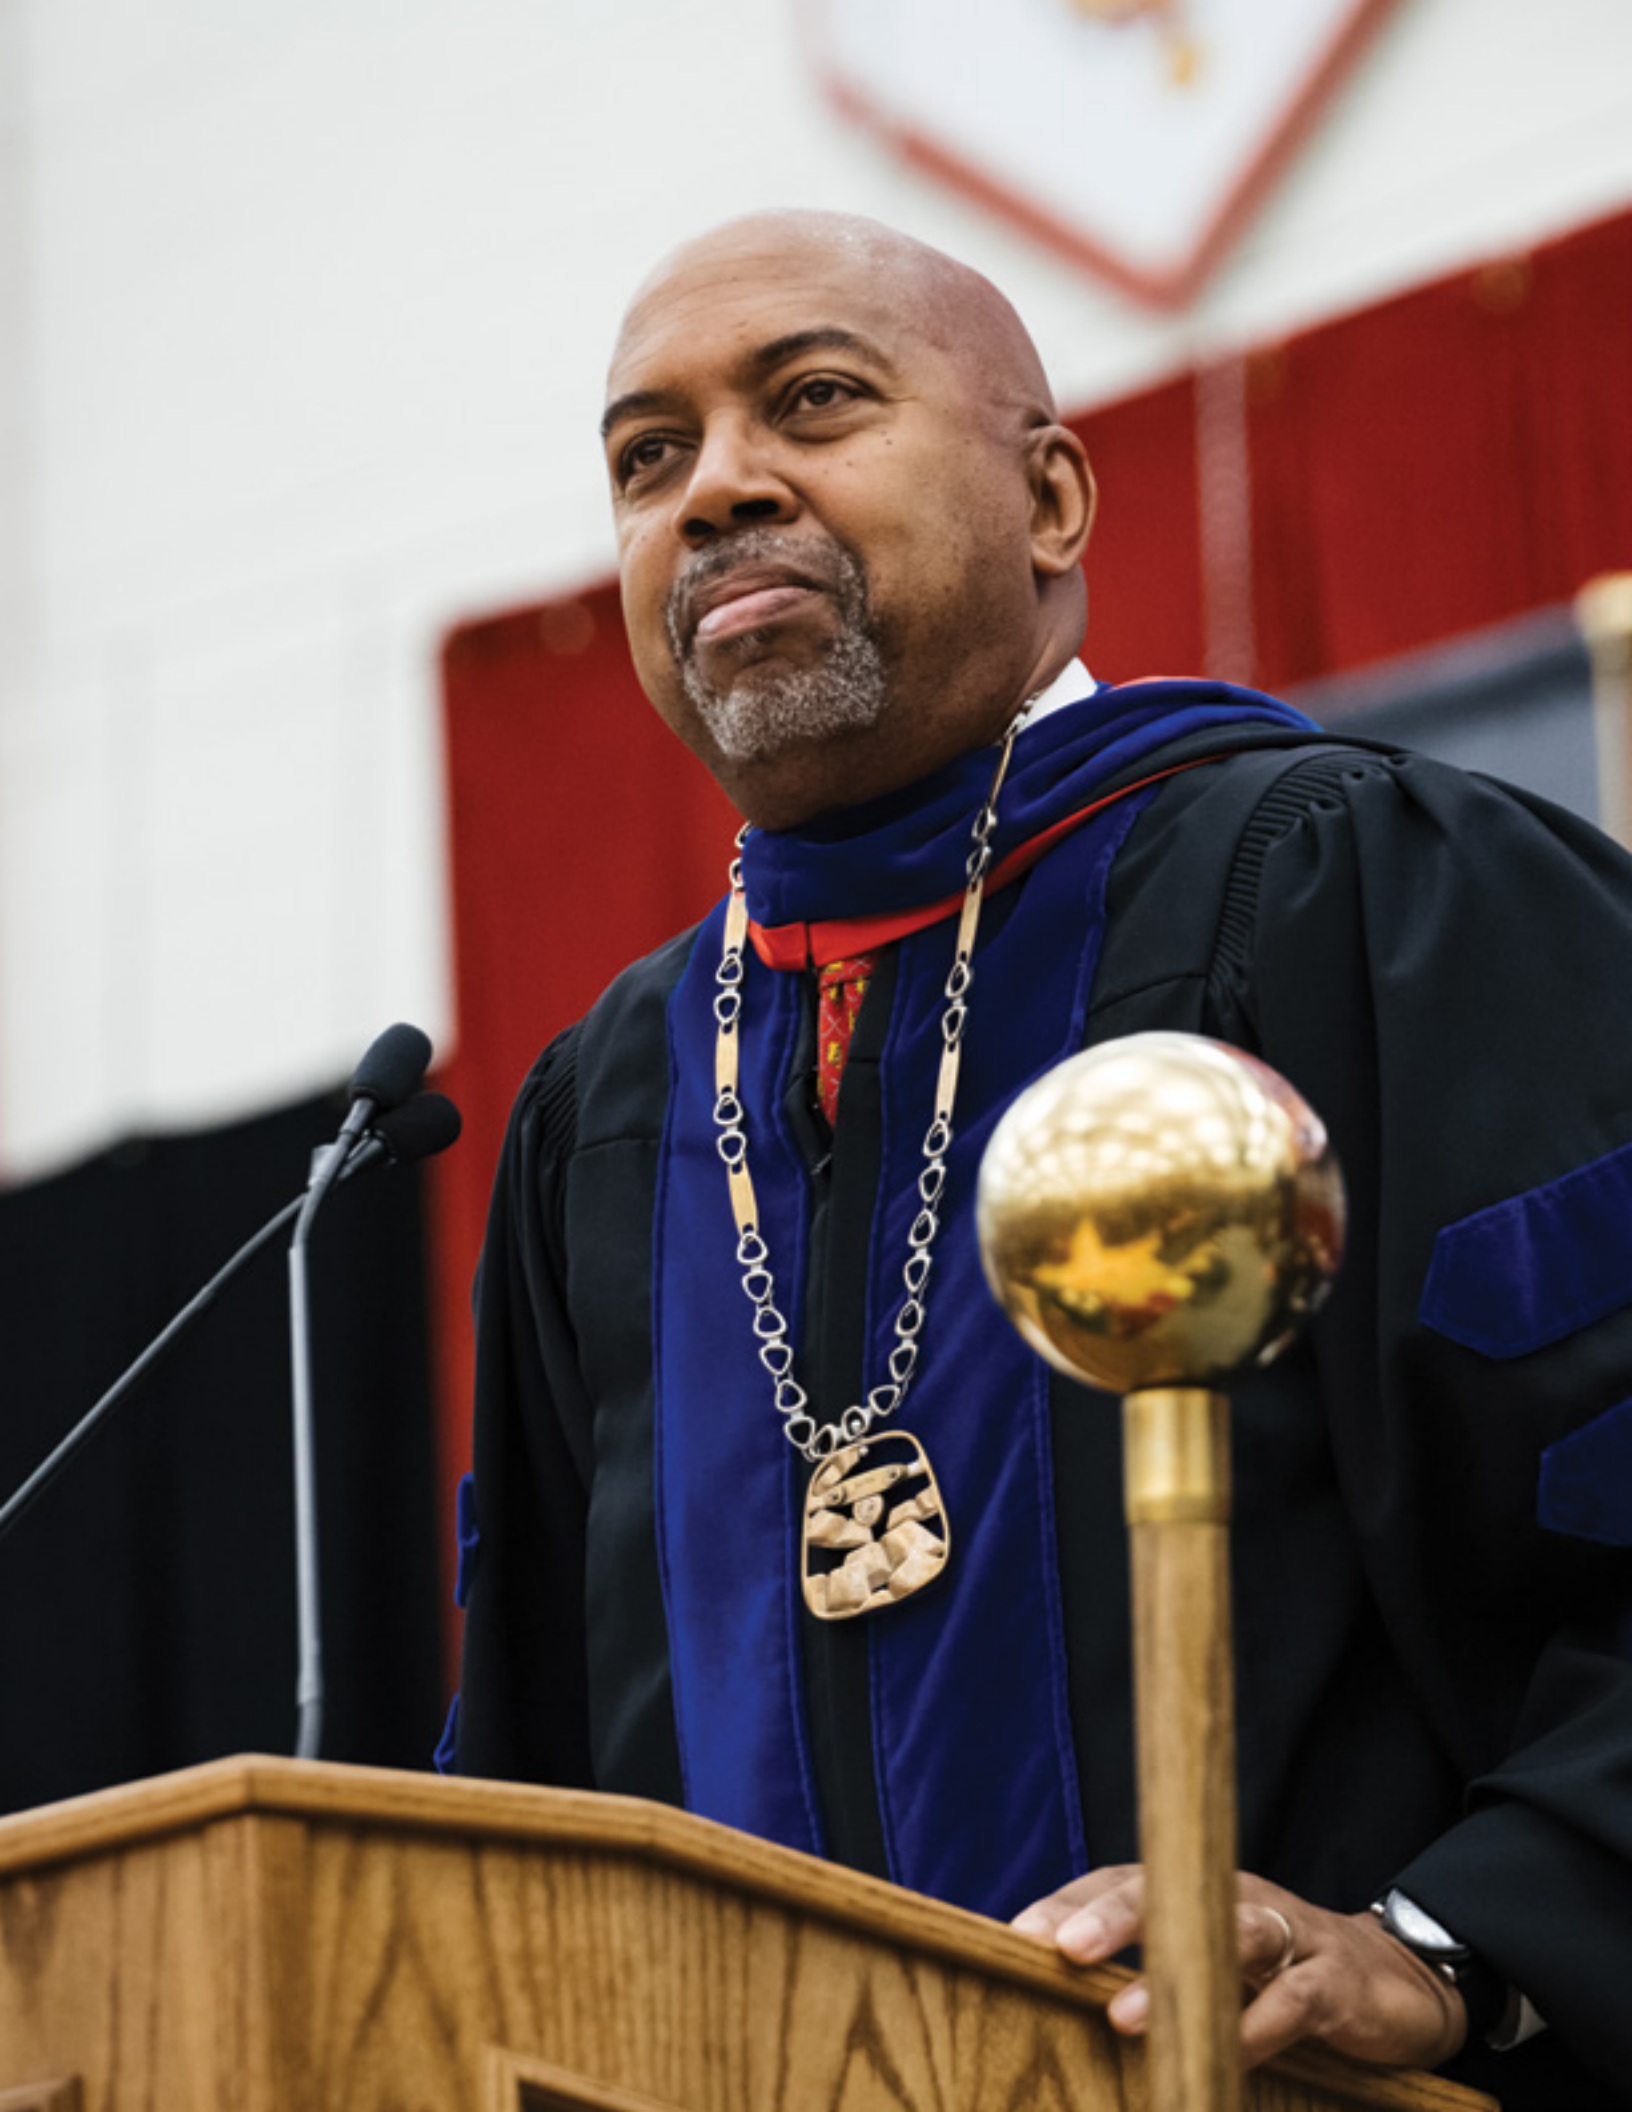

*Our word, our bond, our oath, our  
trust to you fidelity.*

*From the promise of the crimson  
dawn to sunset's mellow gold  
thy spirit shall prevail.*

*We pledge allegiance as of old:  
Ferris State, All Hail!*

## PRESIDENT'S MESSAGE

Congratulations on your graduation from Ferris State University! Today, as you walk down the aisle and across the stage, I hope you take a moment to reflect upon the years of hard work and dedication that have brought you to this moment.

For many of you, this was possible through the support and assistance from family, friends, faculty, fellow students, and scholarship donors. We are immensely proud of you and your achievements. You did it!

Today marks a new beginning in your life. Your degree and your hard-earned skills will open doors to new opportunities. Take them!

As a graduate of Ferris State University, you now belong to an extraordinary group of more than 130,000 Ferris alumni. Our alumni are not only successful; they are groundbreakers in their professions.

As leaders on the front lines of the workforce, our alumni play an important role in ensuring that Ferris State continues to remain relevant and responsive in an ever-changing world. We need you. We hope that you will stay involved with your alma mater and share your expertise and experiences with graduates to come.

There are many ways that you can maintain this close relationship, but the easiest is to become a part of the Alumni Association Online Community at [ferris.edu/alumni](http://ferris.edu/alumni).

Today, I present you with the same challenge I've been giving to many of our alumni across the country: Make it a point every day to tell someone about the education you received at this university! Tell them the good news of what this institution can do for them, their relatives, or anyone who might be looking for a university to attend, support or to simply be aware of. One person—every day. Can you do it?

Above all, never forget that you are now and will always be a Bulldog. This is your home, and I hope you will come back to see us often.

On behalf of the faculty, staff, and entire community of Ferris State University, we hope that you enjoy this day and all the bright days to come. You have earned the right to celebrate—both your current achievement and the start of your next adventure.

Stay Relevant, Stay Responsive!

Dr. Bill Pink  
President, Ferris State University

## ACADEMIC REGALIA

The pageantry of commencement is a time-honored ritual dating back to ecclesiastical observances of the 12th and 13th centuries. Today's academic raiment owes its origins to clerical garb designed to impart dignity to solemn, scholarly occasions.

The basis for the standardization of the various features of the American regalia was formed at a special intercollegiate conference held in 1895 at Columbia University. Three types of gowns are indicated by the code:

- Bachelor's gowns have long, bell-shaped sleeves.
- Master's gowns have oblong sleeves which drape gracefully below the knees and are open at the wrist.
- Doctoral gowns are faced with black velvet, with three bars of velvet across the bell-shaped sleeves.

Hoods worn by master's and doctoral graduates are made of material identical to the gowns and are lined in the official academic color of the institution conferring the degree. Colored velvet or velveteen binds the hoods and indicates the department to which the degree pertains. The color of the tassel denotes the wearer's field of academic specialization, except for the doctoral degree earner, who wears either gold or black.

## CERTIFICATION OF GRADUATION

Commencement is not a certification of graduation but rather a ceremony that celebrates academic achievements. Participation in any commencement ceremony does not affirm that the graduate has satisfactorily completed all degree requirements. Degrees presented at Ferris State University commencement ceremonies are subject to satisfactory completion of specific requirements of individual degree programs of the colleges and university.

Graduates must submit their online graduation applications by the established deadline or their names do not appear in the commencement program. In order to have the program completed in time for commencement, we must adhere to these deadlines. Graduates who miss the dead-line may ask their respective colleges' commencement coordinators to place their names in the next commencement program.

## COMMENCEMENT SYMBOLS

### The Ferris State University Seal

The Ferris State University seal represents founder Woodbridge N. Ferris' educational philosophy, which has guided the university since 1884.

The torch symbolizes enlightenment—the light of truth and knowledge, the fire of inspiration challenging each student to excel.

Opportunity and industry are the underlying principles of this philosophy and provide the graduate with guidelines to follow throughout life. Opportunity is the chance for each individual to realize his or her greatest potential. Industry is the combination of the vital qualities of diligence, perseverance and discipline.

### The Mace Bearer

The office of Mace Bearer is ceremonial and is derived from medieval England, when an official taking office or opening court needed a bodyguard. In those times, the mace, a formidable weapon, was held ready to protect the person in charge. Since that time, however, it has become a symbol of office and is carried in the processional to dignify the ceremony.

A university representative known as the Mace Bearer carries the mace and leads in the presidential party. The mace is displayed on stage during the ceremony.

The university mace was created by staff of the Manufacturing Engineering Technology program for use during formal university functions.

### Banners

Banners representing each of the degree-granting colleges are displayed on the stage.

## ACADEMIC COLLEGES

Ferris offers the best selection of technical and professional majors in Michigan. More than 180 educational programs, from associate to doctorate, are administered through seven academic colleges with schools and departments of specialized education.

The **College of Arts, Sciences and Education**—the largest college at Ferris—is the place to find specialized undergraduate and graduate degrees, and enriching minors in the behavioral, biological, physical or social sciences; humanities; communication; education; social work; English, literature and world languages and mathematics. Its faculty-student research collaboration, robust internships and study abroad opportunities extend learning beyond the classroom. Each department/school boasts faculty who are committed to providing innovative instruction and opportunities for hands-on, minds-on experiences that will help students be the best they can be. Students graduate with a foundation for entry-level professional careers, graduate school and life-long learning.

The **College of Business** provides 30 distinctive academic programs that teach specialized skills in combination with business fundamentals designed to prepare graduates for a fast-paced and competitive workplace. A Leadership Advisory Board of presidents, CEOs and business leaders fuel the college's response to changing needs of the business world. The college's curriculum focuses on preparing its graduates for dealing with real issues as members and leaders of tomorrow's workforce.

The **College of Engineering Technology** is one of the largest in the nation. The college has world-class labs and state-of-the-art equipment, made possible by ongoing financial support from its industry partners. Some of Ferris' technology programs are one-of-a-kind in Michigan and the nation.

The **College of Health Professions** offers in-demand programs in a variety of specialty areas. All courses are taught by qualified, discipline-specific faculty in state-of-the-art classrooms and laboratories so students are well-prepared for clinical and internship experiences and a career providing for the health and well-being of others.

The **Michigan College of Optometry** is a national leader in optometry curriculum and instruction and the only doctoral-level eye care professional program in the state of Michigan. MCO doctors and student interns deliver state-of-the-art eye care to thousands of patients in the region.

Graduates of the **College of Pharmacy** compose more than half of Michigan's practicing pharmacists. Graduates can be found in every type of pharmacy practice and at every level of the pharmaceutical sciences, actively engaged in discovery, dissemination of knowledge and delivery of state-of-the-art patient care.

**Kendall College of Art and Design**, on the Grand Rapids campus, offers graduate and undergraduate fine arts degrees as well as a Bachelor of Science degree in Art History.
