

**EARN A COMMUNITY LEARNING CENTERS (CLC) CERTIFICATE**

*Gain ten (10) hours of CLC experience, and earn a certificate of completion for working with students in an innovative, nontraditional environment.*

**In addition to your traditional classroom field experience requirement, you may earn a certificate of completion in a hands-on, participatory, active classroom setting.**

Big Rapids Public Schools Community Learning Centers program offers students an After-School program for two hours every afternoon during the school year and an intensive summer program. These programs provide academic learning opportunities, physical activities, and healthy lifestyles education.

After-School curriculum has included age-appropriate instruction in the core academic areas, assistance with homework and assigned classwork, and enrichment activities. This experience offers an innovative approach outside a traditional classroom.
