**GUESTS:**

Present	Name	Rep
<input checked="" type="checkbox"/>	Mike Hughes	
<input checked="" type="checkbox"/>	Will	
<input type="checkbox"/>		

**OLD BUSINESS:**

None

**NEW BUSINESS:**

We began the meeting with the statement that over the past several years, students have regularly complained about snow removal on campus.

Will passed out the "Snow Removal Program 2010/2011" for review and explained several items:

- Campus is divided into 6 areas run by 1-2 men
- Larger equipment is used first to clear roadways and sidewalks
- Priority is given to paths taken by special needs students/faculty
- Often staff must wait until the blowing wind ebbs until they can really clear pathways – blowing snow is an issue in this area and will cover over an area recently plowed in a quick manner
- A single pathway is typically cleared first, workers then return later to widen the paths
- FSU typically has their pathways cleared before the city does – this can cause a problem at corners and driveways
