M.C.C.	Public Relations Curriculum Cleanup – BS Degree	Sent back	Either delete/add PREL 101, or leave PREL 101 as it is and add a new orientation course. Concern that the request to require a PHIL course has staffing/budget implications that need to be addressed. Leonard will request that the Deans of COB and A & S discuss and respond to the concern. Changes seem substantive enough to merit this proposal as a “redirection of a current offering.” Hal will raise the issue with the proposers.
