M.C.C.	TPC revisions		Given above changes, Sandy will check with Sandy on the need for this proposal.
M.C.C.	Revisions to English/Pr.Wr. Minor	Approved, 7-0 pending	<p>Pending clarification of the vote. (What exactly was the “1” in the 14-1 vote?).</p> <p>ENGL 323 and ENGL 499 will be added to item 2d on the Form A.</p> <p>Revise proposed checksheet to include all prerequisites, and remove the “choose one” choice, as either ENGL 311 or ENGL 321 must be taken before ENGL 380.</p>
M.C.C.	Prereq. Change: ENGL 411 & 499	Approved, 7-0 pending	ENGL 411 and ENGL 499 to 2c on Form A. Remove “from D- to C” on the Form F
M.C.C.	Revisions to Tech. Writing Cert.	Approved, 7-0 pending	<p>Pending clarification of the vote. (What exactly was the “1” in the 14-1 vote?).</p> <p>Add ENGL 323 to 2d on the Form A.</p> <p>Technically, as was pointed out by B. Ross, the “c” in certificate in the proposal title ought to be capitalized.</p> <p>Revise proposed checksheet to include all prerequisites.</p>
New Course	MISM/MMBA	Leonard will clarify the intentions of the proposer, will communicate to UCC and will likely ask for an Email vote.	Pick one: Proposers may either “reactivate” MISM 640 in which case the course description must remain the same, OR create a new course with a new number (641, 642, or 643 can work) that will allow for a change to the course description. (Paula will correct the college and department codes on Form F).
M.C.C.	Computer Information System – Associate Degree	Approved, 6-0 pending.	Pending receipt of a revised Form A. Summary of all Course Action Required must be completed on the Form A.
