- III. Old Business – Proposals

Type	Title	UCC Action/Votes	Concerns/Reasons
MCC	Add ENGL311, Remove WIC, Delete STQM 260	Sent back.	Forward proposal to Gen. Ed. Committee for WIC. Resubmit Form A with rationale for the change, check on Form B with English. Change terms effective to Spring '09.
MCC	LITR 401/402	Sent back.	Awaiting department vote #'s. Change date effective to 200901.
MCC	LITR 370 and LITR 371	Sent back.	Implementation date 200905 for 370. Still need new Form F for 371.

IV. New Business – Proposals

Type	Title	UCC Action/Votes	Concerns/Reasons
MCC	ENGL 311, 325, 323, & 321	Approved, 9-0.	Why the C at the 300-level when it's only a C- at the 200-level? Is there a plan to "grandfather" those already in the pipeline? Don will follow-up on this with Genevieve.
MCC	English Minor and BA Changes	Approved, 9-0.	Insert "faculty" following Ferris State University at the end of the last sentence under grad. Requirements on the information sheet about the Eng. Lit. Minor.
New Course	BIOL 206 – Advanced Physio	Sent back.	Request outcomes be written in measureable terms. Specifically, how will you know students "understand?" On the Form E, please account for 45 hours of instruction. Form F max & min hours, and remove last sentence under prerequisites.
New Degree	Master's of Educational Leadership	Action Delayed	Awaiting requested revisions.
MCC	PSYC 406/407	Sent back.	Changes too substantive to merit a simple modification. Delete 406/7 and create a new course. Sounds like a scheduling issue to accommodate a handful of students. Is this change really necessary in the first place?
New Course	Introduction to the Profession of Teaching	Sent back.	Sent back. Need a Form C.
New Course	Green Manufacturing	Sent back.	Request outcomes be written in measureable terms. Clarify prerequisite and remove syllabus from proposal. Request that syllabi be removed from proposals at the college level before they are submitted to the UCC.
