V. Assessment – Robert Von Der Osten

In preparation for the Higher Learning Commission visit in 2010 we must consider the following: At the program level and the course level what do we want our students to know and be able to do? How will you know they have achieved those competencies, and how will you obtain and use feedback to improve programs and courses? What should be the role of the UCC in this process?

- VI. Next meeting, Thursday, November 2, 11:30 a.m. – 12:30 p.m, if necessary.
