| M.C.C. | Minor Changes to BS in Accountancy | Sent back. | Please add rationale for the change to the Form A. Specifically, what are the "several academic reasons?" Please update your checksheet(s) to include the new prerequisite. Add the Form D to the proposal. |
| M.C.C. | Minor Curriculum Clean-up in Clinical Laboratory Science | Approved, 6-0. | Change all implementation dates to 200905. |

IV. New Business – Proposals

| Type | Title | UCC Action | Concerns/Reasons |
|---------------------------------|-----------------------------------|--------------------|--|
| Redirection of Current Offering | PharmD Degree Curricular Revision | Initial Discussion | Awaiting receipt of Form B's from Biology and the Graduate and Professional Council. Need Form E's and F's for PHAR 535 and 591. Discussed possible concerns about the proposal to move Anat/Phys into the PrePharm curriculum. The issue of the effect this may have on students completing the PrePharm curriculum elsewhere was also discussed. Will there need to be a more detailed assessment plan on those courses that only indicate "outcomes based evaluation?" (Leonard will request feedback from Robert VonderOsten). |

V. Other Business – Form G Proposal from Fred Heck

- Form B issue, Flow chart? Revise Form A and/or B?
