

# University Curriculum Committee

To: Khagendra Thapa, Vice President of the Academic Senate  
From: Leonard Johnson, Chair, University Curriculum Committee  
Subject: Senate Year-end Report  
Date: April 18, 2007

## Significant Accomplishments

As you can see by the monthly Senate Reports included with this Year-end report, this has been a busy year for the University Curriculum Committee. Among the 72 proposals considered by the UCC to date, only ten required action by the Senate. Of those, there were 5 significant program re-directions, 2 new minors, 1 concentration, and 2 new degree programs.

## Future Challenges

The following is a restatement of the challenges and recommendations identified in the Year-end Report for 2005-06. The Curriculum Planning and Procedures Manual is in urgent need of revision. Therefore, I have reiterated last year's recommendations:

In addition to the challenge of staying current with the workload created by the weekly submission of curriculum proposals, is a new set of challenges posed by the recent transition to Banner. In particular, a thorough review of the Curriculum Planning and Procedures Manual is needed. All of the forms we currently use in the curriculum process will need to be revised to ensure that all information required by the new system is clearly provided. Due to the heavy workload during the academic year, I strongly recommend that willing individuals be identified and compensated to complete this task over the summer.

## **Membership for 2006-2007**
