

FERRIS STATE HOCKEY

ROBERT L. EWIGLEBEN ICE ARENA

The Ferris State men's ice hockey program continues to play their home games in the confines of the Robert L. Ewigleben (pronounced A-VAH-glave-in) Ice Arena, which is located on the Ferris State University campus.

Since its construction, the facility has served as the site for numerous classic collegiate hockey contests.

DR. ROBERT L. EWIGLEBEN

The 2007-08 season signifies the arena's 33rd year of operation. The facility is named in honor of former Ferris State President Dr. Robert L. Ewigleben. While at FSU, Dr. Ewigleben played an instrumental role in establishing the sport of ice hockey and coordinated its progression to the NCAA Division I level during his tenure (1971-84).

The arena features an ice surface which measures 85 by 200-feet with a corner radius of 28 feet. The arena is attached to the 39,300 square foot Ewigleben Sports Complex and the Student Convocation Center, both of which form the nerve center for Ferris State Athletics.

With an official seating capacity of 2,493, the arena features a half-size rink for recreational use, three dressing rooms with direct access to the ice surface, a multi-purpose wing, and the Bulldog Room lounge for both pre and post-game activities.

In an on-going effort to maintain the quality of the Ferris State hock-

ey program, the arena's interior was painted in September 1995 to enhance its appearance. In the summer of 2003, artwork was added around the arena's interior and in 2007, a FSU Hockey All-America display was placed on the northeast side entrance.

The facility, which is located on the southwest end of the FSU campus, was expanded with the construction of a 4,560 gross-square-foot Bulldog varsity hockey locker room annex as part of the Ewigleben Ice Arena Remodeling Project. The carpeted hockey locker room, located on the Ewigleben Ice Arena's west side, was officially dedicated on January 17, 1999. The state-of-the-art locker room features 30 individual lockers, a study lounge with computers, film study room, equipment room, training and stick room, coaches' offices, and a sauna.

The centerpiece to the Ice Arena is an expanded, attractive common lobby area, which is connected to the 2,400-seat Student Convocation Center and Jim Wink Arena. Both facilities together encompass approximately 42,000-square feet of space. The lobby features a ticket office, two concession areas, a pro shop, and a skate rental room.

Other Ewigleben Ice Arena improvements include a renovated and enlarged 1,620-square foot press box along with a renovated locker room facilities for the Big Rapids (Mich.) High School hockey program. Two new scoreboards were installed at both ends of the ice rink in late November 1999 and the bleacher seats were replaced midway through the 2000-01 season.

The multi-purpose Ewigleben Ice Arena also serves as host for numerous university and community events.

FERRIS STATE'S YEAR-BY-YEAR HOME RECORD & HOME ATTENDANCE
