## “Building A Championship”

The Ferris State University men's basketball program is proud to once again offer our “Building A Championship” Team Camp in 2009.

This camp is specifically designed to improve team chemistry and it provides an environment where teams can focus on development both on and off the court.

Coaches and players both get individual instruction in a one-on-one setting with the Ferris State Men's Basketball Staff.

As evidence of our camp success, at least 13 teams alone that attended our shootouts or “Building a Championship” Team Camp in 2007 went on to claim district titles in 2008. Many more won conference championships.

We offer outstanding facilities and a crew of highly-skilled professionals, which makes this one of the top camps in the state of Michigan on an annual basis.

We hope you will join us for another outstanding summer in 2009 at the Ferris State University Basketball Team Camp!

“My teams have attended the “Building a Championship” Team Camp and have taken advantage of the shootouts prior to it for the last four summers. It is a great balance of games and instruction from the FSU staff. The practice time Bill Sall takes with your team is the best hour of any camp I have been to in my 20 plus years of coaching. You can not get any more for your money at any other camp.”
