FERRIS FACTS

Ferris State University offers more than 170 degrees, many of which are unique in the state and the nation. Our safe, just-the-right-size campus welcomes students from across the globe and our combination of personal attention (student-to-teacher ratio averages 16:1), up-to-the-minute technology and course offerings (such as Music Industry Management, Rubber Technology and Computer Networks & Systems, to name just a few!) make Ferris a great place for you to live, learn and flourish.

UNIQUE DEGREES AT FERRIS

We offer an impressive array of degrees that you can only get at Ferris State University – degrees such as Automotive and Heavy Equipment Management; Digital Animation and Game Design; Optometry, Professional Tennis Management; and Surveying Engineering. Ferris also distinctively offers the largest Allied Health unit at the university level in Michigan, the only Criminal Justice degree of its kind in Michigan, and the largest College of Pharmacy of the three in Michigan.

SHOW ME THE MONEY

With the cost of a college education rising, we know how important it is to have financial assistance available. We work hard to provide our students with the best financial aid packages possible, along with many academic and need-based scholarships in addition to scholarships available through each of our colleges. To learn more about our scholarships and financial aid visit www.ferris.edu/admissions/financialaid.

HONORS PROGRAM

The Honors Program is a community of Ferris' best and brightest students with fresh ideas and broad interests. More than 500 students from a wide range of disciplines grow to their full potential through specialized academic courses and new learning opportunities. The bonds the students form with each other, and the sense of community that is at the heart of Honors at FSU, make it a very special program. Learn more about the Honors Program at www.ferris.edu/honors.
