

Database Guide: Visionet

Subject Coverage: Visionet covers vision science articles that deal with the eye and related concepts. It is **NOT a full-text** database. Look up journal titles on the FLITE webpage. Click on the **JOURNALS** tab (http://161.57.201.8/sfx_local/az) to find the journal title. If Ferris does not own it you may interlibrary loan the article. **DO NOT ORDER AN ARTICLE FROM DIRECTLY FROM SCO/VISIONET.** Ask a librarian if you need help.

A. Visionet from the Ferris homepage:

1. Click on FLITE Library
2. Click “Browse by subject or academic major” under the Database tab
3. Click on Optometry
4. Click on Visionet
5. Also available at :<http://sco.iii.com>
6. Click on LOGIN in upper right corner
