The Ferris State
Coaching Staff

Bulldog Football 2011 Summer Camps

Being the head coach at my alma mater, Ferris State University, is a great honor. Our program is based on the values of family, team chemistry, and successful attitudes.

Since 1990, we have won or shared six conference championship titles and made the NCAA Division II Playoffs five-straight years (1992-96). In 1995, FSU advanced to the national semifinals en route to a school-record 12-1 overall mark. As you can see, Ferris State has experienced success on the field through commitment, hard work and pride.

I invite you and your teammates to attend one of our Bulldog Football Camps this summer. As a young player, you will have a special opportunity to increase your game knowledge and skill level. We, the coaching staff, place a great deal of emphasis on teaching fundamentals of the game.

I hope to see you this summer and we at Ferris State University thank you for the opportunity to let us be a part of your development as a player.

Jeff Pierce
Head Football Coach
Ferris State University

Bulldog Football 2011 Summer Camps

FOOTBALL CAMP BENEFITS

The 2011 Ferris State Bulldog Football Camps provides a unique learning environment with personalized instruction, game simulated exposure and in-depth coaching philosophies.

The Ferris State Team Passing Camp has certainly helped our football program get a head start to the season. We not only worked on our physical skills that are required, but also we were able to develop a solid football foundation for the upcoming season."

- Clark Huntley, Head Football Coach
- Morley-Stanwood High School
