FERRIS STATE UNIVERSITY

It is a tremendous accomplishment in young athletes careers to receive college scholarships that reward them for their great play and offer the opportunity to continue playing the sport they love. The Alumni Softball Scholarship, however, is designed to reward upperclassmen for more than just great play on the diamond. The recipient must display leadership, loyalty and dedication to the FSU softball tradition. Many of us who played softball at Ferris are left with great memories and friendships that will be a part of our lives forever. Each player who has passed through the FSU softball program has left their mark and continued to build on the tradition and reputation we are proud of. The scholarship gives alumni the chance to say thank you to today's players for continuing the tradition and to the program which was an important part of our lives during our college years.

Bulldog Softball Scholarship Campaign

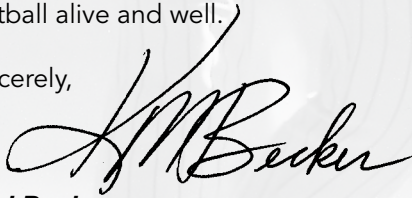

FERRIS STATE UNIVERSITY

Dear Bulldog softball alumni and friends,

The Bulldog softball program has experienced several outstanding seasons throughout its 33-year history. Our success could not have been accomplished, however, without the exceptional student-athletes that have performed on the ball diamond and in the classroom at their highest level. These outstanding young women have represented Ferris State University with the utmost respect for decades and have done so with a minimum amount of scholarship dollars. The time has come to enhance our scholarship program so they can be awarded for their many accomplishments.

I invite you to join in the excitement and be a part of our softball family by supporting one of the current scholarships our alumni have begun or even by creating your own. You can be assured that your donation will make a real difference in the life of a young lady on the Bulldog softball team and help our program reach new heights. We need your support to keep the strong tradition of Bulldog softball alive and well.)

Sincerely,

Keri Becker
Head Softball Coach

I knew as early as my sophomore year that I wanted to give back. It was just a matter of time. I want future Bulldogs to have the same opportunities on the field and in the classroom that I had. Starting a scholarship meant giving back to a University, a softball program, and a community that gave so much to me over the years. I gave my heart and soul to the program while in uniform and hope to continue to do so for many years to come.

Jenny Jacobs Softball Scholarship

I began a scholarship to show my appreciation to the softball program and Ferris State Athletics as a whole. Most won't understand how beneficial a collegiate sport can be until after graduation. Not only did I gain lasting friendships, but I also learned better communication, leadership and management skills. In this show of appreciation, I hope I can financially benefit another Bulldog to attain these same skills and qualities.
