

January 2006- HVACR Students on the Scene in the Industry

Students and faculty chaperones recently visited the J.F. Ahern Company in Fond du Lac, WI to tour facilities and network.

J.F. Ahern Company, a full service mechanical and fire protection contractor employs over 1,000 mechanical pipe fitters, plumbers, project managers and service technicians.

HVACR faculty member Mike Korcal comments, "Students can gain a clear vision of what to expect in the workplace by visiting successful businesses such as J.F. Ahern within the industry."
