

Welding Engineering Technology Program

WELD 393 – Internship Supervisor Evaluation Form

Intern Name: _____ Date: _____

Instructions:

The internship supervisor will evaluate the student objectively **twice** during the internship. The student will be compared with an entry level Engineer at the company with regard to how the student has demonstrated personal ability/knowledge/understanding/commitment in the topics indicated below. Evaluations shall be performed once near the internship midpoint, and once after the student has completed at least 80% of the internship duration. Evaluations must be discussed with the student prior to submission to the internship coordinator.

Rating Scale Rubric

Ability Level	Ability Rating	Ability Description
1	Beginning	No ability/knowledge/understanding/commitment to perform task.
2	Developing	Limited ability/knowledge/understanding/commitment to perform task.
3	Competent	Entry level engineer ability/knowledge/understanding/commitment to perform task.
4	Proficient	Advanced ability/knowledge/understanding/commitment to perform task.
5	Exemplary	Excellent ability/knowledge/understanding/commitment to perform task.
N/A	Not Applicable	Not applicable – did not observe student engaged in activity.

ABET Outcome	Ability Attributes	N/A	1	2	3	4	5
1	An ability to apply knowledge, techniques, skills and modern tools of mathematics, science, engineering, and technology to solve broadly defined welding engineering technology problems appropriate to the discipline.						

Feedback:

2	An ability to design systems, components, or processes meeting specified needs for broadly defined welding engineering technology problems appropriate to the discipline.
