MICHIGAN SCHOOL INDEX

In 2016-2017 Michigan introduced the Michigan School Index System as a new accountability system under the Every Student Succeeds Act (ESSA) of 2015. Schools receive an overall index value ranging from 0-100, based on six key areas: student assessment data, graduation rates, attendance rates, completing advanced coursework, postsecondary enrollment, and staffing ratios.

Below are the Academy's actual index scores for 2019, along with the overall school index:
