

Changing the Worksheet Format

Student View

The worksheets tab has several different format views. The default view when entering MyDegree is the “Student View” and is the format view that shows the traditional audit. This is the view that shows the students requirements and how far they have progressed with those requirements.

Registration Checklist

The format view “Registration Checklist” will show only the classes remaining to meet the requirements. This is a helpful view to know how many classes the student has left to graduation which helps plan how many semesters before graduation.
