

President's Memorandum to Faculty and Staff

Office of the President
August 30, 2010

As you may know, agreement was not reached yesterday on a new contract with the Ferris Faculty Association. However, today faculty members are in the classroom teaching students. I want to express my thanks to the members of both negotiating teams and the state-appointed mediator who all worked very hard to try to reach a contract agreement. Most importantly, I want to thank our faculty for placing their commitment to students first and foremost. I am very proud of them and the decision they made. It is my hope that our respective negotiators through continued discussions will reach a new contract agreement.

Sincerely,

David L. Eisler, President
