Faculty Member Involved in Planning Upcoming Energy Conference

Doug Zentz has taken a leadership role in helping to coordinate efforts college-wide to hold the highly anticipated first annual Michigan Energy Conference hosted by Ferris State University on April 11 & 12, 2008. The theme of this conference will be “Michigan Energy – What is Our Future?” subtitled “Where have we been? Where are we now? Where are we going?” The theme encompasses a look at Michigan’s Energy needs, policies, production, practices, utilization, and education and features keynote speaker Gordon V. R. Holness, PE, Fellow and Treasurer of ASHRAE. For more information on this conference please visit: www.ferris.edu/mec.
