

Bay Mills Community College
Transfer Guide

Individuals with an interest in computers, health care and business will find that health information management is a challenging and fulfilling career option. Health Information Managers may be employed in hospitals, but job growth is projected to be the greatest in physician's offices and clinics, nursing homes and home health agencies. The Health Information Management degree is accredited by the Commission on Accreditation of Allied Health Education Programs in collaboration with the American Health Information Management Association. At the end of the program, students will be eligible to apply to write the national certification examination to earn the designation of Registered Health Information Administrator (RHIA).

General Admission Criteria

To be admitted to this Bachelor degree, you must have 48 semester credit hours from an accredited college or university with a minimum 2.5 GPA (on a 4.0 scale). Official transcripts from all accredited colleges/universities must be submitted with the Ferris application. Financial aid from Ferris is available for students who have 48 semester credit hours,.

Total Bay Mills Credits			52

** Anatomy and Physiology cannot be older than two years.

Students transferring to Ferris with the Michigan Transfer Agreement (MTA) and entering a degree program will have met a 30-hour block of lower-level general education course. However, this does not exempt students from completing program specific prerequisites of higher-level general education course requirements. Students should contact their advisor regarding classes that meet the MTA.

Delivery Locations

This degree and the Ferris courses are offered to students at the following locations:

- Fully online– Must have an Associate’s Degree in Health Information Technology and current RHIT credentials to be eligible for admission to this program.
- Ferris State University, Big Rapids Campus, Big Rapids MI
- Ferris State University, Grand Rapids Campus, Grand Rapids, MI

Transfer Student Orientation

All new students to Ferris State University are required to complete an orientation. Orientation for incoming freshmen is a one-day session that occurs on campus and includes class registration. Eligible transfer students have the option of completing an online orientation or attending an on campus session.

Advising Notes

It is strongly recommended that potential transfer students make contact with the MET program for advising as well as with a community college counselor to be sure all requirements are met in an efficient way. Credits will occasionally vary between colleges for similar or equivalent courses. These discrepancies can be ignored provided the student completes 60 credits towards an AAS degree from FSU and 124 credits (including the internship) for a BS from FSU. **Students who are completing the MTA may have different general education course requirements for the particular degree selected. Meeting with a Ferris advisor prior to the selection of general education or elective course work may reduce the chance of completing a course that will not apply toward the selected degree.** Once admitted, students must continue to meet with an advisor as they work toward graduation.

Online Learning

Orientation is required for students who register for an online *course* or are completing an online *degree*. Students must demonstrate competency in FerrisConnect skills. This may be done by taking a tutorial and quiz, or, for students who have already taken and passed online courses, they can submit a waiver request. Students should check with the department that offers the class to determine its particular needs and/or the Ferris advisor regarding registration for online course work.

Michigan Transfer Agreement (MTA)

Ferris participates in the Michigan Transfer Agreement (MTA). This agreement will facilitate the transfer of general education requirements from one Michigan institution to another. Students may complete the MTA as part of a degree program or as a stand-alone package. The MTA consists of a minimum of 30 general education credit hours as identified by the college or university.

Disclaimer

This is a guide for students who plan to transfer to Ferris State University. This guide is not intended to be a contract with Ferris. The information on this guide is subject to change. Students should contact Ferris to keep informed of changes. Final responsibility for verifying all transfer information lies with the student.
