

## Delta College

### Articulation Agreement and Transfer Guide

Within the Television and Digital Media Production (TDMP) program, students acquire skills in film, audio, and video production, interactive media production and authoring, instructional design, editing, script writing, and graphics. All these skills are built on a foundation of planning, scripting, directing, and producing television and video programs. Almost all of the program's classes are hands-on. DVD-R, CD-ROM, digital videotape, and a variety of other media are available to TDMP students. The curriculum is constantly being scrutinized to assure that it remains current with the industries where our graduates are employed. After completing the necessary requirements, the student will further perfect their skills in a six-month internship off campus. This internship will take place at a production facility or station typically in Michigan or Chicago. This exciting class allows the student to gain experience in a real-world setting working full-time with industry professionals. Graduates learn communication skills in visual media that apply to a wide range of careers. Alumni have been employed in television and digital media production positions in broadcasting, cable, corporations, manufacturing facilities, hospitals, professional sports venues, independent production companies, post-production firms, education, government, and industry.

#### General Admission Criteria

To be admitted to this degree program, students must have a 2.0 cumulative grade point average or higher (2.0 on 4.0 scale), from an accredited college or university. Official transcripts from all accredited colleges/universities must be submitted with the Ferris application.

#### Course Requirements

Delta College			
Course	Ferris Equiv.	Delta Course Titles	Cr. Hrs.
<b>General Education</b>			<b>37</b>
ENG 111	ENGL 150	College Composition I	3

		<b>6</b>
<b>Total Ferris Credits</b>		<b>58</b>
<b>Credits Required for Degree</b>		<b>121</b>

Students transferring to Ferris with the Michigan Transfer Agreement (MTA) and entering a degree program will have met a 30-hour block of lower-level general education courses. However, this does not exempt students from completing program specific prerequisites or higher-level general education course requirements. Students should contact their advisor regarding classes that meet the MTA.

Students are encouraged to work with their Ferris advisor for selection of any electives, to ensure transferability and to minimize credits taken.

Program Offered at:  
**Main Campus, Big Rapids**  
College of Education and Human Services  
Television and Digital Media Production

### Articulation Agreement and Transfer Guide

---

#### Advising Notes

It is recommended that potential applicants meet with an advisor to review the degree, course schedule, and have any questions answered prior to completing an application. Students who are completing the MTA may have different general education course requirements for the particular degree selected. Meeting with a Ferris advisor prior to the selection of general education or elective course work may reduce the chance of completing a course that will not apply toward the selected degree. Once admitted, students must continue to meet with an advisor as they work toward graduation.

#### Transfer Student Orientation

All new students to Ferris State University are required to complete an orientation.

#### Online Learning

Select courses delivered online and/or in a mixed delivery format (i.e. a mix of online and face-to-face instruction at the Ferris Main Campus or at an off-campus location). The "Online Readiness Tutorial" is required for students who register for an online *course* or are completing an online *degree*. Students must demonstrate competency in Blackboard skills. This may be done by taking a tutorial and quiz, or, for students who have already taken and passed online courses, they can submit a waiver request. Students should check with the department that offers the class to determine its particular needs and/or the Ferris advisor regarding registration for online course work.

#### Reverse Transfer Agreement

The Community College and Ferris have entered into a partnership in order to work collaboratively and creatively to increase student completion of associate and bachelor degrees. The partners work together to provide a seamless transfer experience and increase student retention and completion at both the community college and Ferris.

#### Michigan Transfer Agreement (MTA)

Ferris participates in the Michigan Transfer Agreement (MTA). This agreement will facilitate the transfer of general education requirements from one Michigan institution to another. Students may complete the MTA as part of a degree program or as a stand-alone package. The MTA consists of a minimum of 30 general education credit hours as identified by the college or university.

#### Disclaimer

This is a guide for students who plan to transfer to Ferris State University. This guide is not intended to be a contract with Ferris. The information on this guide is subject to change. Students should contact their community college or Ferris to keep informed of changes. Final responsibility for verifying all transfer information lies with the student. Please refer to the effective and/or revised date on the bottom of the guide.

#### Indemnification

To the extent permitted by law, Ferris State University and Delta College agree to indemnify and hold one another harmless from any and all claims initiated by student participants, their parents, survivors, or agents, arising from any negligent acts or omission on the part of either institution or any of their employees.

#### Articulation Agreement

This Agreement shall commence as of the 15th day of August, 2014, and shall continue until terminated by either party. Termination by either party requires ninety (90) days prior written notice. Ferris or Delta College may terminate this Agreement by providing the other party with written notice, by first class mail, of the termination of the Agreement.
