

As the health care industry continues to grow and expand, the demand for skilled health care managers also increases. Employment is expected to grow faster than average with the fastest growth in home health agencies, residential care facilities and practitioners' offices and clinics. This program has been designed in two formats, one for students who enter the program either as freshmen or who transfer into the program after having completed an associate degree and the second for students who wish to complete a bachelor's degree while enrolled in a clinical associate degree program.

The course work, which includes courses in management, marketing, accounting, quality assurance, health care finance, health care planning and long-term care management prepares you to work in many areas in health-care. Graduates are able to apply for an entry-level administration position or enter graduate school to earn a master's degree.

The Health Care Systems Administration program also is offered in Grand Rapids. In the Grand Rapids program, the professional courses are offered in the evenings. General education requirements may be taken at a local college or university and transferred to fulfill Ferris graduation requirements. A minimum of 30 semester credit hours must be earned at Ferris in order for the degree to be granted.

Communication Competency Course Requirements

FSU Course	FSU Course Title	FSU Cr. Hrs.	JC Equiv.	JC Course Title	JC Cr. Hrs.
COMM 105 or COMM 121 or COMM 221 or COMM 251	Interpersonal Communication or Fundamentals of Public Speaking or Small Group Decision Making or Argumentation and Debate	3	COM 231 or COM 234 or COM 240 or No equivalent	Communication Fundamentals or Public Address or Interpersonal Communication or No equivalent	3 or No equivalent

www.ferris.edu/transfer

Delivery Locations

This degree and the Ferris courses are offered at the following locations:

- Ferris State University, Big Rapids Campus, Big Rapids MI
- Select courses may be delivered online and/or in a mixed delivery format (i.e. a mix of online and face-to-face instruction at the Ferris Main Campus or at an off-campus location)

General Admission Criteria

An overall minimum 2.5 cumulative grade point average is required for admission into the College of Health Professions. Official transcripts from all accredited colleges/universities must be submitted with the Ferris application. Financial aid is available and may include concurrent enrollment at both institutions.

Admission directly into the Health Care Systems Administration program requires a 2.5 GPA in high school or college work and one year of high school algebra with a 'C-' or better. Students can enter the program from any associate degree program or directly from high school.

Advising Notes

It is recommended that potential applicants meet with an advisor to review the degree, course schedule, and have any questions answered prior to completing an application. Students who are completing the MTA may have different general education course requirements for the particular degree selected. Meeting with a Ferris advisor prior to the selection of general education or elective course work may reduce the chance of completing a course that will not apply toward the selected degree. Once admitted, students must continue to meet with an advisor as they work toward graduation.

Transfer Student Orientation

All new students to Ferris State University are required to complete an orientation.

Online Learning

Select courses delivered online and/or in a mixed delivery format (i.e. a mix of online and face-to-face instruction at the Ferris Main Campus or at an off-campus location). The "Online Readiness Tutorial" is required for students who register for an online *course* or are completing an online *degree*. Students must demonstrate competency in Blackboard skills. This may be done by taking a tutorial and quiz, or, for students who have already taken and passed online courses, they can submit a waiver request. Students should check with the department that offers the class to determine its particular needs and/or the Ferris advisor regarding registration for online course work.

Reverse Transfer Agreement

The Community College and Ferris have entered into a partnership in order to work collaboratively and creatively to increase student completion of associate and bachelor degrees. The partners work together to provide a seamless transfer experience and increase student retention and completion at both the community college and Ferris.

Michigan Transfer Agreement (MTA)

Ferris participates in the Michigan Transfer Agreement (MTA). This agreement will facilitate the transfer of general education requirements from one Michigan institution to another. Students may complete the MTA as part of a degree program or as a stand-alone package. The MTA consists of a minimum of 30 general education credit hours as identified by the college or university.

Students transferring to Ferris with the Michigan Transfer Agreement (MTA) and entering a degree program will have met a 30-hour block of lower-level general education courses. However, this does not exempt students from completing program specific prerequisites or higher-level general education course requirements. Students should contact their advisor regarding classes that meet the MTA.

Students must work with their Ferris advisor to declare a Minor or Concentration and for selection of Directed Electives.

Disclaimer

This is a guide for students who plan to transfer to Ferris State University. This guide is not intended to be a contract with Ferris. The information on this guide is subject to change. Students should contact their community college or Ferris to keep informed of changes. Final responsibility for verifying all transfer information lies with the student. Please refer to effective and/or revised date on the bottom of this guide.
