

**Lansing Community College**  
 Transfer Guide

Rapid technological changes have generated strong demand for technical teachers in Michigan. Graduates can expect excellent career opportunities in industry, secondary and vocational education. Technical skills and the training to teach them to others are a valuable combination in education today. If you relate well to others and enjoy working with your hands and mind, you are well suited for a worthwhile and rewarding career in technical education.

The Ferris State University technical education program provides a balanced mix of courses in three major areas: professional education, field experience and liberal arts education. About a third of the courses required for graduation will be in the major's chosen field. Technical education students also must complete occupational work experience. A field experience in which students work with young people in public schools is required, along with a full-time directed teaching assignment in a vocational/technical program at an area vocational center or high school.

**Course Requirements**

Lansing Community College			
Course	Ferris Equiv.	LCC Course Title	Cr. Hrs.

<b>Total Lansing Community College Credits</b>			<b>39-40</b>

**FSU General Education Requirements can be found at:**  
<http://www.ferris.edu/HTMLS/academics/gened/index.htm>.

Students transferring to Ferris with the Michigan Transfer Agreement (MTA) and entering a degree program will have met a 30-hour block of lower-level general education courses. However, this does not exempt students from completing program specific prerequisites or higher-level general education course requirements. Students should contact their advisor regarding classes that meet the MTA.

Students are encouraged to work with their Ferris advisor for selection of any electives, to ensure transferability and to minimize credits taken

Ferris State University		
Course	Ferris Course Title	Cr. Hrs.
ENGL 321	Advanced Composition	3
<b>Professional Sequence Courses</b>		
<b>Level I Courses</b>		
EDUC 101	Introduction to the Profession of Teaching	1

A minimum of 40 credits in occupational		<b>40</b>
<b>Credits Required for Degree</b>		<b>125-126</b>

\*\*A 2.5 GPA is required in the major/minor coursework. A 2.75 GPA is required in the Professional Education Course Sequence. A 2.5 cumulative GPA is required before student teaching.

**Program Offered at:**  
**Main Campus, Big Rapids**  
**Ferris State University**  
 (231) 591-3511

[www.ferris.edu/transfer](http://www.ferris.edu/transfer)

**General Admission Criteria**

To be admitted to this degree program, students must have a 2.0 cumulative grade point average or higher (2.0 on 4.0 scale). A Technical Associate degree with 40 major semester credits that average at least a 2.5 GPA, or occupational competency documented by the Michigan Occupational Competency Assessment Center (MOCAC) is required. Official transcripts from all accredited colleges/universities must be submitted with the Ferris application.

**Advising Notes**

It is recommended that potential applicants meet with an advisor to review the degree, course schedule, and have any questions answered prior to completing an application. Students who are completing the MTA may have different general education course requirements for the particular degree selected. Meeting with a Ferris advisor prior to the selection of general education or elective course work may reduce the chance of completing a course that will not apply toward the selected degree. Once admitted, students must continue to meet with an advisor as they work toward graduation.

**Transfer Student Orientation**

All new students to Ferris State University are required to complete an orientation.

**Online Learning**

Select courses delivered online and/or in a mixed delivery format (i.e. a mix of online and face-to-face instruction at the Ferris Main Campus or at an off-campus location). The "Online Readiness Tutorial" is required for students who register for an online *course* or are completing an online *degree*. Students must demonstrate competency in Blackboard skills. This may be done by taking a tutorial and quiz, or, for students who have already taken and passed online courses, they can submit a waiver request. Students should check with the department that offers the class to determine its particular needs and/or the Ferris advisor regarding registration for online course work.

**Reverse Transfer Agreement**

The Community College and Ferris have entered into a partnership in order to work collaboratively and creatively to increase student completion of associate and bachelor degrees. The partners work together to provide a seamless transfer experience and increase student retention and completion at both the community college and Ferris.

**Michigan Transfer Agreement (MTA)**

Ferris participates in the Michigan Transfer Agreement (MTA). This agreement will facilitate the transfer of general education requirements from one Michigan institution to another. Students may complete the MTA as part of a degree program or as a stand-alone package. The MTA consists of a minimum of 30 general education credit hours as identified by the college or university.

**Disclaimer**

This is a guide for students who plan to transfer to Ferris State University. This guide is not intended to be a contract with Ferris. The information on this guide is subject to change. Students should contact their community college or Ferris to keep informed of changes. Final responsibility for verifying all transfer information lies with the student. Please refer to the effective and/or revised date on the bottom of the guide.
