

Mid Michigan College Transfer Guide

The Product Design Engineering Technology program at Ferris offers instruction and practical experience in all facets of product design. Students are prepared to effectively participate in a design environment, generate conceptual design sketches and drawings, create complex design layouts, perform static and dynamic analysis, create models and prototypes, create and define complex surfaces and shapes, and understand and integrate manufacturing principles into design. Study also emphasizes communication, mathematics and analytical skills. Students also receive hands-on experience through labs that gives them real-world experience.

Course Requirements

Mid Michigan College				
Course	Ferris Equiv.	Mid Michigan CC Course Title		Cr. Hrs.
Pre-admission classes				
SPE 257	COMM 121	Public Speaking		3
ENG 111	ENGL 150	English Composition I		3
ENG 222	ENGL 250	English Composition II		3
IND 140	MATL 240	Material Science		3
PHY 105	PHYS 211	General Physics I		4
MAT 124	MATH 130	Pre-Calculus		4
MMCC		FSU General Education – Self and Society (100 level or higher)		3
MMCC		FSU General Education - Culture (100 level or higher)		3
MMCC		CAD Graphics Class (mechanical)		
Other classes		As needed to achieve a total of 60 credit hours		
Sub-Total (minimum)				60
Program classes				
MMCC		FSU General Education – Self and Society (200 level or higher)		3
MMCC		FSU General Education - Culture (200 level or higher)		3
CHM 105	CHEM 103	Introductory Chemistry		3
MAT 126	MATH 220	Calculus I		5
ART 105	ARTS 101	Drawing I - Intro		3
Total Mid Michigan College Credits				77

Please refer to FSU's General Education Requirements at:
<http://www.ferris.edu/htmls/academics/gened/index.htm>

Students transferring to Ferris with the Michigan Transfer Agreement (MTA) and entering a degree program will have met a 30-hour block of lower-level general education courses. However, this does not exempt students from completing program specific prerequisites or higher-level general education course requirements. Students should contact their advisor regarding classes that meet the MTA.

Students are encouraged to work with their Ferris advisor for selection of any electives, to ensure transferability and to minimize credits taken.

Ferris State University		
Course	Ferris Course Title	Cr. Hrs.
COMM 336	Technical and Professional Presentation	3
ENGL 321	Advanced Composition	3
EEET 201	Electrical Fundamentals	3
GEOG 100	Geography of World Regions	3
MATL 341	Material Selection Metals	3
MECH 340	Statics & Strengths of Materials	4
MFGE 352	Design for Manufacturing	2
PDET 311	Seminar in Product Design	1
PDET 312	Advanced Tolerancing	2
PDET 321	Applied Mechanics-Kinematics	3
PDET 322	Model – Prototype Development	2
PDET 411	Machine Design	3
PDET 412	Statistics – Ergonomics	2
PDET 413	Applied Fluids – Thermodynamics	3
PDET 415	Advanced Solid Modeling CAD	2
PDET 422	Advanced Machine Design	4
PDET 499	Product Design Project	3
PLTS 342	Plastic Material Select – PDET	3
Total Ferris Credits		49
Credits Required for Degree (Minimum)		126

Program Offered at:
Main Campus, Big Rapids
 Product Design Engineering Technology

**Mid Michigan College
Transfer Guide**

General Admission Criteria

To be admitted to this degree program, students must have completed a minimum of 60 transferrable semester credit hours with a minimum GPA of 2.5 (on a 4.0 scale). Included in the 60 semester hours pre-admission courses are the following MMCC courses which must have a grade of C (2.0 on a 4.0 scale). ENG 111 ENG 222 SPE 257 MAT 124 PHY 105 IND 140

Social Awareness 100 level or higher (3 credits)* Cultural Enrichment 100 level or higher (3 credits)*

One course in mechanical based computer aided drafting (CAD) - such as MMCC course DRF 201

It is recommended that students submit applications by January 15th prior to fall entry. Official transcripts from all accredited colleges/universities must be submitted with the Ferris application.

Advising Notes

It is recommended that potential applicants meet with an advisor to review the degree, course schedule, and have any questions answered prior to completing an application. Students who are completing the MTA may have different general education course requirements for the particular degree selected. Meeting with a Ferris advisor prior to the selection of general education or elective course work may reduce the chance of completing a course that will not apply toward the selected degree. Once admitted, students must continue to meet with an advisor as they work toward graduation.

Transfer Student Orientation

All new students to Ferris State University are required to complete an orientation.

Online Learning

Select courses delivered online and/or in a mixed delivery format (i.e. a mix of online and face-to-face instruction at the Ferris Main Campus or at an off-campus location). The "Online Readiness Tutorial" is required for students who register for an online *course* or are completing an online *degree*. Students must demonstrate competency in Blackboard skills. This may be done by taking a tutorial and quiz, or, for students who have already taken and passed online courses, they can submit a waiver request. Students should check with the department that offers the class to determine its particular needs and/or the Ferris advisor regarding registration for online course work.

Reverse Transfer Agreement

The Community College and Ferris have entered into a partnership in order to work collaboratively and creatively to increase student completion of associate and bachelor degrees. The partners work together to provide a seamless transfer experience and increase student retention and completion at both the community college and Ferris.

Michigan Transfer Agreement (MTA)

Ferris participates in the Michigan Transfer Agreement (MTA). This agreement will facilitate the transfer of general education requirements from one Michigan institution to another. Students may complete the MTA as part of a degree program or as a stand-alone package. The MTA consists of a minimum of 30 general education credit hours as identified by the college or university.

Disclaimer

This is a guide for students who plan to transfer to Ferris State University. This guide is not intended to be a contract with Ferris. The information on this guide is subject to change. Students should contact their community college or Ferris to keep informed of changes. Final responsibility for verifying all transfer information lies with the student. Please refer to the effective and/or revised date on the bottom of the guide.
