

The HVEM degree addresses designing, retrofitting, testing, and balancing on a problem-solving level and prepares the HVEM engineering technologist to fill a wide technological gap between the service technicians and engineers. Challenging careers abound on a national level with firms who look for trained HVEM engineering technicians for a variety of positions: application and/or project engineering, systems control, estimating, engineering, field technician, systems reps, marketing, control systems training, and HVEM in-plant engineering.

Communication Competency Requirements

| FSU Course | FSU Course Title | FSU Cr. Hrs. | MCC Equiv. | MCC Course Title | MCC Cr. Hrs. |
|------------|---------------------------------|--------------|---------------|--------------------|---------------|
| ENGL 150 | English 1 | 3 | ENGL 100 | Freshman English 1 | 3 |
| ENGL 250 | English 2 | 3 | ENGL 101 | Freshman English 2 | 3 |
| COMM 121 | Fundamentals of Public Speaking | 3 | COMM 210 | Speech | 3 |
| ENGL 311 | Advanced Technical Writing | 3 | No Equivalent | No Equivalent | No Equivalent |

Quantitative Literacy Requirements

| FSU Course | FSU Course Title | FSU Cr. Hrs. | MCC Equiv. | MCC Course Title | MCC Cr. Hrs. |
|------------|-------------------------------|--------------|------------|----------------------|--------------|
| MATH 115 | Intermediate Algebra | 3 | MATH 104 | Intermediate Algebra | 4 |
| MATH 120 | Trigonometry | 3 | MATH 120 | Trigonometry | 3 |
| MATH 130 | Adv. Algebra-Analytical Trig. | 4 | MATH 180 | Precalculus | 5 |

OR

| FSU Course | FSU Course Title | FSU Cr. Hrs. | MCC Equiv. | MCC Course Title | MCC Cr. Hrs. |
|-------------------------|--|--------------|--------------------------|-------------------------------------|--------------|
| MATH 126 or MATH 130 | Algebra & Analytical Trig. Or Adv. Algebra – Analytical Trig. | 7 | MATH 120 and MATH 159 | Trigonometry and College Algebra | 7 |

Students are required to reach the Ferris MATH 126 or MATH 130 level. The path to MATH 126 is Ferris MATH 116 and MATH 126. The path to Ferris MATH 130 is MATH 115, MATH 120, and MATH 130.

Natural Sciences Competency Requirements - Select courses from the following subject areas: Astronomy, Biology, Chemistry, Geology, Physical Science - 1 course must have a lab

[Ferris State University General Education Program](#)

Students are encouraged to work with an advisor to select appropriate general education courses

General Admission Criteria

To be admitted to this degree, students must have completed the Associate of Applied Science Degree in an HVACR Engineering or related technical area or equivalent with a minimum GPA of 2.5 (on a 4.0 scale), and completion or competency in the following Ferris courses or their direct equivalents: ENGL 150, ENGL 250 or ENGL 211, MATH 115 or MATH 116, and four credit hours in a science course (lab or non-lab). Official transcripts from all accredited colleges/universities must be submitted with the Ferris application. Financial aid is available and may include concurrent enrollment at both institutions.

Advising Notes

It is recommended that potential applicants meet with an advisor to review the degree, course schedule, and have any questions answered prior to completing an application. Students who are completing the MTA may have different general education course requirements for the particular degree selected. Meeting with a Ferris advisor prior to the selection of general education or elective course work may reduce the chance of completing a course that will not apply toward the selected degree. Once admitted, students must continue to meet with an advisor as they work toward graduation.

Transfer Student Orientation

All new students to Ferris State University are required to complete an orientation.

Ferris State University Residency Requirement

- Earn a minimum of 120 total credits for a bachelor's degree
- Earn a minimum of 30 credits from Ferris State University for a bachelor's degree

Reverse Transfer Agreement

The Community College and Ferris have entered into a partnership in order to work collaboratively and creatively to increase student completion of associate and bachelor degrees. The partners work together to provide a seamless transfer experience and increase student retention and completion at both the community college and Ferris.

Michigan Transfer Agreement (MTA)

Ferris participates in the Michigan Transfer Agreement (MTA). This agreement will facilitate the transfer of general education requirements from one Michigan institution to another. Students may complete the MTA as part of a degree program or as a stand-alone package. The MTA consists of a minimum of 30 general education credit hours as identified by the college or university.

Students transferring to Ferris with the Michigan Transfer Agreement (MTA) and entering a degree program will have met a 30-hour block of lower-level general education courses. However, this does not exempt students from completing program specific prerequisites or higher-level general education course requirements. Students should contact their advisor regarding classes that meet the MTA.

Students must work with their Ferris advisor to declare a Minor or Concentration and for selection of Directed Electives.

Disclaimer

This is a guide for students who plan to transfer to Ferris State University. This guide is not intended to be a contract with Ferris. The information on this guide is subject to change. Students should contact their community college or Ferris to keep informed of changes. Final responsibility for verifying all transfer information lies with the student. Please refer to effective and/or revised date on the bottom of this guide.
