2021 COMBINED ANNUAL SECURITY REPORT & FIRE SAFETY REPORT

Introduction

Ferris State University is committed to campus security and safety and recognizes both as important issues in postsecondary education. The U.S. Department of Education adopted the Crime Awareness and Campus Security Act of 1990, commonly referred to as the Clery Act, to provide students nationwide with a safe environment in which to learn and to ensure that students, parents, employees and visitors are well informed about campus security.

This report is provided in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act, as amended. It provides students and employees of Ferris State University with information on: the University’s security arrangements, policies and procedures; programs that provide education on such things as drug and alcohol abuse, awareness of various kinds of sex offenses, and the prevention of crime generally; and procedures the University will take to notify the campus community in the event of an emergency. Its purpose is to provide students and employees with information that will help them make informed decisions relating to their own safety and the safety of others.

Policy for Preparing the Annual Report

This report is prepared by the Ferris State University Department of Public Safety in cooperation with local law enforcement authorities and includes information provided by them as well as by the University’s campus security authorities and various other elements of the University. Each year an e-mail notification is made to all enrolled students and employees that provides the website link to access this report. Prospective students and employees are also notified of the report’s availability. Hard copies of the report may also be obtained at no cost by contacting Ferris State University Department of Public Safety 1319 Cramer Circle Big Rapids, MI 49307 or by calling 231-591-5000 for the Big Rapids Campus and 616-451-2787 for the Kendall College of Art and Design Campus.

The University is committed to taking the actions necessary to provide a safe and secure working/learning environment for all students and staff. As a member of the campus community, you can feel safe and comfortable knowing that security procedures are in place that represent best practices in the field and are constantly tested and re-evaluated for their effectiveness.

General Safety and Security Policies

Campus Security Personnel & Relationship with Local Law Enforcement

The Ferris State University Department of Public Safety is responsible for campus safety at the University, except as set forth later in this Annual Security Report for the separate campus locations.

Ferris DPS employs 12 police officers, certified by the Michigan Commission on Law Enforcement Standards. They receive their police power and arrest authority from the Board of Trustees as empowered by Public Act 120 of 1990, and the Mecosta County Sheriff.

The Department’s jurisdiction is Mecosta County; however, the Ferris State University campus and adjacent streets are the primary focus. Ferris DPS, the City of Big Rapids and the Mecosta County Sheriff Department have a mutual aid agreement and assist each other when requested.

Ferris DPS is open and police officers are on duty 24 hours a day, 365 days a year. The DPS office is located on the west end of campus at the West Commons building in front of Cramer Hall. If you have an emergency, you should call 911. For non-emergencies, you should contact this office at 591-5000 or come to the office at any time of the day or night.

Main Campus Security Authorities

The University has designated certain officials to serve as Big Rapids campus security authorities. Reports of criminal activity can be made to these officials. They in turn will ensure that the crimes are reported for collection as part of the University’s annual report of crime statistics. All Deans, Directors, Department heads and chairs, Office of Student Conduct, any Vice President or Vice President Office, and Academic Affairs administrators. All coaches, advisors of student organizations, University Center or extra-curricular activities’ advisors or directors, all residence hall staff, and all employee supervisors are also Reporting Officials.
Reporting a Crime or Emergency

The University encourages accurate and prompt reporting of all criminal actions, emergencies, or other incidents occurring on campus, on other property owned by the University, or on nearby public property to the appropriate administrator and appropriate police agencies. Such a report is encouraged even when the victim of a crime elects not to make a report or is unable to do so.

- All crimes occurring on or near Big Rapids Campus University property should be reported immediately to the Public Safety Department. The number to contact is 231-591-5000. A dispatcher is available 24/7.

Numbers and reporting information for the separate campus locations are set forth below.

- If a crime is in progress or there is some other situation posing imminent danger, local law enforcement can be reached by dialing 911.

- Students, staff, and visitors should also report situations to one of the campus security authorities identified above. Once reported, the individual may also be encouraged to report the situation to the appropriate police agency. If requested, a University staff member will assist in making the report to police.

- Anonymous incident reports can also be made by calling the Campus Crime Hotline at 231-591-5900 or by texting BulldogsTextTip@ferris.edu.

Confidential Reporting
The University will protect the confidentiality of victims. Only those with a need to know the identity for purposes of investigating the crime, assisting the victim or disciplining the perpetrator will know the victim’s identity.

Pursuant to the University’s Sexual Harassment Policy and Related Title IX Grievance Procedures, when an employee who is not a confidential resource becomes aware of alleged misconduct under that policy (including, but not limited to, dating violence, domestic violence, sexual assault, and stalking), the employee is responsible for reporting that information, including the status of the parties if known, to the Title IX Coordinator. A victim of other types of crimes (e.g., aggravated assault, burglary, etc.) who does not want to pursue action within the University disciplinary system or the criminal justice system is nevertheless encouraged to make a confidential report to a campus security authority. Upon the victim’s request, a report of the details of the incident can be filed with the University without revealing the victim’s identity. Such a confidential report complies with the victim’s wishes, but still helps the University take appropriate steps to ensure the future safety of the victim and others. With such information, the University can keep an accurate record of the number of incidents involving members of the campus community, determine where a pattern of crime may be developing and alert the community as to any potential danger. These confidential reports are counted and disclosed in the annual crime statistics for the University.
The University encourages its professional counselors, if and when they deem it appropriate, to inform the person they are counseling to report crimes on a voluntary, confidential basis for inclusion in the annual report of crime statistics. The University does not have pastoral counselors.

**Security of and Access to Campus Facilities**

**Main Campus**

Residence halls are secured 24 hours a day. All student residence halls are equipped with “card reader access” which allows students entry through most residence hall exterior doors. Access to a particular residence hall via the card swipe access is limited to only those students who are assigned residency within their particular hall. Ground floor windows in residence hall rooms are secured with an additional safety stick to prevent opening the window from the outside.

The residence halls have established student desk monitors and student security personnel to routinely check the residence halls. All residence halls are equipped with emergency blue light phones to enable students to contact 9-1-1 at the touch of a button.

Most academic and service buildings are open for business between 8 a.m. and 5 p.m. Some buildings require access until 9 p.m. or later due to special activities. All Big Rapids campus employees who have a key and want to enter campus buildings after hours are encouraged to inform the DPS for their safety.

Ferris State University employees are responsible for maintaining the security of University-owned property. Employees are required to unlock/lock the doors that he/she has responsibility for upon the beginning and completion of the workday or class.

Some facilities may have individual hours, which may vary at different times of the year. Examples are the University Center, Student Recreation Center, FLITE Library, and Ice Arena, etc. In these cases, the facilities will be secured according to schedules developed by the department/agency responsible for the facility.

**Ferris at Delta College**

Delta College is an open campus facility at each campus. Most main campus buildings and facilities are accessible to members of the campus community, students, faculty/staff, and guests/visitors during normal hours of business Monday through Friday and are open for limited designated hours on Saturdays and Sundays. This schedule excludes most holidays. The exterior doors to main campus buildings are generally open and allow access Monday through Friday between 7:00 a.m. and 10:00 p.m.

**Ferris Grand Rapids (Campus of Grand Rapids Community College)**

Hours of operation vary by building. Hours are normally 6:00 a.m. - 10:00 p.m. Monday – Thursday and 6:00 a.m. – 9:00 p.m. on Friday.

GRCC implemented full electronic door security in 2019 to enhance the safety and security for the campus community. The door access control system electronically controls the “unlock” and “lock” functions for all exterior doors.

Building schedules have been developed based on the following:

- Early a.m. and late p.m. safety and security for students and faculty is first priority.
- Classroom buildings open at 7 a.m. or 30 minutes prior to the first scheduled class.
- Weekend hours are scheduled as needed.
- Exceptions for special events and activities can be scheduled.
- Summer term schedules can be adjusted and are subject to change.

**Kendall College of Art & Design**

Currently both the Kendall Building and WNF buildings are automatically unlocked at 7:00 AM and locked by 12:00 Midnight by a computer program. The Facilities Staff will disarm the alarm system and unlock interior doors prior to 7:00 AM and lock interior doors and re-arm the alarm system daily. Security Staff reports for duty by 6:50 AM (before the building opens) and stays on duty until 12:00 Midnight.

**Ferris College of Pharmacy**

The College of Pharmacy is open access on weekdays from 8:00 am until 5:00 PM. It is card access only at all other times and on holidays. Emergency phones are located in the parking ramp and at the front desk.
Ferris at Lansing Community College

LCC is a public college and its facilities are accessible to the community subject to certain restrictions detailed below. The College is an open environment with limited constraints to ensure reasonable protections of all members of the community. The academic and administrative buildings are open, at a minimum, during normal business hours and most facilities have individual hours, and the hours may vary at different times of the year. All buildings with the exception of Livingston Center, are equipped with an automated card access control system on the exterior doors that can be used by employees with specific access to buildings. During non-business hours, access to all College facilities is controlled by key access or by admittance by the LCC Police Department.

Ferris at Macomb Community College

Ingress and egress of campus buildings and property are monitored by College Police through patrols, digital video cameras and electronic alarms. After-hours access requires authorization and sign-in with college Police.

Ferris at Mott Community College

During normal business hours (7am-10 pm), MCC college campus and satellite locations are open to students, parents, employees, contractors, guests, and invitees. During non-business hours access to all MCC facilities is by key, if issued. All other admittance of faculty, staff and certain tenants can be obtained through the Department of Public Safety. Access by students during non-business hours is not permitted. In the case of periods of extended closing, MCC will admit only those with prior written approval. Public Safety maintains the right to decline a request for building access when conditions are deemed unsafe.

Ferris at Muskegon Community College

Most college facilities are open to the public during the day and evening hours when classes are in session. During the times that the College is officially closed, buildings are locked and only authorized staff have access.

Ferris at Northwestern Michigan College

Access to campus buildings and grounds is a privilege extended to students, faculty, staff, and guests. The College encourages an open environment with limitations to assure adequate protection of all members of the College community. Most campus facilities are normally open when classes are in session, or by special arrangements with the Central Scheduling Office. The general public can attend cultural and recreational events on campus, with access limited to facilities in which the events are held.
**Ferris at Oakland Community College**

During business hours, the College will be open to students, employees, contractors, guests and invitees. During non-business hours, there is no access to College facilities. OCC DPS conducts routine patrols of all facilities and buildings to monitor and assess for any security concerns.

**Ferris at Schoolcraft College**

Students, employees and visitors have access to most areas on campus during normal college hours. Labs, shops, and computer areas are locked when an instructor or attendant is not present. Buildings are locked when not in use.

**Ferris at Southwestern Michigan College**

Most of the Southwestern Michigan Colleges’ instructional buildings are closed from 11:00 p.m. until 8:00 a.m. Monday through Thursday and after 5:00 on Fridays. The Dowagiac campus is closed weekends except during classes and special events. Buildings are locked and secured when either or both college campuses are officially closed. Hours of operation of the Learning Center in the Fred L. Mathews Library and Conference Center Building vary during the year and are posted. The Student Activities Center is generally open evenings and weekends. Other than posted hours, these buildings are secured and only accessible to appropriate and qualified college employees through keyed entrance.

**Ferris at St. Clair County Community College**

Campus buildings are normally open to students, instructors, staff, parents and contractors by 7 a.m., and closed at 10 p.m. Monday through Friday. Saturday hours are 7 a.m. to 3 p.m. but can vary due to intermittently scheduled events. During non-business hours authorized personnel with issued keys and alarm code accounts may access particular buildings.

Access to the main campus buildings and facilities is regulated through mechanical access control, monitored alarm control, push button combination door locks, camera systems, and physical surveillance. College housing has implemented the use of electronic swipe cards for entry to the building and individual dorm rooms. College housing personnel also monitor entry to the building Monday through Wednesday 9 a.m. to 10 p.m., Thursday through Friday 9 a.m. to midnight, Saturday 12 p.m. to midnight, and Sunday 10 a.m. to 10 p.m.

**Ferris at Wayne County Community College District**

Students, employees, and visitors have access to the campuses during regular College hours as posted at each facility. A high-security keying system and access card control is used to limit access to computer areas, laboratories, storage areas, shops, and similar areas to times when an attendant is present. Administrative hours are 8:30 a.m. to 9:00 p.m., unless otherwise posted.
**Ferris at West Shore Community College**

During business hours, WSCC will be open to students, employees, and visitors. During non-business hours, access to all College facilities is by key, if issued, or by admittance via Maintenance Department staff. Individuals accessing areas during non-business hours are required to ensure all doors used are locked while in use and upon leaving the area. Access control for the college is the responsibility of the Human Resources office and will follow procedure ADM 7 for security of the college key system.

**Ferris at Lone Star College, Texas – Woodlands Location**

Lone Star College facilities are located in the northern sections of the City of Houston, Harris County, and Montgomery County. These facilities are home to the majority of LSC’s classrooms, libraries, conference centers, daycares, and administrative offices. General public hours for most Lone Star College facilities are 8 a.m. to 10 p.m., Monday through Friday, with the exception of the System Office, whose business hours are 8 a.m. to 5 p.m., Monday through Friday. Certain areas may have restricted access due to security necessity. Access to these areas are controlled by card readers and or monitored by security cameras.
Security Considerations in the Maintenance of Facilities

The Public Safety Department works with the Physical Plant and Safety Officer to identify maintenance issues on the Big Rapids campus that may be safety hazards. Safety checks are completed to identify street or safety lights that are not functioning properly, or to determine if shrubs or other landscaping might need trimming. Maintenance personnel regularly check to ensure there is adequate lighting on pathways and that egress lighting is working in hallways and stairwells.

Light surveys are made periodically by DPS and defective lights are reported on a regular basis to the Physical Plant, which takes corrective action as soon as possible. Physical Plant staff also continuously review campus lighting needs and respond to concerns expressed by campus community members regarding deficient lighting. Big Rapids Campus lighting concerns can be directed to the Physical Plant Office at (231) 591-2600. Non-Campus sites are also monitored for safety concerns and maintenance issues on a regular basis.

Educational Programs Related to Security Awareness and Prevention of Criminal Activity

The University seeks to enhance the security of its campus and the members of the campus community by periodically presenting educational programs to inform students and employees about campus security procedures and practices, to encourage students and employees to be responsible for their own security and the security of others and to inform them about the prevention of crimes. These programs are discussed below.

The University provides information at the beginning of each academic term for students and employees at the Big Rapids campus regarding the University’s security procedures and practices. This information is in the form of posters and other displays, Residence Hall programming, and the mandatory freshman FSUS 100 class. Among other things, it advises students and employees of the importance of reporting criminal activity, to whom crimes should be reported, being responsible for their own safety and the safety of others and practices regarding timely warnings and emergency notifications.

Crime prevention programs are also presented each semester by Public Safety, The Office of Student Conduct and Residential Life.
**Crime Prevention**

**Escort Service**

The Department of Public Safety provides an on-campus escort service for Big Rapids campus residents during the fall and winter semesters. The student foot patrol provides escorts to students who request them between 9:00 p.m. and 3:00 a.m. Monday through Sunday while school is in regular session. Those interested in an escort should contact the Department at (231) 591-5000. Escort services are also available to Ferris students on the Delta, Lansing, Lone Star, Mott, Macomb, Muskegon, Northwestern, Oakland, Schoolcraft, Southwestern, St. Clair, Wayne and West Shore campuses.

**Security Awareness Programs**

DPS provides programs as needed for students at the Big Rapids campus in crime prevention, identity theft prevention, Rape Aggression Defense (RAD), active shooter response (Shots Fired DVD), and responding to and reporting behaviors of concern (Flashpoint DVD), as well as other pertinent training topics.

**Identity Theft**

Identity theft is one of the fastest growing crimes in the nation, and students may be particularly vulnerable to this crime. Learn how to protect yourself and your future from identity theft by going to: [https://www2.ed.gov/about/offices/list/oig/misused/idtheft.html](https://www2.ed.gov/about/offices/list/oig/misused/idtheft.html)

**Blue Light Phones**

Emergency blue light phones are installed in all residence halls and at strategic locations across the Big Rapids campus. Anyone needing assistance can contact 911 at the touch of a button. There are approximately 48 Blue Light phones throughout the Big Rapids campus. Blue light phones are also available on the Mott, Macomb, Muskegon, Schoolcraft, St. Clair and Wayne campuses.

**Surveillance Cameras**

Ferris State University utilizes approximately 320 surveillance cameras throughout the Big Rapids campus. Cameras are also in use at all off campus sites.
**Weapons**

Firearms and other weapons are prohibited on all campuses. The ban applies to rifles; shotguns; handguns; paint guns; BB and pellet pistols and rifles which use spring, gas or air propulsion; sling shots; whips; hunting knives; knives with blades longer than 2.5 inches; and bows and arrows and other weapons.

Residence hall residents may register and store weapons, recognized by the Department as hunting weapons, at the Department during hunting season.

**Monitoring Off Campus Locations of Recognized Student Organizations**

The University monitors and records, through local police agencies, any criminal activity in which students have engaged at off-campus locations of student organizations officially recognized by the University, including student organizations with off-campus housing facilities.

**Disclosure of the Outcome of a Crime of Violence or Non-Forcible Sex Offense**

Upon written request, the University will disclose to the alleged victim of a crime of violence (as that term is defined in section 16 of title 18, United States Code), or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by the University against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of the paragraph.

The previous paragraph does not apply to victims of dating violence, domestic violence, sexual assault, or stalking because under the Violence Against Women Act both the accused and accuser in these cases are given the results without the need to make a written request.
**Drug and Alcohol Policy**

The University is committed to creating and maintaining an environment that is free of alcohol abuse. The University prohibits the possession, use, and sale of alcohol beverage on campus or as any part of the University's activities, unless it is done so in accordance with applicable University policies, and it also enforces the state's underage drinking laws.

Alcohol-free programs are promoted and provided to the University community on a regular basis.

The University also enforces state and federal drug laws. Consistent with Michigan and Federal law, Ferris seeks to maintain a workplace and educational environment free from the unlawful manufacture, distribution, possession, use or sale of a controlled substance, which is prohibited on any property under the control of and governed by the Ferris State University Board of Trustees, and at any site where work or student activity is performed by individuals on behalf of the University.

Employees and students may obtain a copy of the Drug Free Workplace Policy and the Drug Free Schools and Communities Act Compliance Statement from the Office of Human Resource Development, Office of the Dean of Student Life, Department of Public Safety, Office of Student Conduct, FLITE, or the Counseling Center.

**Federal Drug Laws**

**Denial of Federal Benefits (21 U.S.C. 862)**

A federal drug conviction may result in the loss of federal benefits, including school loans, grants, scholarships, contracts, and licenses. Federal drug trafficking convictions may result in denial of federal benefits for up to five years for a first conviction. Federal drug convictions for possession may result in denial of federal benefits for up to one year for a first conviction and up to five years for subsequent convictions.

**Forfeiture of Personal Property and Real Estate (21 U.S.C. 853)**

Any person convicted of a federal drug offense punishable by more than one year in prison shall forfeit to the United States any personal or real property related to the violation, including houses, cars, and other personal belongings. A warrant of seizure is issued and property is seized at the time an individual is arrested on charges that may result in forfeiture.

**Federal Drug Trafficking Penalties (21 U.S.C. 841)**

Penalties for federal drug trafficking convictions vary according to the quantity of the controlled substance involved in the transaction. Penalties for subsequent convictions are twice as severe.

If death or serious bodily injury results from the use of a controlled substance which has been illegally distributed, the person convicted on federal charges of distributing the substance faces the possibility of a life sentence and fines ranging up to $10 million.
Persons convicted on federal charges of drug trafficking within 1,000 feet of a university (21 U.S.C. 860) face penalties of prison terms and fines which are twice as high as the regular penalties for the offense, with a mandatory prison sentence of at least one year.

**Federal Drug Possession Penalties (21 U.S.C. 844)**

Persons convicted on federal charges of possessing any controlled substance face penalties of up to one year in prison and a mandatory fine of no less than $1,000. Second convictions are punishable by not less than 15 days but not more than two years in prison and a minimum fine of $2,500. **University Definition of Consent**

The University uses the following definition of consent in its Sexual Harassment Policy and Related Title IX Grievance Process for the purpose of determining whether sexual violence (including sexual assault) has occurred:

“Consent” is the voluntary agreement to engage in sexual contact.

Lack of consent is a critical factor in determining whether Sexual Harassment has occurred. As defined above, consent is the voluntary agreement to engage in sexual contact. Consent to engage in sexual contact must demonstrate that it meets the following four components: (1) informed, (2) freely and actively given, (3) mutually understandable words or actions, (4) indicating a clear agreement to engage in sexual contact of any kind. It is the responsibility of the person who wants to engage in sexual contact to make sure that they have received consent from any person(s) involved. If an individual initiating sexual contact is not sure if they have received consent, they have an obligation to seek additional clarification.
Informed: - Consent includes each person(s) having a clear and mutual understanding of the nature and scope of the sexual contact; - Consent to one form of sexual contact does not constitute consent to all forms of sexual contact; - Informed consent cannot be given by anyone under the legal age of consent (anyone under age 16).

Freely and Actively Given: - Consent cannot be given by an incapacitated person(s) (see definition of incapacitation above); - Consent cannot be achieved through force (see definition of force above), threat, deception, intimidation or coercion (see definition of coercion above). - Consent cannot be assumed or implied by a current or previous dating or sexual relationship.

Mutually Understandable Words or Actions: - Consent consists of clear communication (words or actions) that indicates each person(s) unambiguous willingness to engage in sexual contact from the beginning to end of each instance of sexual contact and for each form of sexual contact; - Consent cannot be assumed or implied by silence, passivity, the lack of an objection. A person who does not physically resist or verbally refuse sexual contact is not necessarily giving consent.

Indicating a Clear Agreement to Engage in Sexual Contact: - Consent can be withdrawn at any time through clear communication (words or actions) that indicates each person(s) is no longer willing to engage in sexual contact. - In the absence of a clear agreement to engage in sexual contact, consent does not exist.

**Risk Reduction**

If you find yourself in an uncomfortable sexual situation, these suggestions may help you reduce your risk:

- Make your limits known before going too far.
- You can withdraw consent to sexual activity at any time. Do not be afraid to tell a sexual aggressor “NO” clearly and loudly.
- Try to remove yourself from the physical presence of a sexual aggressor. Be direct as possible about wanting to leave the environment.
- Grab someone nearby and ask them for help.
- Be responsible about your alcohol and/or drug use. Alcohol and drugs can lower your sexual inhibitions and may make you vulnerable to someone who views an intoxicated/high person as a sexual opportunity.
- Attend large parties with friends you trust. Watch out for your friends and ask that they watch out for you.
- Be aware of someone trying to slip you an incapacitating “rape drug” like Rohypnol or GHB.

If you find yourself in the position of being the initiator of sexual behavior, these suggestions may help you to reduce your risk of being accused of sexual assault or another sexual crime:

- Remember that you owe sexual respect to the other person.
• Don’t make assumptions about the other person’s consent or about how far they are willing to go.

• Remember that consent to one form of sexual activity does not necessarily imply consent to another form of sexual behavior.

• If your partner expresses a withdrawal of consent, stop immediately.

• Clearly communicate your sexual intentions so that the other person has a chance to clearly tell you their intentions.

• Consider “mixed messages” a clear sign that the other person is uncomfortable with the situation and may not be ready to progress sexually.

• Don’t take advantage of someone who is really drunk or on drugs, even if they knowingly and intentionally put themselves in that state. Further, don’t be afraid to step in if you see someone else trying to take advantage of a nearly incapacitated person.

• Be aware of the signs of incapacitation, such as slurred speech, bloodshot eyes, vomiting, unusual behavior, passing out, staggering, etc.

It is also important to be aware of the warning signs of an abusive person. Some examples include: past abuse; threats of violence or abuse; breaking objects; using force during an argument; jealousy; controlling behavior; quick involvement; unrealistic expectations; isolation; blames others for problems; hypersensitivity; cruelty to animals or children; “playful” use of force during sex; Jekyll-and-Hyde personality.

According to the Rape, Abuse & Incest National Network (RAINN) the following are risk reduction strategies that you and your friends can utilize to stay safe.

\[A \, good \, friend \, knows \, how \, to \, CARE.\]

- Create a distraction
- Ask directly
- Refer to an authority
- Enlist others

Create a distraction.

Do what you can to interrupt the situation. A distraction can give the person at risk a chance to get to a safe place.

• Cut off the conversation with a diversion like, “Let’s get pizza, I’m starving,” or “This party is lame. Let’s try somewhere else.”

• Bring out fresh food or drinks and offer them to everyone at the party, including the people you are concerned about.

• Start an activity that draws other people in, like a game, a debate, or a dance party.
Ask directly.

- Talk directly to the person who might be in trouble.
- Ask questions like “Who did you come here with?” or “Would you like me to stay with you?”

Refer to an authority.

Sometimes the safest way to intervene is to refer to a neutral party with the authority to change the situation, like an RA or security guard.

- Talk to a security guard, bartender, or another employee about your concerns. It’s in their best interest to ensure that their patrons are safe, and they will usually be willing to step in.
- Don’t hesitate to call 911 if you are concerned for someone else’s safety.

Enlist others.

It can be intimidating to approach a situation alone. Enlist another person to support you.

- Ask someone come with you to approach the person at risk. When it comes to expressing concern, sometimes there is power in numbers.
- Ask someone to intervene in your place. For example, you could ask someone who knows the person at risk to escort them to the bathroom.
- Enlist the friend of the person you’re concerned about. “Your friend looks like they’ve had a lot to drink. Can you check on them?”

If you need to get out of an uncomfortable or scary situation here are some things that you can try:

1. **Remember that being in this situation is not your fault.** You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.

2. **Be true to yourself.** Don’t feel obligated to do anything you don’t want to do. "I don’t want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.

3. **Have a code word with your friends or family** so that if you don’t feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.

4. **Lie.** If you don’t want to hurt the person’s feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.
5. **Try to think of an escape route.** How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?

6. **If you and/or the other person have been drinking,** you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

**Bystander Intervention**

In addition to reporting incidents to appropriate authorities, below are some ways in which individuals can take safe and positive steps to prevent harm and intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking against another person.

- Look out for those around you.
- Realize that it is important to intervene to help others.
- Treat everyone respectfully. Do not be hostile or an antagonist.
- Be confident when intervening.
- Recruit help from others if necessary.
- Be honest and direct.
- Keep yourself safe.
- If things get out of hand, don’t hesitate to contact the police.

Bystander Intervention is a social science model that predicts that most people are unlikely to help others in certain situations. A bystander is anyone who observes an emergency or a situation that looks like someone could use some help. They must then decide if they are comfortable stepping in and offering assistance.

Research has found that people tend to struggle with whether helping out is their responsibility and one of the major obstacles to intervention is something called diffusion of responsibility -- which means that if several people are present, an individual is much less likely to step up and help out because he/she believes someone else will. Other major reasons that bystanders fail to intervene are that the situation is too ambiguous, that the bystander is worried about misjudging the situation and thus will be embarrassed by intervening, or that the bystander believes the victim is in some way responsible for the situation and is thus, getting what they deserve.

Bystander Intervention programs teach people to overcome their resistance to checking in and helping out. These programs have been found to be very helpful on college campuses to thwart sexual assault, abusive alcohol consumption, dorm damage, and concerns about suicide, depression and eating disorders.

Have you ever stopped a friend from going home with someone when your friend was really drunk or high? Have you ever gotten a friend who is very drunk to Urgent Care or taken care of them for the
night because you knew they were too drunk to be left alone? These are examples of your being a bystander using your power to stop violence and/or potential injury or death from alcohol poisoning.

Ferris State University is committed to empowering students to take action and promote a safe campus environment. The University has implemented an online sexual violence prevention program called **Consent & Respect**. The purpose of this program is to help educate students about healthy relationships, sexual health, sexual assault and the importance of bystander intervention. All new students are expected to participate in this online program.

**Other Information Covered by the PPAP**

The PPAP also provides information on possible sanctions and protective measures that may be imposed following a determination that an offense of dating violence, domestic violence, sexual assault, or stalking has occurred, an explanation of the disciplinary procedures that will be followed when one of these offenses is alleged, the rights of the parties in such a proceeding, available resources, and other pertinent information. Much of this information is set forth in the upcoming sections of this security report.
Ongoing Prevention and Awareness Campaign

The University also conducts an Ongoing Prevention and Awareness Campaign (OPAC) aimed at all students and employees. This campaign covers the same material as provided in the PPAP, but is intended to increase the understanding of students and employees on these topics and to improve their skills for addressing the offenses of dating violence, domestic violence, sexual assault and stalking.

PPAP and OPAC Programming Methods

The PPAP and OPAC’s for the Big Rapids campus are carried out in a variety of ways, using a range of strategies, and, as appropriate, targeting specific audiences throughout the University. Methods include, but are not limited to: presentations, online training modules, distribution of written materials, periodic email blasts, and guest speakers. A summary of this programming is provided below.

- New students receive education on the prevention of dating violence, domestic violence, sexual assault, and stalking through presentations by the Office of Student Conduct, the FSU Public Safety Department, Housing programming and the FSUS freshman orientation class. All new employees receive training during New Employee Orientation.

- As part of its ongoing campaign, the University uses a variety of strategies, such as in-person presentations by sexual assault organizations, emails blasts with pertinent information, portal announcements, etc. While programming occurs throughout the year, the University also offers educational sessions and literature in coordination with nationally recognized observances such as Sexual Assault Awareness Month and Domestic Violence Awareness Month.

Primary and Ongoing Prevention Programs

Consent & Respect is an online training module available to all members of the Ferris community to educate themselves on healthy relationships, sexual health, sexual assault, and how to be an active bystander in order to aid in the prevention of sexual violence in our community. Consent & Respect was developed using theory- and evidence-based approaches for prevention, in collaboration with leading researchers and campus violence prevention practitioners nationwide. This online tool is a confidential and personalized interactive course that explores the ethics of relationships, the role of alcohol with regards to giving consent, key definitions about consent, access to resources and information about safe and positive options for bystander intervention, and a program that discredits myths associated with sexual assault.

Rape Aggression Defense System (RAD) is a program of realistic, self-defense tactics and techniques. The RAD System is a comprehensive course for women that begins with awareness, prevention, risk reduction and avoidance, while progressing on to the basics of hands-on defense training. RAD is not a Martial Arts program.

Take Back the Night is an international program hosted on campus to bring awareness about topics of intimate partner abuse and violence.
**Additional Various Programing**

DPS has developed a strong and vital partnership with a number of constituents throughout the University including; Athletics, Residence Life, Greek Life and others in the Ferris Community. Programing is provided on an as needed and as requested basis regarding general information about alcohol and drugs, and personal conduct as a student. The majority of the presentation focused on the topic of sexual assaults- what a sexual assault is, what consent is, bystander intervention, and ‘being a hero’ as a student and protecting both a potential victim and offender from an event that could negatively impact both lives forever.

**Academic Support Center**

Communication, Choices and Consent Presentation – offered twice each year.

**Residential Life Programs**

The following programs were presented in the Residence Halls, Apartments, and Suites.

- Cops and Donuts – safe choices with alcohol, drugs and sexual choices
- Blurred Lines – discussions on how to party safe
- Sex in an Envelope – importance of safe sex and consent
- Sex in the Lobby – Encouraging safe sex, STD education and consent
- Are You Super Sexy? – sex and safe choices
- Title IX Training for all student and professional staff
- Sex Jeopardy – sexual assault and consent

**Birkin Health Center and Personal Counseling Center**

Besides providing health and counseling services, the Birkin Health Center and Personal Counseling Center provides annual training to Resident Assistants and Hall Directors. In addition, they run several poster campaigns highlighting Sexual Assault Awareness Month and provide Sexual Assault pamphlets in student lobbies and at campus wide events. They also deliver two programs dealing with sexual safety and are co-sponsors of the “Take Back the Night” initiative.
Department of Public Safety

In addition to RAD, the Department of Public Safety presents a wide variety of programming throughout the year.

- Active Shooter
- Alcohol Presentations – discusses how to protect yourself
- Alcohol Presentations to FSUS classes
- The Dangers of Sexual Assault involving Drugs and Alcohol
- Drug Identification – involves discussion of date rape drugs

RAD (Rape Aggression Defense System)

The Rape Aggression Defense System is a program of realistic, self-defense tactics and techniques. The RAD System is a comprehensive course for women that begins with awareness, prevention, risk reduction and avoidance, while progressing on to the basics of hands-on defense training. The session ends with participants engaging in various realistic scenario training where they react upon being attacked.

Over two hundred women have been trained here at Ferris since RAD's implementation. Ferris Campus Police is proud to offer this service free of charge to FSU students, faculty, staff and members of the community.

Due to COVID-19, there were no RAD classes held in 2020.
**Procedures to Follow if You are a Victim of Dating Violence, Domestic Violence, Sexual Assault, or Stalking:**

If you are a victim of dating violence, domestic violence, sexual assault, or stalking, go to a safe place and call 911 or the Department of Public Safety at 231-591-5000. You may also contact the University’s Title IX Coordinator at 231-591-2088.

Victims will be notified in writing of the procedures to follow, including:

1. To whom and how the alleged offense should be reported (contact the Title IX Coordinator or refer to the other resources listed in this report).
2. The importance of preserving evidence that may be necessary to prove the offense in a criminal proceeding or disciplinary action or to obtain a protective order.
3. The victim’s options regarding notification to law enforcement, which are: (a) the option to notify either on-campus or local police; (b) the option to be assisted by campus security authorities in notifying law enforcement if the victim so chooses (the institution is obligated to comply with such a request if it is made); and (c) the option to decline to notify such authorities.
4. Where applicable, the rights of victims and the institution’s responsibilities regarding orders of protection, no-contact orders, restraining orders, or similar lawful orders issued by a criminal, civil, or tribal court.

**Preservation of Evidence & Forensic Examination**

Victims of physical assault are advised to not remove clothing items worn during or following an assault, as they frequently contain valuable fiber, hair, and fluid evidence. Don’t bathe or wash, or otherwise clean the environment in which the assault occurred. You can obtain a forensic examination at Spectrum Health Big Rapids Hospital.

Completing a forensic examination does not require you to file a police report, but having a forensic examination will help preserve evidence in case you decide at a later date to file a police report.

Victims are also advised to retain evidence in electronic formats (e.g., text messages, emails, photos, social media posts, screenshots, etc.). Such evidence is valuable in all situations, and it may be the only type of evidence available in instances of stalking.

**Security/Law Enforcement & How to Make a Police Report**

- Ferris State University Department of Public Safety 231-591-5000
- City of Big Rapids Department of Public Safety, 435 N. Michigan Ave., Big Rapids, MI 49307. 231-527-0005. Mecosta County Sheriff Department, 225 S. Stewart Ave., Big Rapids, MI 49307. 231-592-0150.
- Information regarding making a police report for other campuses is set forth below.
The reporting of sexual misconduct or retaliation is voluntary. A person who believes they have experienced sexual misconduct or retaliation has the right to refuse to report it. Nevertheless, the University strongly encourages the prompt reporting of sexual misconduct. To make a police report, a victim should contact the local police agency listed above either by phone or in-person. The victim should provide as much information as possible, including name, address, and when and what occurred, to the best of the victim’s ability.

**Information about Legal Protection Orders**

In Michigan, victims may obtain a Personal Protection Order (PPO), which provides protective relief for victims of domestic violence, stalking, or sexual assault. Information about PPOs may be found at:

[https://courts.michigan.gov/Administration/SCAO/Forms/Pages/Personal-Protection.aspx](https://courts.michigan.gov/Administration/SCAO/Forms/Pages/Personal-Protection.aspx)

Further information may be obtained through the following site:

A protection order may be obtained by filing a petition with the court. Courts in Michigan can issue two types of orders: (1) Emergency (Ex Parte) Orders and (2) Full PPOs. You must ask for and Emergency/Ex Parte Order in your petition. If granted, it is effective immediately and valid for at least 182 days, though the alleged perpetrator can file a motion within 14 days to modify or terminate an Emergency/Ex Parte Order. If you do not ask for an Emergency/Ex Parte Order in your petition, the court will schedule a hearing to decide whether to give you a PPO. Or, if the judge denies your petition for an Emergency/Ex Parte Order, there will be a hearing if you request one within 21 days.

- A Petition for a PPO at the Big Rapids campus should be filed with the Mecosta County Clerk’s Office. The address is: 400 Elm Street, Big Rapids, MI 49307. The phone number is 231-592-0783. More information is available here:

A victim should be prepared to present documentation and/or other forms of evidence when filing for an order of protection.

Victims may contact local domestic violence and sexual assault advocates for assistance in obtaining a protection order.

- The Ferris State University Department of Public Safety provides advocates for victims of domestic violence through their University Counseling Center. The Counseling Center is located in the Birkam Health Center. The phone number is: 231-591-5968

- The Department of Public Safety also offers information for the Victim’s Advocate and Crisis Intervention Service, WISE (Women’s Information Service. Inc). The WISE phone number is: 231-796-6600 or 1-800-374-WISE. More information may be found at:

  [https://wiseagainstviolence.org/](https://wiseagainstviolence.org/)
When a protection order is granted, it is enforceable statewide. If you have obtained a protection order and need it to be enforced in your area, you should contact the local police department.

The institution will also enforce any temporary restraining order or other no contact order against the alleged perpetrator from a criminal, civil, or tribal court. Any student or employee who has a protection order or no contact order should notify the Title IX Coordinator and provide a copy of the restraining order so that it may be kept on file with the institution and can be enforced on campus, if necessary. Upon learning of any orders, the institution will take all reasonable and legal action to implement the order.

The institution does not issue legal orders of protection. However, as a matter of institutional policy, the institution may impose a no-contact order between individuals in appropriate circumstances. The institution may also issue a “no trespass warning” if information available leads to a reasonable conclusion that an individual is likely to cause harm to any member of the campus community. A person found to be in violation of a No Trespass Warning may be arrested and criminally charged.

**Texas Personal Protection Order**

In Texas, victims may obtain a Personal Protection Order (PPO), which provides protective relief for victims of domestic violence, stalking, or sexual assault. Information about PPOs may be found at:

https://texaslawhelp.org/toolkit/i-need-protective-order

**Available Victim Services**

Victims will be provided written notification about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available to them, both within the University and in the surrounding community.

Accommodations and Protective Measures
The University will provide written notification to victims about options for, and available assistance in, changing academic, living, transportation, and working situations or protective measures. If victims request these accommodations or protective measures and they are reasonably available the University is obligated to provide them, regardless of whether the victim chooses to report the crime to campus security or local law enforcement.

The Ferris State University Title IX Coordinator has been designated by the University to oversee compliance with federal requirements under Title IX. This includes all duties associated with effectively responding to allegations of sexual violence, ensuring annual training campus-wide, and the provision of educational opportunities and prevention efforts for the campus community.
Should you request a change in accommodations, class schedules, employment, transportation or other protective measures, contact the University Office of Housing and Residential Life at 231-591-3745, the Dean of Student Life at 231-591-5916 or the Title IX Coordinator at 231-591-2088. The Department of Public Safety can also assist in coordinating these requests. Protective measures (if reasonably available) will be provided regardless of whether you choose to report the crime to campus or other law enforcement.

When determining the reasonableness of such a request, the University may consider, among other factors, the following:

- The specific need expressed by the complainant.
- The age of the students involved.
- The severity or pervasiveness of the allegations
- Any continuing effects on the complainant
- Whether the complainant and alleged perpetrator share the same class or job location.
- Whether other judicial measures have been taken to protect the complainant (e.g., civil protection orders).

The University will maintain as confidential any accommodations or protective measures provided a victim to the extent that maintaining confidentiality would not impair the University’s ability to provide them. However, there may be times when certain information must be disclosed to a third party in order to implement the accommodation or protective measure. Such decisions will be made by the University in light of the surrounding circumstances, and disclosures of this nature will be limited so that only the information necessary to implement the accommodation or protective measure is provided. In the event it is necessary to disclose information about a victim in order to provide an accommodation or protective order, the University will inform the victim of that necessity prior to the disclosure, including which information will be shared, with whom it will be shared and why.

**Procedures for Disciplinary Action**

Allegations of domestic violence, dating violence, sexual assault or stalking will be processed through the institution’s Sexual Harassment Policy and Related Title IX Grievance Process, the University’s Policy on Non-Discrimination, the Code of Student Community Standards, and the Employee Dignity Policy. The procedures are utilized whenever or wherever a complaint is made, regardless of the status of the complainant or the respondent.

The complaint resolution procedures are invoked once a report is made to the following:

Title IX Coordinator
Kaitlyn Zies 231-591-2088
KaitlinZies@ferris.edu
According to the Sexual Harassment Policy and Title IX Grievance Procedures, any person may report Sexual Harassment to the Title IX Coordinator. Reports may be made in person, by regular mail, telephone, electronic mail, or by any other means that results in the Title IX Coordinator receiving the person’s verbal or written report. In-person reports must be made during normal business hours, but reports can be made by regular mail, telephone, or electronic mail at any time, including outside normal business hours.

If the Title IX Coordinator determines that the conduct reported could fall within the scope of the policy, and/or could constitute Sexual Harassment, if investigated, the Title IX Coordinator will proceed to contact the Complainant. A Complainant may file a Formal Complaint with the Title IX Coordinator requesting that the University investigate and adjudicate a report of Sexual Harassment in accordance with the provisions of the Title IX Grievance Process. Within five (5) business days of the Title IX Coordinator or designee receiving a Formal Complaint, the Title IX Coordinator or designee will transmit a written notice to the Complainant and Respondent.

After the written notice of Formal Complaint is transmitted to the parties, the Investigating Officer will undertake an investigation to gather evidence relevant to the alleged misconduct. At the conclusion of the evidence-gathering phase of the investigation, but prior to the completion of the investigation report, the Investigating Officer will transmit to each party and their advisor, in either electronic or hard copy form, all evidence obtained as part of the investigation that is directly related to the allegations raised in the Formal Complaint, including evidence the University may choose not to rely on at any hearing and inculpatory or exculpatory evidence whether obtained from a party or some other source. Thereafter, the parties will have ten (10) business days in which to submit to the Investigating Officer a written response, which the Investigating Officer will consider prior to completing the investigation report.

The Investigating Officer will complete a written investigation report and will transmit a copy to the Title IX Coordinator. The investigation report will be transmitted to each party at least ten (10) business days prior to a hearing if a hearing is required.

Upon receipt of the final investigation report, the Title IX Coordinator or designee will promptly refer the matter to the appropriate hearing officer who will oversee the hearing process and render a determination of responsibility for the allegations in the Formal Complaint, using a preponderance of the evidence standard, at the conclusion of the hearing process. In the event the hearing officer determines that the Respondent is responsible for violating the policy, the hearing officer will, prior to issuing a written decision, consult with an appropriate University official with disciplinary authority over the Respondent and such official will determine any discipline to be imposed. After reaching a determination and consulting with the appropriate University official and Title IX Coordinator, the hearing officer will prepare a written decision. Although the length of each adjudication by hearing will vary depending on the totality of the circumstances, the University strives to issue the hearing officer’s written determination within fifteen (15) business days of the conclusion of the hearing.

Either party may appeal the determination of an adjudication, or a dismissal of a Formal Complaint. The appeal must be submitted in writing, within ten (10) business days of the notice of determination or dismissal being sent by the University. If the appeal officer confirms that the appeal is timely and invokes at least one permitted grounds for appeal, the appeal officer, or a University Official acting on their behalf, will provide written notice to the other party that an appeal has been filed and that the
other party may submit a written opposition to the appeal within ten (10) business days. Upon receipt of any opposition, or after the time period for submission of an opposition has passed without one being filed, the appeal officer will promptly decide the appeal and transmit a written decision to the parties that explains the outcome of the appeal and the rationale. The determination of a Formal Complaint, including any discipline, becomes final when the time for appeal has passed without any party filing an appeal or, if any appeal is filed, at the point when the appeal officer has resolved all appeals, either by dismissal or transmittal of a written decision. No further review beyond the appeal is permitted.

Although the length of each appeal will vary depending on the totality of the circumstances, the University strives to issue the appeal officer’s written decision within fifteen (15) business days of an appeal being filed or the opposition statement being received, whichever is later.

At any time after the parties are provided written notice of the Formal Complaint as specified in Section XVII of the policy, and before the completion of any appeal specified in Section IV, the parties may voluntarily consent, with the Title IX Coordinator’s or in cases where both parties are employees, the Director of Equal Opportunity’s approval, to engage in informal resolution. If the parties reach an agreed resolution through the informal resolution process, and the Title IX Coordinator agrees that the resolution is not clearly unreasonable, the Title IX Coordinator will reduce the terms of the agreed resolution to writing and present the resolution to the parties for their written signature. Once both parties and the Title IX Coordinator sign the resolution, the resolution is final, and the allegations addressed by the resolution are considered resolved and will not be subject to further investigation, adjudication, remediation, or discipline by the University, except as otherwise provided in the resolution itself, absent a showing that a party induced the resolution by fraud, misrepresentation, or other misconduct or where required to avoid a manifest injustice to either party or to the University. A resolution reached pursuant to this section is not subject to appeal. Absent extension by the Title IX Coordinator or Director of Equal Opportunity, any informal resolution process must be completed within twenty (20) business days.
Rights of the Parties in an Institutional Proceeding:

During the course of the processes described in the previous section, both the accuser and the individual accused of the offense are entitled to:

1. A prompt, fair and impartial process from the initial investigation to the final result.
   - A prompt, fair and impartial process is one that is:
     a. Completed within reasonably prompt timeframes designated by the institution’s policy, including a process that allows for the extension of timeframes for good cause, with written notice to the accuser and the accused of the delay and the reason for the delay.

2. Conducted in a manner that:
   - Is consistent with the institution’s policies and transparent to the accuser and the accused.
   - Includes timely notice of meetings at which the accuser or accused, or both, may be present; and
   - Provides timely access to the accuser, the accused and appropriate officials to any information that will be used during the informal and formal disciplinary meetings and hearings.

3. Conducted by officials who do not have a conflict of interest or bias for or against the accuser or the accused.
   - Proceedings conducted by officials who, at a minimum, receive annual training on the issues related to dating violence, domestic violence, sexual assault and stalking and on how to conduct an investigation and the hearing process that protects the safety of victims and promotes accountability.

4. The same opportunities to have others present during any institutional disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice. The institution may not limit the choice of advisor, but may establish limits regarding the extent to which that advisor may participate in the proceeding, as long as those limits apply equally to both parties.

5. Have the outcome determined using the preponderance of the evidence standard.

6. Simultaneous, written notification of the results of the proceeding, any procedures for either party to appeal the result, any change to the result, and when the result becomes final. For this purpose, “result” means “any initial, interim and final decision by an official or entity authorized to resolve disciplinary matters” and must include the rationale for reaching the result and any sanctions imposed.

Additionally, Ferris State University is a member of the SUNY Student Conduct Institute. As part of that membership, covered officials who investigate or conduct proceedings to address allegations of dating violence, domestic violence, sexual assault, and stalking receive annual training through attendance at the SUNY Student Conduct Institute’s Basic Compliance Training and/or live Advanced Trainings and/or digital Basic or Advanced Trainings. These in-person and digital courses address topics including how to determine the relevancy of evidence and use it during the proceeding, proper techniques for questioning witnesses, basic procedural rules for conducting a proceeding, and avoiding actual and perceived conflicts of interest. These trainings also address how to conduct an investigation and hearing process that protects the safety of victims, properly employs trauma-informed practice, and promotes accountability, while protecting the due process rights of the respondent. Finally, these trainings provide comprehensive reviews of federal and state laws and regulations on point as well as relevant court and administrative opinions.
**Possible Sanctions or Protective Measures that the University May Impose for Dating Violence, Domestic Violence, Sexual Assault or Stalking Offenses:**

Following a final determination in the institution’s disciplinary proceeding that dating violence, domestic violence, sexual assault, or stalking has been committed, the institution may impose a sanction depending on the mitigating and aggravating circumstances involved.

**Faculty/Staff Sanctions/Protective Measures**

Faculty/Staff found in violation would be subject to corrective action including counseling, warning, probation, suspension, or termination. Factors in determining sanctions would depend on the severity of the conduct and consistent with any collective bargaining agreement.

For employees, protective measures may include temporary reassignments, administrative leaves, issuing no-contact and/or non-trespass orders, arranging for changes in class schedules and/or other working conditions, obtaining counseling or arranging for alternative forms of access to University services and/or facilities. Employees should contact the Human Resources Department or the Office of the General Counsel for assistance.

The Board of Trustees delegates to the President and/or their designees the authority to take corrective action with employees. If the employee is not satisfied with the decision, the employee may file a grievance under a grievance procedure to be adopted by the President.

All Possible Sanctions That Ferris May Impose Following the Results of a Conduct Conference for Sexual Assault, Domestic Assault, Dating Violence, or Stalking (Page 19-21, 2018/2019 Code of Student Community Standards)

The Director of Student Conduct or their designee is authorized to impose any one or a combination of the following administrative and educational sanctions for behavior found to be in violation of the Code of Student Community Standards.

The University may impose other sanctions singularly or in combination with any of those listed below. The University recognizes two kinds of sanctions: administrative and educational, and they are often combined in an effort to hold students accountable while also providing resources to aid in a student’s success.

If found responsible, the Code of Student Community Standards allows the flexibility of sanctioning to include a range from an administrative warning to permanent dismissal from the institution. In cases involving sexual violence, the University cannot tolerate violence in its community and therefore it is common for those found responsible to be removed from the University. Ultimately, the goal is to eliminate the hostile environment, address the effects of the behavior and seek to prevent any recurrence. For students who receive disciplinary probation, an educational sanction is typically also imposed.
**Administrative Sanctions**

- **Administrative Warning**: An administrative warning is an official written warning issued by the University. This warning is meant to inform the student that they have been found in violation of the University policy and that they should understand that future violations could result in further sanctions. With an administrative warning, a student should have a clear understanding of the University’s expectations for their future behavior.

**Although Administrative Warning is listed as possible sanctions in the Code of Student Community Standards, this would not be used for students found in violation of sexual assault, dating violence, domestic violence, or stalking.**

- **Disciplinary Probation**: Probation is intended to convey to the student that their conduct is unacceptable by University standards. Disciplinary probation is intended to convey to the student that their behavior has seriously impacted the community, and should further violations occur, they may face suspension or dismissal from the University.

- **Disciplinary Probation Career**: Disciplinary probation career is the highest administrative sanction a student may be issued and still actively attend the University. Disciplinary probation career will result in probation for the duration of the student's academic career. Further violation of University policies at any point during the probationary period will be viewed not only as a violation based upon the act itself, but also as a violation of the probation. This shall result in further action up to, and including, suspension or dismissal from the University.

- **Suspension**: A student may be prohibited from participating in all aspects of University life for a specified period of time, usually a semester or a full academic year. When a student is suspended from the University, the suspension applies to all campuses of the University and prohibits that student from entering the grounds of all University campuses. When the term of the suspension has ended, the student may apply for readmission. Should a student choose to reapply and be readmitted to the University, the student would be placed on disciplinary probation for the remainder of their academic career at Ferris.

In situations that a student has a disability, the University’s section 504/Title II coordinator and other appropriate persons knowledgeable about the student’s condition will be involved when that student seeks a return to the University. A Conduct Case Manager or UCD panel may, in limited cases, decided to defer suspension until the end of the academic year when appropriate.

- **Dismissal**: A student may be prohibited from participating in all aspects of the University permanently. When a student is dismissed from the University, the dismissal applies to all campuses and prohibits that student from entering the grounds of all University campuses. Furthermore, the student may not petition the University for readmission.
**Educational Sanctions**

Education and Safety are the two primary priorities for the Office of Student Conduct. To accomplish these goals, the Office of Student Conduct provides opportunities for students to reflect on and learn from their past experiences. Educational sanctions include, but are not limited to the following:

- **CREW Alcohol Check-In**
  This in-person program is provided by Ten16 Recovery Networks’ FS/CREW office on campus. The goal of the CREW Alcohol Check-In is to have a judgement free conversation regarding a student’s alcohol usage, and its impact on their success as a student. Students only attend one program session that lasts approximately 30 minutes. There is a $100 programming fee for this in-person program.

- **CREW Marijuana Check-In**
  This in-person program is provided by Ten16 Recovery Networks’ FS/CREW office on campus. The goal of the CREW Alcohol Check-In is to have a judgement free conversation regarding a student’s marijuana and/or THC usage, and its impact on their success as a student. Students only attend one program session that lasts approximately 30 minutes. There is a $100 programming fee for this in-person program.

- **Nicotine 101**
  Nicotine 101 is an online nicotine education course that strives to provide tools for students to make healthy choices about tobacco use. Students will explore their personal use of nicotine and associated behaviors and learn which diseases are associated with tobacco use. This course aims to address the behaviors of those who use nicotine and to provide valuable information on long-term use and adverse health effects. Presented in a motivational interviewing style, it empowers students to make their own decisions about nicotine use. There is an $80 programming fee for this on-line program.

- **AOD Wellness Program**
  This program is for students who have run into recurrent and/or serious difficulty related to alcohol and other drugs on or off campus. The AOD Wellness Program consists of two sessions that are both 50 minutes. The program gives students the opportunity to consider their own ideals and goals around alcohol and other drugs (AOD) There is a $200 programming fee for this in-person program.

- **Prime for Life**
  This program is for students to learn a set of practical strategies that reduce negative consequences of alcohol and other drug use. The Prime for Life program is in collaboration with the Mecosta County Ten16 Recovery Network. There is a $200 programming fee for the cost of administering this program.
• **Community Service**
  The student may have the opportunity to choose the type of service they would like to perform and have the opportunity to work with staff at the Volunteer Center to find service opportunities that are meaningful to them, or they may perform service through in-hall service.

• **Educational and Career Counseling Referral**
  A student may be in the disciplinary process as a result of academic and personal challenges. Through a discussion with their conduct case manager, it may be determined that the student may benefit from participating in a two-part strategies program with an Educational Counselor.

• **Individual Counseling Assessment**
  In limited circumstances a student may be required to visit with Ferris State University’s Personal Counseling Center for an individual assessment. Generally, students will not be required to participate “counseling” as that process requires an individual willing to participate to produce positive outcomes. However, students are often strongly encouraged to seek out support and a referral for voluntary counseling support may be made. These situations are handled confidentially.

• **Mediation**
  Mediation is an opportunity to appropriately resolve differences with another individual or individuals through the assistance of a trained, unbiased, third-party facilitator. A student or student organization(s) may be encouraged or required to attend mediation in lieu of formal adjudication or as a result of formal adjudication.

• **Reflection Paper**
  A student may be required to write a paper on a given topic(s) assigned by their conduct case manager. Reflection papers are typically designed to provide further opportunities for students to reflect on the incident they met about and to explore alternative behaviors in the future.

• **Restitution**
  A student may be required to pay the costs for the replacement or repair of any University property damaged by the student (not typically applied for off-campus conduct as restitution is often required through any court proceeding).

• **Transfer to a Different Housing Unit**
  An on-campus student may be required to transfer to a different residence hall or apartment when there exists a need to ensure the safety or the security of a specific person(s) or location where it does not warrant removal from Housing.
• **Housing Contract Termination**

An on-campus student may lose their housing contract due to the severity of the incident and/or community impact. Decisions regarding removal from housing will be made in consultation with Housing & Residence Life.

• **Parental/Guardian Notification**

A letter may be sent home to the parents or guardians of any student found in violation of an alcohol or drug policy violation. The intent of this letter is to ensure that the student, parent, and institution are able to work in partnership to foster student success. This letter informs the parent or guardian that future behavior of a similar nature may jeopardize the student’s status at the University.

**Range of Protective Measures for Victims of Sexual Assault, Domestic Assault, Dating Violence, or Stalking**

In addition, the University can make available to the victim a range of protective measures. They include: forbidding the accused from entering the victim's residence hall and from communicating with the victim, other institutional no-contact orders, security escorts, changes in housing, modifications to academic requirements or class schedules, changes in working situations, etc.

**No Contact Orders**: The University can require that the respondent (if a student) or their associates of the incident has no contact with the victim. Additionally, victims are protected under federal law and University policy from retaliation. This includes retaliation from the accused, their associates or anyone in the University itself on the basis of filing a gender-based complaint.

**Voluntary Housing Change**: Victims, although not required, have the option to change their on campus housing location.

**Request for Non-Disclosure of Directory Information**: “Student directory [public] information” includes name, address, telephone number, date and place of birth, class, major field of study, dates of attendance, degrees and honors/awards received, previous institutions attended, participation in officially recognized sports and activities, and, if the student is an athlete, height and weight. The University may release all or any of these student directory information items for any purpose at its discretion.

Under the provision of the Family Educational Rights and Privacy Act of 1974, as amended, students have the right to withhold the disclosure of all their directory information. Any student who does not request the University to withhold their information gives the University approval for disclosure of their directory information.

Once the request is processed, the University will not acknowledge to any third party, the existence of said student as an enrolled individual on any of its campuses. Nor will the University notify said student that it received a request for information from any third party. If said student decides to lift the request for non-disclosure, he or she must notify the Record’s Office in writing of this intent. Students with a break in enrollment must resubmit this paperwork each time they re-apply if they wish to keep this confidentiality active.
This request for non-disclosure must be filed by the end of the first week of the Fall semester to assure information will not be published in the student directory.

**Publicly Available Recordkeeping:**
The University will complete any publicly available recordkeeping, including Clery Act reporting and disclosures, without the inclusion of personally identifiable information about victims of dating violence, domestic violence, sexual assault, and stalking who make reports of such to the University to the extent permitted by law.

**Victims to Receive Written Notification of Rights:**
When a student or employee reports to the University that he or she has been a victim of dating violence, domestic violence, sexual assault, or stalking, whether the offense occurred on or off campus, the University will provide the student or employee a written explanation of his or her rights and options as described in the paragraphs above.

**Sex Offender Registration Program**
The Campus Sex Crimes Prevention Act of 2000 requires institutions of higher education to advise members of the campus community where they can obtain information provided by the state concerning registered sex offenders. It also requires sex offenders to notify the state of each institution of higher education in the state at which they are employed or enrolled or carrying on a vocation. The state is then required to notify the University of any such information it receives. Anyone interested in determining whether such persons are on this campus may do so by contacting Detective Sergeant Timothy Jacobs at 231-591-5903. State registry of sex offender information may be accessed at the following link: [https://www.michigan.gov/msp/0,4643,7-123-1878_24961---,00.html](https://www.michigan.gov/msp/0,4643,7-123-1878_24961---,00.html)

**Timely Warnings and Emergency Response**

**Timely Warnings**
In the event of criminal activity occurring either on campus or off campus of any Ferris State University campuses that in the judgment of the Director of Public Safety, or Designee constitutes a serious or continuing threat to members of the campus community, a campus-wide “timely warning” will be issued. Examples of such situations may include a sexual assault or a series of motor vehicle thefts in the area that merit a warning because they present a continuing threat to the campus community. Warnings will be communicated to students and employees via one or more of the methods discussed later in this section. Updates to the warnings will be provided as appropriate.
Anyone with information warranting a timely warning for the Big Rapids campus should immediately report the circumstances to:

- Campus Crime Hotline, 231-591-5900
- Mecosta County Sheriff’s Department, 231-592-0150
- Big Rapids Department of Public Safety, 231-527-0005
- FSU Department of Public Safety, 231-591-5000
- Central Dispatch Authority, 911

The University has communicated with local law enforcement asking them to notify the University if it receives reports or information warranting a timely warning.

**Emergency Response**

The University has an emergency management plan designed to ensure there is a timely and effective response in the event of a significant emergency or dangerous situation occurring on campus involving an immediate threat to the health or safety of members of the campus community. Such situations include, but are not limited to: tornadoes, bomb threats, chemical spills, disease outbreaks, fires, active shooters, etc. The University has communicated with local police requesting their cooperation in informing the University about situations reported to them that may warrant an emergency response.

The University will immediately notify the campus community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students and/or staff.

Students, staff and visitors are encouraged to notify the Department of Public Safety at 911 or 231-591-5000 of any emergency or potentially dangerous situations at the Big Rapids campus.

The Director of Public Safety, or his designee, will access available sources of information from campus administrative staff and local authorities to confirm the existence of the danger and will be responsible for initiating the institution’s response and for marshaling the appropriate local emergency response authorities for assistance. Depending on the nature of the emergency, other University departments may be involved in the confirmation process.

Once the emergency is confirmed and based on its nature, the Director of Public Safety, or his Designee, will consult with other appropriate University officials to determine the appropriate segment or segments of the University community to be notified.

The Director of Public Safety, or his designee, in collaboration with other appropriate personnel, will determine who should be notified, and will, without delay, and considering the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to or otherwise mitigate the emergency.

Depending on the segments of the campus the notification will target, the content of the notification may differ. When appropriate, the content of the notification will be determined in consultation with local authorities. Also, as appropriate, the notification will give guidance as to whether its recipients should shelter in place or evacuate their location.
The Director of Public Safety or Designee will direct the issuance of emergency notifications, which will be accomplished using one or more of methods discussed later in this section, depending on the nature of the threat and the segment of the campus community being threatened.

At the direction of the Director of Public Safety, or his designee, the University’s Dispatch Coordinator will notify local law enforcement of the emergency if they are not already aware of it and local media outlets in order that the larger community outside the campus will be aware of the emergency.

**Methods for Issuing Timely Warnings and Emergency Notifications**

The method(s) listed below may be utilized when the University issues a timely warning or emergency notification to the campus community.

Testing & Documentation

The Big Rapids campus tests its emergency response and evacuation procedures at least once a year. The tests may be announced or unannounced. Also, at various times the Emergency Management Team will meet to train and test and evaluate the University’s emergency response plan.

The test will be an opportunity to remind the campus community about established emergency response and evacuation procedures. The university’s emergency notification system was tested once in 2020. The following is a summary of those tests.

- **Fall 2020** - Tested Emergency Text Alerts, email, computer broadcast, VOIP Phone Alerts at Big Rapids Campus, Grand Rapids Campus, College of Pharmacy Grand Rapids and Kendall College of Art and Design. Announced.

- **Outdoor Broadcast System quiet test** is conducted daily on the Big Rapids Campus. Unannounced silent test to monitor conditional readiness of the system.

Response and evacuation procedures are publicized along with one of the annual emergency notification systems testing dates and accompany the annual crime statistics reporting.

The Director of Safety, Health, Environment and Risk maintains a record of these tests and training exercises, including a description of them, the dates and times they were held and an indication of whether they were announced or unannounced. In connection with at least one such test, the University will distribute to its students and employees information to remind them of the University’s emergency response and evacuation procedures.

Kendall College of Art and Design Campus

In the event that a situation arises on the KCAD campus or on any off-campus building or property and is reported to the KCAD Administration or its designee, that in the judgment of the KCAD Administration or its designee, is confirmed as a significant emergency or dangerous situation, the KCAD Administration or its designee will determine the segment of the campus community to be notified, determine the content of the notification, and initiate the notification system. The Office of the President, President’s Council, and/or Information Technology Services may provide additional assistance for this process.

Timely warnings will be issued when any “Clery crime” is committed on University property that poses an immediate threat, or that poses a continuing threat to the University community including: criminal homicide; sex offenses; robbery; aggravated assault; burglary; motor vehicle theft; arson; and certain arrests for liquor law violations, drug law violations, and illegal weapons possession. The victim’s name will be withheld as confidential. If there is an immediate threat, the University will follow the Emergency Response and Evacuation Procedures and warnings will be disseminated through one or more of the following methods:

- Phone and/or EMT Team Fan-out (tested once per semester)
- RAVE Alert notifications
- Distributed through E-mail (University Wide Notice)
- Distributed through E-Mail (Student Target Messaging via MyFSU)
- Distributed through E-mail (Faculty & Staff)
• Posted to electronic digital displays (tested once per semester)
• Posted to the Kendall website homepage
• Posted in MyFSU channel announcements
• Public enunciation system
• KCAD Daily (Faculty/Staff daily e-mail updates and information)

The entire Emergency Response Plan can be found at the following link:
https://www.ferris.edu/HTMLS/othersrv/campussafety/index.html

**Missing Student Policy**

If a member of the University community has reason to believe that a student who resides in on-campus housing has been missing for 24 hours, that information should be reported immediately to the Residential Advisor, Hall Director, the Director of Residence Life at 231-591-3755 or the Dean of Students at 231-591-2686. Any University employee receiving a missing student report must immediately notify campus security so that an investigation can be initiated.

Students residing in on-campus housing have the option to identify confidentially an individual to be contacted by the University only in the event the student is determined to be missing for more than 24 hours. If a student has identified such an individual, the University will notify that individual no later than 24 hours after the student is determined to be missing. The option to identify a contact person in the event the student is determined missing is in addition to identifying a general emergency contact person, but they can be the same individual for both purposes. A student’s confidential contact information will be accessible only by authorized campus officials, and it will only be disclosed to law enforcement personnel in furtherance of a missing student investigation.

A student who wishes to designate a confidential contact may do so by providing contact information and signing the back of the emergency contact information card (provided by Housing). This information will be considered valid for the current academic year. This participation may be revoked at any time by noting so on the Emergency Contact Information form. In cases of revoked participation (for resident students 18 or older), resident students would continue to be subject to university policy regarding parental and emergency notification.

After investigating a missing person report, if it is determined that the student has been missing for 24 hours, the University will notify local police authorities unless it was local law enforcement that made the determination that the student is missing. If the missing student is under the age of 18 and is not emancipated, the University will also notify that student’s custodial parent or legal guardian within 24 hours of the determination that the student is missing, in addition to notifying any additional contact person designated by the student.
Crime Statistics

This report is prepared by the Department of Public Safety in cooperation with the Big Rapids Department of Public Safety, the Mecosta County Sheriff's Department, Grand Rapids Police Department, the Michigan State Police, the Department of Natural Resources, as well as other police agencies having jurisdiction over statewide and off-campus locations which are used by the college for remote classrooms and student activities.

As required by the Clery Act, Ferris State University reports crime statistics in the following three required categories:

- “On-campus” includes buildings and properties owned or controlled by the University that are reasonably contiguous to one another and directly support or relate to the University’s educational mission. The University also discloses statistics for “on-campus student housing facilities.” When a crime occurs in such housing, it is disclosed as both a housing statistic and a regular “on-campus” statistic.

- “Public Property” includes property owned by a public entity such as a city or state government which is within the campus or immediately adjacent to and accessible from the campus.

- “Non-Campus Property” encompasses buildings and property owned or controlled by officially recognized student organizations as well as buildings and property located off campus but owned or controlled by the University, frequented by students and used in support of or relationship to the University’s educational purposes.

Under the Clery Act, Ferris State University is required to disclose four general categories of crime statistics:

- **Primary Crimes**—Criminal Homicide, including: a) Murder and Non-negligent Manslaughter, and b) Negligent Manslaughter; Sex Offenses including: a) Rape, b) Fondling, c) Incest, d) Statutory Rape; Robbery; Aggravated Assault; Burglary; Motor Vehicle Theft; and Arson.

- **Hate Crimes**—Any of the above-mentioned crimes (except for Negligent Manslaughter) and any instances of larceny-theft, simple assault, intimidation, or destruction/damage/vandalism of property reported to local police agencies or to a campus security authority that manifests evidence that the victim was intentionally selected because of the perpetrator’s bias against the victim. For the purposes of this section, the categories of bias include the victim’s actual or perceived race, religion, gender, gender identity, sexual orientation, ethnicity, national origin, and disability.

- **Domestic Violence, Dating Violence, and Stalking**

Ferris State University will also disclose the total number of crime reports that were “unfounded” and subsequently withheld from our crime statistics.
Daily Crime Log

Ferris State University Department of Public Safety (DPS) maintains a written, easily understood daily crime log on each campus that records, by the date the crime was reported, any crime that occurred within our Clery geography. This log will include the nature, date, time, and general location of each crime; and the disposition of the complaint, if known. DPS will make an entry or an addition to an entry to the log within two business days of the report of the information to the campus police or the campus security department, unless that disclosure is prohibited by law or would jeopardize the confidentiality of the victim. DPS may withhold information if there is clear and convincing evidence that the release of the information would jeopardize an ongoing criminal investigation or the safety of an individual; cause a suspect to flee or evade detection; or result in the destruction of evidence. Additionally, DPS will disclose any information withheld once the adverse effect described in that paragraph is no longer likely to occur.

DPS will make the crime log for the most recent 60-day period open to public inspection during normal business hours. DPS will make any portion of the log older than 60 days available within two business days of a request for public inspection. The crime log is available at the DPS Office, 1319 Cramer Circle, Big Rapids, MI 49307, or by calling 231-591-5906.

KCAD Campus

KCAD will make the crime log for the most recent 60-day period open to public inspection during normal business hours. KCAD will make any portion of the log older than 60 days available within two business days of a request for public inspection. The crime log will be available to the public at the Administration Office, 17 Fountain St., Grand Rapids, MI 49503 or by calling 616-451-2787.

**Dial 911 to report any fire**

**Policies on Portable Appliances, Smoking and Open Flames**

The use of open flames, such as candles, and the burning of such things as incense, and smoking are prohibited in campus housing. Only surge-protected extension cords are permitted. Only the following portable cooking appliance is permitted to be used in campus housing: Microwave (maximum 750 watts). Any appliance with exposed elements (toasters, toaster ovens) or items that use heated oil are prohibited. Also, tampering with fire safety systems is prohibited and any such tampering may lead to appropriate disciplinary action.

The University reserves the right to make periodic inspections of campus housing to ensure fire safety systems are operational and that the policy on prohibited items is being complied with. Prohibited items, if found, will be confiscated and donated or discarded without reimbursement.

**Fire Hazards**

The University prohibits candles, incense, space heaters, and any items that generate a flame in any University apartment. “Torchiere” halogen lamps are also not permitted in the apartments because of intense heat. Fireworks, of any type, are not permitted on campus.

**Electrical/Lighting**

- **Extension Cords/Surge Protectors:** To help protect equipment and prevent electrical fires, all electrical cords must be kept visible and out of walkways. Electrical cords may not be run under rugs or over doorways, and wires may not be hung from the ceiling or pipes.
- **Halogen Lamps:** Halogen lamps are not permitted due to fire risk.
- **Overhead Lighting:** Students are prohibited from installing a black light into the overhead light fixture or otherwise tampering with, altering or covering the light fixtures in any way.

**Flammable Materials and Incendiary Devices**

- **Candles, incense, or open flames:** Candles, decorative or otherwise are not permitted in any campus housing unit. Incense and other items that generate open flame are prohibited. Melted wax, burned wicks, etc., may be considered a violation of this policy. Behaviors that create or present the possibility of creating a fire such as burning candles, incense, igniting door decorations, posters or other materials regardless of intention, are considered a serious offense that could result in suspension or dismissal from the University.
- **Fireworks:** All fireworks are prohibited on campus.
- **Flammable Materials:** Possession of materials or containers holding fluids used for igniting fires is prohibited. Prohibited fluids include, but are not limited to, charcoal lighter, gasoline, propane, and cigarette lighter refueling containers. Possession or storage of motorcycles, motor bikes, or other motorized vehicles is strictly prohibited in University Housing.

**Room/Building Safety**

- **Hanging Objects:** Objects hung from any ceiling, ceiling light fixture, smoke detector, or any exposed pipe are prohibited.
- **Obstruction of Egress:** Students are prohibited from blocking or otherwise obstructing internal or external access to room doors or windows for safety reasons and emergency evacuation needs.
Obstruction of Heating/Ventilation Systems: Students are prohibited from blocking or otherwise obstructing access to heating or ventilation systems. Furniture must be at least 12 inches away from all heaters or vents and must not block access to either heater or vents.

Pipes: Students are not permitted to tamper with or hang any items from pipes in their rooms. Stress on pipes may cause structural damage resulting in severe water leakage.

Propping Doors: Residents may not prop any residence hall or suite door intended to remain closed and/or locked for safety and security reasons. Propped doors compromise the safety and security measures they are designed to meet, including fire safety.

Room Door Decorations: Students are not permitted to decorate their doors in any way (inside or out). Materials hung on the door constitute a fire hazard. Artwork on doors, such as painting, drawing, or etching will be considered destruction/damage of property.

- Residence Hall decorations that can be affixed by masking tape will be permitted only on the concrete area surrounding the doorframe.
- Weather stripping is not permitted.
- Residents are responsible for any damage
- Damage that may result from putting tape or other adhesives on walls or doorframes.
- Excessive decorations, as determined by Housing staff, are not permitted, as this may constitute a fire hazard.

Health and Safety Checks

Health and Safety checks are performed one or more times per semester. These are done to help assure healthy and safe living environments for all residents. Violations of Health and Safety standards include, but are not limited to, overloaded electrical circuits, grease buildup in and around stoves, unsanitary conditions, pets, etc. Residents are expected to test smoke and CO detectors monthly and immediately report any that are not working properly. Removing the battery of a smoke or CO detector, for any purpose other than to immediately replace it with a new one, is a serious violation.

Fire Evacuation Procedures

In the event of a fire, the University expects that all campus community members will evacuate by the nearest exit, closing doors and activating the fire alarm system (if one is nearby) as they leave.

When fire alarms are activated, including during scheduled fire drills, all occupants must evacuate the building. Residents must wait outside the building until a member of the staff indicates they may return. Failure to evacuate during a fire alarm is a serious violation of University policy.

Fire Education and Training Programs

Fire safety education programs for all residents of on-campus student housing and all employees with responsibilities related to that housing are held at the beginning of each semester. Their purpose is to: familiarize everyone with the fire safety system in each facility, train them on procedures to follow if there is a fire and inform them of the University’s fire safety policies. Information distributed includes maps of each facility’s evacuation route and any fire alarms and fire suppression equipment available in the facility. Attendees are advised that participation in fire drills is mandatory and any student with a disability is given the option of having a “buddy” assigned to assist him or her.
Residence Hall staff receive training at the beginning of the school year on how to conduct fire and tornado drills.

**Reporting Fires**

The University is required to disclose each year statistical data on all fires that occurred in on-campus student housing. When a fire alarm is pulled and/or the fire department responds to a fire, these incidents are captured. If you encounter a fire that presents an emergency situation, ensure your own safety and then please call 911.

There may also be instances when a fire is extinguished quickly and an alarm is not pulled or a response by the fire department was not necessary. It is important that these incidents be recorded as well. Therefore, if you are aware of such a fire, see evidence of one or hear about one, you should contact the Department of Public Safety at 231-591-5000. When providing notification of a fire, give as much information as possible about the location, date, time and cause of the fire.

**Plans for Future Improvements**

As a result of the University's most recent review of its fire safety protections and procedures, we have determined that the following improvements will be made, subject to the availability of funding: Heavy Equipment Center and the West Campus Community Center will be receiving a new fire system including alarm panels, wiring and fire detection devices. Upgrades to Cramer Hall were completed in August 2019.

**Fire Statistics**

- **2018**: No fires were reported in 2018.
- **2019**: No fires were reported in 2019.
- **2020**: 2 fires were reported in 2020.
On-Campus and Non-Campus Statewide Locations

Monitoring and Recording of On-Campus and Non-Campus Statewide Criminal Activity

Ferris State University maintains classroom space that Clery defines as an on-campus location in several locations other than the main campus located in Big Rapids and the KCAD campus in Grand Rapids, as well as classroom space that Clery defines as non-campus locations.

Ferris State University’s on-campus and non-campus statewide properties are required to report Clery Act reportable offenses to DPS no later than September 1 of each year for preparation of the annual disclosure of crime statistics.

Ferris State University has sixteen separate campuses, listed below. For the purpose of the Clery Act requirements, an additional location is a separate campus if it meets all of the following criteria:

- The University owns or controls the site;
- It is not reasonably geographically contiguous with the main campus (farther than 1 mile away);
- It has an organized program of study; and
- There is at least one person on site acting in an administrative capacity.

*Ferris State does not own or operate any student housing at any of its separate campuses listed below.*
