

Mott Community College
Transfer Guide & Articulation Agreement

“Students must meet with a Ferris advisor. Students enrolled in or enrolling in the Elementary Education Program must complete the program requirements and doing student teaching by Fall 2023. New program requirements will be in effect beginning Fall 2021.”

Ferris State University’s School of Education offers an exemplary program in Elementary Education designed to provide a balanced blend of theory and practice. Students have the opportunity to obtain Michigan Elementary Provisional Certification by taking classes at Mott Community College and Ferris State University. Certification will allow an individual to teach all subjects in kindergarten through fifth grade and teach sixth through eighth grades in their minor subjects (upon successful completion of subject matter exams). Throughout the program, students will complete at least 570 hours in a variety of hands-on, field-based experiences in the K-8 classroom. Our small class sizes guarantee all students receive the attention they deserve. A background in state-of-the-art educational technology prepares students to integrate computer technology into instruction.

The Elementary Education Program requires the completion of two elementary education minors, giving students a broad academic base in language arts and math. Students may choose an additional third minor for Early Childhood to add the ZS endorsement to their certification. The professional education courses include field-based experiences supervised by instructional teams comprised of teacher educators, professors from the content area disciplines, and expert K-8 teachers. Financial aid is available when dually enrolled at Ferris State University and Mott Community College, for those who qualify.

General Admission Criteria

- Applicant must have at least 30 transferable credits and a minimum 2.50 cumulative GPA.
- All transferred courses must be a “C” grade or higher.
- The following courses must be completed prior to admission (Mott equivalent in parenthesis): ENGL 150 (ENGL 101), ENGL 250 (ENGL 102) and MATH 115 (MATH 120).
- Submit official high school and college transcript(s) to Ferris State University at time of application. (Note: high school transcript is waived if there is evidence of a completed associate’s degree on the applicant’s college transcript).
- School of Education recommends that students have COMM 121 (COMM 131) prior to admission.
- School of Education recommends that students complete MATH 218 (MATH 210) and MATH 219 (MATH 220) prior to admission.
- Language Arts minor requires a “B” or better in ENGL 150 (ENGL 101) and ENGL 250 (ENGL 102).

Teacher Certification Requirements

As required by the State of Michigan to receive teacher certification, all teacher candidates must: (1) meet the MDE (CAEP) cohort requirements, (2) pass the pedagogy tests in their subject area majors, and (3) have a 2.50 minimum GPA to receive teacher certification in Michigan. These state requirements are in addition to the FSU graduation requirements of your individual program.

Field Experience, Pre-Teaching

Pre-student teaching field experiences provide an opportunity to experience classroom management, discipline, planning and delivery of content in the classroom setting. EDUC 413, 431, 432 and 435 have pre-teaching field experiences.

Student Teaching

Student Teaching is the final activity of the Elementary Education Program (typically 15-16 weeks long). Prior to student teaching all degree program coursework must be completed and all minimum GPA requirements met. Student must successfully complete the Michigan Test for Teacher Certification (MTTC) subject matter exam(s). More information about student teaching can be obtained by contacting the Field Placement Coordinator or the Faculty Advisor.

Additional Requirements

Various policies are in place to ensure the success of our students. All students must meet MDE requirements; currently CAEP, prior to starting their Level II/III courses. Students must submit required paperwork prior to taking any courses with field placements included. Students are required to maintain appropriate GPA in their planned program and minors to be eligible for student teaching and program completion.

Mott Community College

Transfer Guide & Articulation Agreement

Mott Community College		
Course	Ferris Equivalent & Course Title	Cr. Hrs.
General Education Courses		
ENGL 101	English Composition I (B or above)	3

ECED 205	Field Work	4
Total MCC Credits		64-93

Mott Community College may have prerequisites for some courses.

**You may disregard this class if the early childhood endorsement is pursued, however; this endorsement needs to be completed prior to student teaching.

Students transferring to Ferris with the Michigan Transfer Agreement (MTA) and entering a degree program will have met a 30-hour block of lower-level general education courses. However, this does not exempt students from completing program specific prerequisites or higher-level general education course requirements. Students should contact their advisor regarding classes that meet the MTA.

Ferris State University		
Course	Course Title	Cr. Hrs.
General Education Courses		
ENGL 321	Advanced Composition (online or in class)	3
Professional Sequence Level I (must complete prior to Level II, must have a minimum of a 2.75 GPA with no grade lower than a "C," and cannot have more than 2 repeats in Level 1 coursework)

Advising Notes

It is recommended that potential applicants meet with an advisor to review the degree, course schedule, and have any questions answered prior to completing an application. **Students who are completing the MTA may have different general education course requirements for the particular degree selected. Meeting with a Ferris advisor prior to the selection of general education or elective course work may reduce the chance of completing a course that will not apply toward the selected degree.** Once admitted, students must continue to meet with an advisor as they work toward graduation.

Online Learning

The "Online Readiness Tutorial" is required for students who register for an online **course** or are completing an online **degree**. Students must demonstrate competency in FerrisConnect skills. This may be done by taking a tutorial and quiz, or, for students who have already taken and passed online courses, they can submit a waiver request. Students should check with the department that offers the class to determine its particular needs and/or the Ferris advisor regarding registration for online course work.

Michigan Transfer Agreement (MTA)

Ferris participates in the Michigan Transfer Agreement (MTA). This agreement will facilitate the transfer of general education requirements from one Michigan institution to another. Students may complete the MTA as part of a degree program or as a stand-alone package. The MTA consists of a minimum of 30 general education credit hours as identified by the college or university.

Indemnification

To the extent permitted by law, Ferris State University and Mott Community College agree to indemnify and hold one another harmless from any and all claims initiated by student participants, their parents, survivors, or agents, arising from any negligent acts or omission on the part of either institution or any of their employees.

Articulation Agreement

This Agreement shall commence as of November 1, 2014, and shall be for an initial term of three (3) years and will automatically renew for additional one (1) year terms for not more than an additional three (3) years, unless Ferris or Mott Community College terminate this Agreement in accordance with the terms of this Agreement, or unless either party is in material breach of any term of this Agreement. Ferris or Mott Community College may terminate this Agreement by providing the other party with written notice, by first class mail, of the termination of the Agreement. The Agreement shall terminate not less than one hundred eighty (180) days from the date of the termination notice, unless otherwise agreed in writing by the parties.

This Agreement may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed to be one and the same agreement. A signed copy of this Agreement delivered by facsimile, e-mail, or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this Agreement.
