

## North Central Michigan College Transfer Guide

The Bachelor of Science in Biology (Pre-Physical Therapy) is designed to prepare students for admission to each of the six professional physical therapy programs in Michigan. These programs generally take three to four years to complete, at which time a Doctor of Physical Therapy degree is obtained. Candidates for admission into a professional physical therapy program must obtain high grades in their preparatory coursework, and they must also complete a minimum number of hours of documented observational or work experience in a physical therapy setting.

The requirements of the Pre-Physical Therapy program are based on the general requirements of the Bachelor of Science in Biology, specifically adjusted for pre-physical therapy students. Coursework in anatomy and physiology, genetics, pathophysiology, exercise physiology, inorganic and inorganic chemistry, biochemistry, physics, psychology, and sociology prepares students for admission into professional programs and for future success in the field.

### General Admission Criteria

Transfer students must have at least 12 credits at the time of application with a minimum 2.0 overall GPA including an English and mathematics course, or they must provide their high school records and ACT /SAT scores for admission review.

Official transcripts from all accredited colleges/universities must be submitted with the Ferris application.

### Course Requirements

#### North Central Michigan College

| Course                           | Ferris Equiv.                      | Ferris Course Title  | Cr. Hrs. |
|----------------------------------|------------------------------------|--|----------|
| ENG 111                          | ENGL 150                           | English 1  | 3        |
| ENG 112                          | ENGL 250                           | English 2  | 3        |
| COM 111                          | COMM 121                           | Fundamentals of Public Speaking  | 3        |
| MATH 150                         | MATH 130                           | Advanced Algebra/Analytical Trigonometry   | 4        |
| BIO 151<br><b>and</b><br>BIO 152 | BIOL 121<br><b>and</b><br>BIOL 122 | General Biology 1<br><b>and</b><br>General Biology 2   | 8        |
| CEM 121                          | CHEM 121                           | General Chemistry 1  | 5        |
| CEM 122                          | CHEM 122                           | General Chemistry 2  | 5        |
| PHY 210                          | PHYS 211                           | Introductory Physics 1   | 4        |
| PHY 211                          | PHYS 212                           | Introductory Physics 2   | 4        |
| NCMC                             | VARIABLES                          | Cultural Enrichment Electives<br>(one must be at FSU 200+ level)   | 9        |
| NCMC                             | VARIABLES                          | Social Awareness Electives<br>(one must be FSU 200+ level)<br>(must come from 2 different subject areas) | 9        |

*Students transferring to Ferris with the Michigan Transfer Agreement (MTA) and entering a degree program will have met a 30-hour block of lower-level general education courses. However, this does not exempt students from completing program specific prerequisites or higher-level general education course requirements. Students should contact their advisor regarding classes that meet the MTA.*

#### Ferris State University

| Course     | Ferris Course Title                | Cr. Hrs. |
|------------|------------------------------------|----------|
| ENGL 311   | Advanced Technical Writing         | 3        |
| <b>or</b>  | <b>or</b>                          |          |
| ENGL 321   | Advanced Composition               |          |
| <b>or</b>  | <b>or</b>                          |          |
| ENGL 323   | Proposal Writing                   |          |
| FSU        | Biology Elective (see FSU advisor) | 3        |
| MATH 251   | Statistics for the Life Sciences   | 3        |
| BIOL 286   | Microbiology                       | 3        |
| BIOL 300   | Pathophysiology                    | 3        |
| BIOL 301   | Exercise Physiology                | 4        |
| BIOL 321   | Human Anatomy and Physiology 1     | 8        |
| <b>and</b> | <b>and</b>                         |          |
| BIOL 322   | Human Anatomy and Physiology 2     |          |
| BIOL 346   | Ecological Assessment              | 3        |
| <b>or</b>  | <b>or</b>                          |          |
| BIOL 347   | Environmental Conservation         |          |
| <b>or</b>  | <b>or</b>                          |          |
| BIOL 442   | Ecology                            |          |
| BIOL 375   | Principles of Genetics             | 3        |
| BIOL 460   | Current Topics in Biology          | 2        |
| CHEM 214   | Fundamentals of Organic Chemistry  | 4        |
| CHEM 324   | Fundamentals of Biochemistry       | 3        |
| MRIS 102   | Medical Vocabulary                 | 1        |
| RMLS 122   | Responding to Emergencies          | 2        |

## Delivery Locations

This degree and the Ferris courses are offered at the following locations:

- Ferris State University, Big Rapids Campus, Big Rapids MI
- Select courses may be delivered online and/or in a mixed delivery format (i.e. a mix of online and face-to-face instruction at the Ferris Main Campus or at an off-campus location)

## Transfer Student Orientation

All new students to Ferris State University are required to complete an orientation. Orientation for incoming freshmen is a one-day session that occurs on campus and includes class registration. Eligible transfer students have the option of completing an online orientation or attending an on campus session.

## Advising Notes

It is recommended that potential students meet with an advisor to review the degree, course schedule, and have any questions answered prior to completing an application. **Students who are completing the MTA may have different general education course requirements for the particular degree selected. Meeting with a Ferris advisor prior to the selection of any electives or general education classes shown above could reduce the chance of completing a course that will not apply toward the selected degree.**

Once admitted, students must continue to meet with an advisor as they work towards graduation.

## Online Learning

Orientation is required for students who register for an online *course* or are completing an online *degree*. Students must demonstrate competency in FerrisConnect skills. This may be done by taking a tutorial and quiz, or, for students who have already taken and passed online courses, they can submit a waiver request. Students should check with the department that offers the class to determine its particular needs and/or the Ferris advisor regarding registration for online course work.

## Michigan Transfer Agreement (MTA)

Ferris participates in the Michigan Transfer Agreement (MTA). This agreement will facilitate the transfer of general education requirements from one Michigan institution to another. Students may complete the MTA as part of a degree program or as a stand-alone package. The MTA consists of a minimum of 30 general education credit hours as identified by the college or university.

## Disclaimer

*This is a guide for students who plan to transfer to Ferris State University. This guide is not intended to be a contract with Ferris. The information on this guide is subject to change. Students should contact their community college or Ferris to keep informed of changes. Final responsibility for verifying all transfer information lies with the student. Please refer to the effective and/or revised date on the bottom of the guide.*
