

Wayne County Community College Transfer Guide

The Bachelor of Science in Biology (Forensic Biology) is primarily designed to prepare students for admission into graduate programs in forensic biology or forensic chemistry, as well as entry into the work force. Students in the Forensic Biology program receive extensive training in the collection and analysis of biological evidence, in both laboratory and field settings, and techniques in isolation, purification, and amplification of DNA. Classroom laboratories and field exercises develop skills in documentation, collection and analysis of insects, plants, and other biological evidence associated with an investigation. Students experience the process of determination of the time of death and the ability to answer other forensic questions, as well as skills to identify skeletal remains and evaluate trauma.

Graduates with this degree may be eligible for entry-level positions in forensic laboratories, medical examination offices, and law enforcement agencies. It should be stressed, however, that further graduate-level education is often required for students to become employable.

The requirements of the Forensic Biology program are based on the general requirements of the Bachelor of Science in Biology, with specific modifications and additions for forensic biology students. Specific courses such as Forensic Biology, Human Anatomy and Physiology, Microbiology, Genetics, Forensic DNA Analysis, Statistics, Calculus, Inorganic Chemistry, Organic Chemistry, Forensic Chemistry, Biochemistry, Physics, and Criminal Justice are prescribed to fulfill the requirements of the degree and to best prepare students for future work in the field.

General Admission Criteria

To be admitted to this degree program, students must have completed at least 12 credits at the time of application with a minimum 2.0 overall GPA including an English and mathematics course, or they must provide their high school records and ACT /SAT scores for admission review. Official transcripts from all accredited colleges/universities must be submitted with the Ferris application.

Course Requirements

Wayne County Community College				Ferris State University			
Course	Ferris Equiv.	Ferris Course Title	Cr. Hrs.	Course	Ferris Course Title	Cr. Hrs.	
ENG 120	ENGL 150	English 1	3	ENGL 311	Advanced Technical Writing	3	
ENG 275	ENGL 250	English 2	3	or	or		
SPH 101	COMM 121	Fundamentals of Public Speaking	3	ENGL 321	Advanced Composition		
CJS 100	CRIM 110	Introduction to Criminal Justice	3	or	or		
MAT 171	MATH 220	Analytical Geometry-Calculus 1	4	ENGL 323	Proposal Writing		
BIO 155	BIOL 121	General Biology 1	8	MATH 251	Statistics for the Life Sciences	3	
and	and	and		<i>FSU</i>	Biology Electives (see FSU advisor)	3-6	
BIO 165	BIOL 122	General Biology 2		BIOL 207	Forensic Biology	4	
and				BIOL 286	Microbiology	3	
BIO 175**				BIOL 375	Principles of Genetics	3	
BIO 240	BIOL 205	Human Anatomy and Physiology	5	BIOL 346	Ecological Assessment	3	
and				or	or		
BIO 250				BIOL 347	Environmental Conservation		
CHM 136	CHEM 121	General Chemistry 1	5	or	or		
CHM 145	CHEM 122	General Chemistry 2	5	BIOL 442	Ecology		
CHM 250	CHEM 321	Organic Chemistry 1	10	BIOL 407	Forensic DNA Analysis	3	
and	and	and		BIOL 460	Current Topics in Biology	2	
CHM 252	CHEM 322	Organic Chemistry 2		CHEM 207	Science and Crime	3	
and				CHEM 324	Fundamentals of Biochemistry	3-4	
CHM 255				or	or		
PHY 235	PHYS 211	Introductory Physics 1	4	CHEM 364	Biochemistry		
PHY 245	PHYS 212	Introductory Physics 2	4	CHEM 231	See FSU advisor	2-4	
WCCC	<i>VARIES</i>	Cultural Enrichment Electives (one must be at FSU 200+ level)	9	or	or		
WCCC	<i>VARIES</i>	Social Awareness Electives (one must be FSU 200+ level) (must come from 2 different subject areas)	9	CHEM 307			
				or	or		
				CHEM 332			
				CRIM 301	Investigation Issues	3	

Credits Required for Degree 121

Students transferring to Ferris with the Michigan Transfer Agreement (MTA) and entering a degree program will have met a 30-hour block of lower-level general education courses. However, this does not exempt students from completing program specific prerequisites or higher-level general education course requirements. Students should contact their advisor regarding classes that meet the MTA.

Jenice Winowiecki, Biology Advisor

(231) 591-2555 or wino2@ferris.edu

www.ferris.edu/transferservices

**Students must take entire sequence at Community College or take the entire sequence at Ferris State University in order to earn course credit.

Delivery Locations

This degree and the Ferris courses are offered at the following locations:

- Ferris State University, Big Rapids Campus, Big Rapids MI
- Select courses may be delivered online and/or in a mixed delivery format (i.e. a mix of online and face-to-face instruction at the Ferris Main Campus or at an off-campus location)

Transfer Student Orientation

All new students to Ferris State University are required to complete an orientation. Orientation for incoming freshmen is a one-day session that occurs on campus and includes class registration. Eligible transfer students have the option of completing an online orientation or attending an on campus session.

Advising Notes

It is recommended that potential students meet with an advisor to review the degree, course schedule, and have any questions answered prior to completing an application. **Students who are completing the MTA may have different general education course requirements for the particular degree selected. Meeting with a Ferris advisor prior to the selection of any electives or general education classes shown above could reduce the chance of completing a course that will not apply toward the selected degree.** Once admitted, students must continue to meet with an advisor as they work towards graduation.

Online Learning

Orientation is required for students who register for an online *course* or are completing an online *degree*. Students must demonstrate competency in FerrisConnect skills. This may be done by taking a tutorial and quiz, or, for students who have already taken and passed online courses, they can submit a waiver request. Students should check with the department that offers the class to determine its particular needs and/or the Ferris advisor regarding registration for online course work.

Michigan Transfer Agreement (MTA)

Ferris participates in the Michigan Transfer Agreement (MTA). This agreement will facilitate the transfer of general education requirements from one Michigan institution to another. Students may complete the MTA as part of a degree program or as a stand-alone package. The MTA consists of a minimum of 30 general education credit hours as identified by the college or university.

Disclaimer

This is a guide for students who plan to transfer to Ferris State University. This guide is not intended to be a contract with Ferris. The information on this guide is subject to change. Students should contact their community college or Ferris to keep informed of changes. Final responsibility for verifying all transfer information lies with the student. Please refer to the effective and/or revised date on the bottom of the guide.
