

**Wayne County Community College District  
(WCCCD)  
Transfer Guide**

The baccalaureate program in dental hygiene at Ferris State University is designed for dental hygienists with an associate degree in dental hygiene who want to earn a Bachelor of Science degree in Dental Hygiene in a fully online student-centered learning environment. Students engage in self-directed learning activities, advance their knowledge in the areas of critical thinking, exhibit values for lifelong learning, synthesize evidence based information and develop leadership skills. Graduates from the program will be prepared with enhanced technological modalities of practice, research, communication, educational leadership, management and dental hygiene knowledge.

Transfer Partnerships Website

**Delivery Locations**

This program and the Ferris courses are offered to students at the following locations:

Fully online

**General Admission Criteria**

**Transfer Students**

- Be accepted to the University.
- Cumulative GPA of 2.5 (on a 4.0 scale)
- Have previously earned or be in the final academic year of an associate degree in an accredited dental hygiene program from an accredited college or university.

**Advising Notes**

It is recommended that potential applicants meet with an advisor to review the degree, course schedule, and have any questions answered prior to completing an application. Students who are completing the MTA may have different general education course requirements for the particular degree selected. Meeting with a Ferris advisor prior to the selection of general education or elective course work may reduce the chance of completing a course that will not apply toward the selected degree. Once admitted, students must continue to meet with an advisor as they work toward graduation.

**Transfer Student Orientation**

All new students to Ferris State University are required to complete an orientation.

**Reverse Transfer Agreement**

The Community College and Ferris have entered into a partnership in order to work collaboratively and creatively to increase student completion of associate and bachelor degrees. The partners work together to provide a seamless transfer experience and increase student retention and completion at both the community college and Ferris.

**Michigan Transfer Agreement (MTA)**

Ferris participates in the Michigan Transfer Agreement (MTA). This agreement will facilitate the transfer of general education requirements from one Michigan institution to another. Students may complete the MTA as part of a degree program or as a stand-alone package. The MTA consists of a minimum of 30 general education credit hours as identified by the college or university.

Students transferring to Ferris with the Michigan Transfer Agreement (MTA) and entering a degree program will have met a 30-hour block of lower-level general education courses. However, this does not exempt students from completing program specific prerequisites or higher-level general education course requirements. Students should contact their advisor regarding classes that meet the MTA.

Students must work with their Ferris advisor to declare a Minor or Concentration and for selection of Directed Electives.

**Disclaimer**

This is a guide for students who plan to transfer to Ferris State University. This guide is not intended to be a contract with Ferris. The information on this guide is subject to change. Students should contact their community college or Ferris to keep informed of changes. Final responsibility for verifying all transfer information lies with the student. Please refer to effective and/or revised date on the bottom of this guide.
