- FLC Update

3. Consent Agenda

- Minutes from 7 October 2021 **Approved with 1 abstention.**

4. Proposals

- SCJS 495, Collaboration (subcommittee had 4 votes to approve, 1 revise/resubmit)

**Approved unanimously.**

The one reason that the subcommittee had a vote to revise and resubmit was from a request to see assessment instruments. The UGEC didn't feel that this was necessary, and that the assessment approaches were adequately described in the CIP form.

- SCJS 195, Collaboration (UGEC voted to ask for revisions)

**Approved unanimously.**

During the discussion, the committee noted that our processes and forms do not provide the right questions to get what we are looking for – specifically,

they do not indicate that the proposer is expected to tell us where, when, and how students receive instruction in the competency.

The committee also noted that one of the central collaborative assignments that the students work on is a display case for FLITE, and we wanted to make sure that the faculty were coordinating with FLITE on this assignment.
