NOTE: The only change to this annual update document is item #49. The item was changed because the law does not require contracts and deeds to be included in the charter contract. It is required by law that these contracts or deeds be made public once they are enacted. While MDE would prefer to receive these items (deeds and contracts) with the charter contract, it is recognized that these documents may not be available at the time a charter contract is enacted. Schools and authorizers are therefore asked to provide those documents to the PSA unit at MDE once they are made public.
