

Promesa Summer Success

Promesa Summer Success is a free, eight-week college readiness program for students who are going into 10th or 11th grade. Over the summer, students enroll and earn college credits to help them be successful in their post-secondary journey.

Promesa Summer Success combines academics and college preparation with the cultural experiences of the students, the instructors, and the city. Success requires people to know the cultural resources that exist within and around them. This understanding will create the leaders of our community, today and tomorrow.
