  - a. Dave moved to approve, Sue seconded. 7-0 approved.
2. New Business

Proposal Number	Title	Notes
18-070	Forensic Psychology Minor and Concentration	Fran moved to approve, Dave seconded. There was discussion about the outcomes listed in the Form E/F. PSYC 375 uses the word “understand” as the outcome, which is not measurable. We also noted that the Criminal Justice Form B has not been signed. Fran withdrew the motion to approve, and proposal will be put on hold until outcomes are improved.
18-071	Forensic Child Psychology	
18-076	Checksheet Modification: General Studies	Sue moved to approve, Fran seconded. This proposal combines the RSS programs into one program with different tracks. It was noted that the outcomes were well done. 7-0 approved.

3. Other Business

There is a question regarding Math 117 being used as a substitution for Math 114 or 115. Specifically this is in regards to Respiratory admissions; it is specified by faculty that Math 117 is not a substitute for the other two courses, but advisors are telling students differently. The checksheet also only lists Math 114 and 115.

What is a definition of a major? Are all non-gen credits part of the major? Discussion is still open.
