Limits

Can I make a purchase for more than the amount on my card?

If you need to make a purchase for more than the amount you have on your card, you will need to use two forms of payment. Tell the cashier how much you want taken from the balance on your card – the cashier cannot determine your available balance. Then, pay the remaining balance with cash, check, credit card or check card.

Can I use my Focus Card at the gas pump?

Yes. However, if you use your card to pay at the pump, a maximum hold of \$75 will be placed on your account to initiate your transaction. This amount will be held until the actual transaction amount clears. If you do not want funds held while waiting for the transaction to clear, please pay the cashier inside for your gasoline purchase. Payments made inside clear for the actual transaction amount immediately.

Can the Focus Card be overdrawn?

Usually a purchase that exceeds the available balance will not be approved. In very limited circumstances, if you do not have sufficient funds when the final amount clears, it may result in a negative balance; however you will not be charged an overdraft fee. You can check your balance online, using the Focus Mobile App or by calling Cardholder Services 24/7.

Can anyone else view or track my transactions?

No. For privacy reasons, U.S. Bank does not share card account numbers or transaction details. However, for reconciliation purposes, your employer does have access to the amount and date of each payroll deposit.
