The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. Note: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage or to get a copy of the complete terms of coverage, visit us at PriorityHealth.com or call 1-800-956-1954. For general definitions of common terms, such as allowed amount, balance billing, co-insurance, co-payment, deductible, provider, or other underlined terms see the Glossary. You can view the Glossary at https://www.healthcare.gov/sbc-glossary/ or call 1-800-956-1954 to request a copy.

Important Questions	Answers	Why this Matters
What is the overall deductible?	For network providers $500 person / $1,000 family For non-network providers $2,000 person / $4,000 family The deductible for each benefit level is calculated separately. Amounts you pay toward the deductible do not count toward any co-insurance maximums.	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan, each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible.
Are there services covered before you meet your deductible?	Yes, the network benefits deductible doesn't apply to preventive care, services subject to flat dollar co-pays and prescription drugs.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan?	For network providers $8,700 person / $17,400 family For non-network providers $17,400 person / $34,800 family Your plan also has a co-insurance maximum. For network providers $1,500 person / $3,000 family For non-network providers $2,500 person / $5,000 family The co-insurance maximum limits the total amount of co-insurance you will pay for certain covered services during a coverage period. The co-insurance maximum is included in the out-of-pocket limit. The out-of-pocket limit for each benefit level is calculated separately.	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan, they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Premiums, balance-billed charges, health care this plan doesn't cover, and services that exceed an annual day/visit limit.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See PriorityHealth.com or call 1-800-9561954 for a list of network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No.	You can see the specialist you choose without a referral.

All co-payment and co-insurance costs shown in this chart are after your deductible has been met, if a deductible applies.
