# Committee Members

Kaylee Burke – *Executive Director of the Center for Latino Studies*

Nick Campau – *Associate Dean/Director of the Office of Student Conduct*

Gary Green – *Assistant Director of Public Safety*

Jimmie Joseph – *Interim Dean College of Business & Computer Information  
Systems Faculty*

Darnell Lewis – *Assistant Director of the Office of Multicultural Student  
Services*

Bryan Marquardt – *Director of Housing & Residence Life*

Lisa Ortiz – *Associate Director Housing & Residential Programs*

Kristen Salomonson – *Dean of Enrollment Services*

# Committee Charge & Timeline

## Committee Charge

In November of 2020, Vice Presidents Jim Bachmeier (Administration & Finance), David Pilgrim (Diversity, Inclusion & Strategic Initiatives) and Jeanine Ward-Roof (Student Affairs) formed the Committee and shared the following charge:

1. If applicable, identify any overarching patterns that exist in the data
2. Provide suggestions of what actions we should take based on the data
3. Provide suggestions for what we should be considering as a University based on these data

## Committee Timeline

The sponsoring Vice President's indicated the desire to complete the report during Spring Semester 2021. The Committee met on six occasions to discuss results and to craft the final report. For our work outside the meeting times, a SharePoint site was created to collaborate throughout the duration of the work.

November 18	Introductory Meeting with Sponsoring VP's & Committee
November 30	Data Committee Meeting – First Data Dive
December 7	Data Committee Meeting – Additional Data Needs
December 14	Data Committee Meeting – Discussion of Initial Results
January 11	Data Committee Meeting – Discussion of Findings/Plans for Report
January 26	Data Committee Meeting – Additional Data Finalized
February 9	Data Committee Meeting – Prepare for Results Presentation
February 15	Results Presentation with Sponsoring VP's & Committee
March 17	Results Presentation to the President's Council
April 23	Results Presentation to University Community/Townhall

# Method & Findings

## Method

The data in this examination consisted of ***Student Conduct*** and ***Public Safety*** data from Ferris State University from 2016 to 2020 gathered from their respective administrative databases. Additional data on students for the analysis (including residential status, student level and athletic status) was accessed on the Banner system. Using a SharePoint site to collaborate, the committee members analyzed the data, discussed the trends and provided suggestions for accomplishing change. Data was placed into SPSS for analysis. Additional analysis and complete documentation of the committee's work is located on the SharePoint site.

## Findings

- A greater than expected number of Black/African-American students are referred to the OSC disproportionate to their % in Ferris Housing and the student body (Table 1).
- The data reveal that Black/African-American students are referred for more serious policy violations that have resulted in a higher number of suspension sanctions than any other group as a whole (Table 2).
- All students are held not responsible for violating University policy at a relatively consistent rate across race and ethnicity groups (Table 3).
- Factors examined other than Race/Ethnicity include student level - with freshmen and to a lesser extent sophomores being more likely to have a student conduct case than upperclassmen (Table 4). NCAA Athletic student status was not a significant factor with respect to conduct.

*Note: This is only students held responsible and is NOT a unique count. Student class standing was at the time the incident was entered and the information was pulled from Banner.*

# Department of Public Safety Completed Actions

## Completed Actions

A limitation of the Public Safety data available is that there was no information on the race/ethnicity of the individual contact involved for all types of incidents. *The information was available for criminal offenses but not for traffic stops that result in either a verbal warning or a civil infraction citation such a simple moving violation.*

- To enhance the data collection process, the DPS implemented a new form with a place to indicate an officer's assessment of race/ethnicity for each contact (*Figure 1*). Form developers took care to ensure that there was no space to record or intention to collect the contact's immigration status. Other enhancements include areas to indicate sex and age as well as why DPS contacted the person, if and why any search occurred and the result of the interaction.
- In addition, each of the DPS officers has participated in the two-hour "implicit bias" training and a one-hour Racial Profiling training.
- Additional training in the area of inclusion is available for ongoing education.

Figure 1: Revised DPS Form

# Office of Student Conduct Next Steps

## Next Steps

- Host listening sessions about what behavior is/isn't tolerated in our community
- Better track incidents/events that are resolved informally not resulting in a conduct case
- Explore piloting more restorative justice practices for serious non-violent personal misconduct violations
- Explore use of compliance letters for 1<sup>st</sup> time non-alcohol or non-drug Housing violations
- Explore use of a student success program for either all students adjudicated during first 6 weeks of Fall semester and/or after being found responsible twice
- Removing Administrative Warning/Disciplinary probation from regular use
- In collaboration with the Institutional Research & Testing Office, perform an analysis of the retention and graduation patterns of students who are referred to the Office of Student Conduct to explore the potential impact on student success

# Housing & Residential Life Next Steps

## Next Steps

- Develop engagement opportunities directed toward our incoming students. This will involve our current cultural advocacy groups on campus
- Work with our partners to increase our recruitment of a diverse student staff
- Implement continued implicit bias training for both Professional and Student Staff in relation to confrontation
- Work to develop different strategies for our conduct officers (hall directors) to respond and sanction within a social justice framework that would involve mentoring
- Re-develop our response to low level conduct issues to ensure that it is educative
- Examine trends by residence hall and explore its impact on overall rates of referrals

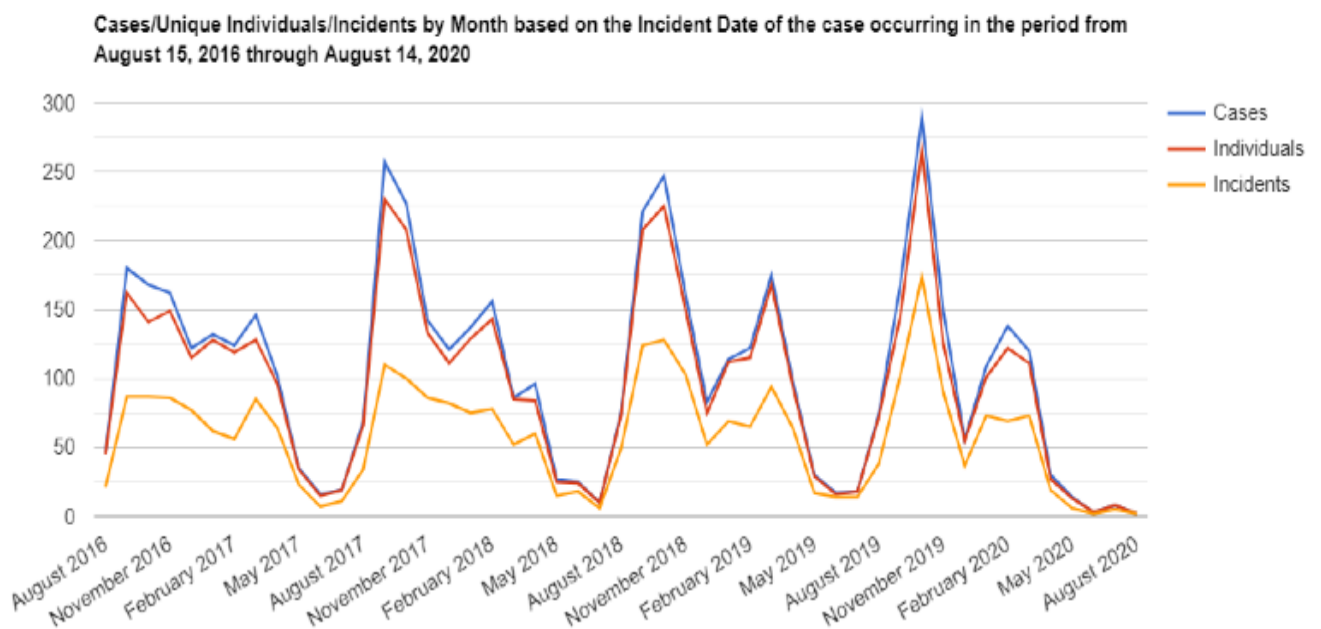

# Additional Data

During the presentations to the Sponsoring VP's and the President's Council, additional data was requested as a result of the discussion. The information provided below is in response to the requests.

The first question concerned during which months are conduct cases more likely to occur. The issue was raised because the Spring 2020 semester was interrupted and campus was largely closed due to the pandemic. The data in Figure 2 reveal cases are more likely to occur at the beginning of Fall and Spring Semesters.

Figure 2: Student Conduct Incidents by Month 2016-2020

Source: Student Conduct Data 2016-2020

Another question about the impact of repeat incidents from the same student was also examined for overall impact. See Table 5 below for a comparison of unique and non-unique conduct incidents by race.

Table 5: Unique and Non-Unique Conduct Incidents by Race

2016-17
