These policies also pertains to off-campus, University-sponsored activities and to off-campus activities (social or otherwise) sponsored by students, organizations or individuals associated with the University.

Ferris State University, like all other institutes of higher education, supports the Drug Free Schools and Community Act Amendments of 1989. This legislation promotes the adoption and implementation of a program to prevent the abuse of alcohol and illicit use of alcohol and other drugs by employees and students. This program has given the University direction to compile and distribute annually this educational material to each employee and student affiliated with our University.

One purpose of this material is to make all of us more aware of the health risks involved with alcohol abuse and illicit alcohol and other drug use, as well as to be aware of the resources available should a student or employee determine that they would like or need assistance. In addition, it is important for each of us to be aware of legal consequences and University sanctions indicated by violations of local, state and federal laws and University policies and procedures.

(3) When an individual who has not previously been convicted of or received a juvenile adjudication for a violation of subsection (1) pleads guilty to a violation of subsection (1) or offers a plea of admission in a juvenile delinquency proceeding for a violation of subsection (1), the court, without entering a judgment of guilt in a criminal proceeding or a determination in a juvenile delinquency proceeding that the juvenile has committed the offense and with the consent of the accused, may defer further proceedings and place the individual on probation. The terms and conditions of that probation include, but are not limited to, the sanctions set forth in subsection (1)(a), payment of the costs including minimum state cost as provided for in section 18m of chapter XIIA of the probate code of 1939, 1939 PA 288, MCL 712A.18m, and section 1j of chapter IX of the code of criminal procedure, 1927 PA 175, MCL 769.1j, and the costs of probation as prescribed in section 3 of chapter XI of the code of criminal procedure, 1927 PA 175, MCL 771.3. If a court finds that an individual violated a term or condition of probation or that the individual is utilizing this subsection in another court, the court may enter an adjudication of guilt, or a determination in a juvenile delinquency proceeding that the individual has committed the offense, and proceed as otherwise provided by law. If an individual fulfills the terms and conditions of probation, the court shall discharge the individual and dismiss the proceedings. Discharge and dismissal under this section shall be without adjudication of guilt or without a determination in a juvenile delinquency proceeding that the individual has committed the offense and is not a conviction or juvenile adjudication for purposes of disqualifications or disabilities imposed by law upon conviction of a crime. An individual may obtain only 1 discharge and dismissal under this subsection. The court shall maintain a nonpublic record of the matter while proceedings are deferred and the individual is on
probation and if there is a discharge and dismissal under this subsection. The secretary of state shall retain a nonpublic record of a plea and of the discharge and dismissal under this subsection. These records shall be furnished to any of the following:

(ii) The record is used by the department of corrections, the prosecutor, or the law enforcement agency only to determine whether an employee has violated his or her conditions of employment or whether an applicant meets criteria for employment.

(4) A violation of subsection (1) successfully deferred, discharged, and dismissed under subsection (3) is considered a prior violation for the purposes of subsection (1)(b) and (c).

(5) A court may order an individual convicted of violating subsection (1) to undergo screening and assessment by a person or agency as designated by the substance abuse coordinating agency as defined in section 6103 of the public health code, 1978 PA 368, MCL 333.6103, in order to determine whether the individual is likely to benefit from rehabilitative services, including alcohol or drug education and alcohol or drug treatment programs. A court may order an individual subject to a conviction or juvenile adjudication of, or placed on probation regarding, a violation of subsection (1) to submit to a random or regular preliminary chemical breath analysis. (7) A peace officer who has reasonable cause to believe a minor has consumed alcoholic liquor or has any bodily alcohol content may require that individual to submit to a preliminary chemical breath analysis. A peace officer may arrest an individual based in whole or in part upon the results of a
preliminary chemical breath analysis. The results of a preliminary chemical breath analysis or other acceptable blood alcohol test are admissible in a criminal prosecution to determine whether the minor has consumed or possessed alcoholic liquor or had any bodily alcohol content. A minor who refuses to submit to a preliminary chemical breath test analysis as required in this subsection is responsible for a state civil infraction and may be ordered to pay a civil fine of not more than $100.00.

(8) A law enforcement agency, upon determining that an individual less than 18 years of age who is not emancipated under 1968 PA 293, MCL 722.1 to 722.6, allegedly consumed, possessed, purchased alcoholic liquor, attempted to consume, possess, or purchase alcoholic liquor, or had any bodily alcohol content in violation of subsection (1) shall notify the parent or parents, custodian, or guardian of the individual as to the nature of the violation if the name of a parent, guardian, or custodian is reasonably ascertainable by the law enforcement agency. The law enforcement agency shall notify the parent, guardian, or custodian not later than 48 hours after the law enforcement agency determines that the individual who allegedly violated subsection (1) is less than 18 years of age and not emancipated under 1968 PA 293, MCL 722.1 to 722.6. The law enforcement agency may notify the parent, guardian, or custodian by any means reasonably calculated to give prompt actual notice including, but not limited to, notice in person, by telephone, or by first-class mail. If an individual less than 17 years of age is incarcerated for violating subsection (1), his or her parents or legal guardian shall be notified immediately as provided in this subsection.

Health Concerns and Health Risks
Any individual choosing to abuse alcohol or illicitly use alcohol and other drugs needs to be more aware that there may be a wide variety of health risks associated with this behavior. Chemical dependency, or addiction to alcohol and other drugs, is a chronic progressive illness that, if untreated, can be fatal.

Long term effects of alcohol abuse or alcoholism may include liver damage, especially cirrhosis (scarring of the liver); heart disease, including congestive heart failure; ulcers and gastritis; malnutrition; cancer of the mouth, esophagus or stomach; brain damage and possible psychosis; and fetal alcohol effect and fetal alcohol syndrome in infants of drinking mothers.

Use of other illicit drugs may pose some of the following hazards:

- Cocaine results in changes in blood pressure, heart and breathing rates, severe weight loss and liver damage, and it may cause seizures, coma and possibly death.
- Marijuana can affect coordination, short-term memory, visual tracking and heart rate. Regular use can produce reproductive system changes, damage to the respiratory system (lungs) and the immune system.
- Depressants in large doses can cause altered perception, blurred speech and a staggering gait. Very large doses can cause respiratory depression, coma and possibly death. In combination with alcohol, another depressant, these effects can be intensified and this multiplies the risk.
- Hallucinogens, like phencyclidine (PCP), can produce a range of effects that include slowed time and body movement, worsened muscular coordination and dulled senses. Speech can be blocked and often incoherent. Violent PCP episodes may result in self-inflicted injury. Increasing use may produce persistent memory problems and speech difficulties, depression, anxiety and violent behavior. Large doses may result in convulsions, coma, heart and lung failure and possible stroke.
- Narcotics (codeine, heroin, and a variety of prescription medications) will produce an initial feeling of euphoria followed by drowsiness, nausea and vomiting, constricted (shrinking) pupils, watery eyes and itching. Overdose may produce slow and shallow breathing, clammy skin, convulsions, coma and possible death. Due to frequent use of needles with this class of drugs, infectious diseases, including AIDS are a major concern.
- Inhalants, volatile breathable substances, which are abused by sniffing or inhaling, may interfere diversely with breathing or produce irregular heartbeats that can lead to heart failure and death. Long-term use has resulted in bone marrow damage, drastic weight loss, impairment of vision and memory, and the ability to think clearly.

It is not necessary to become addicted to or dependent upon any of these drugs to experience a wide variety of personal and/or family problems. “Harmful involvement” with any of the drugs mentioned here may show up in a number of different ways. Use of alcohol and/or the other drugs may result in poor judgment; poor coordination; lessened concentration; slower reaction times; impaired eyesight; slips and falls; self-induced burns due to fire; injuries from improper use of hazardous materials, tools or shop machinery on the job or in class; and motor vehicle crashes. In addition, personal motivation and productivity may decline. Quality of work and cooperation with others may also be jeopardized.
The impact of alcohol abuse and illicit alcohol and other drug use is also seen in both family and social circles. Continued use and abuse often times may increase problems in existing dysfunctional family/social systems or may give rise to the development of dysfunctional family/social systems impacting on significant others, spouses, children, parents, and friends. Friendships and work relationships may suffer and personal relationships, including marriages, very often become strained to the point of separation or divorce. The incidence of alcohol and other drug use involved in car crashes, violent and petty crime, and domestic violence and sexual assault is well documented and very high.

It is important to note that while we as individuals may not be personally affected by the behaviors and consequences noted above, each of us at one time during our lives will probably have to deal with a friend, family member, or co-worker who is struggling with his or her use/abuse of alcohol and/or other drugs. It is therefore important for all of us to know how we can access available resources in our community.

As a community, we encourage individual members to reach their full potential as persons and citizens, unencumbered by destructive or counterproductive patterns of behavior.

Why They Struggle Respecting Institutional Policies

Can We Trust You To Remain In Our Community And Abide By University Policy

The University considers involvement in the student disciplinary process to be part of a student’s learning experience. Through a system of progressive discipline, it is anticipated that a student will realize the importance of functioning within the University’s policies, procedures, and regulations. Though every case involving the violation of University policies or procedures is considered on the basis of the merits in that case, there are some categories of violations for which the anticipated sanction would be suspension or dismissal from the University. Such serious infractions include, but are not limited to, the distribution of alcohol to minors, distribution of illegal drugs or the use, possession, or distribution of alcohol or illegal drugs that result in a serious safety or health matter for any member of the campus or local community.
