## **CENTER FOR LEADERSHIP, ACTIVITIES AND CAREER SERVICES (CLACS)**

This department assists students in finding their fit at Ferris State while preparing for their future career by engaging them in activities and leadership development outside of the classroom. CLACS provides opportunities for students to put their skills to use while planning events, leading registered student organizations, volunteering their time to help the community, and attending a variety of conferences and workshops. The Center for Leadership, Activities and Career Services offers six distinct resource areas:

**Activities** - provides a place to go when looking for things to do on campus. Multiple activities take place every day and the CLACS staff will help you find something you enjoy doing. Event planning assistance is available to all students to ensure a successful event. Homecoming, Bulldog Beginnings, Fridays at Ferris, Five Star speakers and more are coordinated through CLACS.

**Student Organizations** - helps to keep students involved and connected to the University. There are more than 220 registered student organizations (RSOs), including club sports, Greek-letter organizations, spiritual groups, honor societies, student government, professional associations and more. Students can find a suitable or fitting organization themselves or they can learn how to start a new organization. Students can find out more about RSO's on OrgSync, our student organization management platform.

**Greek Life** - embracing the long-held history and values of fraternities and sororities, this office works to empower Greek-letter organization members to continue the legacy to advance their missions. The office offers recruitment information, support with activities, and plans Greek Week & Hazing Prevention Week. At the core, fraternal membership offers an opportunity for leadership, scholarship, service, and building community.

**Leadership** - helps students gain and use leadership skills through campus and community involvement. All students have access to a variety of leadership workshops, leadership conference, LeaderShape Institute, and many RSO's to practice leadership. Students have access to OrgSync, an internet-based software package that allows students to manage their achievements and student organization business. OrgSync also allows students to create and produce a co-curricular transcript that displays proof of their leadership and activities outside of the classroom. The end of the year Torchbearer Awards Ceremony offers emerging and seasoned leaders recognition for their efforts.

**Volunteering and Community Engagement** - volunteer opportunities are shared with students who are seeking agencies to assist. Further community engagement experiences are offered to become civically engaged, raise money, or collect donations to meet community needs.

**FERRIS LIBRARY FOR INFORMATION, TECHNOLOGY, AND EDUCATION (FLITE)**

FLITE opened on March 12, 2001, as a premier research facility integrating modern technology with traditional information resources. Designed for flexibility and versatility, FLITE continues to adapt to the advancing digital age. The library provides public computers, including a Mac Design Center of eight computers loaded with design software; wireless connectivity; seating for over 1,000 visitors; and individual and group study rooms. FLITE maintains an extended-hours study area during midterm and final exam periods and a family study room for visitors accompanied with children. Students using FLITE have access to laptop computers and scanners. An assistive-technologies laboratory facilitates the learning and research of students requiring special accommodations. New seating and study places that promote both collaborative and individual learning have revitalized FLITE's second floor and made it a popular study location on campus.

FLITE serves as a gateway to a variety of information resources available both on-site and off-campus in print and digital formats. FLITE houses a collection of more than 250,000 print volumes and provides access to 180+ online databases, reference resources, more than 160,000 electronic journals/newspapers/magazines, 18,000+ streaming videos, and over 200,000 eBooks. FLITE's SmartSearch service allows users to search for information from most of these collections through a single Google-like search box. FLITE is a Federal Depository Library for U.S. government documents and a Patent and Trademark Depository Library. The Library's online catalogs and digital resources are available through the FLITE website at <http://www.ferris.edu/library/>. Interlibrary loan and document delivery services are offered to all faculty, staff, and students, including distance-education students, allowing users access to innumerable additional resources. Faculty, staff, and students can receive help using any library resource by phone, email, real-time chat, or SMS text. Individual research assistance is available upon request from subject-specialist librarians.

FLITE takes full advantage of advanced technologies to expand opportunities for teaching and learning. The library contains four instructional studios equipped with 20-30 computer stations, an instructor's workstation, sound and projection equipment, TV/VCR, and DVD player. All instructional studios are "smart classrooms" and include a docucam. Additional equipment such as laptop computers and wireless microphones are available upon request. The instructional studios allow librarians and other faculty to teach the information-seeking and critical-thinking skills necessary to evaluate information resources. The information literacy program starts with the basics in the form of an adventurous active-learning activity in the Ferris State University Seminar (FSUS) courses. The online tutorial PILOT (developed at FLITE) provides instruction in library use and research to classes upon request of instructors. Additionally, FLITE has seven seminar rooms of various sizes to accommodate library instruction classes, meetings, and professional development activities and a Music & Media Room is available for creation of audio/visual media and to use FLITE's vinyl record collection.

### **HOUSING & RESIDENCE LIFE**

Living on campus has proven to foster student engagement and improve overall student success. Ferris State University on-campus housing provides an environment that is clean, comfortable, safe and conducive to supporting the academic mission of the University. More specifically, living in the residence halls enhances and completes the learning that occurs at the University.

Student growth is enhanced through exposure to other points of view, experiencing diverse populations, and learning to live interdependently in a community of peers. Living with others can help residents develop coping skills and experiment with responsible decision-making in a safe environment.

A variety of housing and dining options give students the opportunity to create the environment in which they feel most comfortable. Amenities include wired and wireless internet connections in each residence hall, a choice of double or single rooms, the first-year experience and many other themed housing options. Cable television, available in every room, includes HD channels. Washers and dryers are located on virtually every floor. Mail is delivered to each residence hall and each hall is equipped to provide a home-like feel with items such as board games, large screen televisions, overstuffed furniture and hall-sponsored activities.

Living in the residence halls is an educational endeavor. Our staff provides social and educational programming aimed at building cohesive communities on each floor. While our hall staff is in place to assist in maintaining community standards, residents are reminded that maintaining community standards is a shared responsibility.

The apartment community at the University consists of the West Campus Apartments. The West Campus complex has 150 two-bedroom, 50 three-bedroom and 15 four-bedroom unfurnished townhouses that include a laundry facility in each complex. They are designed to provide a neighborhood-like atmosphere for families and single students alike. Families with children living in campus apartments are encouraged to use the playground, basketball courts and various walking paths.

A furnished living room and full kitchen complement the feeling of home each suite provides. With amenities such as air conditioning, garbage disposal, wireless connectivity, campus cable television, and more, the suites are sure to be a campus favorite for generations to come.

## **KENDALL COLLEGE OF ART AND DESIGN OF FERRIS STATE UNIVERSITY**

### **HISTORY OF KENDALL COLLEGE OF ART AND DESIGN**

The roots of KCAD lead back to 1928 and Helen M. Kendall, the second wife of nationally known Grand Rapids furniture designer David Wolcott Kendall. In her will, Mrs. Kendall established the David Wolcott Kendall Memorial School as a way to continue her husband's legacy of creativity, education, and innovation. The school opened its doors on March 1, 1931, with a total enrollment of 35 art students at 145 Fountain St., in an area known as Heritage Hill. The school outgrew this location and in 1961 established a new campus at 1110 College Ave. NE. In 1984 as enrollment continued to grow the school expanded its program offerings and sought a larger campus location in the heart of downtown Grand Rapids at what is now 17 Fountain St.

In 1996, KCAD and Ferris State University embarked upon a four-year process of affiliation that culminated in a complete merger in the 2000-2001 academic year. The merger was attractive to both schools, offering a partnership of art, design, and technology that would optimize both schools' strengths, enhance educational offerings to students, and further expand Ferris' presence in Grand Rapids.

In the early 2000's, KCAD began the process of acquiring and renovating the Historic Federal Building at the corner of Pearl Street and Division Avenue in downtown Grand Rapids, but it wasn't until the fall of 2012 that the building's LEED-certified remodeling was revealed to the public. All the building's historical aesthetics were preserved, while the interior was outfitted to meet the demands of 21st century.

In the fall of 2013, KCAD finalized a merger with Urban Institute for Contemporary Arts [UICA] which has enabled both organizations to reach a broader audience through a unique synergy around contemporary art. The UICA not only supports curricular needs, but also engages the greater Grand Rapids community.

The Center focuses on both theory and application. Its laboratory facilities provide a practical, "hands-on" experience using an extensive array of sophisticated up-to-date equipment devoted to testing and solving problems students are likely to encounter in the field.

## GENERAL INFORMATION

**Heavy Equipment Center (HEC)** (1987) - This 53,000-square-foot building accommodates students in the 2- and 4-year Heavy Equipment Technology programs. The HEC building is the largest facility in the country dedicated to educating and train graduates for entry into the heavy equipment industry workforce. Additionally, it is home to the Heavy Equipment Service Engineering Technology B.S. Degree, the only one of its kind in the U.S.

**Interdisciplinary Resource Center (IRC)** (1969) (Renovated in 2007) - This building contains one large lecture hall seating 120, five classrooms with state-of-the-art teaching technology seating 30-50, television studios, the Center for Latin@ Studies, and the Office of International Education (which includes one computer classroom). The second-floor houses faculty from the College of Business. Connected to the College of Business building, the IRC also features a Starbucks in the heart of a comfortable area where students can gather, study and relax between classes.

**Jim Crow Museum** (2006) - The Jim Crow Museum is a national and international resource for individuals and groups interested in learning more about race, race relations, and racism. Located in the lower level of FLITE, the museum is this nation's largest publicly accessible collection of racial- and segregation-based artifacts. The museum is FREE to the public and features six exhibit areas—Who and What is Jim Crow, Jim Crow Violence, Jim Crow and Anti-Black Imagery, Battling Jim Crow Imagery, Attacking Jim Crow Segregation, and Beyond Jim Crow. The museum also offers a comprehensive timeline of the African American experience in the United States. The timeline is divided into sections: Africa before Slavery, Slavery in America, Reconstruction, Jim Crow, Civil Rights and Post Civil Rights.

Regular hours are Monday through Friday from 12-5 p.m. To schedule a group tour, call (231) 591-5873 or at [jimcrowmuseum@ferris.edu](mailto:jimcrowmuseum@ferris.edu). Please refer to the calendar of events for availability. Visitors to the Jim Crow Museum are prohibited from photographing or video recording any portions of the museum. Exceptions to this policy can be made at the sole discretion of museum staff and might include special events, scholars who have arranged in advance of their visits, and credentialed members of the press. Note: Because many of the museum's artifacts and media pieces contain explicit images of violence, nudity, offensive language, and other mature themes, the museum is recommended for those 12 years of age and older.

**Katke Golf Course** (1974) - This course offers 21 holes of championship golf. The original 18-hole course is a par 72 measuring 6,967 yards from the Black tees, 6,317 from the Crimson tees, 5,648 from the Silver tees and 4,752 from the Gold tees. Katke also features a "Family Tee" for juniors and new golfers. The D.O.G. Tee, or *Developing Original Golfers* Tee, allows new golfers the ability to play with more experienced players.

Katke's award-winning practice facility features three regulation holes (#19, #20 and #21), 100,000 square feet of natural grass teeing space, six target greens, a short game area for pitching, chipping, and bunker play, and multiple putting greens.

A new addition to Katke is the Ken Janke Sr. Golf Learning Center. The new facility provides a learning environment for students, members and guests, featuring four Trackman Simulators, three heated hitting bays for simulated golf and weekly league play. The facility will also feature an indoor practice green, state of the art club repair and fitting offerings, and will be home to the Michigan Golf Hall of Fame.

The Katke Clubhouse sits atop the highest point in Mecosta County with excellent views of the county to the west and of the FSU Campus to the east. The clubhouse provides full-service amenities including a fully stocked Golf Pro Shop, men's and women's locker rooms, Founder's Grille, which features a variety of food and beverage options, and a Multi-Purpose Room with seating for up to 50 guests, perfect for business meetings or small parties.

PGA Professional Staff is available daily, providing all of the needed services for golf-outing events, tournament needs, golf instruction and clinics, and custom club fitting. The golf course is conveniently located adjacent to the Holiday Inn Hotel and Conference Center.

**McKessy House (1989)** - McKessy House, resembling an Old English cottage on Cedar Street, north of Williams Auditorium, was purchased by Ferris State University in 1989 as a result of a generous gift from Gerald McKessy, a 1929 graduate of Ferris's college-preparatory program who went on to graduate from the Detroit College of Law in 1933. Mr. McKessy was a charter member of the President's Club, a member of the Phoenix Society, a founding father of the Alumni Foundation, a 12-year member of the Board of Directors of the Alumni Association, and a recipient of the Distinguished Alumnus Award in 1971 for the generous donation of his time and talents to Ferris State University. Mr. McKessy donated stock, the proceeds of which were used to buy the house, storage barn, and two acres that are now utilized as parking and additional Arts and Sciences classroom space. Mr. McKessy's gift also made it possible to remodel the house, which is currently occupied by the division of Governmental Relations and General Counsel. This division is responsible for governmental and community relations, legal affairs, equal opportunity, and labor relations.

**Michigan Art Walk (1996)** - The Michigan Art Walk is an ongoing project whereby original pieces of art work created by Michigan artists are installed throughout campus and linked by a meandering pathway, ultimately reaching into the Big Rapids community. The inaugural sculpture of the Michigan Art Walk, by Ann Arbor-based artist Barron Naegel, was installed in the fall of 1996. Also installed in the fall of 1996 were a wall sculpture by Daniel Roache, under the auspices of the Presidential Art Collection, and the main panel of Robert Barnum's "The Visionary," which depicts the history of Ferris State University. The unveiling of "Escape," an outdoor sculpture by R. Farrington Sharp, on October 17, 1997 continued the project, along with the side panels of "The Visionary" which were unveiled on February 20, 1998, completing Barnum's triptych. "Totem Stack," a sculpture by Ferndale artist Albert Young, was unveiled on May 7, 1998. "Muse" by Irina A. Koukhanova, was dedicated on November 19, 1998, and sculptor Fritz Olsen's "Ripples" was unveiled November 19, 1999. Lois Teicher's functional piece, "Bench with Three Deep Seats," was dedicated on June 14, 2000. "Ferris Arch," a limestone sculpture by Kenneth Thompson, was dedicated October 10, 2001. Mark Chatterley's "Journey to the Body Collective," a flying wall sculpture located in the reading room at FLITE, was dedicated on October 29, 2002. Robert Barnum's "Of Thought and Reason," a 130-foot-long, 10-foot-tall painting on canvas located in FLITE's

## GENERAL INFORMATION

Extended Study Area was unveiled on August 28, 2003. Ray Katz's "Celebration," a large-scale metal sculpture, was unveiled September 3, 2004. The "TO STRIVE, TO SEEK, TO FIND" sculpture is dedicated to the 125th anniversary of FSU. The sculpture was created in a partnership between Ferris Fine Arts and the campus Welding Engineering Technology Program and was funded under the FSU Festival of the Arts. Important comments, quotes or sayings about Ferris are cut into the figure from support plates redefining viewer response and increasing level of content. The Art Walk pieces, along with information about the artists, can be viewed at <https://ferris.edu/artwalk/homepage.htm>.

**Michigan College of Optometry (2011)** - The program occupies a state-of-the-art 87,000 square foot building that was the University's first to earn Leadership in Energy and Environmental Design (LEED) Gold certification. The first floor of the building is home to the University Eye Center, providing full-scope and specialty eye health, vision, and interdisciplinary care for patients from the community and around the state. The Dow Interactive Eye Learning Center on the third floor has 40 fully equipped examination lanes for students to learn and practice their skills as future Doctor of Optometry. The classrooms and seminar rooms on the second floor contain modern, modular learning and study spaces.

**Music Center (1962)** - The Music Center is in the heart of the campus at the foot of the Carillon Clock Tower, between the FLITE Library and the Top Taggart Field football stadium. The Music Center features 2 large rehearsal rooms for a number of musical ensembles offered to students and community members. These musical groups include the Concert Band, Symphony Band, Summer Band, Pep Band, Jazz Band, Chamber Orchestra and Concert Choir. These large rehearsal rooms are also equipped with state-of-the-art video and sound technology for instruction of a large variety of general education music courses offered to all students, such as Music Appreciation, American Pop Music, Music Fundamentals, Music and Culture, and Film Music. There are also three practice rooms, each equipped with an acoustic piano, that are available to all students for individual and small group practice. There is also a keyboard lab, with 15 full-sized digital pianos, designed for beginning group piano classes. The music faculty offices are also located in the Music Center.

**National Elastomer Center for Plastics and Rubber Technology (1987)** - The Ferris Plastics and Rubber program is the largest and most respected undergraduate program of its kind in the United States. The Plastics B.S. program was started in 1982 and continues to fill a great need in the growing plastics industry for technically trained personnel. Ferris graduates gain immediate status as recognized technical leaders. This innovative program provides students with a background that includes topics such as processing, material testing and properties, and mold and product design. Classes emphasize hands-on learning, using the same type of equipment that is currently used in the industry. The plastics building was expanded in 1998 and renamed the "National Elastomer Center" to include educational space for the new rubber degrees. The rubber program is a unique educational experience with graduates being sought after by the rubber industry. Coursework follows the original plastics degree in processing, testing, and design, but also includes rubber compounding. The plastics and rubber industry has shown support for the Ferris programs by sponsoring the construction of the Plastics Building in 1987 and the expansion in 1998 with funding for equipment and supplies, providing job experience by employing our students for summer internships and hiring our graduates.

**Pharmacy Building (1972)** - Designed to house all on-campus operations of the College of Pharmacy, this building includes specialized laboratories and the Ferris Pharmacy Care Clinic as well as an antique pharmacy exhibit.

**Presidential Art Collection (1996)** - Daniel Roache was chosen as the first contributor for a collection featuring commissioned works by Michigan artists honoring Ferris presidents. His aluminum, wall-mounted sculpture representing the seven (at that time) academic colleges hangs in the Williams Auditorium lobby. A bronze bust of President Byron Brophy by Midland sculptors James S. Hopfensperger and Joan Hopfensperger-Most was dedicated on April 30, 1999. It is on display in the Ferris Library for Information, Technology, and Education (FLITE).

**Quad Café (2015)** - The Quad Café includes an All-You-Care-To-Eat Marché Style Dining section where cooks prepare fresh foods in the Exhibition Style of cooking. The Quad Café offers a take-out option along with a variety of seating arrangements that include small individual areas as well as family-style seating, most with an outstanding view of the central campus quad. Located next to The Quad Café is the Grill Pit and the Snack Shack, a unique retail dining section with options that include the newest feature, the "Meal X-Change." The Meal X-Change allows meal plan participants the opportunity to use one of their unlimited meal swipes for a quick meal to go. Available within the retail section is a kiosk and online ordering app which allows patrons to order and pay for their selections in advance. Conferences, meetings, receptions, and banquets are all hosted and customized by the award-winning Catering Division. For more details call: (231) 591-2605.

**Racquet Facility (acquired in 1980)** - The facility offers four indoor hard tennis courts, ten outdoor hard courts, four 36' clay courts and fifteen 60' tennis courts (including one clay court) for junior players, two indoor racquetball courts/wallyball courts, cardiovascular and free-weight equipment, aerobic and fitness classes, tennis lessons, clinics and league programs, rental equipment and a full-service tennis pro shop. This facility serves intercollegiate athletes, the club tennis team, faculty/staff, students, and the general public.

**Rock Café (2008)** - The Rock Café incorporates European-style marketplace décor where cooking aromas, product freshness, and abundance are prevalent. An emphasis is placed on food merchandising, and also includes casual café-style seating. Marketplace concepts also referred to as Marché concepts or food emporiums, are the new generation in student dining. A marketplace concept provides an integrated food production and dining experience with an emphasis on fresh ingredients and made-to-order preparation. It is characterized by exhibition cooking at several distinct food platforms. Students today want an element of entertainment with their dining experience, a concept we call "eatertainment." A marketplace concept offers this as the food becomes the "star" and the staff is on "stage."

## NCAA Graduation Rates

### Federal Graduation Rate (FGR)

Cohort Year	<u>2006/07</u>	<u>2007/08</u>	<u>2008/09</u>	<u>2009/10</u>	<u>2010/11</u>	<u>2011/12</u>
Federal Graduation Rate (FGR)	57%	45%	64%	49%	46%	55%

Federal Graduation Rate (FGR): Federally mandated calculation for all schools that offer athletic scholarships. Counts all transfers as academic failures, so essentially measures the percentage of students who complete a BA/BS from their initial school within six years.

### DI Graduation Success Rate (GSR)

Cohort Year	<u>2006</u>	<u>2007</u>	<u>2008</u>	<u>2009</u>	<u>2010</u>	<u>2011</u>
DI Graduation Success Rate (GSR)	80%	86%	92%	100%	100%	N/A

Graduation Success Rate (GSR): Division I rate that accounts for transfers in/out. Also tracks graduation over six years. In addition to accounting for likely transfers in/out, the GSR also includes mid-year enrollees and non-scholarship athletes at Division I schools that do not offer athletics scholarships.

### DII Graduation Success Rate (ASR)

Cohort Year	<u>2006/07</u>	<u>2007/08</u>	<u>2008/09</u>	<u>2009/10</u>	<u>2010/11</u>	<u>2011/12</u>
DII Academic Success Rate (ASR)	68%	65%	63%	61%	58%	62%

Academic Success Rate (ASR): The Division II Academic Success Rate (ASR) is calculated in much the same way as the Division I GSR. The primary difference is: The ASR includes all non-scholarship freshmen ("walk-ons"), whether or not the school or squad offers aid does not matter, and as a result, the ASR counts about 50% more student-athletes than the federal graduation rate.
