Q11 What do you feel is the best thing about Ferris/Kendall?

Answered: 1,470 Skipped: 1,097

#	RESPONSES	DATE
1	The college of business is good but I want more of a challenge but plan to continue with a MBA at U of M or MSU	9/12/2017 11:03 PM
2	Friends and environment	9/12/2017 1:58 PM
3	The small campus and sense of family.	9/11/2017 9:37 PM
4	The small classes sizes and one on one interactions with professors and other students. I also appreciate the level of community involvement that the social work classes incorporated.	9/11/2017 5:24 PM
5	Small class sizes.	9/11/2017 12:56 PM
6	Professor are the best and the level of education.	9/11/2017 10:27 AM
7	The best thing about Ferris would be the information that professor are able to share about their careers.	9/11/2017 10:13 AM
8	I appreciate the opportunity and available resources for complete on line learning. I am a non-traditional student who works and has an active young family. I greatly appreciate being able to complete my course work at home at all hours based on my schedule.	9/10/2017 11:41 PM
9	Having the ability to participate in online classes. Also, having the Fast Track Business Degree is truly a blessing for me. In addition, I liked that a rep from Ferris visited the community college in my area once a month and I could schedule what classes I needed, for the following semester, through my rep. This made signing up for classes painless and easy. I knew I would get the class simply by speaking to my rep. I did not have to try to sign up for classes on my own, online, taking the chance of choosing the wrong class by mistake.	9/10/2017 7:01 PM
10	Variety of majors	9/10/2017 1:11 AM
11	The small town atmosphere that Ferris offers and professors can treat you as individuals rather than numbers.	9/8/2017 3:39 PM
12	The culture found at Ferris State university, on all campuses, and having the opportunity to meet and befriend people from around the world all in one place, is what I feel the best thing about attending FSU was, for myself.	9/8/2017 3:38 PM
13	The fact that it was local to me.	9/8/2017 1:52 PM
14	I believe that the best thing about Ferris is the staff and faculty on campus. Over the two years I have been here, starting my third, I have grown and developed professional relationships with several employees here on campus. The faculty treat you as adults and care about you and your well-being. Countless times I have gone in for advising meetings and have just talked about how life is going and about my past. The campus employees provide a comfortable feeling that welcomes people.	9/8/2017 1:51 PM
15	The best thing about Ferris is that the classrooms aren't huge, giving each student more one on one time with professors. I think the atmosphere is pretty cool as far as our sports and student organizations go. Lastly, there are so many resources for us suggesting that Ferris genuinely cares about each students success and wants to assist in any way they can.	9/8/2017 11:34 AM
16	The staff	9/7/2017 3:42 PM
17	I like how the campus isn't to big and you have a short walk to classes. There is also a lot of student organizations you can join and meet new friends.	9/7/2017 1:20 PM
18	The layout of the campus.	9/7/2017 1:01 PM
19	flexibility	9/7/2017 4:05 AM
20	It was a way to escape my hometown, and to better myself in my future career plans.	9/6/2017 7:25 PM
21	Hands-on experience. Ability to work in groups.	9/6/2017 1:03 PM

16-17 Ferris State University/Kendall College of Art & Design Graduate Exit Survey

22	The cooperation of professors with single mothers was the best.	9/6/2017 11:45 AM
23	The best thing about Ferris is the faculty who make themselves available to students and really help students succeed. Going to a mid-size university like Ferris, students get to really know their professors and the professors know them.	9/6/2017 11:45 AM
24	It's family atmosphere.	9/6/2017 11:35 AM
25	The fact that I was able to stay in my hometown was my favorite part of my college experience.	9/5/2017 7:08 PM
26	I love the campus and community and the teachers	9/5/2017 6:54 PM
27	The best thing about Ferris/Kendall is how helpful everyone is, both the staff and students. I was never afraid to call if I had a question, and my professors made it very clear that they care about us while attending Ferris and even after we graduate.	9/5/2017 6:04 PM
28	The ability to become involved in different organizations on campus! I really encourage every student that attends Ferris to become involved in organizations that will push you out of your comfort zone, will enhance your communication skills, public speaking skills, team building skills, etc. all of these I have learned from the classroom and from various student organizations that will be extremely helpful to me in my career! I also loved that I had all the same professors that I got to know over the last couple of years that have invested themselves in my education and career as much as I have. I have loved my years at Ferris and it flew by faster than anyone could imagine!	9/5/2017 5:47 PM
29	The hands on and in the field experience.	9/5/2017 11:33 AM
30	The education / cost	9/5/2017 10:53 AM
31	Small class sizes allowed me to work with teachers on a more personal level which was beneficial for my learning.	9/4/2017 3:49 PM
32	When describing FSU to others, the single most significant thing I emphasize is how personal it is (especially in regards to my program - Biotech). Even though this is a medium sized school with well over 10,000 students, I have had classes where I am one of five, and I have had the same two professors for 75% of my major-related courses. This had lead to a wonderful academic atmosphere where I can connect with both my professors and peers: they know me and care about my success. I feel at home here, and leaving Ferris is going to be bittersweet.	9/4/2017 2:53 PM
33	The best thing about Ferris is the staff. Although I disagreed and do not respect all of the professors and faculty, the large majority of professors and faculty were amazing people who truly cared if you learn. Furthermore, they cared if the students are happy and prepared for life after college.	9/4/2017 11:47 AM
34	I like the environment in Ferris, and the faculty try their best to help students.	9/4/2017 2:28 AM
35	Free Bumper Stickers	9/2/2017 4:56 PM
36	Internships and RSOs	9/2/2017 1:34 PM
37	I Really Enjoy the small class sizes and the teacher student interaction. I love that the teachers teach you but also take time to get to know you during the semester. I also love the fact the school participates in the consortium program so i was able to take classes at Mott community college at a cheaper cost and stay close to home.	9/1/2017 7:55 PM
38	I thought the best thing about Ferris was how relatable all the professor's were to me. They were all very approachable and were willing to answer any questions we had for them.	9/1/2017 4:32 PM
39	smaller class sizes that give you personalized attention	9/1/2017 1:14 PM
40	The growing music program and the diverse RSO possibilities.	8/31/2017 6:14 PM
41	The atmosphere	8/31/2017 6:04 PM
42	Met some great friends.	8/31/2017 5:20 PM
43	To me, the best thing about Ferris is the people around campus. The faculty are very helpful, and willing to go the extra mile to make sure your question gets answered. I also really like the smaller student to teacher class ratio, as this made getting help from the instructor easier, thus improving my learning.	8/31/2017 4:54 PM

45	Everyone here is pulling for you to graduate. EVERYONE. My advisors were absolutely amazing. They helped me from the first day I inquired about transferring to this wonderful day where I am applying to graduate. I can't speak highly enough about the entire staff. They want you to graduate. They want you to succeed. It's so refreshing.	8/31/2017 9:24 AM
46	The best thing about Ferris was the guidance it provided from professors, to advisors, all the way to staff who worked at the financial aid office. I always got every question answered with ease.	8/30/2017 9:48 PM
47	The sense of community that is formed within the programs and classes gives students a sense of comfortability. Everyone was so nice from orientation to graduation, always willing to help.	8/30/2017 9:27 PM
48	I'm very satisfied with the professional and business style of all Ferris state professors.	8/30/2017 9:26 PM
49	The support from past, present, and administration.	8/30/2017 3:57 PM
50	The friendships and connections you make here at campus.	8/30/2017 2:49 PM
51	I enjoyed the different types of RSO's and jobs accessible for students.	8/30/2017 1:17 PM
52	The staff was very helpful and understanding while in class and outside of classes.	8/30/2017 12:55 PM
53	The professors	8/30/2017 12:30 PM
54	Joining Alpha Xi Delta, joining Social Work Association, the amazing faculty and staff, the wonder study abroad opportunities, and so much more.	8/30/2017 12:21 PM
55	The best thing about Ferris State University is their majors that they have to offer. They do have some of the best programs in the world as well.	8/30/2017 12:18 PM
56	The faculty, small class sizes, unique majors.	8/30/2017 11:13 AM
57	The Professors.	8/29/2017 10:39 PM
58	Offering Manufacturing Degree in Grand Rapids	8/29/2017 9:48 PM
59	I think Ferris offers a wide variety of courses, especially in the college of business. It was definitely nice to have many choices, with most of them being interesting, and beneficial for my degree.	8/29/2017 7:46 PM
60	The size of the campus, in terms of attendance and actual size, is perfect. It's big enough to feel like an established university but small enough to see all of it in a day. Everyone knows everyone within only a few degrees of separation.	8/29/2017 5:40 PM
61	The opportunities that I was given while I was here.	8/29/2017 5:30 PM
62	Clean campus, friendly staff	8/29/2017 12:25 PM
63	The ability to work one on one with the professors and the encouragement to work in groups to complete assignments.	8/29/2017 12:09 PM
64	The professors that I had have been really helpful with me schooling and helping me pursue what I want to do after graduation.	8/29/2017 11:45 AM
65	The buildings.	8/29/2017 11:42 AM
66	The entire college experience	8/29/2017 9:09 AM
67	Being hands on from day one was nice.	8/28/2017 7:48 PM
68	The flexibility of choosing a major The diversity of the campus	8/28/2017 4:28 PM
69	The professors. I met some really cool ones! They paid great attention to student, if the student was willing to work!	8/28/2017 2:38 PM
70	You're not just a student id number to your teachers	8/28/2017 11:53 AM
71	Online learning available	8/28/2017 9:48 AM
72	Some staff members would frequently go above and beyond to make sure you were getting your resources you paid for.	8/27/2017 8:38 PM
73	Small class sizes.	8/27/2017 7:53 PM
74	The best thing about Ferris is that I really feel that I learn a lot.	8/24/2017 9:56 PM
75	Diversity and educational standard.	8/24/2017 3:05 PM

16-17 Ferris State University/Kendall College of Art & Design Graduate Exit Survey

76	The level of experience and knowledge my professors had and their willingness and ability to get me working in the field.	8/24/2017 2:11 PM
77	Loved the atmosphere	8/24/2017 1:22 PM
78	The unique mix of students that make up the Ferris community.	8/23/2017 8:13 PM
79	Being able to find your future plan based off of what classes you are taking. Plus the staff can help you figure those out as well.	8/23/2017 7:46 PM
80	Proximity to current location coupled with ability to receive undergraduate degree while maintaining current employment.	8/23/2017 5:42 PM
81	Being small enough to know quite a bit of people and feel comfortable in classes.	8/23/2017 12:06 AM
82	I think that the best thing about Ferris is all of the extra help a student can get. For example, I used the writing center several times to help me on my research papers and essays. They also have a program called SLA that is focused on making sure students understand the material they are presented to in the class room. It help me a lot in my chemistry class. I think that Ferris does well with educating a wide range of ethnicities which makes it a very diverse environment, which I loved.	8/22/2017 8:26 PM
83	I feel the best thing about Ferris was the flexibility of class hours and schedules.	8/22/2017 2:24 PM
84	I like that I was able to take classes in my hometown Traverse City.	8/22/2017 1:31 PM
85	It taught me stuff I didn't know about.	8/21/2017 4:22 PM
86	It's large enough that you get a full university experience and there's something for everyone. Yet, it's a small enough school that you don't feel overwhelmed and constantly distracted by things going on.	8/19/2017 8:58 PM
87	It is a very good university, very peaceful campus. The professors are very friendly and supportive.	8/19/2017 10:27 AM
88	The amount of online courses was great!	8/18/2017 2:11 PM
89	Its small, but efficient.	8/17/2017 7:19 PM

94	Ability to complete degree online	8/15/2017 11:13 PM
95	How flexible the classes are for online students. Advising staff is great.	8/15/2017 5:42 PM
96	The ability to work around a busy schedule.	8/15/2017 11:47 AM
97	The online option is the only reason I was able to graduate.	8/15/2017 10:25 AM
98	The teachers in my program really care about the understanding of the material. They want to see you exceed and be successful in life and give you opportunities to do so.	8/15/2017 9:01 AM
99	The college of engineering technology.	8/14/2017 9:58 PM
100	Have professors that worked in the field for many years before teaching.	8/14/2017 3:02 PM
101	Great professors.	8/14/2017 7:59 AM
102	The availability of a completely online program	8/13/2017 11:39 AM
103	The only course work makes it possible for me to complete my degree online.	8/12/2017 10:55 PM
104	Nice small campus with a close knit community.	8/11/2017 4:32 PM
105	The best thing about Ferris is probably the overall feeling of being at home wherever you are on campus.	8/11/2017 1:44 PM

141	I feel that the best thing about Ferris is the size. It's small enough where you can be really involved and know a lot of people around campus and in your classes but it's also big enough where you are always meeting new people. The small size of my classes also helped me form a better relationship with my professors to the point they all know me by first name outside of their class. This makes me feel much more comfortable approaching them and I think it helped enhance my education.	7/28/2017 1:19 PM

242	Over the last few years at Ferris, I've always liked the fact that the campus is not too big nor too small. Coming from a small town, I found Ferris to be a good fit for me because I enjoy smaller classrooms and more one-on-one communication between professors as well as students. Some of my fellow peers may say that walking around campus is a pain, but I actually really enjoy walking around on campus-whether it be to classes or to take a study break. I like the fact that Ferris has made a point to include nature on its campus- not only to bring scenery but to also coincide with nature. While attending Ferris I've enjoyed going to many events over the years such as hockey games, cultural festivals in the IRC and University Center, Founder's Day (which is a personal favorite of mine), and many different professional speakers from the COB-to name a few. I think Ferris has a lot to offer its students if they truly take a chance to experience new possibilities.	5/24/2017 4:42 PM

329	The instructors are interested in the students and most are willing to invest extra time working with them if they are trying and need extra help.	4/18/2017 9:09 AM
330	The instructors were excellent overall. The campus is very nice.	4/17/2017 11:40 PM
331	The oncampus experience that you recieve is amazing	4/17/2017 2:05 PM
332	I really liked the content of the material. I thought for the most part the instructors were very good. I learned a lot from Ferris and plan on continuing my education. My adviser was amazing [REDACTED] I could not have done it without her. She deserves a big pat on the back, the best!	4/15/2017 7:53 PM
333	I enjoyed my teachers and am happy to move on into a career after I finish my bachelors program here at ferris.	4/15/2017 2:45 PM
334	The small school atmosphere is the best thing about Ferris. I really liked the small class sizes and one on one time with professors.	4/12/2017 1:12 PM
335	The attitudes/ teaching styles of a very select few professors.	4/11/2017 4:16 PM

339	The openness of teachers and the small class sizes for higher level classes.	4/10/2017 9:08 PM
340	The fully online program and most of the instructors were very good	4/10/2017 6:59 PM
341	At least as far as the Health Care professors are concerned, i loved how they all had real world experience before going into teaching. They don't just feed you the info right out of the book but actually teach things in a way that makes it relatable to what we will be doing in our careers.	4/10/2017 11:59 AM
342	The Club sports program.	4/6/2017 5:37 PM
343	The online program for AMGT.	4/6/2017 12:00 PM
344	The labs the science department hosted were very well structured. Classes often times had real life skills attached to them, such as creating a resume. That was extremely helpful. The student employment is wonderful as well. I have made lifelong connections through joining a work team.	4/6/2017 11:32 AM
345	I like the experience the professor's bring to the classroom.	4/5/2017 9:55 PM
346	Ferris state has made me an all around better student. Coming from junior college classes were not as tough as the classes are at an university. So Ferris has taught me how to be discipline with my work and using my resources while they are available.	4/5/2017 8:26 PM
347	The preparation to go out into the real world and immediately be looked at as an asset to a company.	4/5/2017 3:05 PM

357	I think the best thing about Ferris is all the opportunities available to students. Not only do we have a wide variety of classes to choose from, there are also so many different student organizations and events to attend, as well as great on-campus employment options. If you are a driven student, and you want to get the most out of your college experience, the opportunity is here.	4/1/2017 9:12 PM

362	the professors	3/30/2017 7:32 PM
363	I feel like the best part about Ferris is its warm and welcoming presence. Ferris allows students to have the college feel without being overwhelmed by large campuses or class sizes. Most, if not all, of your classes are taught by a professor instead of a TA, which I feel provides the best learning experience, and allows students to make connections with their professors.	3/30/2017 12:20 PM
364	I enjoy the people/students/staff that surround the University. They are all very friendly and the campus is a very warm place to be. Although there were a few professors who did their job very poorly, there were a few professors that I have sincere gratitude for their help in my education. I would like to list those professors as to give them credit for there help and expertise in their field: [REDACTED] [REDACTED]	3/30/2017 10:55 AM
365	I am a student at one of your off campus sites in Lansing. I really enjoyed the flexibility you allowed me. I could work and go to school to the same time and because of that I'm happy to say I will be graduating with no debt. That was my ultimate goal was to get a degree in Business and start my life with no college debt. I want to thank you for that.	3/30/2017 10:11 AM

396	The great mix between a small-school environment and large-school facilities/resources. The school is a perfect size where every education feels individualized and you dont simply feel like another number at Ferris State. Smaller class sizes also allowed for a much greater relationship with instructors which aided tremendously in effectively getting needed help outside of class, and greater participation in class. Ferris is also very diverse with its students and provided courses.	3/22/2017 9:57 AM
397	The diverse/ knowledgeable teaching staff.	3/21/2017 9:29 PM

411	The involvement in the local community. It was great seeing all the on-campus organizations working with the community to help the community feel like they're a part of the college. As a college student working at one of the local businesses it helps not feeling alienated from my coworkers because I went to Ferris. In some communities the college is treated as a sore to the community. It was really nice being supported by a community.	3/19/2017 3:13 PM

605	the interaction between students on campus	2/2/2017 12:17 PM
606	I am a student at an off campus site and I feel that the Professors that I had did a great job adapting to the unique environment. I thought the career and educational experiences the professors brought to my program (CJ ADMIN) were excellent and I feel that this degree was well worth the hard work and effort I put into it. I really appreciated that to do well in this program you had to work for it and it did not come easily. I am expected to be a master of this material when I am done and I believe that I will be, based off the work that your professors put into this program, and the work that me and my fellow hard working students put into the program as well.	2/2/2017 11:42 AM

635	The relatable professors and the how customizable the degree program was.	1/29/2017 3:48 PM
636	I like the convenience of being able to get all of my degree from Grand Rapids Community College/FSU. Going away to college and spending so much more money would have been hard for me to accept, so commuting to a closer location and being able to do my degree from home was very appealing. I like my professors in this degree field. All of them seemed to have a great understanding of the material, and were able to tell us about the 'real world' in health information technology and management. They were kind and caring. I always felt that if I needed help from them, they would do anything they could to help me to succeed.	1/29/2017 11:49 AM

641	I loved how all the professors were very nice and and loved the subjects they were teaching. I liked the fact that all my professors had jobs that were related to the field of study I was in and I liked how they used real life scenarios to help me understand the material. I attended Ferris State at the Macomb College location. It was a great experience! I loved that the classes were all at night because I was able to work full time and still be a full time student.	1/27/2017 10:18 PM
642	Small campus environment.	1/27/2017 7:09 PM
643	I think the student to staff ratio is the best thing about Ferris. I never felt like just a number.	1/27/2017 4:29 PM
644	It's the perfect size - big enough to be anonymous when you want, but small enough to be known on campus.	1/27/2017 1:22 PM
645	Good program to be in. this not only education but there is a lot of social networks	1/26/2017 7:42 PM
646	My favorite thing about Ferris was my educational experience. I enjoyed all my professors and learned from them.	1/26/2017 6:21 PM
647	professors	1/26/2017 5:11 PM
648	The best thing about Ferris/Kendall is the location especially with it being such a centrally located campus in the state along with the advisers and teachers working well hand and hand with the students.	1/26/2017 3:01 PM
649	I was able to complete the entire certificate program on line.	1/26/2017 1:58 PM
650	I really like the student to professor ratio in most of my classes. The smaller classes made me feel more like everyone was a friend; was not afraid to ask questions of the professor and or peers.	1/26/2017 11:39 AM

658	The best thing about Ferris were the social work professors who were very invested in their work. They really wanted their students to learn new things and they went out of their way by doing so. The students were able to be involved in the community and learn very useful material.	1/25/2017 4:34 PM
659	The availability of online classes. Strong support from counselor.	1/25/2017 2:54 PM
660	The use of adjuncts is FSU's strongest strength. I learned more from my adjuncts and new full time professors than the established full time professors.	1/25/2017 2:43 PM
661	Has many in person options for classes	1/25/2017 2:17 PM
662	how much the professors are willing to help in class and with getting jobs and internships.	1/25/2017 1:07 PM
663	The environment and the teachers genuine concern for everyone of their students success	1/25/2017 12:13 PM
664	Your voice is heard and you can affect change. Ferris has an amazing history of true opportunity and still provides opportunities.	1/25/2017 11:27 AM
665	Some of the professors in my program (MSW) were outstanding at supporting students in their journey. Overall, I feel that ferris offers many different professional degrees and certificates that many other colleges do not that make them stand out.	1/25/2017 11:06 AM
666	I love the atmosphere here!	1/25/2017 10:43 AM
667	The best thing about Ferris is the amount of opportunities I have been presented with while here. The faculty and staff have always been more than willing to help me with any questions I had and they made my experience at Ferris one to remember. I have made so many connections and friendships that I am sure will be very valuable in all of future endeavors. Even though I am continuing my education at another university, I will always be a bulldog at heart!	1/25/2017 9:35 AM
668	The best thing about Ferris is being a bulldog. I have never felt more pride in the community I lived. Being a bulldog means something different to everybody, but being a bulldog to me meant connecting to the people around me. I learned how to become one with a community rich in diversity. We are all individuals with different dreams and aspirations but we are all bulldogs, and that is what we have in common. My program required me to work in the field much more than other programs across the state. I felt like I was prepared to work with people from different backgrounds and in different settings.	1/25/2017 9:17 AM
669	The school spirit. It is one of the biggest reasons I came to Ferris. Growing up and playing sports throughout all of my schooling made me want to go to a University where there is a feeling of oneness. You can definitely feel that when you attend any sporting event at Ferris State. It makes me feel good to walk through the doors of any building or through the campus. "I am a Bulldog, We are the Dawgs; We are proud to be Ferris State Bulldogs." It's like an unspoken mutual agreement within a head nod when passing a fellow Bulldog.	1/25/2017 2:40 AM
670	If Ferris has the degree you are looking for, you will not be dissatisfied with the courses and programs that are available to you.	1/25/2017 2:05 AM

682	The best thing about Ferris is the professors.	1/24/2017 4:09 PM
683	Small class sizes, and ability to create a relationship with the faculty.	1/24/2017 4:01 PM
684	The hands on learning opportunity i was provided for my major was the best thing about ferris.	1/24/2017 3:47 PM
685	The small class sizes, and my academic advisor.	1/24/2017 3:47 PM
686	The fact that they had a Grand Rapids Campus I could go to instead of having to go to the Big Rapids one.	1/24/2017 3:12 PM
687	I feel that the smaller campus and classroom sizes were the best thing about Ferris. I never felt overwhelmed like I think I would if I attended a bigger university. Another thing that I don't think I would have experienced at a large college was the smaller class sizes that Ferris offers. It allowed for the professors to be more personable and have more time to meet with students individually, which I enjoyed.	1/24/2017 3:05 PM
688	The small class sizes and Professors remembering names of students.	1/24/2017 2:51 PM

722	Courses taught by [REDACTED] were most beneficial and effective in teaching practical and important elements of education. [REDACTED] brings her experience into the classroom as a professor that students then learn from and extend into their own classroom experiences. She is always over prepared to teach and exemplifies the level of engagement that we as future teachers should replicate in our lessons. It is clear that [REDACTED] respects our time in the university classroom, making the most of each session, and being thoughtful and purposeful about preparing us for the real world teaching applications we will be required to think through in our future careers. I feel that I would have been most prepared for teaching if I had her as a professor for all of my educational/teaching methods courses. When [REDACTED] observed/supervised my lesson during my first pre-teaching experience, she was intentional about highlighting a couple of my strengths, and also challenging me with a couple of areas of growth. The detailed feedback she gave me, was the best I had throughout my observations with various observers. I still reflect on that feedback, and use it as a point from which to grow and learn. She is an exceptional professor.	1/18/2017 10:50 PM

I was grateful and felt more confident that my instructors throughout [REDACTED] [REDACTED] in particular) were certified and had hands on experience in my field. It was a real insight into using the technology, the type of work I would be doing, and just made my experience easier because of their knowledge, help, and instruction. I also am really proud of the education I earned, because it is an accredited program. Since beginning my job search I have noticed many places require a completion of a degree from an accredited program. I cannot say enough positive about the particular instructors I mentioned earlier, I feel without them I wouldn't have made it to graduation or would not have the knowledge and insight that I do.	1/17/2017 4:34 PM

791	The dedication to diversity and student involvement	1/11/2017 3:28 PM
792	The smaller class sizes and feeling of inclusiveness given to students from states other than Michigan helped me personally achieve my academic goals in a way that was impossible to achieve at any other University. I'm originally from Illinois so I had to find a college that would be financially welcoming to those out of state. The tuition was reasonable and the teachers were great. I learned that you get out what you put in to anything you do at Ferris State University pretty quickly. I was able to achieve two Bachelor of Science degrees at Ferris for the price of one degree at any other University that I was looking into in the state of Illinois. My teachers in both Nursing and Health Care Management pushed me to succeed academically and prepared me for the workforce. I was very happy with my decision to go to Ferris and it was just what I needed to start out my future career in healthcare.	1/11/2017 3:16 PM

803	The RN to BSN program is perfect for a full-time RN. No clinicals is the best part.	1/10/2017 3:47 PM
804	The best thing about Ferris is that my degree forced me to get three internships. At first I was concerned about the amount of internships I needed and how I would get them, however, it was that concern that pushed me to be aggressive while looking for internships. I got an internship at a major hospital in the Grand Rapids area, which has led to working as a contract employee there. I know that without a doubt I would not have been given that opportunity without getting my foot in the door by first pursuing an internship.	1/10/2017 3:31 PM

832	I love that I could get my degree and continue to work full time and make money. Ferris was not like other universities because most do not work around a schedule of a full time worker. Usually, universities expect students to work with the schools schedules or take their time to finish getting their degree. I really liked that I could get my degree at a faster pace by taking online or hybrid classes, utilizing the 3+1 program with LCC and continue to live my life.	1/3/2017 9:50 PM
833	The Ferris campus has a small town feel, but is still quiet a large university. I liked how involved I was on Ferris' campus and the usefulness of those skills I have gained during extracurriculars. 930	The option available to students off-campus such as the 3 plus 1 program. I am very appreciative of the Ferris State - Harper Woods campus. My degree was definitely worth the 40-minute ride twice a week. I have already recommended the program to community college student. The staff was amazing and very support also. It was very close, family-like, at the campus.	12/5/2016 10:39 PM
931	The best part about my experience at Ferris would be my Hospitality professors.	12/5/2016 1:28 PM
932	As an off-campus student (Traverse City), I am grateful for the opportunity to obtain a degree without having to live on/near main campus.	12/5/2016 1:11 PM
933	The professors in my college, outside of my college within the general studies they tend to push their political biases more than an education.	12/5/2016 8:25 AM
934	In the education department at Ferris State there were a few professors that stood out and went above all to help students understand material and transition well from class to class.	12/4/2016 11:49 PM
935	The best thing is being involved in the industry standards of your field as coming out of school students know the industry terms and how to apply them	12/4/2016 11:22 PM

944	That is 10 minutes from my home and worked with GRCC so I did not have to take all of my classes just at Ferris making it affordable for me to not only get my Business degree but also 2 certificates. I am excited to take a semester off then possibly go back and get my Masters through Ferris. I love that I could take my classes also online. That make it possible for me to work, raise children and go to school and finish my degree. I choose Ferris because they also excepted all of my classes for transfer	12/1/2016 9:04 PM
945	I didn't feel like a number, and all professors contacted me 95% of the time within 24 hours if I ever had a question. Advisers were always willing to help me. After being a student a LCC and MSU, I can say with no doubts that FSU is the experience a student should get when attending a college.	12/1/2016 3:49 PM
946	Feels like home.	12/1/2016 2:26 PM
947	I like that most buildings are close together.	12/1/2016 2:20 PM
948	The programs available, and job placement percentage.	12/1/2016 1:56 PM
949	The professors are always willing to help you learn! Also, the class sizes are small, which allows the professors to teach the students better.	12/1/2016 11:03 AM
950	I really love how diverse our university is. How much we support one another. The amount of support we are provided is also amazing (tutoring center, birkham). The jobs on campus are super flexible and friendly. Most importantly, the range of teaching styles and professors made the experience worth it. You really grow as a student and an individual.	11/30/2016 5:16 PM
951	Meeting new people who are passionate about my same career.	11/30/2016 5:03 PM

974	For me, it was the subtle adjustment from small town to major city. I went from a small town to Big Rapids to Grand Rapids. It was a great place for me and Ferris State University helped me to adjust and get used to the life.	11/27/2016 6:24 PM
975	The ability to take many classes online.	11/27/2016 6:09 PM
976	The best thing about Ferris is the fact there was always someone willing to help out with any question I may have had.	11/27/2016 12:19 PM
977	The huge amount of thing to do on or near campus.	11/27/2016 4:12 AM
978	The best thing about Ferris State, for me, was the personal growth that it forced upon me. Being at Ferris forced me to grow up and truly develop as an individual and a student. The curriculum for the AIMC program brought out my passion for advertising. I believe that the professors are extremely knowledgeable of the industry and the tasks one would be faced with in the industry. As a whole, I believe that being at Ferris State has prepared me to continue my journey through adulthood.	11/23/2016 2:38 PM
979	The instructors!	11/22/2016 7:46 PM
980	Ferris has chosen the best possible staff they could. All staff has great knowledge of what they are teaching and help you along the way.	11/22/2016 7:26 PM
981	I think the best thing about ferris is all the different health care programs offered.	11/22/2016 7:25 PM

987	Getting a Degree	11/21/2016 3:35 PM
988	Through my encounters in industry, the Plastics Engineering Technology program at Ferris State is one of the best if not the best of all competitors. The resources available in plastic injection molding labs is superior to all other schools of the same program, which sets our graduates apart from all others when looking for a job. The continuance of growth and funding to this program is essential to maintain the reputation in industry.	11/21/2016 2:57 PM
989	Small Classes	11/21/2016 2:31 PM
990	Excellent program offerings! Felt the faculty and staff were very knowledgeable and welcoming. This investment was 100% worth it and I am proud to have done my training at Ferris	11/21/2016 1:53 PM
991	The best thing was gaining life experiences that I needed to face in order to approach the start of my adulthood. All of my Ferris State experiences, positive and negative, gave me perspectives on life, the people I surround myself with and most importantly, myself. I am appreciative to the campus, staff, and educators for believing in my path and investing the effort to making me a productive citizen.	11/20/2016 9:13 PM

1011	Th teaching staff and atmosphere of the campus	11/16/2016 8:49 PM
1012	Reasonably priced and not horribly far from Grand Rapids.	11/16/2016 7:05 PM
1013	I felt safe while attending Ferris State University	11/16/2016 5:29 PM
1014	I think the best thing about Ferris State University compared to other colleges and universities was the student to faculty ratio. Since I was in welding engineering technology, I was able to communicate with all of my professors about school and life and education advising. I believe that Ferris will always be a great school if it keeps the quality of it's professors and faculty and doesn't sacrifice class quality for student quantity.	11/16/2016 5:06 PM
1015	I feel that the best thing about ferris was how involved that the Professors are. That was a huge factor that lead to my success.	11/16/2016 4:47 PM
1016	The level on involvement of students in RSO's, as well the level of caring professors show.	11/16/2016 4:29 PM
1017	Being in the graduate program, I loved the communication I was able to have with my professors. They were always willing to help.	11/16/2016 4:21 PM
1018	The small class sizes were a very good thing here. I liked how the teachers actually knew who I was and cared about me as a student. With the small class sizes I could learn a lot better because I got one on one attention.	11/16/2016 2:47 PM
1019	Class sizes are not ridiculously huge and teachers are typically a big help when you seek out their advice.	11/16/2016 2:43 PM
1020	The professors are hands on and actually teach their own classes.	11/16/2016 2:34 PM
1021	The student to faculty ratio is very reasonable and greatly helps with learning.	11/16/2016 12:05 PM
1022	That my program was offered completely online.	11/16/2016 3:46 AM
1023	The sense of community and accomplishment, especially in the higher level courses. Information is not just given on a plate with the expectation of memorization. Classes at Ferris actually require a level of understanding beyond the minimum that pushes students' learning objectives. This prevents a competitive atmosphere from forming between classmates, and instead encourages cooperation toward a common goal.	11/16/2016 12:38 AM
1024	The welding program is really the best, has some of the newest equipment out there and really like the smaller classes you have the same professors through out the program you get to know them as the get to know you not like bigger Universities where the students are just another number and professor never learn your name. The professors are really there to help you out and give you advise. I knew I always could go to them is I had a question whether it had to deal with school or not.	11/15/2016 8:51 PM
1025	The sense of home that I felt. It was similar to being in a tight knit community.	11/15/2016 8:02 PM

1037	best of both worlds between a small and large campus university	11/14/2016 4:28 PM
1038	The size of the campus.	11/14/2016 4:10 PM
1039	I really like how my professors in my major worked classes into real world situations.	11/14/2016 4:09 PM
1040	Housing, campus activities, meal plans.	11/14/2016 11:48 AM
1041	The qualifications of the professors to teach the subject matter. It seems easy to find a professor who can read out of a book... my upper level Ferris classes were taught by people who actually worked in these fields, or were working in these fields, and "taught on the side" to put it in those terms. I feel this makes them better able to relate the material to the real world and how someone would use it beyond a classroom.	11/14/2016 11:34 AM
1042	The overall environment.	11/14/2016 10:57 AM
1043	Small hometown feel.	11/14/2016 9:48 AM
1044	A smaller university promotes more one on one interactions between other students as well as professors, and lends itself well towards future work space possibilities.	11/13/2016 8:03 PM
1045	Most of the professors desire to be here shows, therefore they are willing to help students on an individual basis to help the student succeed. Professors truly care about what they are teaching, which shows and helps students become more interested.	11/13/2016 4:00 PM
1046	It's offsite is located in Grand Rapids, MI. The tuition is reasonable compared to other colleges.	11/12/2016 1:08 PM
1047	1) Perfect class sizes- my professors almost always knew me by name and I felt I received the level of instruction necessary. Furthermore, faculty made themselves readily available through office hours. Faculty truly care. 2) Practical skill based learning/internships- I had multiple internships throughout my program at FSU and they have been very beneficial.	11/11/2016 3:50 PM
1048	With my experience at Ferris, the best thing about it was the smaller class sizes. I didn't feel as though I was just a number, I felt as though I had a name and didn't feel so small.	11/11/2016 2:52 PM
1049	I met a lot of great friends at Ferris and my education was challenging but will allow me to get a great job in the future. The college of pharmacy is a very prestigious program.	11/11/2016 2:44 PM
1050	The faculty and staff at the College of Pharmacy do their absolute best to provide the pharmacy students with the resources and knowledge they need to be successful, not only in the program, but in all future endeavors.	11/11/2016 9:10 AM
1051	People care about you and how you do. A tight knit community that offered me many opportunities.	11/10/2016 8:59 PM
1052	The people I met there, and the experiences I shared. I will never forget my time at Ferris, both in Big Rapids and Grand Rapids.	11/10/2016 8:43 PM

1092	I like that they worked with my local community college so I could attend even though I live almost 100 miles away from the actual campus.	11/6/2016 3:22 PM
1093	The instructors for the Graphic Design program have years of work experience in this field. This allows them to teach and explain things efficiently and in a manner that is easy for students to understand. It really helped me to learn!	11/5/2016 3:49 PM
1094	Small college town	11/5/2016 8:57 AM
1095	It feels like home. It is small enough to get to know faces on a regular basis, yet meet someone new each day.	11/4/2016 7:06 PM

1098	I like the amount of activities you were able to participate in while attending Ferris.	11/3/2016 8:50 PM
1099	Small class sizes and very hands on.	11/3/2016 6:01 PM
1100	I really loved the ability to work one-on-one with all of my professors	11/3/2016 5:17 PM
1101	My professors, you could tell they really loved their job and made sure that I was learning the subject. There are a couple professors I would like to single out [REDACTED] and [REDACTED]. These three professors went above and beyond in my eyes and actually made me look forward to going to class everyday, also if I needed help with anything like graduation, internships or registering for classes they would not hesitate to help in whatever way they could.	11/3/2016 2:43 PM
1102	The environment at Ferris State is welcoming, friendly, and worthwhile. The staff, students, and courses are very beneficial and they actually care!	11/3/2016 12:41 PM
1103	I love the diversity here, and how the campus is small enough to get one on one help from professors. I love the community and small town feel.	11/3/2016 12:08 PM
1104	The small school atmosphere professors knowing my name. Even after they've had me as a student.	11/3/2016 11:57 AM
1105	The people. I can't think of many professors that I wasn't fond of. Each one was unique but highly educational and all of them were open and caring. I have felt, and still feel, that all of my professors truly cared about my education and the education of all of their students.	11/3/2016 11:15 AM
1106	The engineering atmosphere.	11/3/2016 10:57 AM
1107	the personal relationships made with professors	11/3/2016 10:03 AM
1108	I feel the best thing about Ferris is the opportunities available to students if one takes the time and effort to get involved. Being in RSOs and taking the time to study abroad and go to conferences where I was able to network and meeting professionals in my industry has been so beneficial. I also find for the most part the faculty and staff are EXTREMELY supportive. Yes, there are definitely some bad eggs and professors I'd rather take a nap in their class than listen to them and some that weren't the most helpful when I took the time to visit them during office hours but I have had many more good experiences than bad ones.	11/3/2016 9:51 AM
1109	The best thing about Ferris are the unique degrees that they offer for students, that few other colleges offer.	11/3/2016 9:39 AM
1110	N/A	11/3/2016 12:07 AM
1111	The food and some of the professors.	11/2/2016 8:08 PM
1112	I love the sense of community on campus. I left because I was far away from home, but I always wanted to graduate from Ferris. I completed my degree online. I miss campus and am excited to come back for graduation. I wish it was closer and I would have stayed on campus. I learned a lot from my online professors and loved the online program also.	11/2/2016 5:57 PM
1113	Ferris State has always done well with providing students the opportunities for internships, or to possibly meet future employers while here. The small class sizes also facilitate a more open learning environment where the students are able to interact with the professors more effectively.	11/2/2016 2:40 PM

1126	Honestly, the friends and experiences that I have made here.	11/2/2016 9:01 AM
1127	The small campus. There are some very dedicated people at Ferris that truly want to see people succeed. Unfortunately, there aren't more of these types of people.	11/1/2016 11:00 PM
1128	For me particularly, the best thing about Ferris is the knowledge the professors bring their majors. Every professor may have their special nitch but everyone is always willing to help/answer any questions a student/the student body may have.	11/1/2016 10:31 PM
1129	Smaller classes made it feel like I could speak to the professor and have a more one on one learning environment.	11/1/2016 7:46 PM
1130	not overly expensive for the education you recieve	11/1/2016 6:30 PM

1155	My two favorite things about my experience at Ferris are the communities I became a part of and the amount of professional development I received within my program. Being a part of staff on campus, however minor, introduced me to a lot of people that became my close friends, including my boyfriend of almost a year. My program, Music Industry Management, provided extensive opportunities to get experience before and as a part of internships.	10/31/2016 11:08 AM

1169	Class sizes	10/26/2016 4:04 PM
1170	Profesors were very willing to help. Campus size was nice and not to spread out.	10/26/2016 3:35 PM
1171	Small class sizes give the opportunity for 1 on 1 contact with professors	10/26/2016 2:12 PM
1172	I liekd how small it was, but a massive college. I learned so much and met so many people!	10/26/2016 1:40 PM
1173	The class sizes are decent and professors typically care about you personally.	10/26/2016 12:18 PM
1174	I enjoyed that most of the curriculum was hands on and involved not only the theory, but applying it as well.	10/26/2016 12:07 PM
1175	The best thing about the program I went through was the flexibility with my schedule it offered alongside the caliber of teachers and materials.	10/26/2016 11:45 AM
1176	The campus environment and location.	10/26/2016 11:25 AM
1177	I loved the size of the campus, and the size of the class's.	10/26/2016 11:23 AM

1186	The small town feeling and the engineering departments.	10/25/2016 10:46 AM
1187	The professors in my program were very knowledgeable and helpful about everything related to the program. They were the best part of my college career. I felt like I was learning from people who were truly passionate about their jobs, the program, and me. It was reassuring to feel confident that they were giving me knowledge that will help me in my future. I know I can contact any of them in the future if I need help with anything regarding early childhood.	10/24/2016 8:55 PM
1188	The access student have to all the resources in the library and all over campus that will benefit us in our career.	10/24/2016 6:40 PM
1189	Big Rapids campus is located in a reasonable location. I was able to commute my 3 years attending, which was good.	10/24/2016 5:44 PM
1190	I feel the best thing about Ferris is the smaller classroom sizes in the Communication majors. The professors do a great job at engaging the students and relate things to the career choices we have.	10/24/2016 12:35 PM

1232	Able to take classes in Traverse City or online	10/17/2016 6:09 PM
1233	Feeling welcomed and the teachers are very understanding about situations what may occur other than school. If I need to get help with anything the tutoring center is the best place to go.	10/17/2016 2:09 PM
1234	Flexibility on classes and work, understanding professors who want you to succeed.	10/17/2016 4:41 AM
1235	The best thing that I felt about Ferris/Kendall was that the school was not TOO big. You could really get your stuff done and focus. The classes were well sized. The faculty truly wants you to succeed.	10/17/2016 12:58 AM
1236	The online courses were very well organized. I am not that tech savvy, hence my only somewhat satisfied answer for information technology in question 1. It became easier as the semesters progressed, but was a little daunting at first.	10/16/2016 2:12 PM
1237	The community and the small class room numbers generally	10/15/2016 6:27 PM
1238	Great professors and very helpful advisors!	10/15/2016 6:00 PM

1244	The Athletic Programs	10/14/2016 12:48 PM
1245	I love the friends I've made, and the experiences ferris has to offer. Im glad I went to a small school where il recognized faced in the classrooms and got a chance to meet professor that really cared. Being at ferris gave me a chance to develop myself, it was a safe placed that allowed me to make mistakes and learn from then, a place where I got a chance to grow. Ferris shaped me in ways that will always stick, it gave me opportunity, leadership experience, and friends for a life time. Its bitter sweet graduating, its hard to say goodbye to something your not ready to let go get.	10/14/2016 11:44 AM
1246	Small classes and personable teachers	10/13/2016 8:38 PM
1247	The Rock.	10/13/2016 8:06 PM
1248	Small Class Sizes, really good teacher to student interaction.	10/13/2016 3:39 PM
1249	Criminal Justice Program	10/13/2016 1:21 PM
1250	The best thing about Ferris for me is the faculty of the criminal justice program.	10/13/2016 1:07 PM
1251	I really enjoyed the small town feeling that i had at Ferris. I've been living at a university but it felt like home.	10/13/2016 12:54 PM
1252	It allowed me to get a job lined up prior to graduation.	10/13/2016 12:35 PM

1258	I made some great, life long friends. Also, I have grown up a lot while learning new things.	10/13/2016 9:24 AM
1259	The professors I had throughout the entire graduate program were the best instructors I had in my college career. They were extremely supportive, helpful, and very knowledgeable. I would highly recommend this program to anybody that is pursuing a degree in Criminal Justice.	10/13/2016 9:05 AM
1260	The campus is by far the best thing Ferris has going for it. I loved the feeling of being on school ground and not having non-school buildings between academic buildings.	10/13/2016 1:30 AM
1261	Available around the state.	10/12/2016 11:48 PM
1262	The RSOs on campus were plentiful and diverse.	10/12/2016 8:30 PM
1263	The professors were very nice and helpful. Everyone was very welcoming.	10/12/2016 8:07 PM
1264	I really liked that the classes at Ferris State were small. In my opinion it allowed me to be more engaged with my classes and help me learn better. In addition, the location of Ferris is great. It has a smaller town feel and I think that is very important.	10/12/2016 7:39 PM
1265	I like that my program was offered in Grand Rapids. It allowed me to commute to school and saved me a large sum of money not having to pay to live on campus.	10/12/2016 6:34 PM
1266	being able to live at home and get a degree from a 4 year university	10/12/2016 5:01 PM
1267	I generally really like learning and I think the educators here really improved my experience. I enjoy all the professors in the TDMP program and any professors I've had outside of that program. I also appreciate the diversity. Coming from Midland, it's nice to move somewhere that isn't just filled to the brim with other white people and I actually get to experience and interact with other cultures and people.	10/12/2016 1:40 PM

1272	The sense of community that is on campus. Ferris State is my home, and I couldn't have asked for a better experience.	10/12/2016 9:22 AM
1273	I feel the community of Ferris its encourage the student to be successful and work hard to achieve their goals as well.	10/12/2016 2:08 AM
1274	Global exposure and freedom for the students to learn anything. Plenty of resources availability.	10/12/2016 1:23 AM
1275	I feel as if the professors did there best to be available outside of there office hour times and they were very willing to help you understand the materials that they have talked about in lecture	10/11/2016 8:09 PM
1276	Nothing at this time.	10/11/2016 6:56 PM
1277	The best thing about my program at Ferris is that the classes were offered at Delta Community College and I was able to have an easy commute. The Early Childhood professors are amazing.	10/11/2016 6:27 PM
1278	ferris prepares it's graduates to be ready for work,they can fit well in the world of work	10/11/2016 5:22 PM

1294	Some of the instructor were involved with their students grades and education.	10/10/2016 7:30 PM
1295	Fairly small class sizes. Professors actually know students' names.	10/10/2016 4:10 PM
1296	I love Ferris. The size, the city of Big Rapids, diversity initiatives, the culture of organizations. I feel like I belong here and have been provided many opportunities to connect my education to the world. DPS is GREAT. They're cooperative with other departments, are not invasive to students and handle press extremely well. Robert Friar is a gem. The homecoming comedy show, relative to the size of Ferris, is phenomenal. Nationally recognized comedians booked for a small event.	10/10/2016 2:44 PM

1304	Small Campus	10/10/2016 10:42 AM
1305	I really enjoy the small campus and one on one that you get as a result of small university size.	10/10/2016 12:21 AM
1306	The best thing I experienced being at Ferris was meeting so many great people and making life long friends.	10/9/2016 9:38 PM
1307	The student to professor ratio is perfect and gives students a one-on-one experience within the classroom. I didn't feel as if I was just a number, but that professors (for the most part) sincerely cared about my education and career goals. This individualized learning is one of the best aspects about Ferris.	10/9/2016 9:22 PM
1308	The location	10/9/2016 9:16 PM
1309	The professors are great and strive to help you succeed in your future endeavors. Highly recommended college.	10/9/2016 5:31 PM
1310	It's diversity within the student body.	10/9/2016 5:07 PM
1311	The professors were phenomenal at the Lansing location for FSU.	10/9/2016 4:22 PM
1312	.	10/9/2016 3:38 PM
1313	Professors and education at Ferris are great	10/9/2016 3:25 PM
1314	They promote meeting people that are of similar interest I believe that the best parts of Ferris is there wide variety of RSO's and how much the professors really want you to succeed.	10/9/2016 11:09 AM
1315	The best thing about Ferris is the friendly staff. Also all the students are helpful and friendly making for a safe campus.	10/9/2016 11:03 AM
1316	There are many things that are great about Ferris State University. The faculty were great, when it came to helping me learn how to achieve better outcomes in the classroom, offering many opportunities for me to have fun with my classes, work with other students, and learn more about life. The food is good, the events were exciting, and being a Television student, I enjoyed all the opportunities I received in MCA (Media Communications Association) and remote sporting events such as hockey and football. I can honestly say that I had never seen a hockey game before I came to Ferris, let alone a top 25 ranked team that plays with all of the biggest colleges in the United States. The campus is a nice size, I was able to get involved and meet new people well, and I called myself a Bulldog as a child long before I even knew what it meant to me. Now, I know that I will always call myself a Bulldog and Ferris was the place for me to become one.	10/9/2016 1:04 AM
1317	The class sizes. Even though I love big schools I don't think I could have as many students in one lecture as they do in anything over 20,000 students.	10/8/2016 4:29 PM
1318	I feel that there were several: The versatility of the class offerings (campus, online, hybrid.) The real world application of the classwork. The respectability of the school/degree in my particular industry. Having local support staff off campus (i.e..at Macomb Community College) so we can actually talk with people face to face, even if we are not local to Big Raqpid.	10/8/2016 2:01 PM
1319	The sense of community is the best I've had.	10/8/2016 1:41 PM
1320	I believe the best thing about Ferris State is the wide range of degrees offered in very specialized fields. When I transferred to FSU from GRCC, I was going for a degree in music industry management. However, I switched to marketing in order to widen my possibilities post-graduation in case I decided to go into a field besides music. I still think the music industry program is an excellent one, and it is representative of the many different degrees offered at Ferris for students who know exactly what they want to go into.	10/7/2016 9:25 PM
1321	The faculty and facilities for the Construction Management program	10/7/2016 6:25 PM
1322	I had so much help and support from some of the staff in the education program. Their words of encouragement helped me through some tough days. [REDACTED] and [REDACTED] are wonderful.	10/7/2016 4:10 PM
1323	I felt welcomed and Ferris eventually became my home. My friends became my family.	10/7/2016 1:41 PM

1327	Online Access	10/7/2016 9:00 AM
1328	The best thing about Ferris is the atmosphere. The professors as well as other students are friendly and helpful.	10/6/2016 9:47 PM
1329	The professional teachers.	10/6/2016 8:02 PM
1330	The best part of Ferris State University is the bond created through all students in my graduating class. The professors were very knowledgeable and taught practical information applicable to my career choice.	10/6/2016 5:42 PM
1331	I feel that the majority of my classes required for my degree were satisfactory in building my education within my particular field.	10/6/2016 4:05 PM
1332	Small class sizes	10/6/2016 1:42 PM
1333	Small class sizes and overall everimproving quality of campus	10/6/2016 1:05 PM
1334	Small class sizes so you can make a personal relationship with your professors.	10/6/2016 10:50 AM
1335	The professors really do care about your future and prepare you well for the job at hand.	10/6/2016 10:11 AM
1336	This is my second time graduating from Ferris. I am an alumni of the College of Pharmacy. While searching for an MBA program, I initially had not considered Ferris. Then I found out they had a program, and totally discounted all other schools and immediately applied to Ferris. BULLDAWG for life!	10/6/2016 10:11 AM
1337	The atmosphere is very friendly and inviting. There is a good sense of friendship in the community.	10/6/2016 9:41 AM
1338	Honestly the campus size	10/6/2016 8:59 AM
1339	The people i've met up here	10/6/2016 8:23 AM
1340	Friendliness and professionalism of most of the teachers and staff.	10/5/2016 11:02 PM
1341	The best thing about Ferris to me is that most of the professors in my discipline have substantial work experience in the field they are teaching.	10/5/2016 10:32 PM
1342	Criminal Justice	10/5/2016 9:40 PM
1343	The ease and communication, I was always able to receive help and contact my professors accordingly.	10/5/2016 7:17 PM
1344	The diversity is the best thing, you definitely see all the different diversities come together as one. It helps the campus become more social and makes everyone feel welcomed.	10/5/2016 7:00 PM
1345	I loved everything about Ferris State	10/5/2016 6:38 PM
1346	The one-in-one with professors due to small class sizes.	10/5/2016 6:26 PM
1347	I feel that the University was good value for the money and it was able to accommodate with my schedule. I also chose Ferris due to the flat off campus tuition. I would have not chosen Ferris otherwise, as I live in Indiana and would have had out of state tuition.	10/5/2016 5:48 PM
1348	The staff is great, teachers, faculty and fellow peers.	10/5/2016 3:09 PM
1349	The food.	10/5/2016 2:28 PM

1355	The best thing about Ferris is the Greek life. I have had nothing but the best experience and ability to grow as not only a person but a leader. I have met some of the greatest people through the greek life and been able to achieve things greater than I have ever imagined.	10/4/2016 7:08 PM
1356	It provides great education.	10/4/2016 3:22 PM
1357	The resources available to the students and the alumni.	10/4/2016 2:22 PM
1358	I like the small campus. It is easy to get around and find all the buildings.	10/4/2016 1:52 PM
1359	It was local, classes were after work, professors where easy to work with.	10/4/2016 1:21 PM
1360	I took advantage of how small the school was and excelled as much as possible. I worked two on campus jobs and I was promoted quickly. I still use these jobs on my resume. I was also able to create work in my classes I was able to put in my portfolio. A handful of my professor inspired me to find my passion and I successfully found a job before I graduated college in my field doing what I dreamed about.	10/4/2016 1:07 PM
1361	I feel that the best thing about Ferris is the instructors. I have enjoyed all of them, and appreciate that they all work in the field because it brings such a great atmosphere to the class as well as the learning environment. It is not all book work, however real life situations and teaching from that.	10/4/2016 12:54 PM
1362	Experiential learning environment utilizing educational technologies that allow student-centered, self-paced learning.	10/4/2016 12:24 PM
1363	The sense of support given from my peers. Almost everyone on campus is willing to help out.	10/4/2016 10:25 AM
1364	Teacher to Student ratio makes it easy to build relationships with professors and be comfortable approaching them whenever needed	10/4/2016 9:36 AM
1365	Ferris is very diverse and a friendly place that I call home.	10/4/2016 9:36 AM
1366	The Grand Rapids campus was a great location and its an amazing feeling saying I am a Bulldog. Students, peers and professors are extremely friendly and helpful.	10/3/2016 9:03 PM
1367	As I'm an off-campus student living in Traverse City, I feel that the instructors and advisors were both strong for the most part.	10/3/2016 8:37 PM
1368	Small class size, better interaction with the professors and you get to know a lot of people in your class, building your social circle and networking.	10/3/2016 6:30 PM
1369	Sports - Team Comradery. The campus is big but not oo big to get around.	10/3/2016 3:38 PM
1370	Professors wanting to see their students exceed, I was in luck and experienced great professors.	10/3/2016 3:05 PM
1371	The coursework is easy to understand and grasp concepts.	10/3/2016 12:30 PM
1372	The sense of community	10/3/2016 1:54 AM
1373	The best thing about Ferris is being a minority and learning how to work around and push through racial issues because this is the type of preparation necessary for the real world.	10/2/2016 9:47 PM
1374	Working at Office of International Education because I got to meet many students from all around the world.	10/2/2016 9:26 PM
1375	The sense of community between staff and students.	10/2/2016 7:01 PM
1376	Teachers who worked in the field that they now teach about.	10/2/2016 2:33 PM
1377	N/A	10/1/2016 2:48 PM
1378	The best thing about Ferris State University is that it pushed me to be better, even in the moments that were very stressful.	10/1/2016 2:38 PM
1379	The class sizes are small enough that I was able to communicate with my teacher when and if I needed to do so.	10/1/2016 1:33 PM
1380	Being able to receive the best education and degree in the state for the field I am about to enter when I graduate.	10/1/2016 12:32 PM

1381	<p>██████ from the Flint off campus location. He is an amazing councilor and teacher. He got my classmates and I through so many different struggles we had. Whether it was a scheduling issue, a problem we were having with another teacher, or questions about the classroom we always turned to ██████ for help. I can honestly say that I would not be as happy with my education or as prepared as I am if it were not for him. His class was always practical with the assignments and discussion we had revolving around things we will really encounter as elementary educators. I felt that every class with him was worth 10 times as much as any other class in my entire program. Hands down the best part of my education was having ██████ as my teacher.</p>	9/30/2016 5:54 PM
1382	The teachers were really helpful and supportive.	9/30/2016 4:28 PM
1383	I learned so much in my classes that I was able to use in my current job. I really enjoyed working toward this degree.	9/29/2016 9:46 PM
1384	The 3+1 program with Lansing Community College was great. Being able to get a Bachelor's Degree from a well respected college without having to leave Lansing was very helpful. This program allowed me to continue working while going to school.	9/29/2016 5:13 PM
1385	Knowing your teacher and advisor.	9/29/2016 4:45 PM
1386	I felt that the professors who educated me through college had a wealth of knowledge and experience that will go a long way for me in my career.	9/29/2016 4:37 PM
1387	Most of the professors wanted to see their students succeed and did whatever they could to make that happen.	9/29/2016 1:43 PM

1401	The best thing about Ferris was the small size of classes. It has been very helpful in seeking help, asking questions, and knowing the Professor.	9/27/2016 3:12 PM
1402	I enjoyed the community involvement/opportunities. Especially for networking.	9/27/2016 1:19 PM
1403	The degree program I am currently in (Criminal Justice) has been great. I have enjoyed about all the classes I took and all of them were reasonably challenging. I feel the program has prepared me to be a asset within an organization within the criminal justice field.	9/27/2016 10:54 AM
1404	The student to teacher ratio is very helpful.	9/27/2016 9:35 AM
1405	The quality of instructors is outstanding. Ferris worked with me (helped) me every time I came to a hurdle in place of my educational path. Instructors and Directors (██████) went out of their way to be helpful and to make sure I could be successful.	9/27/2016 7:00 AM
1406	I loved the community feel from the Grand Rapids campus. I made many great friends and felt very well supported from the staff. I am a proud Ferris student!	9/26/2016 7:54 PM

1407	On campus experience.	9/26/2016 6:46 PM
1408	Their online graduate degree allowed me the ability to continue working while pursuing my advanced degree.	9/26/2016 1:36 PM
1409	The small class sizes make it easier to learn. I created a great relationship with my nursing cohort and feel comfortable going to my professors with any problems I have.	9/26/2016 11:57 AM
1410	It is easy to obtain a degree on-line. I work full time and that was essential.	9/26/2016 10:51 AM
1411	The students and teachers that support your decisions about your future. Also, the social activities are always fun.	9/26/2016 10:23 AM
1412	Teachers, and diverse campus!	9/26/2016 10:20 AM
1413	The best thing about Ferris is the dedication of the facility and staff to making each course and activities career-focused, rather than abstractions. I feel like I learned things in a context that has better suited me towards a work environment than I would have at other universities.	9/26/2016 9:23 AM
1414	Sense of unity between students, very friendly faculty and students.	9/25/2016 4:57 PM
1415	The feeling of community on campus, there is always something going on or something to do.	9/25/2016 4:02 PM
1416	Ferris has a quality reputation among employers and the community in general.	9/25/2016 3:33 PM
1417	As an adult learner returning to continue my education, I was very nervous about school and the program. It proved to be one of the best decisions I have ever made. The staff and faculty have been very supportive in making the dream of furthering my education a reality. I am very grateful and proud to be a graduate of Ferris State University.	9/24/2016 11:09 AM
1418	The size of the campus. It was not too big like Michigan State, but it was not so small like Alma	9/23/2016 7:28 PM
1419	As an adult student who works a full time job the college of nursing was really a perfect program for me. I was able to do it all online from the comfort of my home and do it at my own pace. This allowed for me to be successful!	9/23/2016 6:31 AM
1420	The depth in detail over several genres a Welding Engineer will encounter in his/her(s) profession.	9/22/2016 8:59 PM
1421	The close knit community	9/22/2016 7:56 PM
1422	The location and class sizes	9/22/2016 6:00 PM
1423	The specialized programs	9/22/2016 5:42 PM
1424	The atmosphere. Ferris is my home away from home and it didn't take long for me to get acclimated.	9/22/2016 2:05 PM
1425	Small class sizes, good professors, good merit based scholarships.	9/22/2016 1:44 PM
1426	The professors really care about the students and the environment is awesome.	9/22/2016 12:45 PM
1427	Ability to be flexible and take classes off campus. 3+1 program with GRCC	9/22/2016 10:24 AM
1428	I myself did not attend on campus classes, all my classes were done online. With that being said I think ferris had some of the greatest professors who really cared about your education and your learning abilities. They made me feel very accepted and I could feel they were passion about their jobs!	9/21/2016 8:29 PM
1429	Good professors and staff.	9/21/2016 7:46 PM
1430	I transferred into Ferris after a year at another university. The biggest improvement, hands down, is Ferris' staff. ALL of my professors were extremely interested in furthering my education, in working with me to help me understand all of the material for my classes, and in preparing me for my future. [REDACTED] the gentlemen who became my adviser when I switched to the Psychology program, has probably been the most influential person during my time as a FSU student. He constantly pushed me outside my comfort zone. He worked hard to make sure I stayed on track for graduation. [REDACTED] genuinely cared about my success, and that is huge to us college students that are really just muddling our way through college.	9/20/2016 7:51 PM
1431	I love the community and the atmosphere.	9/20/2016 5:42 PM
1432	The connections I have made to further my success within my industry.	9/20/2016 4:56 PM
1433	Ferris has professional instructors that have been or currently are in the work place, therefore giving them the knowledge of real life situations.	9/20/2016 3:01 PM

1434	The all online availability.	9/20/2016 2:03 PM
1435	I feel I gained a valuable degree at an affordable price. The professors are wonderful too!	9/20/2016 11:56 AM
1436	All of the professors actually care about the students and have alot of experience in the feild to pass on to us things that will help us later on in our careers.	9/20/2016 10:29 AM
1437	I like that Ferris has a smaller campus so it is easy to get around on campus and that it is located by the Michigan College of Optometry. The close proximity to the graduate school helped open many doors for me since I am in the pre-optometry program.	9/19/2016 11:22 PM
1438	The small student to faculty ratio and the involvement of the advisors.	9/19/2016 7:26 PM
1439	Helpful advisors!	9/19/2016 4:12 PM
1440	The hands-on learning experience.	9/19/2016 12:59 PM
1441	Helpful Advisor's	9/19/2016 12:50 PM
1442	I feel as if the global and cultural aspects that were taught in the classes that I attended were a huge benefit. Also, we have a wonderful Honors Program here that pushes students to go beyond the barriers of their own personal boundaries.	9/19/2016 10:11 AM
1443	Everything is so close together and not a far drive	9/18/2016 7:35 PM
1444	The culture as well as the small classroom sizes. Students are able to get to know their professors on a personal level so they feel more comfortable to ask questions. As well as the many different organizations and ways to get involved on campus is amazing.	9/18/2016 2:21 PM
1445	[REDACTED]	9/16/2016 10:13 PM
1446	Faculty was very willing to go the extra mile to make sure we accomplished our goals	9/16/2016 4:43 PM
1447	My best friends, certain professors, campus involvement opportunities	9/16/2016 3:57 PM
1448	Me.	9/16/2016 11:42 AM
1449	I liked my specific major. It is a unique program not offered many other places.	9/16/2016 11:38 AM
1450	Support	9/16/2016 10:14 AM
1451	THE MFGE PROGRAM THAT OFFERED NIGHT CLASSES IN GRAND RAPIDS ALLOWED ME TO COMPLETE MY DEGREE WHILE WORKING	9/16/2016 6:50 AM
1452	I love the smaller class size and the smaller campus as well.	9/15/2016 7:47 PM
1453	My professors in my major and minor content areas were outstanding. Professor. [REDACTED] and [REDACTED] of the English Ed. department, Professor [REDACTED] and Professor [REDACTED] of the Education department, and Professor [REDACTED] and [REDACTED] of the Spanish department have all prepared me to enter my profession. Thanks to them for their outstanding job!	9/15/2016 2:39 PM
1454	I liked the option of being able to complete by degree completely online. I loved being able to work full time at home and complete my work via computer. This allowed me to continue my career as well as my education.	9/14/2016 9:44 PM
1455	Small class sizes, easy communication and one-on-one with teachers	9/14/2016 9:00 PM
1456	the best thing about Ferris/Kendall would be the students and friends that i have met while attending Ferris.	9/14/2016 5:50 PM
1457	I feel like the class sizes is the best thing about Ferris because I built a lot of great relationships with my professors and I got to know them on a personal level. The class sizes are perfect, not too big, but not too small.	9/14/2016 3:19 PM
1458	The best thing about Ferris is that the professor's are really strict on getting the work done and that is something all students need because in the real world no one is going to baby us.	9/14/2016 12:29 PM
1459	I loved the opportunity to have online classes as it was the only option for me going back to school.	9/14/2016 12:26 PM
1460	The teachers	9/14/2016 10:33 AM
1461	Smaller campus and classrooms, better relationships between student and professor.	9/13/2016 8:01 PM
1462	The best thing about Ferris is the preparation it gives you to go out into the real world. Throughout my time here, I have been taught the importance of professionalism as well as integrity within the healthcare workforce.	9/13/2016 11:20 AM

16-17 Ferris State University/Kendall College of Art & Design Graduate Exit Survey

1463	Small class sizes and new professors added. Brady Flachs is the best professor I had in 10 total years at Ferris. Keep hiring the new professors, they are more current on information that is vital to our success.	9/13/2016 9:18 AM
1464	Great professors that apply curriculum to real life. Great faculty to help with anything.	9/13/2016 8:45 AM
1465	That all of my classes were in Grand Rapids and laid out in the track format. I knew exactly what classes I had to take and when I was going to take them.	9/13/2016 5:47 AM
1466	I love Real Life.	9/12/2016 11:08 PM
1467	Ferris has some niche engineering programs that might not be offered in many institutes across the states. The HVACR program at Ferris is a perfect example of this with excellent lab facilities and knowledgeable, experienced faculty. Ferris is located in a small college town in the Mecosta county, which is isolated from the buzz of big cities and states. This helped me focus on my education in a peaceful environment.	9/12/2016 5:12 PM
1468	The best thing about Ferris is the staff in the Social Work department and the El Salvador study abroad trip!	9/12/2016 4:03 PM
1469	I feel a large number of my friendships I made were strong in helping me. I also enjoyed learning here.	9/12/2016 12:50 PM
1470	I love how helpful every professional from my teachers, assistant mentors and my adviser. I would not be where I am in my field if it wasn't my adviser pushing myself to keep moving forward!	9/12/2016 12:06 PM

Q12 If you could change something about Ferris/Kendall, what would it be?

Answered: 1,390 Skipped: 1,177

#	RESPONSES	DATE
1	More status/recognition. Teachers being more involved in studies.	9/12/2017 11:03 PM
2	It's a little small, maybe try to spread the area around more	9/12/2017 1:58 PM
3	Better prepare the advisers for helping students in a variety of programs.	9/11/2017 9:37 PM
4	The reputation as a party school. Many students take their academics here seriously.	9/11/2017 5:24 PM
5	I would change the amount of available parking for off campus students.	9/11/2017 12:56 PM
6	I would reduce the fees for the International students	9/11/2017 10:27 AM
7	More campus activities for state wide students, as well as more variety of online classes.	9/11/2017 10:13 AM
8	Not having online groups in online classes. Communication and commitment was always a constant struggle whenever I had a class that required group work. Its never a fair deal. It always seems that 2 or 3 people out of the 5 person group gets stuck doing all the work. Then, having my own grade depend on my group mates "uncaring" work is unjust in my mind. In addition, get a textbook for the Business Law class that does not sound like it was written by a lawyer. It would be a lot easier to understand.	9/10/2017 7:01 PM
9	We need an Olive Garden	9/10/2017 1:11 AM
10	More activities to do on campus.	9/8/2017 3:39 PM
11	If I could change one thing, it would definitely be tuition costs- to being of no cost, but that is something that wouldn't just have to be changed here, but for all schools, college, university, etc. across the nation. Tuition is something that I was lucky that I didn't have to pay much of having the experience that I've acquired here (Bachelor level), but in other countries around the world, tuition is free. America has a long way to go before that dream can be real.	9/8/2017 3:38 PM
12	More parking available for commuters, better environmental biology program with more plant related classes, and some agriculture	9/8/2017 1:52 PM
13	PARKING. The business building was nearly impossible to park at unless I showed up at 7:30 am Monday through Thursday. So irritating.	9/8/2017 11:34 AM
14	The amount of outside classroom observation	9/7/2017 3:42 PM
15	I would allow students to park in any parking lot with out getting ticketed.	9/7/2017 1:20 PM
16	Better scheduling for classes.	9/7/2017 1:01 PM
17	Fees requirement (better to make them optional), the website access (better to make it easy to browse, open more parking lots for students	9/7/2017 4:05 AM
18	The location, Big rapids weather is not the greatest.	9/6/2017 7:25 PM
19	Lower tuition	9/6/2017 2:11 PM
20	More parking spaces.	9/6/2017 1:03 PM
21	I would make the daycare bigger.	9/6/2017 11:45 AM
22	The parking situation.	9/6/2017 11:45 AM
23	More parking spaces for students.	9/6/2017 11:35 AM
24	My degree program as a whole, the Early Childhood program, needs revamping.	9/5/2017 7:08 PM
25	The class structures for early childhood	9/5/2017 6:54 PM
26	If I could change one thing about Ferris/Kendall, it would be to add more parking spaces for commuter students and/or meter parking.	9/5/2017 6:04 PM

27	I am an active member of the Greek Community for I advocate to change the perception that the greek community gets from the outside community or those who are not involved in greek life. It was an amazing experience to be involved in and I have learned nothing but positive things from my organization. I see change within the greek community and that makes me excited for the future! I hope we can still advocate to break stereotypes!	9/5/2017 5:47 PM

30	The academic advisors should not also be the teachers. This causes advisors to rush through meeting and lack the time needed to fully help students.	9/4/2017 3:49 PM
31	(This is based entirely off of my perspective and I don't have any concrete evidence to support my claims, but...) I feel as though Ferris isn't really a driving force in supporting progression. For instance, I spent last summer at University of California, San Diego for an internship, and the atmosphere there was noticeably more eco-friendly and social-friendly. I feel as though Ferris lags behind some of those attitudes that are working to make the world a better place. I'd like to see more efforts on recycling throughout campus, including increased/more accessible recycling bins (solar powered compactors?), some sort of composting for wasted food at the Rock/UC, and maybe working to provide more involvement in keeping the Muskegon River (and surrounding land) clean. I would like to see more events take place on campus that touch on and discuss some of the social issues that are going on and how we can impact them. We, as young adults, are setting the foundation for tomorrow's society, and I feel it is the University's place to promote discussion and to bring in information that represents the holistic reality.	9/4/2017 2:53 PM
32	I believe taking complaints more seriously would be helpful. I have heard countless complaints about the same professors every year I have attended Ferris, including other family members and friends through their times. Does not seem to change anything about the professors.	9/4/2017 11:47 AM
33	professors star building free transcript provide personal tutoring provide a rent car in university make a gym for women only	9/4/2017 2:28 AM
34	More free things	9/2/2017 4:56 PM
35	Parking	9/2/2017 1:34 PM
36	absolutely nothing, I enjoyed every bit of my experience with Ferris and i think you have an outstanding Team of instructors and Advisers.	9/1/2017 7:55 PM
37	One thing I would change is to not have as much work assigned through McGraw Hill. I felt it was very easy and didn't learn much from it.	9/1/2017 4:32 PM
38	better living situations	9/1/2017 1:14 PM
39	Advisers need to play a more active role with their students college career. I've been through many advisers and have barely spoken to any of them during my time here.	8/31/2017 6:14 PM
40	The sidewalk conditions in the winter	8/31/2017 6:04 PM
41	Ferris trying to promote more diversity.	8/31/2017 5:20 PM
42	Perhaps find a way to construct more parking spaces for students. Parking has been a problem at Ferris for several years now. Luckily it never really affected me, as I lived on campus all 4 years, however, I have had several friends who commuted to class who struggled to find spots frequently.	8/31/2017 4:54 PM

49	More preparation and help for internships in your field.	8/30/2017 2:49 PM
50	Give upper classmen more of an incentive to stay on campus. You can bring in students but its hard for Ferris to retain these students.	8/30/2017 1:17 PM

51	AC in the classes.	8/30/2017 12:55 PM
52	All professors should use blackboard	8/30/2017 12:30 PM
53	More involvement from campus and CLACS on Greek Life and the expansion and growth of it.	8/30/2017 12:21 PM
54	The lack of involvement from the entire campus to come together and be united and help each other succeed	8/30/2017 12:18 PM
55	The amount of parking for commuter students, More scholarship opportunities in every college, more student engagement with where college money can go towards (parking, dinning options, ect.).	8/30/2017 11:13 AM
56	Dedicated Rendering Lab.	8/29/2017 10:39 PM
57	The machining/ process class could have been better	8/29/2017 9:48 PM
58	Tuition rates are not justified by the quality of the school or its education. Ferris does not offer as many great opportunities as many other universities, and it should acknowledge this by lowering the tuition.	8/29/2017 5:40 PM
59	More parking. That has always been a issue.	8/29/2017 5:30 PM
60	FUND THE AUTO DEPARTMENT!	8/29/2017 12:25 PM
61	Nothing.	8/29/2017 12:09 PM
62	I would change the way registration works, just because it go confusing sometimes.	8/29/2017 11:45 AM
63	I would have the staff that i worked with be more supportive and helpful to there students.	8/29/2017 11:42 AM
64	Parking	8/29/2017 9:09 AM
65	Make blackboard a requirement for professors.	8/28/2017 7:48 PM
66	More financial aid opportunities	8/28/2017 4:28 PM
67	More emphasis on preparing students for employment	8/28/2017 2:38 PM
68	Cheaper credit hours	8/28/2017 11:53 AM
69	Often felt like I was just going through the motions to get the next "piece of paper." Felt much more accomplished after my ADN.	8/28/2017 9:48 AM
70	If I could change something about Ferris it would most definitely be the English department. I ran into many problems regarding restricted creativity with almost every English class I took. I felt like I was being held back by reductions to my papers and projects from "cookie cutter" views of exactly what a paper should be. There are many different styles of writing and I think the English department should require more training in the future.	8/27/2017 8:38 PM
71	Improve the CIS program.	8/27/2017 7:53 PM
72	The cost of tuition	8/26/2017 12:29 PM
73	Some of the class I attended during for this degree the Professors were not as organized as they should have been. I pride myself on working hard and I felt that the lack of preparedness from these classes made my grades suffered a little bit.	8/24/2017 9:56 PM
74	More professors in my major. Information Security and Intelligence	8/24/2017 3:05 PM
75	I would have liked Ferris to have a bigger presence for my degree in Grand Rapids.	8/24/2017 2:11 PM
76	Nothing	8/24/2017 1:22 PM
77	I would enjoy seeing Ferris focus more on student life.	8/23/2017 8:13 PM
78	Update the business section of the school.	8/23/2017 7:46 PM
79	Putting salt on the sidewalks better in the winter while classes are still going on.	8/23/2017 12:06 AM
80	I would change the outdated and overused equipment in the Respiratory Care Department. It is in dire need of new pulmonary function test (PFT) machines and dummies.	8/22/2017 8:26 PM
81	I would change the course offers for prerequisites and be better advised on courses that I need at what times.	8/22/2017 2:24 PM
82	Incorporate behavioral economics into the Business Program.	8/22/2017 1:31 PM

83	The cost to attend.	8/21/2017 4:22 PM
84	In masters programs there are very very few face-to-face classes,I wish there are more face-to-face classes in a week.	8/19/2017 10:27 AM
85	More scholarships especially for online students	8/18/2017 2:11 PM
86	Nothing	8/17/2017 7:19 PM
87	Location	8/17/2017 5:51 PM
88	Cost Less	8/17/2017 10:00 AM
89	After working for Spectrum Health for over two years, I've confirmed that some of my major's required courses had a very low return on investment. The gap between the education in college and what you actually need to know can be tightened. The strategy and style of teaching of [REDACTED] and [REDACTED] are excellent examples of a realistic and valuable education. Make sure that the education students receive isn't one that could be easily "googled".	8/16/2017 9:46 PM
90	Returning/Adult learners usually maintain other obligations (work, family). FSU ADN to BSN program could be more considerate of the returning learner by looking closely at the time requirements associated with assigned projects and papers.	8/16/2017 2:38 PM
91	I would make it closer to where I live	8/15/2017 11:13 PM
92	More consortium agreements with more community colleges around Michigan.	8/15/2017 5:42 PM
93	Program descriptions.	8/15/2017 11:47 AM
94	Some classes I wanted to take but I wouldn't give the class a chance because of the history of the professor teaching that class. I think each teacher should be evaluated more thoroughly so students can take the courses they want without any struggles.	8/15/2017 9:01 AM
95	Nothing.	8/14/2017 9:58 PM
96	I have no suggestions.	8/14/2017 7:59 AM

102	Would have liked to have earned a lean six sigma certification through the program.	8/10/2017 6:35 PM
103	Instructors to be more responsive to questions and concerns.	8/10/2017 5:29 PM
104	Not really sure, thinking of returning in a couple years for a MBA.	8/9/2017 8:03 PM
105	The cafeteria food could use an upgrade.	8/9/2017 2:35 PM
106	I would change the tuition rate.	8/9/2017 1:27 PM
107	Reduction of extraneous requirements and "BS" classes. Some of the 7 week classes and electives were not very helpful and served many separate me from \$2000 a piece.	8/7/2017 9:33 PM

120	I really had a great four years at Ferris. I've thought for a while about what to write here, but there is really only one thing I can think of and that is [REDACTED] I took MATH 251 with him and my overall impression from him is that he was out to trick students. His class was unnecessarily difficult and there are several problems I had with his way of teaching.	8/3/2017 9:07 PM

127	The on campus housing	8/1/2017 4:20 PM
128	More clarity with programs, many classes were added/changed in my program after I already received my study plan. Websites need to be updated as often as curriculum changes. Teacher lectures need to be updated (some referred to events/technology of the early 2000's). More support and contact hours from advisers. Do not assign more work than the teacher can grade in a reasonable time before students are expected to build upon the assignment that was not graded yet. More professionalism and care for students (not just in talk, but action).	8/1/2017 12:29 PM
129	Newer and more facilities.	7/31/2017 9:58 PM
130	Nothing	7/31/2017 8:11 PM
131	I think the internship program at Ferris should be changed. Many students who come to Ferris do not have work experience in the field of criminal justice and a mandatory internship is an excellent experience for them which gives them some work experience for a resume. For a person who is older or retired, the internship should be waived and perhaps another course required in its place.	7/31/2017 7:39 PM
132	The parking. The only thing that would have made my experience better at Ferris is if I hadn't heard complaints about parking every day.	7/30/2017 8:33 PM
133	I feel as though I did not receive advising advice sufficient enough for my unique academic experience. Having a more positive and productive advising experience could have changed how my college career went completely.	7/30/2017 12:21 AM

135	The program is too long . Other competitive programs offer 7 week terms for 3 credits earned vs. 14 week semester for 3 credits as Ferris does. it is a Long haul.	7/28/2017 1:26 PM

138	More options of times and days for classes.	7/27/2017 11:16 PM

144	Adviser at satellite campus was poor. I sought out an advisor at the Main campus to complete my senior year. The quality of work for online course work was varied-some courses were difficult and others almost a waste of time and money. The field of public relations is always evolving, and so the curriculum should evolve with it. Social media is rarely touched on, while in the real world, it's a MAJOR part of the public relations field today. While I learned a lot within my program, I think that curriculum should mimic real-world applications better, as they are now.	7/26/2017 3:25 PM

211	The only criticism I might have is to make sure a one-credit course is just that. Sometimes it seemed like a quite a bit of work for a one credit class.	6/13/2017 12:34 PM
212	A more consistent shell in BlackBoard. Every teacher has such a different style that it is difficult to find the requirements of the online classes. Some educators are wonderful about making announcements and reminders to make sure we are on track. Others, not a peep other than a hammer on your grade or a harsh critique, letting the shell do the work. Often due dates are incorrect reaching as far back as 2014 keeping a student guessing. This copy and pasting the shell year-to-year is disastrous for students, especially the academically weak. Rubrics are buried 3 layers deep in a BB page. It is like peeling an onion, then you have to back out and go another 3 layers to find the video or the module or the assignment. You get the picture. I believe if faculty had to use the due date calendar embedded in BB and had a homepage with the syllabus and rubrics, week by week tabs with ALL the information for that week, made a weekly announcement and reach out to students actively engaging them, Ferris would have a much better result for their online classes. The actual course content has never been a problem, just the method of delivery and engagement.	6/7/2017 8:32 AM
213	MORE DIVERSITY ON CAMPUS. Get more minority students in science courses especially! Big Rapids should get more things to do and places to eat so students won't have to go to Grand Rapids or elsewhere to have a good time.	6/7/2017 12:46 AM

218	plow/salt sidewalks in winter	6/2/2017 11:49 AM
219	Nothing.	6/1/2017 6:35 PM
220	We need more pass/fail courses. Also need more parking. It troubles me that the whole time I have been studying here there has been construction with minimal parking amplification. I wish I was able to benefit from the millions of dollars spent adding onto the campus. However, it will instead be the snot nosed highschool class of 2020 who truly reap the reward of our hard work on the campus.	6/1/2017 12:25 PM
221	Some of the education courses do not seem to be preparing students for their field of study. For example, incorporating more relevant topics, real-life situational experiences, or more in-classrooms practice would be helpful to model the information in textbooks.	6/1/2017 12:16 PM

231	Less general education and more focus on career related courses.	5/24/2017 8:16 PM
232	I think a big problem that Ferris mainly has is with its parking lots. The Rock Cafe lot is too small as well as the COB lot for students. Additionally, during the winter months there is a lack of proactive safety measures being carried out regarding icy sidewalks- please use more salt and plow frequently in the future!	5/24/2017 4:42 PM

237	The location. Something about the location and size of the area is too small. It feels a lot like high school in that you see the same faces everyday. However, some people may like this. I did not.	5/22/2017 12:54 PM

239	To have professors that care about their job, and for there to be reasonable policies.	5/20/2017 2:45 PM
240	I feel that the education program at Ferris was disorganized. Though on paper many of our professors were qualified for their positions, they may not have been the best fit for each course that they were asked to teach. Teaching students how to become effective future educators is a hefty responsibility. For this reason, I believe that Ferris needs to raise the standards for the professors who teach in the education program. I pay a lot of money to go to school here at Ferris...yet many of my courses in this program did not get through even half of the amount of content that the syllabus schedule indicated. Meaning, we were meant to finish on Chapter 12 (according to the syllabus), but we finished at Chapter 6. This type of scenario happened many times throughout my many semesters of education classes. Please recognize that just because students are receiving A's or B's in classes does not always mean that they have working knowledge of the content, and have provided exemplary work for the class. I have received A's in many classes where I felt that I did not learn, was not challenged, and was not taught anything. If I had known how chaotic the education program was at Ferris prior to attending, I would have chosen to go to a different University.	5/20/2017 10:26 AM
241	Nothing.	5/19/2017 9:46 PM

255	From talking with students at the Big Rapids and Lansing campuses, I think there is a lot of disconnect with what is being taught at the various campuses. 286	One of the biggest things is the safety for pedestrians. Ferris need crosswalk stop signs in the middle of the lane. There has been a number of times I have been almost hitting because people don't know to stop for people in crosswalks.	5/2/2017 11:42 AM

290	communication! There were assignments in the first class of the program that must be completed throughout the program and turned in for the final class, there was missing information/communication that made it difficult at times. I had to drop a class and put off graduation for a semester in order to complete these requirements, if the information had been communicated more clearly then I may not have had to do that.	5/1/2017 11:49 PM
291	The rate for housing. It shouldn't be as much as tuition rates.	5/1/2017 3:08 PM
292	I don't seem to have an advisor that wishes the best for me. Every time I go to her office for help on something, I feel more lost than when I walked in. She's a great person, but I feel like she doesn't care too much academically about me. So I would wish for that to change. I hope no other student will have to feel as lost as I did when registering for classes, finding out how far along they are in their degree, or with any other general needs.	5/1/2017 1:54 PM
293	Nothing	4/30/2017 7:19 PM
294	More class times at GRCC	4/30/2017 2:51 PM
295	I think that charging student teachers \$6000 while they struggle to survive for a semester working a 40+ hour a week job for no pay, IS RIDICULOUS!!!!!! Haven't you gotten enough money out of us already? As we head into careers more about making a difference than making a substantial paycheck, this just seems like one more hurdle to overcome.	4/28/2017 6:26 PM
296	The parking situation on campus.	4/28/2017 2:25 PM
297	Not as expensive, and cultural/social electives that are more fun. Things such as a dance class, culinary, home economics, other physical classes where we learn to do something. Or other classes that are more entertaining than what we have.	4/28/2017 12:14 PM
298	nothing	4/27/2017 3:13 PM
299	If I could change something about Ferris I would request for more flexible class hours and more campus employment as well.	4/26/2017 5:47 PM
300	Student employment guidelines should be altered.	4/26/2017 3:48 PM
301	I really hated the parking, but that really is not something that can be changed. I was pregnant spring semester and very pregnant all summer and it was awful.	4/26/2017 2:38 PM
302	If I could change something about Ferris, I would change the amount of group projects that are done. Professors put a high ranking of importance on group work and for a good reason, but group work never turns out to be group work. It usually ends up being one person does everything, and the whole group gets the benefits.	4/26/2017 1:23 AM
303	I feel like advisors need more training. I felt as if I wasn't guided throughout my time here, there were multiple times I went to my advisors and they either forgot I was coming in or they took my holds off without talking about my schedule. It wasn't until this summer I met my current advisor and she created a schedule with me and talked me through what I was going to want to do.	4/25/2017 8:56 PM
304	More teacher involvement (online).	4/25/2017 4:29 PM
305	Get rid of the older teachers and get people that are relevant to the industry	4/24/2017 8:42 PM
306	Consider expanding the degrees one can obtain while attending off campus, such as Southwester Michigan College. It would appeal to those that you don't offer degrees for.	4/22/2017 8:47 PM

313	I had a very rough start with the advising department, until I was finally placed with [REDACTED] I took a lot of classes I didn't need and/or wasn't ready for because of misdirection by my earlier advisors.	4/19/2017 1:01 PM
314	The facilities for my program weren't available as much as necessary, some classes have two different professors (ARCH 102 or 203 for example) and the students come out with wildly differing levels of knowledge, and those classes are key classes for the field of work.	4/19/2017 12:11 PM

318	More parking. Way more parking for commuter passes. Especially by the business building.	4/18/2017 10:01 AM
319	I would make it easier to obtain an undergraduate associate degree by internet. Also, if an internship is required to graduate, I would make it easier to obtain one.	4/18/2017 9:09 AM
320	The parking passes are very expensive, yet there are far too few places to park, and often no places to park even remotely close to where you need to be.	4/17/2017 11:40 PM

323	I would like to see changes with the housing offices. I have had some bad experiences living on campus and working in the halls as a DA. Most of my bad experiences did involve my old hall director from Clark hall from 2013-2015. When things were brought to light about him, I feel nothing was done. I would like to see freshmen enjoy living on campus and be listened to by the offices.	4/15/2017 2:45 PM
324	Get more parking!!!! More flexible class times and offerings, maybe an increase in mixed delivery courses.	4/12/2017 1:12 PM
325	Personally I don't enjoy being in a small town but that's subjective to the experience.	4/11/2017 4:16 PM
326	Off-campus housing protection. I bought a mobile home as investment while attending school and thought it would be an equity I could use after graduation, but I lost everything to crooks. One landlord conspired with known criminals (according to the MI Judicial Tenure Commission), was kicked off the bench, and had ties to the Big Rapids City Attorney. One landlord ran a slum mobile home park and continually put tenants lives at risk with substandard plumbing and blocked fire access. Another mobile home park landlord was indicted by the MI Attorney General after continuing to illegally take rent 2 years after her license was revoked for violations. This continual emotional and financial turmoil over housing reflected greatly in my ability to attend and study at FSU. I finally had to sell my mobile home for \$1, and left the Big Rapids area a broken person without a degree. There is no protection for students off campus, no homeless shelters, no housing assistance, no effective legal assistance, there was no one who could help me.	4/11/2017 3:34 PM
327	Having more parking available for commuters. The number of times I have had to spend close to an hour looking for a parking spot was ridiculous. I shouldn't have to pay to park at a meter for several hours when I payed so much for a parking pass.	4/11/2017 9:40 AM
328	Please build a parking garage, you build everything else. I'm tired of getting tickets just because I can't find parking spot.	4/10/2017 9:35 PM
329	I would not change the aspects of Ferris but rather the way I approached my own education.	4/10/2017 9:08 PM

331	Cheaper tuition. More parking.	4/10/2017 11:59 AM

332	I would not change anytime about this university	4/6/2017 5:37 PM
333	More mixed, face to face plus online instruction, as opposed to strictly online courses.	4/6/2017 12:00 PM
334	I would change the transfer system for students with a lot of credits. I had a lot of difficulties that could have easily been dismissed if I had been required to sit down with a transfer guide. After a semester of transferring here, I was caught in the summer with a Satisfactory Academic Progress Program Audit Form that prevented me from continuing with the program I was told I could enter into. It would have been nice if someone had told me this was going to happen. Also, having to retake a general class when the school accepts the higher education classes caused scheduling conflicts. I had to look into other schools because of it when I just wanted to attend Ferris.	4/6/2017 11:32 AM
335	Nothing.	4/5/2017 9:55 PM
336	I would make more parking available. Whether it must be below facilities or re-organized. Maybe less faculty/staff spots that are never full.	4/5/2017 3:05 PM
337	Cheaper Tuition and Expenses	4/5/2017 1:28 PM

347	Certain programs are put on a higher pedestal than others. At Ferris, if you are not in a science-related career, your program just isn't given the same amount of attention or dedication. Even in honors classes, most of them are science based, and when you are required to take these additional honors courses, it would be nice if they at least aligned with your program.	4/1/2017 9:12 PM
348	Blackboard could be improved	4/1/2017 3:24 PM

352	I would increase the emphasis on preparing students for life after graduation. Topics of focus could be resume building, tax seminars, loan counseling, budget making, ect.	3/30/2017 12:20 PM
353	If I could change something, I would change the entire idea of college education. General Education credits are nothing more than a ploy to rake in more money from students. A business degree from any institution should take no more than 2-3 years. To be successful in the business world I should not need to take a science credit with a lab or anything that pulls me outside of the business building. People do not become more well-rounded because they took a music class in college.	3/30/2017 10:55 AM
354	I would say offer more opportunities for off campus students to get more involved in activities in that area sponsored by Ferris.	3/30/2017 10:11 AM

357	There is a huge lack of diversity on campus and it's ironic that Ferris prides itself on diversity but it is not evident in its student population, faculty or staff (residential staff included), representation in administration, or financial services. As a Black student coming to Ferris, it has been a complete culture shock (which is not necessarily a bad thing), but there is not nearly enough diversity to make minority students welcome or feel like when they are speaking with someone about financial issues or matters of what it means to be a minority on campus and in this country that they have a shared experience with the people across from them. Being at Ferris, I stayed in dorms for 3 years and I only had 3 RA's (two freshman year) that looked like me. I have had only one Black professor in my collegiate career here. Ferris State needs to do a much better job in catering to its minority groups on campus in getting representation in other places aside from the student body.	3/29/2017 2:04 PM
358	Offer more classes on campus at Macomb College Warren or Clinton Twp. I'm not a fan of online classes - they are pretty much worthless.	3/29/2017 1:43 PM

363	I am graduating Ferris State University and can't get into an internship. I have applied to over 50 and still haven't gotten one. I can't even seem to get an internship at Ferris yet you still require me to get one while providing very little help.	3/28/2017 10:05 PM
364	Better educators	3/28/2017 9:34 PM
365	More parking and update the campus and dorms.	3/28/2017 7:07 PM
366	Better advising programs for students. Some of the faculty in charge of being advisors for students when selecting classes and planning future semesters have little to no more of an idea than the students do about how the process is supposed to work.	3/28/2017 10:37 AM
367	I would change that Ferris is in big rapids	3/28/2017 7:42 AM

386	Ferris State needs to invest in at least more commuter parking lot for all the students off campus.	3/21/2017 7:25 PM
387	I would change the increasing price of tuition. I understand there is a need for raised tuition in regards to government regulations. However, I don't think its right to increase tuition just to make the university "look" better. If there is a raise in tuition, I would like to have a positive impact from it.	3/21/2017 11:14 AM

391	I would make Blackboard more user friendly.	3/20/2017 4:24 PM
392	Parking	3/20/2017 3:41 PM
393	The biggest thing I would change honestly is how strict this school and city can be on the students here. We are all just trying to make ourselves better and are spending thousands of dollars each semester to just have this opportunity. With this responsibility and hard work that all of us students go through daily, it's nice to relax and enjoy time where we can be carefree and not worry about the next stressful moment. But I feel our school and the law in this town are overly harsh to the students and don't believe in the students they are looking out for.	3/20/2017 3:23 PM
394	Get rid of the internship. Too hard to do a full time unpaid internship and still have a job.	3/20/2017 1:50 PM
395	The staff at Ferris was always very unresponsive and did not make students feel like their problems or issues were important. I would make sure staff is more friendly and responsive to students.	3/20/2017 12:15 PM
396	I would expand the elective course selection to incorporate more practical skills and experiences.	3/19/2017 11:43 PM
397	The food services budget that they are given, to me, is not enough. he students pay a lot to eat here and I feel like the amount of money put into the meals is not enough with how much money is spent on them.	3/19/2017 10:07 PM

405	I feel the Automotive Management curriculum needs to be revamped. All the courses except 401 are filled with busy work, no true learning in the assignments. One instructor grades assignments extremely late(sometimes 30 days). There are many general tasks and systems from the industry that can be incorporated in the course work, but they are not. Hopefully things change for future students of the program.	3/15/2017 10:47 AM

413	Towards the beginning of entering Ferris, transfer student or regular student, I would suggest having more presentations in classes about the importance of things like RSOs, internships, and other extra curricular activities. When I transferred in there wasn't much information impressed on me except that I needed an internship and joining RSOs would be a good idea.	3/13/2017 9:54 AM

418	RA's / FSU police need to chill out and be more lenient, everyone wants to have a good time at college. Obviously, a safe environment needs to be maintained but unviolent "crimes" shouldn't be taken so serious. 9/10 wouldn't recommend Ferris to a friend for this reason, and the internet sucks frequently.	3/9/2017 7:23 PM

427	Writing and communication standards. The level of writing skill at this college is disgraceful. I feel woefully under prepared for the professional world, and am appalled to say I am one of the better writers in any of my classes. Communication in general at Ferris is lacking. Neither oral, nor written, or even non-verbal (professionalism in manner and look) are cultivated in this institution. I felt terribly deficient in my own abilities when signing up for college believing this would pose a serious problem to my academic studies, only to discover my knowledge and skills when starting college surpassed graduates from this college. I hate to speak ill of the institution as I have had great relationships with the individuals who comprise it, but I get the general sense from Ferris that Graduating students is more important than educating them.	2/28/2017 5:20 PM
428	What I wish more for at Ferris are more courses that revolve around working on how to develop stories, characters, idea, etc. While we are taught a lot of the technical aspects of our field I believe students need to be taught more on how to create and develop ideas instead of only just how to model and draw. How can we create if we don't know what to create?	2/28/2017 3:58 PM
429	I would not change anything about Ferris, but I would my experience at Ferris. Looking back, I would have took advantage of the many resources that Ferris has to offer, and I would have been more involved around campus.	2/28/2017 3:32 PM

441	Less of the "wrong" people entering school for the wrong reasons. I believe i have seen crime rise just since i have been at Ferris and have heard of allot of my classmates complain. My first semester i was involved in a assault that involved members of the football team. I had no idea why i was assaulted or who did it, (although it seemed to be race related) i could have pressed charges but i didn't. I later found out these kids accused some of my friends of something that had not happened. From my view point they were trying to start a fight with us for no apparent reason and unfortunately i was a victim along with a few others. I hoped justice would be served but as far as i know at this point the students were given less than a slap on the wrist from he school and the law.....	2/26/2017 9:14 PM

450	The required gen eds	2/24/2017 2:52 PM
451	I would like to receive grades sooner than I did for the fall 2016, semester. The grades came in after my work deadline to submit them for reimbursement in 2016. Because I had to wait until 2017 to submit for reimbursement I will not be able to be reimbursed in full, my workplace will only cover \$5,250.00 in one calendar year. That's a bummer.	2/24/2017 2:39 PM
452	Sometimes I felt like instructors for online classes did not give enough individual feedback or individual teaching.	2/24/2017 2:15 PM
453	Offer more financial aid/scholarship opportunities for the summer semesters	2/24/2017 12:45 PM
454	██████ needs to be removed as a professor and department head. ██████ is a terrible resource for students due to his lack of knowledge in the manufacturing field and his inability to be found during hours and during his own classes. As of 2/24/2017 he as blown off 7.5 hours of his MFGT-231 class for other engagements that were unnecessary for him to attend. his absence in his class accounts for a quarter of the time the class has meet and has prohibited his students from completing their projects in a timely manner.	2/24/2017 11:42 AM
455	The amount of support offered to Greek RSO's on campus.	2/24/2017 7:49 AM
456	Lower tuition. I honestly do not think it should cost as much as it does to go to Ferris. If you cannot lower tuition I would say to stop raising tuition every year. While Ferris is a great school what makes it appealing to people is that it is affordable. It will not stay that way if tuition kepps being raised	2/24/2017 12:30 AM
457	Offer more a wider variety of classes and offer classes every year rather than only certain times. Limit parking passes that are sold or get more parking.	2/23/2017 8:51 PM
458	Overall nothing, everything was fine with me.	2/23/2017 6:38 PM

459	I wish that the advisers would be a little bit more hands-on in terms of assisting students with planning their courses early on in their college career. I didn't really know what I was doing in my first year of registering for classes and I feel as though this may have interrupted my path to graduation. I also often found myself waiting multiple semesters to enroll in courses which were only offered in spring/fall of even/odd years. Simply because I didn't know about this pattern of class offerings in advance, I was setback and mixed up in the order that I took some courses.	2/23/2017 6:31 PM
460	I felt some of my required courses will not be beneficial to my future whatsoever, whether I found them interesting or not. They felt like they were only required to meet some sort of irrelevant standardization (multiple science classes, accounting classes, statistics, etc for a music industry management degree). This is hard and discouraging for students, as we have to pay thousands for these classes we feel are irrelevant. Less standardized degrees would be more efficient financially and time-wise for students.	2/23/2017 5:17 PM
461	I would change how the study abroad office and military office function. They lose paperwork easily, and can't answer students questions.	2/23/2017 4:06 PM
462	More parking	2/23/2017 3:42 PM
463	I would change the tuition to be lower, but this is a nationwide complication. Ferris specifically, I would change the rate at which they tell students how they can use resources once they graduated. I still dont know and am not sure if anyone is going to tell me.	2/23/2017 2:56 PM
464	Costs of materials, specifically textbooks, is out of control.	2/23/2017 2:44 PM
465	Parking was nonexistent and needs to be addressed. Also parking passes should not be required for participation at the rec center. We, as students, pay for the pleasure of using the rec center no matter if we live on campus or off.	2/23/2017 2:38 PM
466	More parking	2/23/2017 12:38 PM
467	If I could I would change the parking. There needs to be more spaces or easier access to classes.	2/23/2017 11:38 AM

472	Group projects. They are really not necessary and in some cases really bring out the worst in people.	2/22/2017 10:04 PM
473	There needs to be more parking	2/22/2017 4:33 PM
474	The unnecessary requirement to take "elective" courses to become "more well rounded individuals" is an absurd concept. It is a waste of time and money that could be better spent on courses relevant to one's desired field of study/career.	2/22/2017 1:23 PM
475	The only thing I wish were different is student attendance at extra curricular activities, but not sure how much the university could do about that.	2/22/2017 12:51 PM

485	Parking. I know i know we can walk boo hoo you have feet well guess what you want higher attendance fix your parking. If students are just skipping class because they are so mad its crazy instead of building more halls build a parking garage and wow problem solved. Also all of the front desk ladys at the timme center especially financial aid offices need to be trained on friendly customer service and actually helping not just staring blankly at the wall and then repeating the same phrase. I get people have bad days but every time i have ever had problems or issues i have been meant with some of the worst customer service of my life. If i'm just trying to understand something being rude will not help either of the parties. Some sort of management problems are going on over there.	2/21/2017 2:05 PM
486	The price of tuition is very high for the level of education that I received. For example, when I went to Owens Community College in Toledo Ohio, I gained a much better understanding of sales from their 100 level selling course than I did from the 300 level selling course at Ferris. I found this to be very frustrating considering that I paid twice as much here than I did at the community college, and I expected to learn something new which did not happen. I had some good professors at Ferris, however I also had some that were absolutely terrible.	2/21/2017 1:12 PM
487	I would ask for more tutors to be available in the Grand Rapids location	2/21/2017 12:47 PM
488	Educate the advisors more! Most of them do not know the proper things for each major.	2/21/2017 12:26 PM

491	Unsure, many of the Plastics professors have very large loads and with more professors it may take some of that off of them.	2/21/2017 12:25 AM
492	The syllabus for almost every course had some sort of miscommunication or wrong information (dates) Some of the instructors did not reply to questions often. I felt I spent at least half of my time trying to figure out what the requirements for the assignments were before I even began to work on the assignment.	2/20/2017 11:03 PM
493	More online classes	2/20/2017 10:19 PM

502	It cost way to much. It should be affordable. Stop making pour choices with our money.	2/20/2017 2:42 PM
503	I would change the parking structure. Students need more spaces.	2/20/2017 2:18 PM
504	A Bachelors of Science in Chemistry and better parking options.	2/20/2017 11:20 AM
505	Have more support from the school for Greek Life organizations. It's a huge opportunity for the school to utilize, yet they don't. It's extremely sad and disheartening that Greek Life is slowly evaporating from Ferris. It's part of a historic culture, and really is failing because of Ferris and administration. Why wouldn't our school want organizations to thrive?	2/20/2017 10:18 AM
506	The communication between the International students and the American students.	2/19/2017 10:40 PM

514	If more emphasis was put on students becoming passionate about their career choices. This could be realized through a better funded and organized academic RSO program. Other colleges, such as Michigan Technological University, have more extensive RSO-like programs (student enterprise program) which empower students to gain professional experience by working with internal campus organizations and external businesses. These freedoms allow students to develop themselves professionally before pursuing an internship or career job.	2/17/2017 4:30 PM

529	Other than a sentence or two of response in grading assignments, the MBA faculty did not contribute in my MBA classes. They rarely commented on discussion boards, did not present any material either through lectures or by written instruction, and did not respond in any meaningful way to the class. There were a few professors who did write maybe three or four sentences in response to assignments but again, I still taught myself the material. The pattern was to buy the textbook, read it, google additional information to teach myself how to complete an assignment, and then google more information to complete a discussion post. Frankly, if I could have taken a test on any of the classes I took, I would have because my instructors brought little to the education table. The first class that had two Saturday components were useful because we actually received instruction from the teacher. If the only role the MBA faculty play at FSU is as graders, then perhaps they are getting paid way too much. Other institutions that have online programs use Tegrity lectures along with powerpoint slides and handouts; call-in discussions; discussion boards with a lot of instructor feedback; and involve other resources such as videos to watch or additional papers to read. One professor gave voluminous papers to read but we did not discuss them so we soon learned they were superfluous. Other than that person, none of the other methods mentioned were used. I wanted the credential and I taught myself a lot but I regret choosing FSU for my degree.	2/15/2017 9:39 PM
530	There should be more parking lots for students.	2/15/2017 8:39 PM

538	The cost of tuition, however that is a systemic issue. Many students like myself pay for our own education and it becomes daunting when we watch our student loans rise.	2/14/2017 7:58 PM

546	Fees that MUST personally be removed student government fee, fitness fee, health center fee. I hate the payment plan. it does not help the student with due dates at all, they keep adding late fees. Parking spots!!!! even if i have commuter parking permit i cant find parking. Not enough faculty for my major. MFGE scale is not fair. MET student has to do thier senior project alone, no financial support dorn the department and complicated requirement to get approval for project!!! most of the schools do it in group. Working in Doing senior project alone is like you are telling us that all engineers work alone. Thank you	2/13/2017 2:07 PM

552	Return Ferris Fest to mid to late April. There are no other events like it and moving it to mid-March is cruel; students already spend most of the school year in the snow and cold, don't ruin one of the best things about Ferris.	2/12/2017 10:58 PM
553	Restructuring of the curriculum	2/12/2017 4:03 PM

555	I would love to see more parking and intramural sports.	2/12/2017 2:42 PM
556	I wish the College of Business Management program was far better than what it is; I feel like most professors are not properly preparing their students to face the real-world challenges of working in business.	2/12/2017 10:36 AM
557	How expensive it is to live there	2/11/2017 6:49 PM
558	I would bring back a place to eat on the West side of campus so that those students who do live on that side of campus don't have to cross the street everyday just to get food and to open more options for places to eat.	2/11/2017 2:00 AM
559	One thing that I noticed about the Ferris/Kendall Grand Rapids campus is that we lose out on a lot of opportunities. For example, the main campus students are held at a different standard compared to the ones that are receiving their education at the Grand Rapids campus. I did not know that as a business student on main campus is expected to meet certain guidelines, for instance participating in the international wine, beer & food festival is mandatory but for students attending classes in Grand Rapids it's not. I feel like students are missing out on opportunities. I just hope that you would look into making sure every student receives an equal opportunity.	2/10/2017 8:51 PM

564	Get a better welding engineering laboratory. I know they are in the process of doing this but considering Ferris State University is supposed to be the best college in the country for Welding engineering the current laboratory equipment and facilities does not reflect that.	2/9/2017 11:27 AM
565	The one thing I would change is the Math portion of the degree. The flint campus didn't have Ferris Math courses so I had to travel to Lansing to take them. The classes were only on Saturdays and there were five classes I had to take. I didn't have a great vehicle and finding someone to car pool with was difficult.	2/8/2017 5:59 PM

572	The sidewalks are not properly kept in the winter, it is not fair to students who are disabled	2/6/2017 7:47 PM
573	I would change the desk styles in some of the science building. Some seem to be very tight and difficult to take notes on with other students around. I'd upgrade the College of Education and Human Services building as well.	2/6/2017 4:51 PM
574	Making it a requirement for professors to use blackboard for at least keeping students up to date with there grades.	2/6/2017 4:03 PM
575	More parking spaces.	2/6/2017 2:53 PM
576	The snow plows doing a better job for the whole campus. More seating in the quad. Not building another building when we clearly need more parking space for the student and staff on campus.	2/6/2017 12:32 PM

586	I would have liked more contact from the administrators of the program at the off campus site. The professors did a great job of explaining how things worked in the Master's program from start to finish but more contact from an administrator would have been nice. One of the professor's took the time to talk about what having a master's degree means with the educational spectrum as well as within the criminal justice field and this was much appreciated, however, I believe that someone from the administrative side of the program could have came and delivered a detailed explanation of this as well. It would have been well received by my classmates and I.	2/2/2017 11:42 AM

590	I think it's incredibly infuriating that I have to complete an internship to earn my degree. Internships should be heavily pushed, but not made an absolute requirement to graduate. At this point I'm basically done with my education, but my degree and essentially my future, is being held hostage by the fact that I haven't completed an internship yet. 613	Routes taken to facilitate student success: often it was obvious that costs were avoided by the school and put upon the students ranging from printing, to requesting transcripts, to fees for health services and recreational fees. Having had attended a university in the same conference and size for my undergraduate education, I was often disappointed in the corners that seemed to be cut, again at the cost of the student. Often personnel involved in different student services such as health clinics and financial aid did not show enthusiasm or interest in helping students, but rather initiated conversations with poor professionalism or condescending demeanor. Hopefully Ferris will strive to improve their outward appearance to future students.	1/29/2017 6:16 PM

615	The atmosphere of the town. I know that has nothing to do with the school but there's so much room to improve. I love the college, the set up, and the short walking distances... I still think it would be better to add more culture and more opportunities to expand horizons in the town.	1/29/2017 2:24 PM

635	I feel I am not nearly as prepared for graduate school as I should be because Ferris does not put much focus on its sciences. Professors do not do exciting research and there are no good labs on campus that I have encountered. Having professors work as advisors is an awful idea because they do not know what they are doing. I got screwed over because my advisor did not account for 15 credits so I had to really load up my last semesters when I thought I had everything planned out. I get that Ferris is a small school so I do not expect the best, but some work within the Arts & Science college is necessary for the school to be a better environment.	1/25/2017 8:03 PM

639	Make nursing classes more flexible. It was difficult to do online group assignments with people working different full time shifts across the country. I really disliked the group work because of this.	1/25/2017 2:54 PM
640	More commuter lots instead of dorms. Many of my fellow commuters and I have felt marginalized by Ferris's lack of commuter spaces and close attention to expired meters in the few meter spaces. In general, commuters feel that Ferris does not care about their needs.	1/25/2017 2:43 PM

645	I would change how the MSW program does internships and the capstone project. There is a lack of communication and organization by the university. I would also change how the campus accommodates persons with disabilities. There is limited access to move through the campus in bad weather and many updates need to be complete.	1/25/2017 11:06 AM

646	Adjust the schedule and be more flexible to those who work full time. It is hard to work full time and make it to classes and because I live around Big Rapids, I'm a traditional student so online classes are out of the question.	1/25/2017 10:43 AM
647	PARKING! I lived off campus the last two years that I've been a student and the amount of parking tickets I have had is ridiculous. I only live five minutes away from campus but if I don't leave 30 minutes before class starts I will not find a parking spot and will be forced to park where my commuter pass is not permitted.	1/25/2017 9:35 AM
648	I would change the parking and lighting on campus. I am sure that this is a commonly addressed problem. There were times where I did not want to go to classes because I was scared of the walk to my car in the dark. I was worried about my safety on campus because of the lack of lighting and lack of parking that is close to classes.	1/25/2017 9:17 AM
649	Put that new soccer field to good use. I've been on the Men's Club Soccer team for the past 4 years and each year we have been getting better and better statistically speaking. I would really enjoy coming back to Ferris to watch the Men's team playing on that field instead of the Big Rapids High school field. Make it a D2 sport! We play a D1 schedule and represent Ferris State on our chests yet we can't get recognized enough to play on the big field, I want to see Men's Soccer as an official sport at Ferris. I swear to you, attendance will spike with such an announcement.....\$\$\$ Think about it.	1/25/2017 2:40 AM

651	I would reduce the mix delivery classes, or at least offer both face-to-face and mix delivery classes for every course. As an international student, I was facing problem with the mix delivery class because my sponsor didn't agree to pay for more than 12 credit hours of both mix delivery and online courses. as you know, many of our business classes are mix delivery and that push me and the others to face a problem with our sponsor in making a payment for those classes.	1/25/2017 12:39 AM

687	There are so many professors that care so little. My first semester freshman year I had a professor tell the class after the withdrawal date "I like to fail the maximum and I have curved downwards to do so." He is the reason that I decided to do just a two year degree rather than pursue my masters. He is the reason I decided to pursue my education elsewhere. But every semester I would end up with a professor that seemed to not care about their job or their students. Gave little effort to teach or simply did not seem to know how.	1/22/2017 10:58 PM
688	Registration for summer classes seems way too early.	1/22/2017 10:20 PM
689	The 2+2 degree option for the Automotive Management Degree. The 2+2 degree option is not very accurate as being accepted into the 2+2 does not apply credit to all courses obtained from the Associate's. I had many, many issues resolving the transfer credits from the Associate's. I also had many difficulties completing this online degree as many classes were not offered online or were only offered once a semester. I would have been able to complete this degree in a year and a half instead of over two had the courses been offered more than once a year and had the required courses been offered online. Physics 130 as required by the degree is not offered online. Less than a handful of science courses are offered online, and only during summer semester, thus putting off my graduation by a year. If a program is listed as an online degree, this should not require students attend other colleges in order to graduate because the required courses cannot be taken online for an online degree.	1/22/2017 4:51 PM

693	One professor that I had for spirituality was not very helpful and made me feel like I was bothering her when I had questions on my grades. I am a working professional with a family and I don't appreciate being treated like a child. I still do not know why she gave me certain deductions on projects because she wouldn't explain what I did wrong. No comments in the grading and all she told me was read the rubric instructions to find out what I did wrong. So basically, I had to guess and still wasn't sure why she marked me down for assignments and one project. I gave her a sub par evaluation and I really hope that FSU will follow up with her on her poor attitude.	1/20/2017 6:12 PM

701	I am disappointed in the lack of social / emotional activities and resources that are available to students at Ferris GR. There aren't activities available that would help students build relationships and networks among peers. If there are more events happening at the Big Rapids campus, transportation should be provided. There is at least one student organization available for education majors, on the Big Rapids campus, for example. I think that there should be a chapter/extension of this on statewide campus' as well. Ferris must be thoughtful and intentional about how it prepares students for the real world workforce. In the field of education, students wanting to become teachers must be observed several times. Then once we become teachers, we are observed several times each year by our supervisors and/or principals. However, our professors are not observed. They should be held to the same or higher standard of teaching excellence that Ferris promises to deliver in their graduates. There is all sorts of research about how the brain learns, and many resources available on best teaching practices, which are not utilized or modeled in most of the courses that are supposed to train teachers! One of these courses was taught by [REDACTED]. She was the extreme opposite of engaging, and did NOT come to class prepared to teach. She often lacked resources that would even fill the time that was available for us to meet. This class was supposed to be discussing critical topics such as classroom management, differentiation, methods of teaching math/science, etc. It was class content that we desperately needed since the rest of our required courses did not cover classroom management and/or differentiation. She was performing (as a professor/instructor/teacher) at such a low level that I would expect to be fired from a teaching position if I was to emulate her example in the course that she taught on the GR campus. Besides being unprepared, she gave me unprofessional and unethical advice. The most prominent example of this was when I asked what would be some effective methods of classroom management for the most challenging 2-5% of students. She replied that you simply try everything you can, and remember that at the end they will be someone else's problem the following year. I am still shocked every time I think about her response. There were no details in the suggestion of "trying everything you can." I did not get a list of best possible methods or practical advice. There were no book recommendations such as Teach Like a Champion, which is chalked full of practical wisdom and tips. (I know this from my own research). She did not emulate the highly effective or distinguished teacher levels of evaluation that we, as future teachers, will be held accountable to once we graduate and get hired. This is simply unacceptable. Classroom management and differentiation are guaranteed to come up in interviews for teaching positions, and I can't simply tell prospective employers that my undergrad work did not prepare me. This would be a sad representation of FSU's program and graduates.	1/18/2017 10:50 PM

In fact it always feels like I am inconveniencing them when I do try to contact them. This is the main reason I will not be recommending this school or degree to anyone that asks me about it. I am an all online student and I truly feel all alone. I understand that being online I have to be motivated because of the lack of class face time, but there has never been any interest from my professors/advisor to communicate with me. I have spoken to may other colleagues that have gone to various other schools and they are shocked when I reveal how little interaction there is with a professor/advisor. It feels like the school does not care at all about me reaching my long time goal of getting a degree. It has been a hard road and I can say that it has a lot to do with how little help I am getting from this school. It feels like the only time I receive any communication from this school is when I am asked to pay my bill. I don't know how much more I can write because I don't expect any changes to be made, even though other students have expressed the same level of dissatisfaction from this school.	1/18/2017 12:40 AM

719	I would say that my biggest disappointment about Ferris or while I was at Ferris was the furniture. Of all things that would have been outdated that was one of them. I have previously attended a community college and their furniture was cushioned and meant for those long hours they knew you were going to spend in those classrooms. If I could change one thing about Ferris it would be the furniture in the health professions building, more cushioned and comfortable seating for students, because you do spend a tremendous amount of time at the computer, in the classroom, etc. comfort is important for overall health, but better concentration from my point of view.	1/17/2017 4:34 PM

729	I had some troubles over the last couple years of my college career at Ferris when it came to receiving answers and one solid direction about what I had to do to make sure that all of my courses were completed and that I was in the correct ones. My original degree was in HCSA but after being advised and repeating two courses I was left to transfer into the Integrated Studies program to finish off my degree. I would help make a the commute to Ferris easier, more parking lots and easier ways to get across campus (no Do Not Enter signs). I would also go through programs and make sure that classes and professors are preparing students for life out of college. 757	Parking is a major issue. For people that commute, it is very difficult to find a parking spot close to campus, or to find a commuter lot that is not already full. Parking should be reevaluated. The south entrance to Starr building in the winter is always a mess, and can become dangerous due to snow build up at the base of the steps near the doorway. That entry holds a large amount of foot traffic, and this entry point should look to be improved before someone is hurt, but also to make the area less crowded. The athletic teams at Ferris have been great over the past few years, however I have seen a lack of support to some teams among the student population. A way to get students more engaged and improve school spirit would improve campus life overall.	1/12/2017 1:22 PM

764	More scientific research opportunities.	1/11/2017 5:45 PM
765	some of the school profs needs to have a closer eyes on them due to the fact of smart remarks they give back to students, some words are hurtful	1/11/2017 4:44 PM
766	I would change how much commuter/resident parking spots are available.	1/11/2017 4:19 PM
767	More hands on.	1/11/2017 3:58 PM
768	Less construction, more time and money spent on improving student resources. For instance the computer lab in the business building does not have a slot to ad money to your print account and you would have to go to the library to do so.	1/11/2017 3:28 PM
769	Organization would be the only change that I would make. Increasing communication between students and faculty could be very beneficial to ensure that everyone's on the same page with regards to due dates, cancelled classes, etc.	1/11/2017 3:16 PM
770	Nothing that I can think of at this time.	1/11/2017 1:27 PM

774	Perhaps offering the RN to BSN program through Northwestern Michigan College's University Center for an option of in-person learning.	1/10/2017 11:18 PM
775	Student/Adviser relationship. My experience was really poor not only in my college, but in several departments. there are a few good teachers and advisers, but for the most part if you are struggling with other life issues that I'm more or less a nuisance to them.	1/10/2017 9:09 PM
776	I would change the parking at Ferris for commuters.	1/10/2017 8:22 PM
777	As a educational student, I would change how I have had 5 different councilors and none of the councilors communicated with each other. So I had to take unnecessary classes and had to continue my education when I could have been done a year earlier.	1/10/2017 7:54 PM
778	Ferris has very little regard for their students well-being. They should work to accommodate us more. Mainly in the winter time of it is too hard for Ferris to get employees out to clear the sidewalks and streets before the earliest classes then campus should close to avoid hazards.	1/10/2017 7:00 PM
779	Stop raising prices every year (Tuition, meal plans, housing, etc.) Charge a higher student activity fee to allow more interesting events on campus. Have more of a variety of entertainment events. Specifically to the social work program, I wish that there were more interviewing skills courses. I think it's something that should be practiced regularly.	1/10/2017 4:45 PM

781	I've had a few instructors who were not so great about communication. Emails were not answered for a week sometimes.	1/10/2017 3:47 PM
782	Scheduling. I had problems towards the end scheduling courses that worked with my work schedule. For instance, this semester having a class that I had to take to graduate with 1 option (Mondays and Wednesdays) while the rest of my classes are on Tuesdays and Thursdays. This has caused me to have to step back from my role at work, which I feel is hurting me professionally. Also, allowing more students to register for online classes. I used to commute to Big Rapids from Grand Rapids for class and asked a few times to register for online classes and was told I couldn't because my degree was not an off campus degree. This resulted in dangerous winter commutes and added stress which I feel could have been easily avoided.	1/10/2017 3:31 PM

786	Better internet connections on campus.	1/10/2017 12:30 PM
787	Update the automotive service technology courses/program, and better financial support for academic RSO's.	1/9/2017 11:40 PM
788	Parking was a chore, ned to do something about that. Other than the University Center, the campus is pretty out-dated.	1/9/2017 9:13 PM
789	Cost!	1/9/2017 8:59 PM
790	More than half of the classes I took seemed completely irrelevant and therefore was a waste of time and money.	1/9/2017 3:53 PM
791	I would add more study abroad opportunities for more majors.	1/9/2017 2:29 PM
792	Open more classes sections in both semester spring and fall	1/9/2017 2:04 PM
793	Nothing.	1/9/2017 12:41 AM
794	Parking, eating facilities, and sidewalks during the winter. Also, more study rooms available in the library or around campus.	1/8/2017 10:17 PM
795	Some of the curriculum doesn't seem fitting for my major. Professors only link material to fields of work they've been in (automotive) and don't relate it to my field of study (music management).	1/8/2017 3:55 PM
796	I would like to be able to take the same teacher for classes that require two sections, like general biology 1 and 2. Switching teachers means learning a new teaching style and I believe it's the reason many students have a hard time during the beginning of the semester.	1/7/2017 10:27 PM
797	I would change the process by which non-resident students of the College of Optometry, such as myself, could apply for Michigan residency and the corresponding lower tuition rate. The administration at Ferris made that process extremely difficult for me and my fellow non-resident MCO students, and attempted to deny us that ability completely, and that will certainly leave a bad taste in my mouth regarding FSU as an institution as I move forward in my career and life.	1/7/2017 1:56 PM
798	more student involvement	1/6/2017 11:47 PM
799	Nothing.	1/6/2017 1:12 PM
800	The only thing I had trouble with was the group projects for the online courses. It was difficult to communicate with each other and get direct answers from the professor. If there was an easier way to communicate more directly, even if it is an internal Skype, this would make group projects less stressful.	1/5/2017 10:38 PM
801	Location.	1/4/2017 9:13 PM
802	I wish I would have been more involved in on-campus activities. I think part of what hindered me in this area was that I did not attend Ferris for undergrad. I think transfer students should have more avenues introduced to them in order to get involved.	1/4/2017 7:07 PM
803	Tuition costs. It was tough to have to take out loans every year in order to pay for tuition and books. The books I believe are way over priced, and the sell back is a rip off. I just think that since we pay so much already to attend the class, us students should be given a break when ordering books from the bookstore. Not overcharged because it is convenient for most students.	1/4/2017 1:24 PM

804	The one thing that I would change for Ferris would be some of the classes that seemed unnecessary, but this is what i thought of when i was taking the classes at the time.	1/3/2017 11:23 PM
805	The cost to attend MCO is too high, especially in the final academic year when we are not on campus, but rather doing a years worth of intrenships. The daily cost to for the final year was around \$153, and the us students are only taking one one line course that is connected to the college. The rest of the education we are receiving through optometrists in the workplace. I believe this is should be changed.	1/3/2017 10:40 PM
806	Not sure, to be honest. I was mostly an online student. I did not attend main campus.	1/3/2017 9:50 PM
807	Improving the marketability of Big Rapids. Young people like to go off and have new experiences, but the small town does not always offer that. Creating a new market and appeal to big Rapids may bring in new businesses and activities for students to do when not on campus.	1/3/2017 7:00 PM
808	The cost of attendance and parking.	1/3/2017 6:40 PM
809	I wouldn't change anything.	1/3/2017 3:55 PM
810	The online experience. The current set up does allows for teachers to visual interact with the students, but only one time did this ever happen. As noted to many professors the viewpoint from the student is that without a physical image of the professor the student could think another student is teaching the class or possibly computer. I know this is not the case, but a simple 2-5 min video going over the assignments or key points for the week would fit the requirement. This also touches on the visual learner. All other learning types are addressed in an online format except for the person who learns from hearing from someone else.	1/2/2017 11:23 PM
811	It is nothing against Ferris, however, I wish I would have joined a RSO.	1/2/2017 10:39 PM
812	Plow the sidewalks	12/30/2016 12:06 PM
813	A progressive sickness that is corrupting the administration, faculty, and people of this gemmed community. A concerted effort needs to be made to produce critical thinkers capable of handling the challenge of the modern society while PRESERVING and PROTECTING our foundational understanding of INDIVIDUAL LIBERTY. At Ferris, A majority of the 'consciousness' of thinking with regard to structure and order in our worlds is geared finding a solution from a centralized authority. The real solution is to empower and enhance individuals. Much effort needs to be put in to combat the national narrative which seeks to create and ignorant and uninformed citizenry. Ferris has a chance to stop that, but certain departments are fighting to enhance an ideaology that will ultimately destroy our way of live making way for a new one. The new one is likely servitude with no chance of departure.	12/30/2016 11:05 AM

841	How professors use blackboard. I hate how it has become a tool for them to have to do less work. I have had classes where I have to buy an online registration for an outside educational company that creates all these tests and assignments and grades them, and it makes me question what the point of the professor was. Also, it is very stressful when professors would make deadlines for classes on blackboard that don't line up with the dates of the classes. For example, if it is an entirely face-to-face Tuesday/Thursday class, there shouldn't be anything due online on a Sunday. It shouldn't be due until the next class period begins. Also, I don't think it is fair to automatically charge students for Birkham Health, the Raquet Center, etc. Especially not when you only have the first week to get reimbursed. Many students have other commitments, along with preparing for the start of the semester on their mind and may miss the very strict and unreasonably short deadline. It can be a huge bummer for a college student who lives off very little money to find out they barely missed the deadline and won't be reimbursed for these services that they will not use or benefit from at all.	12/17/2016 11:40 PM

862	The fact that if you stop taking classes for a semester, you may have to take additional classes! Completely discouraging for a non-traditional student. It took me 8 years to complete my degree, but I kept at it while juggling my business, my family, and my classes. At one point, I was told I was dis-enrolled after having to take a semester off, and I was so discouraged, I almost threw in the towel with only a few semesters left to go. It is hard enough to keep going as a non-trad. student, and this new policy is enough to make people quit or give up. Not cool!!!	12/12/2016 1:45 PM

896	Per my experience, many of my off-campus instructors (Traverse City) were well versed in their trade; however, very few...(none?) had a formal education in teaching. Those that managed to teach well, did so because they intuitively, or via some-experience, understood the value of varying their teaching-style to match the varied learning-styles of their students. Most of my learning from FSU's Traverse City campus and online courses were self-directed: here is your McGraw Hill textbook, here are the computer generated questions from McGraw Hill, read the book on your own and answer the random questions provided by McGraw Hill. Granted, I was always welcome to ask my instructors questions; however, I often found my in-depth questions were not satisfied beyond the words that I had already read in the textbook. Moreover, many of the randomly selected, computer-generated quiz/test questions merely tested whether the student actually read the book. Unbelievably, I've read every word on every page of every textbook that was required by my FSU classes (a feat I presume not often accomplished). My complaint, shared by many other online and off-campus students, was the disconnect between quiz/test questions and preparation for real-life experiences. I would like to see FSU focus on applying our learning experience with the outside-of-college world. Note, some of my instructors were chosen at the last minute to teach my course, hence their lack of textbook familiarity. However, some seemed to simply lack the comprehension that they should know the contents of the book from which they teach and should be able to pull from the textbook which bits of information to emphasize, which bits to omit, and which bits to simply touch upon without great detail or emphasis. I've been pleased with the personalities and kindness of nearly all of my instructors, kudos to FSU for hiring outstanding citizens. NOW, please teach them how to teach. They seem willing and able, please give them the tools!!!	12/5/2016 1:11 PM
897	More information for students regarding ways to pay for their attendance. I have found a way to pay for my education, many students do not seem to care nor will actively seek a way to fund their education; they will have a hard time battling student loans with or without a well paid job.	12/5/2016 8:25 AM

Research nursing is an important skill but most of us will not need to use the extent on which we were taught. Too many classes on cultural life aspects. There was not much detail of how the cultures would be affected by health care. There was more focus on the general introduction to cultures. This is great if you are a very young adult in a rural area. I am a middle aged adult with lots of cultural experiences. There were so many classes on community nursing. How many of us really become community nurses. I am a pediatric nurse. I would have liked the chance to choose more classes that helped me with pediatrics. I would have liked to be able to choose more classes on physiology, emergent care, interventions, and procedures. Most of the classes I have taken felt like a waste of time and money.	12/2/2016 7:50 PM

942	The insane cost	11/27/2016 4:12 AM
943	PARKING! The first thing I would change would be parking. There were several times that I was late to or missed classes because I could not find any available parking, and the available meter spots do not hold enough time to attend 3, 75 minute class. (Truthfully, even if they did, I would not pay \$3+ to park at a meter when I paid \$100 for a parking pass.) More importantly, I honestly believe that there is too much irrelevant and repetitive work. Throughout my time at Ferris State, I felt like there was an extremely large amount of irrelevant or repetitive assignments that felt more like completing busy work for a lazy high school teacher, than really gaining knowledge from a seasoned professional. I felt like every professor had at least one thing that they would force students to complete, that did nothing more than take up time. The assignments "proved we were following the lecture" but did not teach anything. They did not help me to gain knowledge of the subject, they did not help prepaid me for work tasks, they did not enlighten me, they did not stimulate my creativity, they did not stimulate my brain.... THEY SIMPLY KEPT ME BUSY. I think that there should be less "homework" and more in class activities that might result in homework to be finished. There should be more examples. Providing a student with a link to the tutoring center or library NOT HELPING learn and develop, teaching students how to do tasks, showing them how to do tasks, and walking them through tasking IS HELPING. To be honest, Ferris felt a lot more like bosses expecting production from seasoned employees, then it did professors trying to help students prepare to become employees. I loved attending Ferris State, and I would recommend the Ferris State advertising program to anyone interested in advertising. I am thankful for my education and I believe that it has prepared me to begin a career. However, I think that it could also be better.	11/23/2016 2:38 PM

951	I feel that the counseling office needs some changes... the advisors need to be more honest with students! Also, when it comes to unpaid internships, I think this needs to change. How am I suppose to work a 40 hour week for FREE and pay 10K for the opportunity? It Dosent make sense and it's extremely unreasonable for the middle class citizen; even if It was minimum wage we were getting paid, anything would help!	11/22/2016 8:15 AM

953	Ferris State University's student conduct process needs reform. I have had a couple of my friends that are great examples of the values that the university prides itself in be mistreated by the student conduct process. These two students did very well in their studies and were great contributors to our community, and were consequently dismissed from the university for a small mistake outside of campus where a final decision was made before all aspects of the situation was presented. I personally have had good experiences with the student conduct process, but in regards to my experiences I feel that the entirety of the system needs adjusting due to people close to me that have had their lives greatly effected by the decisions made on their situations.	11/21/2016 2:57 PM

959	I had conflicting classes and ferris didn't really work with me to fix it. I feel like at a school where it is said you are not just a number I was just a number. I won't get both degrees like I had planned because of one class. Honestly I feel like ferris just used me for my money before screwing me over. I took every other class needed and the last one had a time change from prior years. For someone who had a 2 year plan of what classes to take I had not expected this to happen. For this reason I don't think I will be recommending this college when people ask me for my opinion. Until this point I thought very highly of the university. I was very dissapointed with how the situation was handled and it has left me with a negative opinion of a school I thought actually cared about the students.	11/19/2016 11:43 PM

962	<p>Curriculum and testing. Dropping McGraw and the Learnsmart software would be huge. It feels like a bit of a cop-out to use a publishing company's material *and* testing material. How can you guarantee students are learning anything at all if the same company that's publishing material says its 'revolutionary' software is helping students learn the material? In the case of learnsmart it was always too easy to read the material and click 'read more' to have it take me straight to the answer in the text. That meant I didn't need to do any of the reading in order to complete these learnsmart assignments. Not good and it gets worse. In case the faculty isn't aware of this, you really ought to take questions from learnsmart and even online blackboard tests (which I presume are questions from the publisher's materials) and google them. Quizlet? Study blue? Etc? The answers to every single one of these multiple choice, T/F questions are out there folks, like...verbatim! If one would think students are above that, I'd think again - tons (I mean tons) of my classmates used this for online test/quizzes. This is why you can have an unengaged class unable to answer the professor's questions during class still get A's on the out of class, online quizzes and exams. It's not because it's open book. It's not because they're smart. It's not because they studied or even crammed the info. It's because every answer is on Google. If the thought as a reaction to this is to make sure every class uses the lock-down software and only does in person tests, I still don't think it will result in the best learning possible. Although that scenario gets around the issue of students using the internet, I always found these tests to be really aggravating. Why? Because even if I studied, the way the question and the corresponding multiple choice and true/false answers were setup was to 'trick' me about the correct answer. SO MANY TIMES. Honestly, asking a vague question and providing four, nearly identical answers, three of which are almost true (i.e. would pass as a reasonable answer if I was explaining my position in person), does not test my knowledge or what I've learned! It tests my skill in playing Sherlock in seeing if I can deduce which answers are *slightly* incorrect in their technical wording/meaning/phrasing and are therefore the wrong answer. That's not learning. That's idiotic testing, a waste of everyone's time, and leaves me walking away from 2 years at FSU truthfully only feeling I learned anything (and I mean anything) from 4 classes (out of 14 currently, 18 by the end): ACCT 201, 202, BLAW 321, and FINC 322. Why those? Because those were the only classes where I had professors who weren't utilizing pre-baked curriculum and testing materials. It required me to really pay attention, listen in class, study the material, and focus - not on navigating the maze of poorly worded, trick multiple choice questions but - on being able to answer reasonable questions with reasonable answers. I learned something from those classes. I literally would list every single other class - MGMT, MKTG, ISYS, INTB, etc - as classes I walked away from that I couldn't tell you a single thing about after the fact. Not good. My advice, however impractical, for the staff and faculty? Do away with multiple choice and true/false and write the questions yourselves. Be more like [REDACTED] and [REDACTED] and just dig into the curriculum as a professor so that you can engage students, teach them, and prepare them to be tested by legitimate questions you'd hope they'd be able to answer if you asked them in person / in class (not by questions that are meant to confuse them or can be found on the web). I think you'd be surprised to see how quickly students' grades plummet. But the grades' plummeting isn't because those new types of questions are too hard. It's because we don't truly know the material and arguably aren't learning squat by having the answers handed to us via Google. I learned something from those professors and it is directly related (among other things) to how I couldn't find an easy way around actually learning the material for their classes. This is likely one of the longest answers to this question you've received. If the length is any indication about how strongly I feel, please take this to heart. I don't typically go on tangents like this - I am writing now in hopes that future students will benefit from CHANGE in the above areas. Even if you don't believe my 'accusations' - for Pete's sake, at least test what I'm suggesting against what you can currently observe and see among the majority of students. Finally, please realize the reason for mentioning the professors above is not to throw names about carelessly. It's because it's the highest commendation I can give them as a student. To me, they're not some special breed of super-educators who care immensely about the material and are amazing in how they teach, and care so much about students, and, and, and...! To me they're educators. Or, educators as they should be. If your community strives for improvement, all I can offer is to observe these professors' ability to truly educate the uneducated (me). If 90% of my professors had been like them, you can bet at the end of all this I would be evangelizing for FSU to everyone I know, left and right, for years to come. Thank you for your time. Regards.</p>	11/19/2016 9:28 AM

965	More science and math classwork. I originally studied engineering and computer science. When I transferred to the ISI program, I found the highest math required was only needed intermediate algebra. I had taken differential equations and linear algebra, along with calculus based physics at my community college, and felt that the problem solving and quantitative reasoning skills imparted upon me by those classes granted me an edge against other students in the ISI program.	11/17/2016 2:42 PM

974	I never really felt like I was wanted at Ferris State University. I went through one of the hardest programs at the school (pharmacy), but I never felt like the school wanted me to be there. More often than not, I felt I was a nuisance to the school. I would apply for a schedule, then the school would turn around and give me a pretty miserable schedule instead. If I tried to coordinate with my friends, I would inevitably end up in the complete opposite schedule of them. I guess my compliant is mainly with the system of preferential treatment for students that are in the honors program or are RAs. I understand that the RA's need to have their schedules done first, but they should only get that perk for the years that they are RAs, not after. As for the honor's students, having the best locations on campus to live at should be enough of an incentive. They definitely don't need the help and it merely makes it harder on the rest of us. Students that aren't in honors feel lesser than their honors counterparts and that is simply wrong. When the best professor for chemistry has a class of nearly 98% honors students, something is screwed up. TL;DR: Honors student should not be allowed to select their classes before non-honors students.	11/16/2016 7:05 PM

986	My greatest issue with the Ferris system is how the on campus living is set up. Every part of it has the primary objective of making money, with the actual functionality to the students as a second thought. Other universities have cheaper residence hall costs that make living on campus a financially responsible decision, more dining hall options that don't require long walks across campus in the dark evening hours, and more thorough training for residence life staff that allows them to operate more effectively. Each of these is a key area that I feel Ferris could greatly improve upon.	11/16/2016 12:38 AM

1008	1) Faculty tenure/professors remaining on staff who shouldn't be- the majority of my professors were excellent throughout my 6 years at FSU, but there were a handful of professors I had that were quite honestly, poor teachers. They were able to coast through and continue teaching, however, because they were tenured. 2) RSO Support- In my opinion, this University discourages RSOs from putting on events. The CLACs office requires event forms for every group event, even small gatherings of RSO members. The process to apply for funding from Finance Division is incredibly convoluted. The form is not well explained, requiring multiple meetings with a finance mentor. If you are an RSO with on and off-campus members (and in our case, a faculty advisor based off-site), having to turn in a form with everyone's signature is difficult especially when you have to do it again after each meeting with the finance mentor. Another FSU student I know who had to transfer from GVSU for pharmacy school commented on how much more GVSU does to support it's RSOs. It has a whole resource center with free supplies for RSOs to make signs and open table space for RSOs to meet up. They have a Transition Day for RSO leaders to share info from one e-board to the next to provide continuity from year to year. Overall, it seems like FSU is more concerned with liability (I don't know why else you would make students fill out so many forms) than it is with organization development. 3) First two years of the pharmacy curriculum- Thankfully, the College of Pharmacy is going through a curriculum rebuild at the moment so hopefully the rebuild will resolve this problem...There was too much useless information crammed into the biochemistry and drug action courses during my first and second year of pharmacy school. Many pharmacy students, including myself, did not retain much of what was taught during our first two years of pharmacy school. A lot of this was due to how it was taught (numerous hours of didactic lectures and less group work), but it was also regarding what was taught. Professors loaded us with a heavy amount of information and wanted us to know minute details (i.e. steps in the Krebs's cycle) when they really should have focused on the main points (i.e. mechanism of action of a drug)	11/11/2016 3:50 PM

1028	I really have had a great experience and instructors were very accommodating. I am currently in my 4th semester and had never asked to turn a paper in after a deadline or day I needed more time. This semester I suffered the loss of my nephew (28) suddenly and needed to travel to Florida to be with family. I had notified my advisor and all of my instructors letting them know my plans and that I would post to the discussion board when I returned. One instructor took 5 points off because it was "late post", and the other gave me a zero. When I called that instructor personally restating the reason I was out and that I planned on posting that evening she said I should focus on the next discussion as the "weight" of the discussion. I could post if I wanted to get "some" of the points. Students that I know, in other Ferris classes I have taken have continually asked for extensions on large projects and paper and are accommodated for reasons like "just didn't get to it, or didn't have time". I also have a very busy life working 60-70 hours a week and taking up to 4 classes and had never asked for an extension for anything. I feel this circumstance at least warranted a little leniency. I have taken this education journey very seriously and have performed well in my classes, and felt in this time of tragedy I was penalized for being less than 4 days late (I think it was even less than that). Another area of change would be the number of group projects. Although I was very engaged it was a struggle trying to get all the email communication in when all team members are not engaged in the class making it difficult for those that are. Group projects are easier when classes are attended in person as it is easier to set up a plan, take notes and regularly discuss the progress in person. With online group projects (which I know team/group work is necessary in a real work environment) it extremely difficult to get all members engaged, discussion.	11/9/2016 12:09 PM
1029	Offer more online courses for those that are like me. I work full-time and I'm a nontraditional student. I wish I would have been able to take more online courses since my life is so busy trying to juggle work, school, and family.	11/9/2016 11:02 AM
1030	Professors. Many are unprepared for classes they are instructors for. Many are usually too busy to set time aside to help with difficulties. Many lack the ability to communicate what is expected for assignments and grade poorly as a result.	11/9/2016 10:38 AM
1031	Advisors, they need to be able to handle the amount of students they have or have more advisors for students. I had to call and go in multiple times throughout my time at ferris and they had no clue what they were ever talking about.	11/8/2016 11:19 PM
1032	Nothing. I think it was an awesome experience.	11/8/2016 6:37 PM
1033	I would make the campus bigger and create a mall in town.	11/8/2016 4:22 PM
1034	Move university to Grand Rapids	11/8/2016 3:09 PM
1035	I wouldn't change anything about Ferris.	11/8/2016 3:03 PM
1036	I would try to keep certain classes from just being busy-work.	11/8/2016 12:09 PM
1037	The accessibility for those with disabilities needs to be improved. Also, Wi-Fi connection should be better.	11/8/2016 12:08 PM
1038	More parking	11/8/2016 11:02 AM
1039	The god awful police and safety people. I shouldn't feel the amount of threat and harassment that came with this school. Considering outside of Ferris, Big Rapids is not a very good city, it is a disgrace that police spend all their time here ticketing and harassing minor offenses, rather than benefit our time here. The cops here are bar none the worst I've ever encountered, and I will surely forever remember how poorly the service is out here. Fix the arrogant cops, and the cocky student safety people, and there is almost no issue.	11/7/2016 7:34 PM
1040	n/a	11/7/2016 5:22 PM
1041	Some professors, I think few of them need more attention on their students problems.	11/7/2016 4:45 PM
1042	nothing	11/6/2016 4:36 PM
1043	The school needs more parking for certain buildings	11/6/2016 4:19 PM
1044	Communication with off-campus advisers. I didn't even know I needed to apply to graduate until a friend told me to do it now. I am late to apply but there was no communication to me when I was suppose to apply. Some of my emails are not answered which is also frustrating with advisers. Would also be nice to be eligible for more scholarships as an upperclassman.	11/6/2016 4:07 PM

16-17 Ferris State University/Kendall College of Art & Design Graduate Exit Survey

1045	I think I would of had a better grade average if I could of taken some "in person" classes. It did not appear I could take any in the Lansing area and if some were offered - the way it was listed in the registration was unclear and I missed the opportunity.	11/6/2016 3:22 PM
1046	Lower the tuition costs. Lower parking permit cost. Increase commuter parking.	11/5/2016 3:49 PM
1047	Put pharmacy school in GR (all years)	11/5/2016 8:57 AM
1048	Parking	11/4/2016 7:06 PM
1049	Move the job fair back to the Ewingleben sports complex	11/4/2016 5:49 PM
1050	Communication between faculty could be better, having a uniform policy for online availability of class information such as schedules and/ or assignment due dates.	11/4/2016 5:41 AM
1051	The focus of Ferris is trying to prepare students for the work force which is good, but it would be nice to have some research based academics in programs. Particularly in the engineering technology program.	11/3/2016 8:50 PM
1052	Cheaper meal plans for students.	11/3/2016 6:01 PM
1053	The layout of the campus is not the most commuter-friendly layout.	11/3/2016 5:17 PM
1054	The internship process is kind of confusing and the HCSA's internship coordinator is not really willing to help or provide much information.	11/3/2016 2:43 PM
1055	The diversity is encouraged but not shown. The awareness of this diversity deficiency is low and the predominant race here on campus either ignores the lack of diversity or actually believes that Ferris has a wide range of races. I think that should change. Also, there is a strong initiative to get minorities, fist generation students, and international students here; but, once they get here they have to reach out instead of getting reached out to. The media and campus portrays that everything is fine, but it is not. That needs to change.	11/3/2016 12:41 PM
1056	I would want Ferris to find more ways to get students involved in extracurricular activities. I also would recommend that Ferris encourage students that transfer here to know how important it is to be apart of RSO's.	11/3/2016 12:08 PM
1057	high tuition rates	11/3/2016 11:57 AM
1058	Due to my unique personal circumstances, I wasn't able to live on-campus or spend much time outside of classes. Because of this, I can't say there is anything I would change because all of my classroom experiences were either good or great.	11/3/2016 11:15 AM
1059	Have more available student parking.	11/3/2016 10:57 AM
1060	nothing	11/3/2016 10:03 AM
1061	I would like to see more enhancements to the landscape of campus. I feel during certain seasons it looks pretty rough. Some different sculptures and adding a water fountain I think would be great!	11/3/2016 9:51 AM

1065	While I appreciate the efforts to host events like the career fair and other similar events for the different colleges, the planning of these events has always been a bit of a concern to me. Career week, for example, has been scheduled the same week as midterms for almost every program for three consecutive semesters now (that I'm aware of). This puts students under an overwhelming amount of stress, and inhibits them from having the time necessary to follow up with these employers via emails or interviews. I also have concerns with the organizations that are showcased at these events. I had been offered an "internship" in Grand Rapids this past summer as a result of the career fair for an office management position. This "internship" turned out to be a more than full time (most weeks exceeding 60 hours) physical labor job doing concrete construction. I was paid the bare minimum of \$12 an hour and worked in the company of 16 year old kids who weren't allowed to use power tools, making the same amount. I filled out the internship paperwork with the help of [REDACTED] and submitted these to my employer the first week. He looked them over briefly, scribbled down a few words, and handed them back. Within the section asking what my position at this company would entail my employer wrote in capital letters "LABOR", without punctuation. I figured at this point it may not be worth the effort to attempt to make it seem like I was an actual intern, and never sent the documents back to [REDACTED] for approval. My girlfriend and I had already moved into a place in Allendale, we were signed into a lease and I was the only one currently employed. So I worked my entire summer, as a concrete construction laborer and was effectively exploited for cheap labor by an organization I met at the Ferris State University Spring 2016 Career Fair.	11/2/2016 2:40 PM
1066	Greek life should be more supported on campus.	11/2/2016 2:26 PM
1067	career preperation	11/2/2016 2:04 PM
1068	I would consider having a protocol for our international office for students that act belligerent during our study abroad programs. It took far too long to get a student in our class sent back home from Ireland.	11/2/2016 12:34 PM
1069	More parking for students.	11/2/2016 12:28 PM
1070	The parking situation.	11/2/2016 12:16 PM
1071	nothing	11/2/2016 12:12 PM
1072	More Greek Events	11/2/2016 12:05 PM
1073	The college's overall acceptance of greek life.	11/2/2016 11:26 AM
1074	Get some more young blood in the system. Can be a bit stale at times.	11/2/2016 11:22 AM
1075	The social work classes are too repetitive and I feel that it is unnecessary. It would be better if more aspects could be included instead of repeating the same information in the classes.	11/2/2016 9:38 AM
1076	The level of care my professors in my major put forth towards the classes.	11/2/2016 9:01 AM
1077	The small campus. It has it's ups and downs. The ratio of men to women also seems quite lop sided, and considering Big Rapids is kind of in the middle of nowhere, with all do respect, there should be a much better system in place for parking. No student should have to be late or miss class because of parking. Faculty and staff have way more parking lots than they need. There should also be a more hands on approach to counseling. Both academically and just making sure students are of sound mind. College can be depressing and stressful, especially when you first move. The requirements can be quite confusing, and I wish my counselor would have been a bit more supportive throughout the process.	11/1/2016 11:00 PM
1078	If i were to change one specific thing about Ferris as a whole would be to have more events or programs to attract off campus residents to interact with on campus residents.	11/1/2016 10:31 PM
1079	The parking on campus for commuters at Ferris.	11/1/2016 10:15 PM
1080	Would like to see more online class options.	11/1/2016 7:46 PM
1081	more parking	11/1/2016 6:30 PM
1082	More online classes for off-site students.	11/1/2016 5:31 PM
1083	More sections available for statewide students.	11/1/2016 4:46 PM
1084	Price of tuition, paying Ferris for doing an unpaid internship.	11/1/2016 4:00 PM
1085	Advising and add more diversity	11/1/2016 3:33 PM
1086	More on-line professor interaction.	11/1/2016 1:35 PM

1087	More diversity throughout campus.	11/1/2016 12:57 PM
1088	More technological upgrades to the College of Business, it seems that upgrading the COB is never a priority.	11/1/2016 11:39 AM
1089	lower the price	11/1/2016 11:15 AM
1090	parking, and the swan and auto building facilities.	11/1/2016 11:10 AM
1091	Nothing	11/1/2016 11:08 AM
1092	The location.	10/31/2016 8:41 PM
1093	for advisors to be more involved in students plans	10/31/2016 6:32 PM
1094	Having classes not require textbooks if the textbook will not be used extensively during the class. Many times the books are only used occasionally, or the book is only used for tables of information that is included. Textbooks are outrageously expensive.	10/31/2016 4:59 PM
1095	I felt that some of the instructors didn't do a very good job at teaching the curriculum and relied too much on the pre-fabricated course material and pushed self learning. My biggest problem with this was that rather than teaching the material in class, the instructors would ramble on about non-relevant material and stories. I often felt it was a waste of my time for me to go to class. The worst offenders of this were [REDACTED] and [REDACTED]. These professors are very knowledgeable, but taking an in-seat class with them is a WASTE OF TIME.	10/31/2016 4:27 PM
1096	I would recommend increasing the amount of commuter parking spaces available. I would also recommend that the freshman should be required to park behind the wink arena for their first year at Ferris.	10/31/2016 1:25 PM
1097	The amount of communication within Financial Aid Office and also teachers would be able to communicate with each other about giving the correct classes for students so that they have the correct info on what classes to take so that they can graduate on time.	10/31/2016 1:10 PM
1098	The WIFI could be better and more parking so the students do not have to stress about it.	10/31/2016 12:34 PM
1099	just more practice	10/31/2016 12:06 PM

1102	The Look	10/31/2016 11:36 AM
1103	Lower tuition	10/31/2016 11:30 AM
1104	It'd be nice if Dining was nicer about taking food out - the Quad's take out boxes are great, The Rock should get them, as well. Working on campus makes it difficult to actually have time to sit down and eat during the hours the dining halls are open sometimes.	10/31/2016 11:08 AM
1105	Get more parking.	10/30/2016 11:06 PM
1106	More parking, no parking tickets and better wi-fi access.	10/30/2016 9:17 PM
1107	better wifi. better selection of professors.	10/30/2016 8:37 PM
1108	SWAN room 218 needs a window.	10/29/2016 6:13 PM
1109	Add more parking. There is never anywhere to park and I know so many people that just skip class because they spend 20 minutes looking for parking and can't find anything.	10/28/2016 3:06 PM
1110	Classes being 1-2 credit hours in Engineering Department	10/28/2016 1:15 PM
1111	I would like it if they had enclosed walkways that connected the main buildings together.	10/27/2016 4:51 PM
1112	Parking.	10/27/2016 4:39 PM
1113	More parking spaces available for staff and students.	10/27/2016 3:34 PM
1114	Cheaper meal plans.	10/27/2016 3:23 PM
1115	The ability to become a residential adviser earlier.	10/27/2016 11:17 AM
1116	Cheaper living expenses.	10/26/2016 7:46 PM
1117	Communication to students on their requirements. Adviser was sometimes unknowledgeable	10/26/2016 6:44 PM

1118	Not enough parking. If you can sell a parking pass to everyone then i think another parking lot the size of the infront of the UC should be built	10/26/2016 3:35 PM
1119	Many of my professors relied heavily on online work or modules. This didn't help me learn the material.	10/26/2016 2:12 PM
1120	Parking, but I have no other complaints.	10/26/2016 1:40 PM
1121	The parking situation is horrible.	10/26/2016 12:18 PM
1122	The proximity to my home in Traverse city.	10/26/2016 11:45 AM

1124	The price	10/26/2016 11:23 AM
1125	More diversity.	10/26/2016 7:51 AM
1126	I would change the parking arrangements at the campus	10/25/2016 9:21 PM
1127	Offer more night classes on different days and have more tutoring or help on the Grand Rapids Campus. Also offer more online courses.	10/25/2016 8:05 PM
1128	Get rid of bad professors	10/25/2016 7:06 PM
1129	Nothing comes to mind.	10/25/2016 2:02 PM
1130	The price	10/25/2016 1:43 PM
1131	I would change the price of schooling.	10/25/2016 1:08 PM
1132	Less junk mail from the bookstore. I got several junk mails a day, usually starting at 6 AM. It was ridiculous.	10/25/2016 10:46 AM
1133	I would change how much debt I had to go into. Compared to some people, it isn't very much. For me, it is a lot. My family didn't have money to help me pay for college so the "estimated family contribution" was always 100% wrong. I didn't receive any money from my immediate family to help pay for college. The only monetary help I got outside of scholarships or grants was from my graduation party from high school, and that was only \$2000. I wish Ferris had more opportunities for students to get scholarships and grants, or paid internships.	10/24/2016 8:55 PM
1134	The diversity and more buildings for different programs	10/24/2016 6:40 PM
1135	Commuting parking, sometimes it was very difficult to find parking when needed but other than that everything was great.	10/24/2016 5:44 PM
1136	the active bug infestations in every dorm	10/24/2016 12:31 PM
1137	I would either lessen the cost of parking permits or increase on campus parking locations.	10/24/2016 11:56 AM
1138	Update housing and help with internships! I had hardly any help with internships and it really upset me.	10/24/2016 11:26 AM
1139	A bigger football stadium	10/24/2016 9:50 AM
1140	One thing that I would change about Ferris is how much of my tuition actually goes to my program. The Plastics and Polymer division barely has enough money to print off papers for everyone each week. With how much I am paying for the Engineering Technology I believe that more of my money should go to the program I am in.	10/24/2016 8:56 AM
1141	-Terrible Parking Availability -Ridiculous class attendance standards set by professors when it comes to certain life events such as: -Career Fair -Family (getting kids to school, death in the family, etc etc) -Some/most professors resist the use of current and upcoming technology. This isn't the 1950's anymore, there is no reason to do certain things the long way when a simpler solution is available. -Advisors need to actually be helpful to the student, mine was basically nonexistent in the planning of my time here at Ferris. -Another note regrading attendance standards; If a student can learn the material and pass the course without being present why is attendance necessary? I understand that this is probably a crude attempt at teaching punctuality but there isn't much incentive besides to get a grade. Comparing this to a career is like comparing apples to oranges, with a career there is a monetary benefit.	10/24/2016 1:01 AM
1142	More student parking. very difficult to find parking for classes later than 10:00 a.m.	10/23/2016 8:39 PM

1144	Transferring to FSU was difficult. FSU requested a sealed copy of my transcripts five separate times. I finally had to hand deliver a sealed copy of my transcripts at the end of my junior year. It took me having a small meltdown to get help to correct the problem. I wasn't going to be allowed to continue on to my senior year without the missing transfer credits that they couldn't figure out how to put in!!!!!! It took an entire year, for FSU to recognize and authorize my need for educational accommodations. Some professors refused to allow me extra time for tests and assignments. Getting help in navigating FSU website was a struggle.	10/23/2016 1:37 PM

1148	The price of tuition and better student mentoring from advisers.	10/21/2016 10:46 AM
1149	Less tuition	10/20/2016 5:09 PM
1150	Mcgraw hill connect is ruining education and I feel that I wasted a ton of time and money doing pointless busy work.	10/20/2016 4:00 PM
1151	There is an insufficient amount of parking space.	10/20/2016 3:33 PM
1152	I had a overall great experience at Ferris State. I enjoyed the community and all of the people I met throughout my years. I had really amazing professors that genuinely care about their students and want them to succeed. I will say however that I am very disappointed in the athletic department. Some individuals within the department use their power towards student athletes in a negative manner. I feel that I was taken advantage of, bullied, and humiliated. It is disappointing to me that a University I hold so dearly to my heart could leave me with so much disappointment and hurt.	10/20/2016 2:04 PM
1153	The Grand Rapids Ferris Labs located inside GRCC need to be open 24 hours. Many students don't have the resources they need to get project done at home so they use the school computers when they can. Classes are constantly being held in the labs so they might have to wait for hours before a computer opens up. They're usually open near the end of the day but that only gives them a small window of time to make progress before the building closes and they are kicked out. Student's efforts on their projects shouldn't be controlled on when building hours.	10/20/2016 12:19 AM
1154	I would train the advisers better so they can help keep the students on track and even ahead of schedule if possible.	10/19/2016 9:57 PM
1155	Add more residence hall housing for older students.	10/19/2016 5:20 PM
1156	nothing	10/19/2016 4:11 PM

1166	I would up date the equipment in the class rooms, lower tuition, and listen more to students when they talk about their experiences with different professors and classes.	10/18/2016 9:37 AM
1167	I would like for there to be more career/internship staff specifically for the college of business.	10/18/2016 9:34 AM
1168	I would like to see Biotechnology companies at the career fair. At most there have been maybe two in the entire four years that I've been at Ferris. This past fall there were no biotech companies at all.	10/17/2016 11:38 PM
1169	There needs to be more staff for the Psychology department. It would also be nice if there was a Masters program for Psychology, too.	10/17/2016 10:16 PM

1170	Add more parking for commuting students.	10/17/2016 8:48 PM
1171	Exam week not be an extra week. Ferris should have 15 weeks like the rest of the colleges.	10/17/2016 6:11 PM
1172	Make Traverse City students feel like more of a community with on-campus activities, etc.	10/17/2016 6:09 PM
1173	PARKING!!!! People pay enough to come to college, and there for it is not fair for the students or even faculty to have to pay for permits to park. Please keep that into consideration. Especially during times that there is less parking because parking lots are being rebuilt and people still get tickets because there are fewer parking spots to park. I feel that if people were not worried about getting tickets and could park anywhere this campus would be a lot better. But to my knowledge this is now the university makes their majority of its money through people getting tickets which is uncalled for.	10/17/2016 2:09 PM

1204	This is so minor, but the labeling or marketing of the EMB-to-TDMP articulation program with Delta. It's advertised as a "three-and-one" but after three years at Delta to ensure I had all the required classes, I transferred in and found out I had a year and a half of classes here and a half-year-long internship to complete. Not that I disagree with the experiences I've gained and I don't think the classes are extraneous for my degree (OH one note, and this is NOT minor, I was required to take the TDMP 132 class in my "junior year" here when I definitely had a class similar to that at Delta, like the same kind of info and projects. This should be adjusted in the future and be accounted for so more students don't have to take this class when coming from Delta with an EMB Associates and MACRAO certificate because it is totally superfluous. Not a bad experience, just unnecessary). But to digress, what I mean to say is that it's more of a 3-and-2 articulation program and I think that could be reworded so it's not misleading.	10/12/2016 1:40 PM

1230	There is a lot of dead weight here when it comes to professors. Industry experience does not make a good professor. In classes of 30 or fewer students, teachers' assistants do not help the professor, they enable laziness. Almost all online learning is used to save work for the professor, not facilitate real learning. Student Government, CLACS, Greek Life, Athletics and News Services have a huge issue with responding to bad press. Silence is not okay. The Ferris First campaign is a pat on the back to those attending and have attended, not an effective function of marketing. The music and theater departments are slowly dying. Almost all faculty are nearing retirement age. The structure of both departments should be reexamined to allow for more art on campus. Restore the Alumni Building!!! Ferris Fest needs some work. Ferris' connection to the Big Rapids community needs to be a priority. The general perception of students is Big Rapids has nothing to offer and is full of hicks. The city's perception of us is that we're party animals. Neither are true to the extent they are believed.	10/10/2016 2:44 PM

1240	While Ferris claims to be a very diverse learning environment, I was dissatisfied with the little amount of diversity within majors. As a future psychologist, I will be dealing with professions such as social work, police officers, the court system, etc. However, there is a lack of understanding among these professions. It would have been a beneficial experience to sit down with these different majors and understand their role and how it influences mine. Furthermore, it would have given some insight into others' viewpoints and expanding the learning process. Perhaps have a class or event in which the different professions come together to talk about their impact on each other and share some insight.	10/9/2016 9:22 PM

Even so, I went to all sorts of events, sports, and RSOs in order to make friends here, yet was unsuccessful. All of the students at this university walk past me, none of them say hello, and I have been sent to DPS by a few just from conversing with them. The only other thing I would like to see changed is the interaction of certain faculty. I hear it in passing from other people, not just myself, that feel like some faculty members don't take an active role as a professor in teaching students what they need to know. All of this stuff I'm saying could be just a matter of opinion, but make any improvements to the University, to help it so students like myself, shouldn't have to say things like this in the first place.	10/9/2016 1:04 AM

1251	Add a library to all campus	10/8/2016 12:11 PM
1252	As I said above, I feel like Ferris does an excellent job of offering a wide array of degrees for very specific fields, whether it is the college of business, engineering, or optometry. However, the more generic degrees (marketing in my case) seem to be lacking. At times, it felt like I was taking the same class for the 4th time, just under a different name. Some professors seemed to only have been hired because they worked in the industry, not because they had an ability to teach. There were also times where I felt like a professor wasn't comfortable teaching a certain class, but they simply did it because there was no one else to. This was not always the case, as I did have an excellent overall experience at Ferris and will be proud to call myself a lifelong Bulldog.	10/7/2016 9:25 PM
1253	If I had to change something about ferris it would be to have classes available for the students during all semesters not just even or odd years. When classes are only available during certain semesters it's hard on students, especially the ones who are so close to graduating or the ones who don't have the funds to pay for extra classes that are not needed.	10/7/2016 4:10 PM
1254	If I could change something at Ferris it would be the Early Childhood Education program all together. I feel that a lot of the classes are just repeated information and repeated assignments all throughout the entire program. I also wished that some of the classes in the program could be offered online to make it a little easier for us who have jobs. My biggest complaint is that I wish they would have had more classes available to teach us more about the Child Life Specialist concentration. We need more guidance on how to proceed with that career path. I felt like I was given the one class on that concentration and then I was left to figure out the rest myself. I think that the program should help us get set up with the volunteer hours and the practicum. I felt very frustrated going through this program because of these very serious issues and I believe that a lot of my fellow students feel the same way.	10/7/2016 1:41 PM
1255	If I could change something about Ferris, it would be that the incoming students are assigned to the advisors that are directly related to their field of choice, and more commuter parking lots.	10/7/2016 1:29 PM

1290	The lazy atmosphere. My degree was full of people who liked to mooch off my hard work and presentations. It frustrated me that my classmates could put in such little effort into a group project and still take credit. I hate group work at Ferris State University. People are more preoccupied with parties than learning. Now I agree, we should all have fun-- I had my fair share-- but some students here are just lazy. I would have rather worked independently, but sadly I only did in a few classes. I take pride in my work and my degree, I just wish others shared this passion.	10/4/2016 1:07 PM

1313	I would change the fact that there are not enough parking spaces for commuters. You pay up to \$100 a year for a parking pass and are never able to find a parking spot directly on campus. Another thing I would change is making sure there is enough supplies to use. For example, in a nursing skills lab there were times when we did not have enough tools to be able to practice a certain skill.	9/29/2016 1:43 PM

1317	All the staff should want the best fro their students. Some teachers wanted students to fail and that is not acceptable. Parking at Ferris is impossible. There needs to be bigger parking lots or a parking structures. If students are gonna pay 100 dollars they should be able to park close to the location they are trying to get to. There is not enough parking at the library. Making students pay addition for parking at the meters in a parking lot that they already pay for is absurd.	9/28/2016 7:44 PM

1328	I would like to change the smoking policy of the campus. I wish this could be a non-smoking campus. Everyone at Ferris is making their future better and brighter by working hard towards their degree. We do not need to rely on such a bad health behavior in which it hurts the individual along with his/her peers around.	9/27/2016 3:12 PM

1333	I wish there was more happenings for Ferris in the Grand Rapids area. I pay for all of the student activities in my tuition, but I don't see anything going on in my campus that the money goes towards. It should either be taken out of GR campus tuition, or used at our campus.	9/26/2016 7:54 PM
1334	it's way to expensive for the education that you get. In nursing, when being taught skills we didn't have all the supplies that we needed, even though we pay alot of money for tuition.	9/26/2016 4:40 PM
1335	The football games. They seemed like a high school game instead of an actual college football game. There was no band or band performance.	9/26/2016 3:57 PM
1336	Different requirements for discussion board postings. People complete online education because their time is limited, they work full time, and have a family to balance. Requiring that a student log into the discussion board more than 2 to 3 days per week is crazy. Even in a face to face class the total amount of contact would only be 2 to 3 days per week.	9/26/2016 2:22 PM
1337	MORE PARKING	9/26/2016 11:57 AM
1338	There needs to be more parking for commuters for the gym and business building.	9/26/2016 10:23 AM

1344	Heated underground walkway for students during the winter	9/23/2016 7:28 PM
1345	I would eliminate the non major related courses. The overall costs a student pays for the degree they are trying to receive is already too high. No need to spend money on courses like cultural enrichment's, social awareness's and so fourth. Keep the focus on the major and the major only. Education is important yes, but being that much more in debt early on in life is unnecessary.	9/22/2016 8:59 PM

1347	The cost.	9/22/2016 2:05 PM
1348	Bring in more companies for math/ actuarial majors during career fairs.	9/22/2016 1:44 PM
1349	Nothing.	9/22/2016 12:45 PM
1350	More things to do for those who don't attend the main campus. Club meetings available via online so we feel more connected.	9/22/2016 10:24 AM
1351	It is not an inclusive environment. Faculty and staff need to work on decorum training.	9/22/2016 9:06 AM
1352	PRICE!! School is so expensive!! I am doing the ferris program through SMC and during that time my classes were 298 a credit hour because I was Dual enrolled. Now that SMC doesn't off any more of my ferris classes my tuition shot up to 409 a credit hour. I know this is probably something that is not easily changed as I understand the expenses for a college are never ending but it would have been super amazing to just pay the 298 per credit hour! Books, ferris creates books for just the course and the school meaning you cannot resell the book once purchased on half.com or eBay. It would be great if Ferris bought back their books from students who take online classes or if there was a Facebook page where students could sell their books to other students, it just seems like such a waste. I have three perfectly looking books in great condition yet I have no one to give them or sell them to being I live three hours away from the main campus!	9/21/2016 8:29 PM
1353	Reduce the cost and provide more scholarship opportunities based on G.P.A.	9/21/2016 7:46 PM
1354	Commuter parking is ridiculous. I paid \$100 every year for my commuter pass, thinking parking would be hassle free. I was extremely wrong. Parking has only gotten increasingly worse in the four years I have been a student. Building a parking ramp or adding lots would be extremely beneficial.	9/20/2016 7:51 PM
1355	I don't think there were enough resources available for students who didn't receive enough financial aid (or not at least that I was made aware of).	9/20/2016 5:42 PM
1356	The politics that professors play when working with other professors and students.	9/20/2016 4:56 PM

16-17 Ferris State University/Kendall College of Art & Design Graduate Exit Survey

1357	I would have liked if Ferris offered more classes online. I had a few instances of being wait listed towards the end due to so many people trying to graduate with so few classes left to take.	9/20/2016 3:01 PM
1358	For online classes it is extremely hard to do group projects. Some teachers wanted word for word out of book. You don't learn much using either method.	9/20/2016 2:03 PM
1359	Parking availability was often a struggle. I would like to see more parking for commuters.	9/20/2016 11:56 AM
1360	Nothing.	9/20/2016 10:29 AM
1361	If they would offer more sections of upper level classes. It's very difficult to find sections in the 300 level classes.	9/19/2016 7:26 PM
1362	Make the Grand Rapids campus more like a campus feel! We feel very isolated and not apart of the school anymore down here!	9/19/2016 4:12 PM
1363	Not much.	9/19/2016 12:59 PM
1364	Lower tuition and offer online classes	9/19/2016 12:50 PM
1365	I wouldn't change anything in the classrooms, Ferris already assures that certain curriculum is met. However, registration and parking are more hectic and result in many issues which can be frustrating for everyone. Change in these areas would make for a smoother experience here and would be very beneficial.	9/19/2016 10:11 AM
1366	More commuter parking and new dorms for freshmen	9/18/2016 7:35 PM
1367	I would change the way that staff and faculty looks at Greek Life. Panhellenic women tend to have an all community GPA higher than the all women's GPA. We also do many things around campus as well as getting very involved with different organizations on campus.	9/18/2016 2:21 PM
1368	The low amount of parking and the high tuition for all due to some exclusive programs	9/16/2016 10:13 PM
1369	Parking, tuition going up especially to fund dorms for freshman and generally the increase each year	9/16/2016 4:43 PM
1370	More parking.	9/16/2016 3:57 PM
1371	Break the faculty union	9/16/2016 11:42 AM
1372	Better professors. Many of the professors that have tenure should not be teaching anymore. More online courses or even partially online courses.	9/16/2016 11:38 AM
1373	NOTHING	9/16/2016 6:50 AM
1374	Getting the Law Enforcement Academy a better facility. they have no air conditioning or good heating. they also have older technologies. With a new place to hold class and do other academy related training with new technologies that are profession is using could make the students leaving Ferris State University that much better than other schools.	9/15/2016 7:47 PM
1375	The price for tuition.	9/15/2016 2:39 PM
1376	I think that the blackboard system is a little challenging than most systems I have encountered. I have used Angel and Desire to Learn and I would recommend those two before blackboard.	9/14/2016 9:44 PM
1377	Not as many general education class requirements	9/14/2016 9:00 PM
1378	I would change the city that Ferris is in i would add more attractions to the city so that the students would have more things to do.	9/14/2016 5:50 PM
1379	I would change the parking on campus by including more available parking. Many people, including myself, pay for parking passes, but there isn't enough adequate parking. There needs to be more parking or a cutoff for the number of parking passes. By far, parking is the biggest issue among students at Ferris.	9/14/2016 3:19 PM
1380	One thing I would change about Ferris and any other college is the tuition. I believe that no student should have to be worried about getting loans and what it would be like to have to pay for those loans after college plus having to find a job.	9/14/2016 12:29 PM
1381	nothing	9/14/2016 12:26 PM

16-17 Ferris State University/Kendall College of Art & Design Graduate Exit Survey

1382	Cost per credit hour, Ferris was on my list of colleges to attend because it was a smaller university, and would cost less than, for example, Ohio State University even when not factoring in out of state tuition.....I was wrong, there was virtually no difference by the time I graduated. YEARLY cost increases for credits are absurd, and simply help push the truth that college may or may not actually be worth going to...	9/13/2016 8:01 PM
1383	I would change the parking. It has always been such a chore to find parking on campus. Also I would change how much of a load the internship coordinators in college of health have to deal with. It's hard for them to juggle students who are out on internship, as well as assist those that are still trying to find their internships.	9/13/2016 11:20 AM
1384	The older professors do too much lecturing Via Power point. I am a teacher and I know that doesnt work for all students. Professors need to stay current and adapt better to change and adapt to their students. They need to practice what they preach. Many of my classes with older staff members I felt I could have been assigned a book to read and taught myself...	9/13/2016 9:18 AM
1385	More classes offered in the summer.	9/13/2016 8:45 AM
1386	My second to last semester I didn't qualify for financial aid because the two classes on my track only totaled 4 credits. So it was either come up with the money somehow or take an extra class so I could get the assistance.	9/13/2016 5:47 AM
1387	I would lower the tuition.	9/12/2016 11:08 PM
1388	The quality of the education and subsequently the quality of the students on campus. From my understanding, Ferris is very lenient towards the intake of student. Due to this the campus includes an alarming percentage of students who are not serious towards their education. This affects students who are just coming out of high school and are vulnerable to these negative influences. Also, having students with higher academic appetite improves the quality of discussions, group work and helps students improve their intellectual ability.	9/12/2016 5:12 PM
1389	More knowledge about events and organizations on campus	9/12/2016 4:03 PM
1390	I guess my largest concern is the lack of communication sometimes with faculty.	9/12/2016 12:50 PM

12	I love this school. [REDACTED] made me realize I could transfer and thrive. [REDACTED] made my plan and helped me through to guarantee a graduation date in April 2018. [REDACTED] taught me loads more than just the required course content. I am leaving Ferris as a prepared man. I am ready to take the next step in my career and get the promotion to Program Manager. Ferris has allowed me the opportunity to succeed if I was willing to work hard. They rewarded me for working hard and allowed me the flexibility to go to school and work 40 hours a week as a project manager. I love this school. I'll be back for my MBA very soon.	8/31/2017 9:24 AM

29	Other than what I said above, I had the best four years of life at Ferris. The friends I made in the first semester in the dorms will be my friends for life. I worked hard and it eventually paid off. I'd like to thank all the staff as well because whenever I needed assistance with anything the Timme Center was always great help and so were the people in the ASC offices. A big thank you goes out to [REDACTED], the biology department secretary, for helping me get through some tough scheduling conflicts and graduating on time!	8/3/2017 9:07 PM

34	As far as applying to nursing school at ferris state, I am not positive what changes were made but hopefully there were some changes for the better. The wait for the program and the feeling that I was being mislead to stay at a place that was going to make me wait very long was disappointing and discouraging. I would hate for the university to get a bad name because it is a great school, that was just not handled in the best way.	7/27/2017 3:56 PM
35	It was fun	7/27/2017 12:29 PM

37	NA	7/26/2017 4:42 PM
38	I would love to see the public relations program expanded. It is an excellent and competitive program, and it has a lot to offer. Before transferring to Ferris, I had no idea what public relations was, or even what to expect once I joined the program. Luckily, I love what I do - but I'm sure there are hundreds of other science majors out there looking for a different path, just as I was, who may not be so lucky as to dig up the PR program at Ferris. It's worth more attention and resources than it gets, as our job outlooks are increasing by 21 percent within the next 8 years. The program needs more staff members so the curriculum can be updated properly. [REDACTED] is an excellent professor, but one man can only do so much. I worry that he will become burned out or that the PR program will suffer, with having little help in managing it. Additionally, I would also like to see more of a focus on internship resources specifically towards PR majors. I had a hard time finding my own (since most business post for those positions internally). Job boards were all but useless. The internship department needs better connections with PR agencies and departments within companies, so that we might ALL find useful, hands-on internship opportunities. This goes hand in hand with giving the PR program more attention and allowing them to really show employers what a great program it is.	7/26/2017 3:25 PM

50	Having one or two Black kids per class is NOT DIVERSE. Diversify faculty and staff so minority students will have more emotional support while being the minority in classes since a lot of students and some professors don't know how to be amongst others who don't look like themselves.	6/7/2017 12:46 AM

58	Marketing tip: My college-aged kids received college stickers upon acceptance, and promptly put them on their vehicles. I spent thousands of dollars at Ferris taking classes online, and never came to campus. If I had received a Bulldogs sticker, I would have promoted the school. If I'm ever that way, I may buy a sweatshirt or sticker...	5/16/2017 8:53 PM

68	One of my main concerns with the education is the advising. As I went through the program, the advising seemed to diminish, which made my last few semesters difficult when it came to completing courses. I did not feel as if my advisor had time for me and often forgot small things or questions that I had.	5/2/2017 9:07 PM
69	My only complaint is that I feel the student teaching program is out of date with the times. Asking college students to spend around six thousand dollars to do an unpaid internship for 15 weeks full time is not realistic anymore. Most college students, including myself, cannot afford to not work full time just to pay the bills. We have been told several times that we will not be able to work basically at all because student teaching is so demanding and time consuming. I feel that Ferris needs to do something about this. It seems extremely greedy to consider student teaching a 12 credit class when all of my learning is taking place off campus and through a teacher that is not employed by Ferris.	5/2/2017 8:46 PM

79	I currently live in the new apartments on finch court and I was very unsatisfied with the apartment. For being brand new we had an overwhelming amount of issues. The cabinet doors are sagging and they tried fixing them and they still sag. We blow circuits when doing laundry. The drywall in my bedroom around the window is falling apart. Almost all of our doors inside will not shut, work orders were put in, but the problem was never resolved. I regret getting a loan to live in the apartment because I do not feel it is worth the money I had paying for it. After this experience I would not recommend for people to live there, and I am moving off campus to finish out my bachelor degree. Overall I love ferris. I love the writing center they have been so helpful over the four years I have been on campus. The disabilities office has helped me through college, specifically [REDACTED]. Without her helping throughout my beginning semesters I don't know kids would have been able to push through. I am happy and proud to get my degrees from Ferris. Thank you.	4/15/2017 2:45 PM

86	[REDACTED] should not teach MKTG 378 Data Analysis, the class is terrible and she does not teach it well. Look over any review of the class and students will tell you that it is worthless. 96	With the Lansing campus ISI offering cancelled, those that were already in that program were kind of forgotten ... class schedules became a big issue ... not enough online offerings, had to end up driving to main campus (almost three hours one way) multiple times in order to complete credits. Also, classes were often cancelled due to "low enrollment" or were just not offered even though course catalog stated courses offered during certain semesters ... this became an issue during last few semesters with only a few courses left to take; with less options and courses just not being offered, delayed graduation.	3/1/2017 6:24 PM

97	I didn't go to college right out of high school, Ferris State gave me an opportunity to get a degree in a field that I love. 109	Several instructors were unwilling to work with me, many problems with administration, and I wouldn't have attended had I foreseen these outcomes.	2/22/2017 8:35 PM
110	If the requirement for "electives" is removed, the length of time students spend in school would drop, lessening the amount of debt many students face after graduation, and easing up on the amount of stress students face, resulting in better grades and understanding of course material.	2/22/2017 1:23 PM
111	Go Bulldogs!	2/22/2017 12:51 PM
112	The journalism program has so much unspent potential. The Torch newspaper is one of the best in state and I feel the school isn't cashing in on its success. With more journalism professors, courses, and other resources, Ferris could have one of the best journalism programs in the state. Yet it often overlooks this opportunity.	2/21/2017 2:10 PM
113	I believe strongly that if Ferris simply paid attention to student evaluations of professors, and took action in replacing professors that are rated poorly, then the school would improve it's graduation rate and students would receive more value for the money they pay in tuition. My experience was not all that bad, but I would have rather attended a different university based on the poor level of education I received from some professors.	2/21/2017 1:12 PM

127	I have so reserves regarding the Master's program of Social work. I took this program because its was suppose to be clinically based;however, it was macro based. I often felt judged by the staff and wondered the ability to teach at a Master's level. Just because a person hold the criteria to teach does not make them an educator.	2/9/2017 3:49 PM

I returned to FSU to pursue the Education Doctorate in Community College Leadership because I believe in FSU. I am a very proud alumni and having earned all my degrees from FSU should demonstrate my belief in my education. I first arrived to FSU in 1998 as a young, single parent living in family housing. Today in 2017, I am completing my Doctorate from FSU and working in higher education. Thank you FSU for offering me the confidence, 21st century skills, and education to work in a field I believe in! - [REDACTED]	1/24/2017 4:29 PM

157	Ferris was a good school for me to attend, but I feel that there is a lot of decisions made without consulting the students. If students were consulted it was mostly one group and not the overall campus. I believe that since we are all adults and are expected to perform a specific way while at Ferris that e should be given more opportunities to provide input to campus decisions.	1/24/2017 3:47 PM
158	Seems like ferris is more interested in spending money to get more new students instead of spending it to benefit the students that already pay to go here. IE, knocking down good dorms to build new ones instead of having state of the art equipment.	1/24/2017 1:48 PM

161	Please come up with a better system for managing needed courses than MyDegree. This is the only form of monitoring degree progress that off-campus students have and it is severely lacking due to many departments not using this program. I have had to incessantly pester my advisors over course requirements and updates due to the inconsistencies on MyDegree. I also think there should be some form of protocol in which Ferris employees, especially those involved with student affairs, should be required to respond to students within a specified amount of time (such as 48 hours). I have sent numerous emails and even left voicemails that have gone completely unanswered.	1/22/2017 4:51 PM

171	I have no negative comments about Ferris State University or the DCCL program, I will be a very proud graduate. I believe their position of allowing "completers" that already had doctoral credit was a difference maker in my life and career. There were some communication issues because I was a completer, but as I have discovered in life that challenges reveal our true strength and these challenges were ALWAYS resolved by faculty, staff and administrators. So in the end these challenges weren't as significant as imagined when they initially arose.	1/18/2017 10:10 AM
172	Finance instructors seem to lack engagement with students while teaching. They don't incorporate real life situations to class material.	1/17/2017 11:16 PM
173	I would recommend the HIT/HIM program to anyone who approached me and was thinking of a career in health. I think the Ferris College of Health Professions really knows the in's and out's of this particular field and are truly producing top notch students from these programs. I also would say that the HIT/HIM director [REDACTED] is one of the best professionals in this business to work with, it has been a real privilege, as well as the internship coordinator [REDACTED], and [REDACTED] who is an advisor to some of the students in the program. They always offered to answer any questions, and give support and help in anyway they could.	1/17/2017 4:34 PM
174	I wish that these classes would prepare me more for the real world and focus more on knowledge obtained rather than spitting out memorized information on tests. I also wish the lecture material and test material were more closely related. Another thing is that the professors and advisers are very biased concerning students. 178	I did not participate nor explore much of Ferris itself because I spent 90% of my time in College of Optometry building, therefore I will add that this building was like my second home. I was there every morning and afternoon in classes and almost daily stayed until 8-9pm studying on my own including the weekends so I practically lived there. I just want to add that the building is phenomenal and the community within it is amazing. People that work there including the doctors, the staff, even the janitor lady are just wonderful. Some of the best memories I'm taking with me from that place are late nights studying for exams and the whole working staff cheering us on and motivating us. I loved the optometry program in Ferris.	1/16/2017 11:18 AM

189	The online format software should be adaptive for time changes. I understand the importance of having an assignment done at a certain time, but when I travel and I am in Europe, Alaska, Asia, Brazil... the time change to think about what time it is in Michigan becomes a burden. Add this to the current stress of business meetings and so forth going on. Generally speaking this wasn't an issue, but to take the online format to the next level things need to appear as if the class is happening live for the person. Many professors, for me, were willing to make exceptions if needed. Updates - couldn't tell you how much added stress blackboard updates are. For me I typically did/do most of my course work at night. Almost every Thursday an update went out that put blackboard down for several hours. Getting to the traveling item above - this causes extra stress when it is 5pm (where I am in the USA on a business trip) and blackboard down for the rest of the day. Gets hard to do course work. I understand updates need to happen. When looking at the typical online student the professor is only available 5 days out of the week and the way to interact with the professor is through blackboard and for me ~20% of that is taken out due to updates. Take for example a platform like Facebook - when is it down? It makes updates all the time yet no one notices it.	1/2/2017 11:23 PM

235	I am grateful to Ferris for my education. However, at Ferris I developed Depression, twice, once in undergrad and once in pharmacy school. That's not okay. While the fault for that lies with multiple parties, Ferris did nothing to help the situation. On campus, I often felt isolated. I felt like there was no way for me to connect to people with similar interests. It was completely to dumb luck that I met the friends I did. Between that isolation and the repeated circumstances where I was screwed on my schedule, I cannot suggest Ferris State University to anyone that could get the same degree elsewhere. I would suggest Ferris to someone who wanted a degree that they could only get here, but only because they had no other choice. Ferris is a school, not a community.	11/16/2016 7:05 PM

251	I found that in some on line classes that required "group" activities in order to pass the class - It was impossible to participate if there were students in your group who were in traveling distance to meet with the professor. I found the professor actually favored these students and the professor and fellow group members cut out all the other group members who (myself included) ended up dropping the class. These classes need to be organized better to account for statewide participants so we can get the education we need from these classes to use in our future careers.	11/6/2016 3:22 PM

279	Thank you for the learning opportunity at Ferris. I have and will continue to encourage any of my associates or friends to go to FSU.	10/16/2016 2:12 PM
280	I was an online student and feel like even though I couldn't be on campus (I live in Chicago) I was still apart of many college experiences.	10/15/2016 6:00 PM
281	I wish freshmen could experience the emotions of graduating seniors.	10/14/2016 11:44 AM

297	People say this school is associated too much with partying, and I wonder if there is anything that could be done to offer more exciting activities, that could lessen this unnecessary rumor. Health services were good for me. If I had any questions to ask around campus, I normally got a sufficient answer. Brutus is a cool mascot, Big Rapids is a really nice community, and I enjoyed my stay here at the university very much. I look forward to doing good work for Ferris, by being a successful alumni, that can continue to come back here to share my experiences with others.	10/9/2016 1:04 AM

323	I have had a fun time studying at Ferris and have gained a lot of knowledge and learning from my HVACR program. I have been actively involved in different organizations and groups on campus. This really added to my overall experience at Ferris. As international student, I felt welcomed and accepted. However, I wish the transportation facilities in and out of Big Rapids was better as getting to the university was always a long journey!	9/12/2016 5:12 PM
