## YOU'RE ON YOUR WAY!

Founded in 1884 as the *Ferris Industrial School* by Woodbridge and Helen Ferris, Ferris State University has always stood for opportunity – a place where education is accessible to all and grounded in purpose.

From the beginning, our mission has been to blend hands-on, work-ready skills with a strong foundation in general education, preparing students, in Woodbridge Ferris' own words, "to make the world better."

Today, Ferris State University continues to honor that vision as a statewide leader in higher education. We play a vital role in shaping Michigan's workforce, economy and communities. But most importantly, we help shape lives. Ferris is where careers are launched, professional skills are honed, industry connections are made, and lifelong friendships begin.

On behalf of the entire Ferris State community, we are immensely proud of your achievement. Just as we shared your excitement when you first arrived on campus, we share it again now, as you prepare to begin your next chapter. It has been an honor to be part of your educational journey, and we look forward to standing beside you as you continue to grow, lead and make your mark on the world.

You will always be a Bulldog.

Today, we celebrate not only your academic success but your readiness to step forward as a skilled professional and responsible citizen, one committed to lifelong learning and meaningful contribution. Ferris State graduates embody the spirit of discovery, innovation and service. You now join a remarkable network of Bulldog alumni who lead with integrity and vision in business, education, industry, health care and public service.

Together, you will imagine, create and contribute to a world beyond what any of us can yet see. And as you do, remember the timeless call of our founder, Woodbridge Ferris: **Make it better.**

Congratulations, graduates! You've earned this moment, and the future is yours.

## FROM OUR PRESIDENT

### Congratulations, graduates!

As you cross this stage and celebrate an extraordinary achievement, pause to honor the journey that brought you here. The obstacles you overcame, the friendships that shaped you, and the perseverance that fueled your success have all led to this defining moment.

This accomplishment also belongs to those who stood beside you – your family, friends, professors, mentors, and scholarship donors. They believed in your potential and invested in your future. They shared your dream.

We are immensely proud of you.

Commencement is not an ending. It is a powerful beginning. You are prepared to meet the future with confidence and purpose. The knowledge you gained, the skills you sharpened, and the experiences

that shaped you have opened doors to boundless possibilities.

Ferris State is honored to be one of the nation's *Opportunity Universities* – a distinction that reflects our commitment to creating pathways for students to realize their potential and transform their lives.

That recognition carries real meaning. Our graduates gain a true advantage in today's workforce. The value of our degree is proven in the opportunities our alumni earn and the higher career outcomes they achieve. Bulldogs lead. Bulldogs succeed. And, Bulldogs earn more.

You are joining a powerful network of alumni. They are innovators, trailblazers, and leaders strengthening communities and shaping industries. Wherever they go, they carry the Bulldog spirit: resilient and committed to excellence.

Over 140 years ago, our founder and his wife set out to create an institute that would change the workforce of our state as it changed the lives of those who came here. His desire was to provide an educated workforce for the state of Michigan, but most importantly, in his own words, to make the world a better place. That is my charge to you as well. Use your education, combined with the person you have become at this great institution, to every day make effort to make this world a better place.

No matter where life leads you, remember – you are, and always will be, a Bulldog.

Stay relevant. Stay responsive.

Dr. Bill Pink  
President, Ferris State University

## ACADEMIC REGALIA

The pageantry of commencement is a time-honored ritual dating back to ecclesiastical observances of the 12th and 13th centuries. Today's academic raiment owes its origins to clerical garb designed to impart dignity to solemn, scholarly occasions.

The basis for the standardization of the various features of the American regalia was formed at a special intercollegiate conference held in 1895 at Columbia University. Three types of gowns are indicated by its code:

### Candidates for undergraduate (bachelor's) degrees

Long, bell-shaped sleeves

### Candidates for graduate (master's) degrees

Oblong sleeves that drape below the knees and are open at the wrist

### Candidates for doctoral degrees

Faced with black velvet, with three bars of velvet across the bell-shaped sleeves

Hoods worn by master's and doctoral graduates are made of material identical to the gowns and are lined in the official academic color of the institution conferring the degree. Colored velvet or velveteen binds the hoods and indicates the department to which the degree pertains. The color of the tassel denotes the wearer's field of academic specialization, except for the doctoral degree earner, who wears either gold or black.

## CERTIFICATION

Commencement is not a certification of graduation but rather a ceremony that celebrates academic achievements. Participation in any commencement ceremony does not affirm that the graduate has satisfactorily completed all degree requirements. Degrees presented at Ferris State University commencement ceremonies are subject to satisfactory completion of specific requirements of individual degree programs of the colleges and university.

Graduates must submit their online graduation applications by the established deadline or their names do not appear in the commencement program. In order to have the program completed in time for commencement, we must adhere to these deadlines. Graduates who miss the deadline may ask their respective colleges' commencement coordinators to place their names in the next commencement program.

## COMMENCEMENT SYMBOLS

### Banners

Banners representing each of the degree-granting colleges are displayed on the stage.

### Mace-Bearer

The office of Mace-Bearer is ceremonial and is derived from medieval England, when an official taking office or opening court needed a bodyguard. In those times, the mace, a formidable weapon, was held ready to protect the person in charge. Since that time, it has become a symbol of office and is carried in the processional to dignify the ceremony.

A university representative known as the Mace-Bearer carries the mace and leads in the presidential party. The mace is displayed on stage during the ceremony. The university mace was created by staff of the Manufacturing Engineering Technology program for use during formal university functions.

### University seal

The Ferris State University seal represents founder Woodbridge N. Ferris' educational philosophy, which has guided the university since 1884.

The torch symbolizes enlightenment—the light of truth and knowledge, the fire of inspiration challenging each student to excel.

Opportunity and industry are the underlying principles of this philosophy and provide the graduate with guidelines to follow throughout life. Opportunity is the chance for each individual to realize their greatest potential. Industry is the combination of the vital qualities of diligence, perseverance and discipline.

## FERRIS FIDELITY

*As constant as the Northern Star,  
our faith we pledge to thee.  
Our word, our bond, our oath,  
our trust, to you, fidelity.*

*From the promise of the crimson dawn  
to sunset's mellow gold,  
thy spirit shall prevail.*

*We pledge allegiance, as of old:  
Ferris State, All Hail!*

Graham T. Overgard (1957)

## TRADITIONS

In addition to the conventional regalia, Ferris State students continually add color to commencement and make it their own.

## STOLES

Graduates wear scarf-like stoles to show affiliation with extracurricular and other special programs. Commonly seen stoles include those for athletic program participation and registered student organizations.

## MEDALLIONS

Some academic and extracurricular programs award medallions to graduates to commemorate their participation or achievements within the programs.

## CULTURAL CELEBRATION

Graduates may choose to honor their heritage at commencement by observing their culture's graduation traditions, such as the Asian tradition of "cash blooms," bouquets or corsages made of paper money, and the Hawaiian tradition of candy leis. Both are symbols of joy and hope for the future.

## CAP DECORATION

An increasingly popular adornment, decorations covering the top of graduation caps help family and friends spot their graduate in the crowd. Common cap decorations feature graduates' academic or extracurricular programs, favored sayings, and memorials or tributes to others who helped them achieve their educational goals.

## HARD HATS

Graduates of Ferris State University Construction Technology and Construction Technology Management Programs often opt to wear hard hats to celebrate their academic program and job readiness.

---

## FAMILY MATTERS

At each commencement ceremony, we also acknowledge the loved ones whose motivation and support have helped our graduates throughout their college experience. Commencement is joyous because it consists of hundreds of families' celebrations of individual accomplishments that will shape their future together.

Ferris State is an opportunity and lifelong learning university that serves students from all walks of life. At any given commencement, degrees are conferred upon traditional students and working professionals, alike—advanced degree seekers, first generation college students, former foster youth, international students, standout student-athletes, and even busy parents.

Each commencement also is a proud occasion for fellow students, alumni, staff, donors and volunteers. We are the Bulldog Family, and together, we have worked to help our graduates achieve this moment.
