

# LIFECUBBY

Documenting Early Education since 2011

LifeCubby provides families with a digital platform for receiving your child's Daily Report along with photos of your child's day! Watch for your email containing a link to your account as well as your password. Look for LifeCubby Family App in Google Play or Apple App Store. Your parent account is FREE, and you can access it from any computer or mobile device.

## LifeCubby Family App™

### Features/Functions:

- ✓ Review Daily Sheets, Observations, etc
- ✓ Check-in from your own device
- ✓ Post own photos/video
- ✓ Cubby Pals!
- ✓ LIVE communications with teachers

## LifeCubby Family Use Agreement

LifeCubby is our daily sign in/out and communication app we use with parents.

LifeCubby allows our school to go paperless with sign in/out, daily reports, portfolios (including photos/videos), and communications. You can get the FREE LifeCubby Family App in both Google Play and iTunes. There are help docs on the website if you need any assistance. Please don't hesitate to let us know if you have any questions as we make this transition. Please check your email for your username and password, as it will be sent to you shortly before the semester starts. Your username will be your email address, and your password will be assigned, but you can change it. You can also access your account online at the LifeCubby website: [www.lifecubby.me](http://www.lifecubby.me)

By signing this agreement, I agree to not share on any social media site or in any other way, photos and/or other documentation within my child's daily information that may contain other children. I agree to respect the privacy of the other children pictured. I understand that if I provide access to my child's daily information to individuals other than myself, I am responsible to ensure they follow the privacy policy for other children. I understand that if I do not adhere to this policy, I will not receive any future pictures of my children via LifeCubby.
