From the Admissions Office:

Crimson & Gold Days start Tuesday, January 22

This an opportunity for newly admitted students to experience Ferris first-hand! Prospective Bulldogs, who are admitted for the Fall 2019 semester, will be matched with a current student host for the day. If you are in an instructing position on campus, you may have guests entering your classes. The hosting Bulldog should notify you 10-14 days in advance of the guest's visit date. FCTL: Upcoming Outcomes Assessment Workshops and On-going Support

-

Course Outcomes Assessment (January 2019)

Tuesday, January 22, 2019; 8:30 – 10:30 AM
FLITE 405

Description

One of the telltale signs of a well-designed course assessment plan is the alignment – the coherence and consistency – among at least two important elements: the course learning outcome statements and the data that are gathered to determine if and to what extent students have achieved the learning outcomes. Another key aspect of a plan is how these data are used to make changes in the teaching and learning process. This workshop will focus on these aspects of your course assessment efforts.

Program Assessment Plans (January 2019)

This will be a single workshop that will be offered on two different dates; you may attend whichever might be convenient for you. On-going support following the workshop will be available.

- Monday, January 28, 2019; 3 – 5 PM
- Thursday, January 31, 2019; 8:30 – 10:30 AM
- Both workshops will be held in FLITE 405

Description

In this workshop, we will, starting with your program assessment plan's current status, examine if and how you measure the extent to which your program is achieving its goals or intended outcomes. We will identify, as appropriate, tweaks or enhancements that could be made to the plan.

-

Facilitating Reflection on and Improvement of Assessment Practice (February 2019)

This will be a series of workshops and supportive follow-up sessions. The first workshop will be on Friday, February 22, 2019, from 2 – 4 PM in FLITE 405.

Description

In this session, we will explore ways in which you might coach and support colleagues to examine, implement, and improve course and program assessment. We will consider a process that involves curiosity, intentional listening, and shared problem-solving that builds a partnership approach to improving assessment. We will also meet for a follow-up session to enable you to discuss your efforts in implementing this process and to seek and share feedback with other participants. Additionally, you will be invited to engage in ongoing meetings to share about your efforts and receive further support in working with colleagues.

We hope you will join us. Please register by e-mailing fctl@ferris.edu or calling 231.591.3826.

If you have a disability and require accommodation to participate in these events, please contact FCTL at (231) 591-3826 or fctl@ferris.edu to request accommodations at least 72 hours in advance.

[UWN Daily Email & Divisional Email Updates](#)

IT Services would like to inform the campus community about a change to the daily and divisional UWN messages. With the students and alumni now included in the Office 365 environment, all UWN communications will be sent to all Faculty/Staff/Students/Alumni. This includes ITS Alerts, Divisional updates, President's Message, etc. At this time there is no way for students/alumni to opt-out of receiving these email communications and there is no way to send email communications directly to all Faculty/Staff only. Students can still be emailed directly using the Targeted Announcements within MyFSU. Please take this consideration when drafting communications for the daily UWN. Thank you.
