2019 National Student Employment Week April 14-20

It's that time of year again where we remind all departments that the week of **April 14 - 20**, is designated as **2019** National Student Employment Week--what an excellent opportunity to show our student employees our appreciation for the many hours of work they perform for our University!

Come up with creative ways to show our appreciation to our student employees, for instance you could:

- Take pictures - post student employee pictures and list what wonderful things they do, or a group picture can be added to your departments web page
- Treat Day - full time staff bring in treats for student workers.
- Notes Home - send a note to the families of your student workers. Let them know what the student does, how their work impacts your department and how terrific the student is for your department.
- Buy low cost, blank certificates (or make your own) recognizing them in a positive manner or a silly award created just for them.
- Make a banner to hang for the whole week in your office.
- Personalize a note to them.....A simple THANK YOU for all you do will go a long way.
- Use your imagination, the possibilities are endless.

Please mark this week on your calendar as a time to show, in some small way, your appreciation for the work your students perform for your area.

Note: Please take into consideration your student work schedules as there are no classes April 18/19th due to Mid-term break.
