- I am so grateful to have been placed at this wonderful rotation. The experience I gained at Balian Eye Center is irreplaceable. I truly enjoyed every day as an intern here and feel as though I gained valuable work experience. The staff and all three doctors were always great to work with and provided me with a wealth of knowledge I will carry throughout my entire career. I am very impressed by how each doctor interacts and cares for their patients, and the staff are all very kind and knowledgeable as well. It was great to see such a large variety of patients, many interesting cases, and to scrub in on cataract surgery one day. Any intern would be lucky for the opportunity to work at this rotation site!
 - I will also definitely miss all of the support staff at this rotation. They were always of great help and assistance. They always went above and beyond to help the interns at this site. This was a great rotation overall.
 - This was a great rotation for pre/post-op and geriatric optometry. I learned a lot and really enjoyed my time here.
